INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Weatherford College of the
Parker County Junior College District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Weatherford College of the Parker County Junior College District (the College) as of and for the years ended August 31, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College as of August 31, 2025 and 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the discretely presented component unit (Weatherford College Foundation, Inc.) were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the College's proportionate share of net pension liability, the schedule of the College's contributions for pensions, the schedule of the College's proportionate share of net OPEB liability, the schedule of the College's contributions for OPEB, and the related notes on pages 6 - 14 and 71 - 75 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The accompanying supplemental schedules, schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and schedule of expenditures of state awards as required by the Texas Grant Management Standards (Schedules A – F), are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the organizational data but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2025, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Snow Youth Williams

Snow Garrett Williams December 3, 2025

This section of the Weatherford College of the Parker County Junior College District's annual financial report presents management's discussion and analysis of the College's financial activity during the fiscal years ended August 31, 2025 and 2024. Since this management's discussion and analysis is designed to focus on current activities, resulting change, and currently known facts, please read it in conjunction with the College's financial statements and the footnotes. Responsibility for the completeness and fairness of this information rests with the College.

Using This Annual Report

The financial statements focus on the College as a whole. The statements are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the statement of net position is designed to be similar to bottom line results for the College.

The statement of revenues, expenses, and changes in net position focuses on both the gross costs and the net costs of the College's activities which are supported mainly by ad valorem taxes and by federal, state, and other revenues. This approach is intended to summarize and simplify the user's analysis of the costs of various College services to students and the public.

The final required financial statement, the statement of cash flows, reports cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities.

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found beginning on page 23 of this report.

The Weatherford College Foundation, Inc. is a discretely presented component unit of the College and is reported as separate financial statements. Complete financial statements for the Foundation may be obtained from the Weatherford College Business Office.

Financial Highlights

The College's net position increased from August 31, 2024 to August 31, 2025 by \$19,862,150 and increased from August 31, 2023 to August 31, 2024 by \$22,634,417. As of August 31, 2025 and 2024, the College's net position was \$129,206,345 and \$109,344,195 which includes \$63,263,257 and \$51,394,399 in net investment in capital assets, \$10,866,887 and \$5,895,522 in restricted net position, and \$55,076,201 and \$52,054,274 in unrestricted net position, respectively.

Operating expenses for fiscal years 2025 and 2024 were \$62,975,670 and \$58,111,487 of which \$23,197,438 and \$21,188,355 were expended for instruction, \$9,642,842 and \$8,901,950 were expended for institutional support, and \$8,555,265 and \$7,326,527 were expended for auxiliary enterprises, respectively. In fiscal years 2025 and 2024, depreciation and amortization expense was \$6,234,007 and \$5,738,389 respectively.

Operating revenues for fiscal years 2025 and 2024 were \$30,888,477 and \$24,884,798 which includes \$17,459,450 and \$14,373,068 in tuition and fees (net of discounts), \$4,574,846 and \$4,587,242 in local grants and contracts, \$5,776,216 and \$3,284,296 in auxiliary enterprises (net of discounts), and \$1,183,635 and \$1,197,666 in federal grants and contracts, respectively.

Net non-operating revenues for fiscal years 2025 and 2024 were \$51,949,343 and \$45,800,246 which includes \$13,451,762 and \$12,794,559 in state appropriations, \$27,607,816 and \$26,095,321 in total ad valorem taxes for maintenance and operations and debt service (net of allowances and collections fees), and \$11,003,221 and \$7,977,797 in federal grants, respectively.

For the years ended August 31, 2025 and 2024, the College implemented Governmental Accounting Standards Board Statements No. 101, *Compensated Absences*, and No. 102, *Certain Risk Disclosures*. See Note 2 to the financial statements for more information regarding implementation.

Financial Analysis of the College as a Whole

Statement of Net Position

The statement of net position presents current assets (non-restricted assets expected to provide support within a year), non-current assets (restricted assets expected to provide long-term benefit), deferred outflows of resources, current liabilities (obligations which must be met within the current year), non-current liabilities (obligations which are not settled in the current year), and deferred inflows of resources. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources are presented using the accrual basis of accounting, which is similar to the accounting by most private-sector institutions. Net position, the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, is one way to measure the financial position of the College. As of August 31, 2025, the net position was \$129,206,345. This was an increase of \$19,862,150 from the period ended August 31, 2024. As of August 31, 2024, the net position was \$109,344,195. This was an increase of \$22,634,417 from the period ended August 31, 2023. The College's financial position remains strong with adequate liquid assets at a reasonable level of unrestricted net position.

Net Position As of August 31,

	2025	2024	2023
Current Assets Non-current Assets	\$ 86,555,776	\$ 76,457,012	\$ 59,696,330
Capital Assets, Net of Depreciation	133,120,842	126,894,177	104,649,394
Other	33,496,030	32,480,201	49,546,697
Total Assets	253,172,648	235,831,390	213,892,421
Deferred Outflows of Resources	5,381,821	5,519,201	8,027,723
Current Liabilities	29,291,499	26,363,499	22,992,220
Non-current Liabilities	90,724,417	93,707,218	97,855,723
Total Liabilities	120,015,916	120,070,717	120,847,943
Deferred Inflows of Resources	9,332,208	11,935,679	14,362,423
Net Position			
Net Investment in Capital Assets	63,263,257	51,394,399	36,936,337
Restricted for: Expendable	10,866,887	5,895,522	9,191,242
Unrestricted	55,076,201	52,054,274	40,582,199
Total Net Position	\$ 129,206,345	\$ 109,344,195	\$ 86,709,778

Investment in capital assets (e.g., land, collections, intangible assets, construction in process, buildings, land improvements, library books, furniture, machinery, vehicles and other equipment, and right-to-use assets) less any related debt used to acquire those assets that is still outstanding was \$63,263,257 and \$51,394,399 at August 31, 2025 and 2024, respectively. The College uses these assets to provide services to the students; consequently, they are not available for future spending. Although the College's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. At August 31, 2025 and 2024, an additional \$10,866,887 and \$5,895,522, respectively, of the College's net position represents resources that are subject to external restrictions on how they may be used. All restricted net position of the College is being held for student aid, instructional programs, capital projects, and debt service. The remaining portion of the College's net position at August 31, 2025 and 2024, is \$55,076,201 and \$52,054,274, respectively.

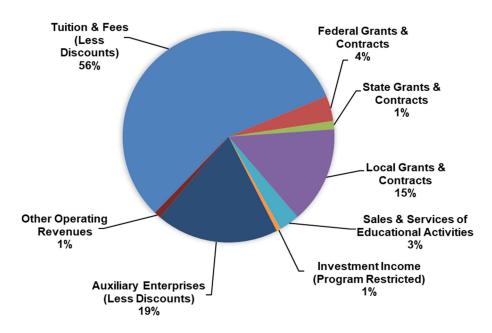

Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position presents the operating results of the College, as well as the non-operating revenues and expenses. Operating revenues are primarily those that result directly from instruction, the operation of the College's auxiliary services (cafeteria, athletics, bookstore, etc.) and Federal, State, and local grants. State appropriations and property tax receipts, while budgeted for operations, are considered non-operating revenues, and depreciation/amortization is shown in operating expenses according to accounting principles generally accepted in the United States of America.

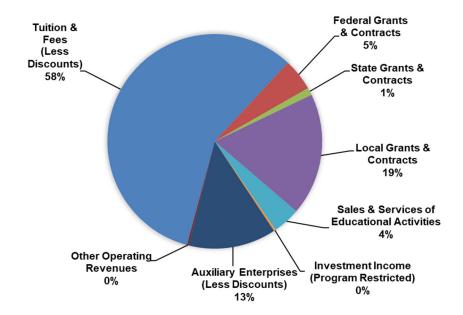

Operating Results for the Years Ended August 31,

	2025	2024	2023
Operating Revenues			
Tuition and Fees (Less Discounts)	\$ 17,459,450	\$ 14,373,068	\$ 12,956,240
Federal Grants and Contracts	1,183,635	1,197,666	3,661,892

OPERATING EXPENSES 2025

OPERATING EXPENSES 2024

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets. The College's investment in total capital assets as of August 31, 2025 and 2024, amounts to \$133,120,842 and \$126,894,177, respectively, (net of accumulated depreciation/ amortization). Investments in capital assets include land, collections, intangible assets, construction in process, buildings, land improvements, library books, furniture, machinery, vehicles and other equipment, and right-to-use assets.

Capital Assets, Net August 31,

	2025	 2024	 2023
Land	\$ 12,322,959	\$ 8,134,481	\$ 479,685
Collections	31,150	31,150	31,150
Intangible Assets	500,000	500,000	500,000
Construction in Process	6,159,745	30,373,587	16,938,735
Buildings	103,262,073	73,972,400	70,334,329
Land Improvements	13,023,295	12,827,485	11,250,043
Library Books	852,959	858,243	855,355
Furniture, Machinery, Vehicles,			
and Other Equipment	13,981,621	13,117,159	11,888,964
Right-to-Use Leased Equipment	23,413,048	22,935,153	22,904,706
Right-to-Use Subscription Asset	7,366,399	7,238,498	 7,005,806
Total	180,913,249	169,988,156	142,188,773
Less Accumulated Depreciation/Amortization	(47,792,407)	(43,093,979)	(37,539,379)
Net Capital Assets	\$ 133,120,842	\$ 126,894,177	\$ 104,649,394

Additional information on the College's capital assets can be found in Note 6 of this report.

Long-term debt. At August 31, 2025 and 2024, the College had long-term debt outstanding, which represents bonds payable of \$46,891,299 and \$48,692,730, notes payable from direct borrowing of \$1,991,020 and \$2,478,942, leases of \$17,955,573 and \$18,933,006, and subscriptions of \$2,100,458 and \$2,778,358, respectively. The College's total debt decreased by a net amount of \$3,944,686 and \$4,002,989 in fiscal years 2025 and 2024, respectively, primarily due to regularly scheduled principal payments.

Additional information on the College's long-term debt can be found in Notes 7 through 11 of this report.

Economic Factors and Next Year's Budget and Rates

The Board of Trustees adopted the College's 2025-26 budget and tax rate on August 21, 2025. The annual budget is developed to provide efficient, effective, and economic uses of the College's resources, as well as a means to accomplish the highest priority objectives. Through the budget, the Board of Trustees sets the direction of the College, allocates its resources, and establishes its priorities.

In considering the College budget for fiscal year 2026, the Board of Trustees and management considered the following factors:

- Property valuations in Parker County increased by 10.23% resulting in an increased ad valorem tax levy.
- A 4.585% increase in the total ad valorem tax rate above the unadjusted no-new-revenue tax rate was necessary to fund the 2025-26 budget.
- Tuition rates were not increased due to the Governor's state mandated tuition freeze.
- State instructional appropriations increased by approximately 1.23% over the 2024-25 fiscal year.
- A salary increase of 7% to all full-time and part-time employees.

Request for Information

This financial report is designed to provide a general overview of the Weatherford College of the Parker County Junior College District's finances and to show the College's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the Executive Vice President of Financial and Administrative Services at 225 College Park Drive, Weatherford, Texas 76086.

1. REPORTING ENTITY

Weatherford College of the Parker County Junior College District (the College) was established in 1869, in accordance with the laws of the State of Texas, to serve the educational needs of Weatherford, Texas and the surrounding communities. The College is considered a special purpose, primary government, according to U.S. Generally Accepted Accounting Principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). While the College receives funding from local, state, and federal sources and must comply with the spending, reporting, and record-keeping requirements of these entities, it is not a component unit of any other governmental entity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This section provides a summary of the College's significant accounting activities and other topics related to the College's financial reporting.

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities (BTA).

Tuition Discounting

Texas Public Education Grants (TPEG)

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set-aside, called the TPEG, is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act (HEA) Program Funds

Certain Title IV HEA Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting and Measurement Focus

The financial statements of the College have been presented using the economic resources measurement focus and full accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recognized when a legal or contractual obligation is incurred.

Cash and Cash Equivalents

The College considers cash and cash equivalents as cash on-hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

The College reports investments at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Capital Assets

The College records capital assets at historical cost at the date of acquisition or acquisition value at the date of donation. Right-to-use assets are initially measured at the initial amount of the related liability, which is based on the present value of payments expected to be paid during the term of the applicable arrangement. For equipment, the College's capitalization policy includes all items with a unit cost of \$10,000 or more and an estimated useful life in excess of one year. The College capitalizes renovations of \$100,000 to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure. The College charges costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives to operating expense in the year in which the expense is incurred.

Land and construction in progress are not depreciated. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements, 15 years for library books, 10 years for furniture, machinery, vehicles, and other equipment, and 5 years for telecommunications and peripheral equipment. Intangible assets follow the same capitalization policies as tangible assets and are reported with tangible assets in the appropriate capital asset class. Right-to-use assets are amortized over the term of the applicable arrangement.

During the year ended August 31, 2024, the College received a donation of the Canyon West Golf Course, valued at \$10,060,860 on the date of donation and recorded as Capital Assets in the Statements of Net Position and as Special Item – Capital Contribution in the Statements of Revenues, Expenses, and Changes in Net Position.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

The College recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment. Based on that criteria, only vacation time qualifies for liability recognition for compensated absences. The College's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment at the employee's current pay rate upon separation from employment.

<u>Pensions</u>

The College participates in the Teacher Retirement System of Texas (TRS) pension plan, a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The fiduciary net position of TRS has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Employees Retirement System of Texas (ERS) State Retiree Health Plan (SRHP) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits; OPEB expense; and information about assets, liabilities, and additions to/deductions from SRHP's fiduciary net position. Benefit payments are recognized when due and are payable in accordance with the benefit terms. Investments are reported at fair value.

Unearned Revenue

Revenues, primarily consisting of grants, tuition, fees, and meal charges, related to academic terms in the next fiscal year are recorded on the Statement of Net Position as unearned revenue in the current fiscal year. Tuition and fees of \$16,945,843 and \$14,791,715 and federal, state, and local grants of \$565,881 and \$237,778 have been reported as unearned revenue at August 31, 2025 and 2024, respectively.

Bonds Payable

Bonds payable are reported net of applicable bond premium, which is deferred and amortized using the effective interest method.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows and Inflows

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The College has deferred outflows related to its pension plan and for other post-employment benefits (OPEB). See additional information in Note 12 and Note 16, respectively.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so is not recognized as an inflow of resources (revenue) until that time. The College has deferred inflows related to leases receivable, its pension plan, and other post-employment benefits (OPEB). See additional information in Notes 25, 12, and 16, respectively.

Net Position

Assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.

Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the College will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position, a flow assumption must be made about the order in which the resources are considered to be applied. It is the College's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the College is aware that actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating and Non-Operating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from non-operating items. The College reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation and amortization on capital assets. The operations of the bookstore and the golf course are not performed by the College.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

New Accounting Pronouncements

For the years ended August 31, 2025 and 2024, the College implemented the following new accounting pronouncements:

Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means.

Governmental Accounting Standards Board Statement No. 102, *Certain Risk Disclosures*. This statement requires governments to disclose information about certain risks that could significantly affect their ability to continue to provide services or meet obligations as they come due. The College evaluated its potential exposures in accordance with the requirements of this statement and determined that no additional disclosures were necessary.

These statements were adopted by the College as of September 1, 2024. There was no impact on fiscal year 2025 results or fiscal year 2024 amounts as previously reported.

3. AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001, Texas Government Code). Such investments include (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities including the Federal Home Loan Banks, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) obligations of political subdivisions rated not less than "A" by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

4. DEPOSITS AND INVESTMENTS

The College's deposits and investments are invested pursuant to the Investment Policy, which is approved annually by the College's Board of Trustees. The Investment Policy includes a list of authorized investment instruments and a maximum allowable maturity of any individual investment. In addition, it includes an Investment Strategy Statement that addresses the unique characteristics of the fund groups and describes the priorities of investment types, safety of principal, maximization of returns, and the assurance that anticipated cash flows are matched with adequate investment liquidity.

The College's Executive Vice President of Financial and Administrative Services submits an investment summary report quarterly to the Board of Trustees. The report details the investment position of the College and the compliance of the investment portfolio as it relates to both the adopted investment strategy statement and the investment policy.

The College is authorized to invest in the following investment instruments provided that they meet the guidelines of the investment policy:

- 1. Certificates of Deposits that are legally authorized and adequately secured, and
- 2. U.S. Treasury Bills with a maximum maturity of 12 months.

In addition, the investment of bond proceeds and pledged revenue is permitted to the extent allowed by law. No other investments shall be made without approval of a majority of the Board of Trustees.

Cash and Deposits

Cash and Cash Equivalents reported on Exhibit 1, Statements of Net Position, consist of the items reported below:

	8/31/2025	8/31/2024			
Cash and Cash Equivalents Bank Deposits - Time Deposits Petty Cash	\$ 81,825,188 4,945	\$ 73,319,143 4,945			
Total Cash and Cash Equivalents	\$ 81,830,133	\$ 73,324,088			

4. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u>

Investments reported on Exhibit 1, Statements of Net Position, consist of the items reported below:

Type of Investments	Maturity	 larket Value 8/31/2025	larket Value 8/31/2024
Mineral Rights Real Estate	N/A N/A	\$ 175,551 21,810,000	\$ 175,551 20,760,000
Total Investments		\$ 21,985,551	\$ 20,935,551

Reconciliation of Deposits and Investments between Note 4 and Exhibit 1 for the Primary Government:

	8/31/2025	8/31/2024			
Per Note 4:					
Cash and Cash Equivalents	\$ 81,830,133	\$	73,324,088		
Investments	21,985,551		20,935,551		
Total Deposits and Investments	\$ 103,815,684	\$	94,259,639		
Per Exhibit 1:					
Cash and Cash Equivalents	\$ 72,392,561	\$	63,954,672		
Restricted Cash and Cash Equivalents	9,437,572		9,369,416		
Endowment Investments	175,551		175,551		
Investments in Real Estate	21,810,000		20,760,000		
Total Deposits and Investments	\$ 103,815,684	\$	94,259,639		

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The College's investments measured and reported at fair value are classified according to the following hierarchy:

Level 1 – Investments reflect prices quoted in active markets for identical assets or liabilities that the government can access at the measurement date.

Level 2 – Investments reflect prices that are based on a similar observable asset or liability either directly or indirectly, which may include inputs in markets that are not considered to be active

Level 3 – Investments reflect prices based upon unobservable sources for the asset or liability.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

The fair value hierarchy of investments at August 31, 2025 follows:

		August 31, 2025										
	Leve	el 1	Level 2	Level 3		Total	Total					
Mineral Rights Real Estate	\$	-	\$ 175,551 21,810,000	\$ -		\$ 175,551 21,810,000	\$	175,551 20,760,000				
Total Investments	\$		\$21,985,551	\$		\$21,985,551	\$	20,935,551				

6. CAPITAL ASSETS

Capital assets activity for the year ended August 31, 2025 was as follows:

9. BONDS AND NOTES PAYABLE

General information related to bonds payable is summarized below:

- Consolidated Fund Revenue Bonds, Series 2012
 - To purchase student housing facilities.
 - o Issued October 1, 2012.
 - o Total authorized and issued \$7,980,000.
 - o Source of revenue for debt service tuition and fees.
 - Outstanding principal balance as of August 31, 2025 and 2024 is \$3,705,000 and \$4,090,000, respectively.
 - o Issued at a premium of \$558,377, of which \$106,200 and \$131,377 was unamortized at August 31, 2025 and 2024, respectively.
 - o Bonds payable are due in annual installments varying from \$290,000 to \$525,000, with interest rates from 2.00% to 4.00%, and with final installment due in 2033.

9. BONDS AND NOTES PAYABLE (Continued)

- Consolidated Fund Revenue Bonds, Series 2021
 - To build the Workforce and Emerging Technologies Building.
 - o Issued March 1, 2021.
 - o Total authorized and issued \$26,940,000.
 - Source of revenue for debt service tuition and fees.
 - Outstanding principal balance as of August 31, 2025 and 2024 is \$25,170,000 and \$25,740,000, respectively.
 - o Issued at a premium of \$3,132,038, of which \$2,310,453 and \$2,487,610 was unamortized at August 31, 2025 and 2024, respectively.
 - o Bonds payable are due in annual installments varying from \$145,000 to \$1,445,000, with interest rates from 2.625% to 5.00%, and with final installment due in 2050.
- Consolidated Fund Revenue Bonds, Series 2022
 - To build Durant Hall Dormitory.
 - o Issued May 24, 2022.
 - o Total authorized and issued \$16,295,000.
 - Source of revenue for debt service tuition and fees.
 - Outstanding principal balance as of August 31, 2025 and 2024 is \$14,830,000 and \$15,390,000, respectively.
 - o Issued at a premium of \$1,055,108, of which \$769,646 and \$853,741 was unamortized at August 31, 2025 and 2024, respectively.
 - o Bonds payable are due in annual installments varying from \$375,000 to \$1,195,000, with interest rates from 4.00% to 5.00%, and with final installment due in 2042.
- Note Payable from Direct Borrowing
 – All American Investment Group, LLC
 - To upgrade facilities' energy management systems/equipment at the Main and Wise County Campuses.
 - o Original loan date January 15, 2013.
 - Total original balance of \$3,752,878.
 - Source of revenue for debt service unrestricted revenue.
 - Outstanding principal balance as of August 31, 2025 and 2024 is \$951,020 and \$1,253,942, respectively.
 - Contains a provision that the equipment will be repossessed in the event of default.
 - The note payable is due in semi-annual installments varying from \$75,183 to \$209,175, with an interest rate of 2.35%, and with final installment due in 2028. The note is secured by equipment.

9. BONDS AND NOTES PAYABLE (Continued)

- Note Payable from Direct Borrowing Maintenance Tax Notes, Series 2011
 - To replace roofs and renovate classrooms and to pay related fees and the costs of issuance associated with the tax notes.
 - o Original loan date March 15, 2011.
 - o Total original balance of \$3,045,000.
 - o Source of revenue for debt service unrestricted revenue.
 - Outstanding principal balance as of August 31, 2025 and 2024 is \$1,040,000 and \$1,225,000, respectively.
 - The note payable is due in annual installments varying from \$100,000 to \$225,000, with an interest rate of 4.15%, and with the final installment due in 2030. The note is secured by available funds of the College, including proceeds of the College's limited maintenance tax.

10. LEASES PAYABLE

General information related to leases payable is summarized below:

Accet	Term, Including	Interest	Payment		Lease Liability 8/31/2025

					\$	17,955,573

There were no variable payments, residual value guarantees, or penalties not included in the measurement of the leases. The College did not have any commitments under leases not yet commenced at year-end, components of losses associated with asset impairments, or sublease transactions for the years ended August 31, 2025 or 2024.

11. SUBSCRIPTION LIABILITIES

General information related to subscription liabilities is summarized below:

0.4	Term, Including	Interest	Payment	Subscription Liability		
Software	Renewals	Rate	Amount		8/31/2025	
Enterprise Resource Planning	5 years	4.50%	varies	\$	1,214,084	
Learning Management System	5 years	4.50%	varies		105,318	
Student Success & Engagement	6 years	4.50%	varies		561,693	
Course & Event Scheduling	5 years	4.50%	varies		132,235	
Course & Event Scheduling	3 years	4.50%	\$ 46,527		87,128	
					_	
				\$	2,100,458	

There were no variable payments penalties not included in the measurement of the contracts. The College did not have any commitments under subscription contracts not yet commenced at year-end or components of losses associated with asset impairments.

12. EMPLOYEES' RETIREMENT PLANS

Teacher Retirement System of Texas - Defined Benefit Pension Plan

Plan Description

The College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/learning-resources/publications; by writing to TRS at attention Finance Division, PO BOX 149676, Austin, TX, 78714-0185, or by calling 1-800-223-8778.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3% (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLAs). Ad hoc postemployment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above. Accordingly, the 2023 Texas Legislature passed Senate Bill (SB) 10 and House Joint Resolution (HJR) 2 to provide eligible retirees with a one-time stipend and an ad hoc COLA.

One-Time Stipends

Stipends, regardless of annuity amount, were paid in September 2023 to annuitants who met the qualifying age requirement on or before August 31, 2023:

- A one-time \$7,500 stipend to eligible annuitants who are 75 years of age and older.
- A one-time \$2,400 stipend to eligible annuitants age 70 to 74.

Cost-of-Living Adjustment

A COLA was dependent on Texas voters approving a constitutional amendment (Proposition 9) to authorize the COLA. Voters approved the amendment in the November 2023 election and the following COLA was applied to eligible annuitants' payments beginning with their January 2024 payment:

- 2% COLA for eligible retirees who retired between September 1, 2013 through August 31, 2020.
- 4% COLA for eligible retirees who retired between September 1, 2001 through August 31, 2013.
- 6% COLA for eligible retirees who retired on or before August 31, 2001.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

Contributions

Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the System during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 through 2025.

Contribution Rates

	Fiscal	Years
	<u>2025</u>	2024
Member	8.25%	8.00%
Non-Employer Contributing Entity (NECE) - State	8.25%	8.00%
Employers	8.25%	8.00%

Fiscal Year Contributions

2025 Member Contributions	\$ 1,352,282
2025 NECE On-behalf Contributions	\$ 593,876
2025 Employer Contributions	\$ 761,437

Contributors to the plan include active members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges and universities, medical schools and state entities including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities, or the State of Texas as the employer for senior colleges, universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

- When any or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2023 rolled forward to August 31, 2024					
Actuarial Cost Method	Individual Entry Age Normal					
Asset Valuation Method	Fair Value					
Single Discount Rate	7.00%					
Long-term expected Rate	7.00%					
Municipal Bond Rate as of August 2024	3.87% *					
Last year ending August 31 in Projection	2123					
Period (100 years)						
Inflation	2.30%					
Salary Increases including inflation	2.95% to 8.95%					
Ad hoc post-employment benefit	None					
changes						

^{*} The source for the rate is the Bond Buyers 20 Index which represents the estimated yield of a portfolio of 20 general obligation bonds maturing in 20 years based on a survey of municipal bond traders

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2023. For a full description of these assumptions please see the actuarial valuation report dated November 21, 2023.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

Discount Rate

A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 9.54% of payroll in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the system's target asset allocation as of August 31, 2024 are summarized below:

12. EMPLOYEES' RETIREMENT PLANS (Continued)

		Long-Term Expected	Expected Contribution to

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the net pension liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used (7.00%) in measuring the net pension liability.

Fiscal Year 2024:

	1% Decrease in					1% Increase in		
	Di	scount Rate	Discount Rate		Discount Rate			
	(6.00%)		(7.00%)		(8.00%)			
College's proportionate share of								
the net pension liability:	\$	12,763,846	\$	8,537,375	\$	5,023,059		

^{**} Target allocations are based on the FY 2024 policy model.

^{***} Capital Market Assumptions (CMA) come from 2024 SAA Study CMA Survey (as of 12/31/2023).

^{****} The volatility drag results from the conversion between arithmetic and geometric mean returns.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

Fiscal Year 2025:

	1%	Decrease in			1%	Increase in
	Discount Rate		Discount Rate		Discount Rate	
	(6.00%)		(7.00%)		(8.00%)	
College's proportionate share of		_		_		_
the net pension liability:	\$	12,264,022	\$	7,678,197	\$	3,878,510

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2025, the College reported a liability of \$7,678,197 for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

	August 31, 2025		Aug	gust 31, 2024
College's proportionate share of the collective net pension liability	\$	7,678,197	\$	8,537,375
State's proportionate share that is associated with the College		6,046,202		6,810,133
Total	\$	13,724,399	\$	15,347,508

The net pension liability was measured as of August 31, 2023 and rolled forward to August 31, 2024 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on the College's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2023 through August 31, 2024.

At the measurement date of August 31, 2024, the College's proportion of the collective net pension liability was 0.01256986%, which was an increase of 0.0001411% from its proportion measured as of August 31, 2023.

Changes Since the Prior Actuarial Valuation

The actuarial assumptions and methods are the same as used in the determination of the prior year's net pension liability.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

The 2023 Texas Legislature passed Senate Bill 10 (SB 10), which provided a stipend payment to certain retirees and variable ad hoc cost-of-living adjustments (COLA) to certain retirees in early fiscal year 2024. Due to its timing, the legislation and payments were not reflected in the August 31, 2023 actuarial valuation. Under the roll forward method, an adjustment was made to reflect the legislation in the rolled forward liabilities for the current measurement year, August 31, 2024. SB 10 and House Joint Resolution 2 (HJR 2) of the 88th Regular Legislative Session appropriated payments of \$1.645 billion for one-time stipends and \$3.355 billion for COLAs. This appropriation is treated as a supplemental contribution and included in other additions. Since the Legislature appropriated funds for this one-time stipend and COLA, there was no impact on the Net Pension Liability of TRS.

The amount of pension expense recognized by the College in the reporting period was \$898,388.

For the fiscal year ended August 31, 2025, the College recognized pension expense of \$722,622 and revenue of \$557,796 for support provided by the State.

For the fiscal year ended August 31, 2025, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	l	Deferred	L	Deferred
	0	utflows of	Ir	nflows of
	R	esources	R	esources
Differences between expected and actual economic experience	\$	423,212	\$	59,948
Changes in actuarial assumptions		396,442		53,149
Difference between projected and actual investment earnings		1,843,590		1,796,917
Changes in proportion and difference between the employer's				
contributions and the proportionate share of contributions		97,269		348,332
Contributions paid to TRS subsequent to the measurement date		761,437		
Total	\$	3,521,950	\$	2,258,346

The College recognized \$761,437 as deferred outflows of resources related to pension resulting from College contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the fiscal year ending August 31, 2026.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

At August 31, 2024, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual economic experience	\$ 304,190	\$ 103,378
Changes in actuarial assumptions	807,468	197,606
Difference between projected and actual investment earnings	2,667,671	1,425,276
Changes in proportion and difference between the employer's		
contributions and the proportionate share of contributions	50,510	552,201
Contributions paid to TRS subsequent to the measurement date	711,462	-
		· <u></u>
Total	\$ 4,541,301	\$ 2,278,461

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

College's		
fiscal year		
ending	Pens	sion Expense
August 31:		Amount
2026	\$	(134,761)
2027		719,694
2028		60,244
2029		(177,286)
2030		34,276
Thereafter		-

Optional Retirement Plan - Defined Contribution Plan

Plan Description

Participation in the Optional Retirement Program is in lieu of participation in the TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

12. EMPLOYEES' RETIREMENT PLANS (Continued)

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas Legislature. The percentages of participant salaries currently contributed by the State/College and each participant are 6.60% and 6.65%, respectively. The College contributes an additional 1.31% for employees who were participating in the optional retirement program prior to September 1, 1995 and an additional 0.18% for all employees participating in the optional retirement plan. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the State has no additional or unfunded liability for this program. Senate Bill 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the State's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the State for the College was \$234,887 and \$208,181 for the fiscal years ended August 31, 2025 and 2024, respectively. This amount represents the portion of expended appropriations made by the Legislature on behalf of the College.

The total payroll for all College employees was \$23,800,832 and \$27,267,357 for fiscal years 2025 and 2024, respectively. The total payroll of employees covered by the TRS was \$16,391,291 and \$15,593,977, and the total payroll of employees covered by the Optional Retirement Program was \$7,409,541 and \$6,601,049 for fiscal years 2025 and 2024, respectively.

13. DEFERRED COMPENSATION PROGRAM

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Texas Government Code 609.001.

As of August 31, 2025 and 2024, the College had 63 and 64 employees, respectively, participating and vested in the program. A total of \$497,243 and \$465,607 in payroll deductions were invested in approved plans during the fiscal years ended August 31, 2025 and 2024, respectively.

The College's deferred compensation program is an elective contribution deducted from payroll and disbursed to approved external vendors each pay period. Therefore, the total deferred salaries and accumulated earnings of current employees and corresponding payable to the vested employees are maintained by the external vendors rather than the College.

14. COMPENSATED ABSENCES

Full-time employees earn annual leave from 0.833 to 1.25 days per month depending on the number of years employed with the College. The College's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum of fifteen days (120 hours). Employees with at least three months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. Sick leave is earned at the rate of one day per month per contract length and can be accumulated up to a maximum of 60 days (480 hours). The College has estimated the amount of sick leave that is more likely than not to be used as time off in the future. The College recognized a liability for accrued compensated absences in the amount of \$695,844 and \$687,809 for the fiscal years ended August 31, 2025 and 2024, respectively.

15. HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums. The State's contribution per full-time employee was \$624.82 per month for the year ended August 31, 2025, and totaled \$1,692,356 for the year. The cost of providing those benefits for 131 retirees in the year ended August 31, 2025, was \$531,005. For 277 active employees, the cost of providing benefits was \$1,161,351 for the year ended August 31, 2025. The State's contribution per full-time employee was \$624.82 per month for the year ended August 31, 2024, and totaled \$1,692,356 for the year. The cost of providing those benefits for 121 retirees in the year ended August 31, 2024 was \$531,155. For 291 active employees, the cost of providing benefits was \$1,161,205 for the year ended August 31, 2024. Senate Bill 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the State's contribution to 50% of eligible employees in the reporting district.

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

The College participates in a cost-sharing, multiple-employer, defined-benefit other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain post-employment health care, life, and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least ten years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

OPEB Plan Fiduciary Net Position

Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Annual Comprehensive Financial Report (ACFR) that includes financial statements, notes to the financial statements, and required supplementary information. That report may be obtained by visiting https://ers.texas.gov; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377.

Benefits Provided

Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated, and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium, which is based on a blended rate. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Maximum Monthly Employer Contribution Retiree Health and Basic Life Premium Plan Fiscal Year 2024

Retiree only	\$ 624.82
Retiree & Spouse	1,340.82
Retiree & Children	1,104.22
Retiree & Family	1,820.22

Contributions of premiums to the GBP plan for the current and prior fiscal year by source are summarized in the following table.

Premium Contributions by Source Group Benefits Program Plan For the Plan's Years Ended August 31, 2024 and 2023

	2024	2023
Employers	\$ 800,581,831	\$ 801,018,586
Members (Employees)	187,288,403	181,951,869
Nonemployer Contributing Entity (State of Texas)	43,071,186	42,250,455

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of August 31, 2024, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date August 31, 2024

Actuarial Cost Method Entry age

Amortization Method Level percent of payroll, open

Amortization Period 30 years

Asset Valuation Method Not applicable because the plan operates on a pay-

as-you-go basis.

Discount Rate 3.87%

Projected Annual Salary Increase 2.30% to 8.95%, including inflation

Annual Healthcare Trend Rate <u>HealthSelect</u> – 5.60% for FY2026, 5.60% for FY2027,

5.25% for FY2028, 5.00% for FY2029, 4.75% for FY2030, 4.50% for FY2031 decreasing 10 basis points per year to an ultimate rate of 4.30% for

FY2033 and later years

<u>HealthSelect Medicare Advantage</u> – 36.00% for FY2026, 8.00% for FY2027, 5.25% for FY2028, 5.00% for FY2029, 4.75% for FY2030, 4.50% for FY2031 decreasing 10 basis points per year to an ultimate rate of 4.30% for FY2033 and later years

<u>Pharmacy</u> – 11.50% for FY2026, 11.00% for FY2027, 10.00% for FY2028, 8.50% for FY2029, 7.00% for FY2030 decreasing 100 basis points per year to 5.00% for FY2032 and 4.30% for FY2033 and later

years

Inflation Assumption Rate 2.30%

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS retirement actuary as of August 31, 2023 and the TRS retirement plan actuary as of August 31, 2021.

Investment Policy

The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2022 to require that all funds in the plan be invested in cash and equivalent securities.

Discount Rate

Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the *beginning* of the measurement year was 3.81%. The discount rate used to measure the total OPEB liability as of the *end* of the measurement year was 3.87%, which amounted to an increase of 0.06%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-asyou-go basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets, and, therefore, the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis

The following schedule shows the impact on the College's proportionate share of the collective net OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.87%) in measuring the net OPEB Liability.

Fiscal Year 2024:

	1%	Decrease in			1%	6 Increase in
	Di	scount Rate	D	iscount Rate	Di	scount Rate
		(2.81%)		(3.81%)		(4.81%)
College's proportionate share of the						
net OPEB liability:	\$	20,055,022	\$	17,283,503	\$	15,054,299

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Fiscal Year 2025:

	1%	Decrease in			1%	lncrease in
	Di	scount Rate	Di	scount Rate	Di	scount Rate
		(2.87%)		(3.87%)		(4.87%)
College's proportionate share of the		_		_		_
net OPEB liability:	\$	22,681,634	\$	19,494,217	\$	16,936,280

Healthcare Trend Rate Sensitivity Analysis

The following schedule shows the impact on the College's proportionate share of the collective net OPEB liability if the healthcare cost trend rate used was 1% less than and 1% greater than the healthcare cost trend rate that was used in measuring the net OPEB liability. See actuarial assumptions section above for specific rates.

Fiscal Year 2024:

	1%	Decrease		ent Healthcare Trend Rates	1% Increase		
College's proportionate share of the net OPEB liability:	\$	14,866,215	\$	17,283,503	\$	20,353,471	
Fiscal Year 2025:							
		_		nt Healthcare			
	1%	Decrease	Cost	Trend Rates	1	% Increase	
College's proportionate share of the net OPEB liability:	\$	16,727,019	\$	19,494,217	\$	23,021,650	

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At August 31, 2025, the College reported a liability of \$19,494,217 for its proportionate share of the ERS's net OPEB liability. The liability reflects a reduction for State support provided to the College for OPEB. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

	Aug	gust 31, 2025	August 31, 2024			
College's proportionate share of the collective net pension liability State's proportionate share that	\$	19,494,217	\$	17,283,503		
is associated with the College		16,262,951		15,639,979		
Total	\$	35,757,168	\$	32,923,482		

The net OPEB liability was measured as of August 31, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2023 through August 31, 2024.

At the measurement date of August 31, 2024, the employer's proportion of the collective net OPEB liability was 0.06652047%, which was an increase of 0.00183072% from its proportion measured as of August 31, 2023.

For the fiscal year ended August 31, 2025, the College recognized OPEB expense of \$3,351 and revenue of \$3,351 for support provided by the State.

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

Changes Since the Prior Actuarial Valuation

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The proportion of future retirees assumed to be married and electing coverage for their spouse.
- The proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act and the rate of future increases in the fee have been updated to reflect recent plan experience and expected trends.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated to reflect recent health plan experience and its effects on short-term expectations.
- The discount rate was changed from 3.81%, as of August 31, 2023, to 3.87%, as of August 31, 2024, as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

At August 31, 2025, the College reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual economic experience	\$ -	\$ 321,632
Changes in actuarial assumptions	1,067,299	3,883,396
Differences between projected and actual investment earnings	1,761	1,716
Changes in proportion and difference between the employer's		
contributions and the proportionate share of contributions	390,811	841,408
Contributions paid to ERS subsequent to the measurement date	400,000	
Total	\$ 1,859,871	\$ 5,048,152

16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)

At August 31, 2024, the College reported its proportional share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred			Deferred	
	Outflows of		Inflows of		
	Resources		F	Resources	
Differences between expected and actual economic experience	\$	-	\$	457,158	
Changes in actuarial assumptions		576,559		5,397,868	
Differences between projected and actual investment earnings		1,712		316	
Changes in proportion and difference between the employer's					
contributions and the proportionate share of contributions		-		1,652,164	
Contributions paid to ERS subsequent to the measurement date		399,629		-	
Total	\$	977,900	\$	7,507,506	
Changes in actuarial assumptions Differences between projected and actual investment earnings Changes in proportion and difference between the employer's contributions and the proportionate share of contributions Contributions paid to ERS subsequent to the measurement date	\$	576,559 1,712 - 399,629	\$	5,397,868 316 1,652,164	

Contributions made subsequent to the measurement date of \$400,000 are reported as deferred outflows of resources related to OPEB and will be recognized as a change of the net OPEB liability for the fiscal year ending August 31, 2026. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in pension expense as follows:

College's Fiscal		
Year Ending	OF	PEB Expense
August 31:		Amount
2026	\$	(1,766,313)
2027		(1,322,490)
2028		(734,376)
2029		95,801
2030		139,097
Thereafter		-

17. DISAGGREGATION OF RECEIVABLES AND PAYABLES BALANCES

Receivables

Receivables at August 31, 2025 and 2024 were as follows:

	8/31/2025		8/31/2024	
Student Receivables (Net of Allowances of \$1,307,090 and \$1,090,431 for 2025 and 2024, respectively) Taxes Receivable (Net of Allowances of \$192,044 and	\$	12,058,539	\$	10,838,179
\$192,044 for 2025 and 2024, respectively)		582,129		567,590
Federal and State Accounts Receivable		96,269		42,665
Other Accounts Receivable		1,278,357		874,791
	\$	14,015,294	\$	12,323,225
Payables Payables at August 31, 2025 and 2024 were as follows:				
	8/	/31/2025	8/	31/2024

	8/31/2025		8/31/2024	
Vendor Payable Salaries and Benefits Payable Accrued Interest		3,333,450 1,185,527 153,127	\$	3,766,481 942,403 157,022
	\$	4,672,104	\$	4,865,906

18. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the American Institute of Certified Public Accountants (AICPA) audit and accounting guide, *State and Local Governments*, 8.99. For federal contract and grant awards, funds expended but not collected are reported as Accounts Receivable (net) on Exhibit 1. Contract and grant awards that are not yet funded, and for which the College has not yet performed services, are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards or funds awarded during fiscal years 2025 and 2024 for which monies have not been received nor funds expended totaled \$1,043,988 and \$765,702, respectively. Of these amounts, \$276,621 and \$124,239 were from federal contract and grant awards, and \$867,367 and \$641,463 were from state contract and grant awards for fiscal years ended 2025 and 2024, respectively.

19. SELF-INSURED PLANS

In 1995, the College began participating in the Texas Public Junior and Community College Employee Benefits Consortium (Consortium), which was established in 1991 by several Texas area community colleges as a means of reducing the costs of workers compensation insurance. The Consortium is a public entity risk pool currently operating as a common risk management and insurance program for the member colleges. The main purpose of the Consortium is to jointly self-insure certain workers' compensation risks up to an agreed upon retention limit. For the year ended August 31, 2025, the College paid an annual premium of \$69,897 plus \$83,746 toward the loss fund. This \$153,643 was the maximum cost for the self-insured plan. For the year ended August 31, 2024, the College paid an annual premium of \$59,676 plus \$67,705 toward the loss fund. This \$127,381 was the maximum cost for the self-insured plan. All claims up to \$225,000 are paid from the loss fund. Amounts over \$225,000 are paid by the insurance company up to statutory limits.

20. AD VALOREM TAX

The College's ad valorem property taxes are levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the College District.

8/31/2025

8/31/2024

Assessed Valuation of the College Less: Exemptions Less: Abatements	\$ 10,	741,056,74 153,618,32 791,654,01	7	9,8	10,008 25,25 48,58	•

Total Net Collections	\$ 25,816,662	\$ 4,852	\$ 25,821,514		

Tax collections for the years ended August 31, 2025 and 2024 were 98% and 98% of the current tax levy, respectively. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted for the use of maintenance and/or general obligation debt service.

21. BRANCH CAMPUS MAINTENANCE TAX

A branch campus maintenance tax, which is established by election, is levied by Wise County. The tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in Wise County. Collections are transferred to the College to be used for operation of a branch campus in Wise County, Texas. This revenue is reported under Local Grants and Contracts.

	Colle	ections (including	Colle	ctions (including
	penal	ties and interest)	penal	ties and interest)
County	August 31, 2025		Au	gust 31, 2024
Wise County	\$	4,568,995	\$	4,583,093

23. RELATED PARTY TRANSACTIONS

Related party transactions for the years ended August 31, 2025 and 2024 are provided solely to comply with the *Financial Responsibility, Administrative Capability, Certification Procedures, Ability To Benefit* regulation promulgated by the U.S. Department of Education. The College paid \$325 and \$3,274 to a member of the Board of Trustees for services rendered to the College during the years ended August 31, 2025 and 2024, respectively. Additionally, the College paid travel reimbursements totaling \$1,278 and \$474 to members of the Board of Trustees during the years ended August 31, 2025 and 2024, respectively.

24. COMPONENT UNIT

Weatherford College Foundation, Inc. - Discrete Component Unit

The Weatherford College Foundation, Inc. (the Foundation) was established as a separate nonprofit organization with the sole purpose of supporting educational and other activities of the College, including raising funds to provide student scholarships and assistance in the development and growth of the College. The Foundation solicits donations and acts as coordinator of gifts made by other parties. It remitted \$353,894 and \$334,686 for designated scholarships and \$278,845 and \$5,076 for other contributions to the College during the years ended August 31, 2025 and 2024, respectively. Under GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, the Foundation is a component unit of the College because the economic resources received or held by the Foundation are entirely or almost entirely for the direct benefit of the College.

Accordingly, the Foundation's financial statements are included in the College's annual report as a discrete component unit (see table of contents). Complete financial statements of the Foundation can be obtained from the Weatherford College Business Office at 225 College Park Drive, Weatherford, Texas 76086. Significant disclosures from that report are included below.

Summary of Significant Accounting Policies

Organization

The Weatherford College Foundation, Inc. (the Foundation) is a component unit of Weatherford College (the College). The Foundation is designed for the support and development of the College and its programs, as well as for the support, assistance, and encouragement of students of the College. The Foundation solicits and acts as coordinator of gifts made by other parties. The College is not obligated to pay debt related to the Foundation. While the College is the beneficiary of the Foundation, the Foundation functions independently under its own Board of Directors and pursues its own investment policies in the management of its portfolios.

Income Tax

The Foundation is a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been determined by the Internal Revenue Service to not be a "private foundation" within the meaning of Section 509(a) of the Code.

24. COMPONENT UNIT (Continued)

Income tax benefits are recognized for income tax positions taken or expected to be taken on a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination of taxing authorities. The Foundation has analyzed tax positions taken for filing with the Internal Revenue Service. The Foundation believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Foundation's financial condition, results of operations, or cash flows. Accordingly, the Foundation has not recorded any reserves, or related accruals for interest and penalties, for uncertain income tax positions at August 31, 2025 and 2024.

Financial Statement Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, which require the Foundation to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. These net assets may be used at the discretion of the Foundation's management and the Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Foundation considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents for the purposes of the statement of cash flows includes cash and cash equivalents with donor restrictions. Restricted cash and cash equivalents are classified as such based on donor-imposed restrictions.

Investments

The Foundation reports investments at fair value as of the statement of financial position date. Net investment return (loss) is reported in the statements of activities and consists of interest and dividend income and realized and unrealized capital gains and losses, less investment fees. Net investment return (loss) is reported as increases or decreases in net assets without donor restrictions absent any donor restriction.

24. COMPONENT UNIT (Continued)

Note Receivable

The note receivable is stated at its principal amount plus unpaid accrued interest, if any, which is recognized as it accrues. Management has analyzed the note receivable collectability from the borrower as of August 31, 2025 and 2024, based on collection experience with the borrower. Based on management's assessment, all amounts are considered collectible. Therefore, there was no allowance for credit loss at August 31, 2025 and 2024.

Property and Equipment

Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as support with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Foundation reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

Property and equipment recorded in the Foundation's statement of financial position was a previous donation and is fully depreciated. The property and equipment is not used in the Foundation's operations.

Public Support and Revenue

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Unconditional promises to give are recorded as received and are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Unconditional promises to give due within the next year are reflected as current promises to give, while promises to give due in subsequent years are reflected as long-term promises to give. The majority of the promises to give are received from contributors in Parker County.

24. COMPONENT UNIT (Continued)

Endowment contributions and investments are considered contributions and investments with donor restrictions. Assets of the Foundation's individual endowment funds are generally maintained in investment portfolios. Interest, dividends, and gains and losses on the investments are allocated on a monthly-average basis to the endowment funds in proportion to each endowment fund's relative share in the investment portfolios. The earnings on donor-restricted endowments are recorded as with donor restrictions, in accordance with donor stipulations. Accumulated unspent earnings are reinvested and retained in the endowment funds to protect them against inflation over the long-term.

Advertising

The Foundation uses advertising to promote its programs throughout the community it serves. The costs of advertising are expensed as incurred and presented in the Statements of Activities.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Securities and Investments

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, Fair Value Measurement, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement, and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of the fair value of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are defined as follows:

- Level 1 Represented by quoted prices that are available in an active market.
- Level 2 Represented by assets and liabilities similar to Level 1 where quoted prices are not available, but are observable, either directly or indirectly through corroboration with observable market data and estimated using pricing models or discounted cash flows.
- Level 3 Represented by financial instruments where there is limited activity or unobservable market prices and pricing models significant to determining the fair value measurement including the reporting entity's own assumptions about the market risk.

24. COMPONENT UNIT (Continued)

The following table presents investments and certificates of deposit measured at fair value on a recurring basis as of August 31, 2025 and 2024:

	Aı	ıgust 31, 2025			
	Level 1	Level 2	Level 3	Fair Value	
Certificates of Deposit Government Securities Corporate Obligations Equities	\$ - - - 6,127,975	\$ 775,163 2,224,643 2,370,288	\$ - - - -	\$ 775,163 2,224,643 2,370,288 6,127,975	
Total Investments and Certificates of Deposit	\$ 6,127,975	\$ 5,370,094 agust 31, 2024	\$ -	\$ 11,498,069	
	Level 1	Level 2	Level 3	Fair Value	
Certificates of Deposit Government Securities Corporate Obligations Equities	\$ - - 5,004,252	\$ 1,013,520 2,684,467 2,462,215	\$ - - - -	\$ 1,013,520 2,684,467 2,462,215 5,004,252	
Total Investments and Certificates of Deposit	\$ 5,004,252	_ \$ 6,160,202	_\$	\$ 11,164,454	

Fair values for assets in Level 2 are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates, and market-rate assumptions.

24. COMPONENT UNIT (Continued)

Endowment Funds

The Board of Directors interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. A donor or donors may establish a named endowment at a minimum funding level of \$10,000. The donor(s) may accumulate the endowment gift over a five-year period with earnings during the accumulation period to be used for scholarships. Earnings during the accumulation period may not be used to reduce the donors' commitment to fund the endowment at the minimum level. Once the endowment is established, the donor may expect that the Foundation will make every attempt to award the entire amount earned in interest each year under terms of the endowment fund's (the Fund) charter and that unused portions, if any, shall be awarded in subsequent years. Any non-endowed funds that do not reach a corpus of \$10,000 within five years of the initial gift may be transferred into funds without donor restrictions or redirected into other endowment funds.

Spending Policy

The Foundation believes that it is in the best interest of the charitable purposes of the Foundation to annually distribute as much from the Fund as possible while maintaining overall investment objectives as defined in the Investment Policy and ensuring the long-term health of the Fund. Distributions from the Fund shall be consistent with those goals and focus primarily on an annual target distribution to support scholarships and other activities. The target for annual distribution is 5% of the average fund balance (AFB). The AFB is calculated on the basis of market values of the Fund averaged over the preceding three fiscal years. The Foundation's policy allows for a lesser or greater total annual distribution than the target 5% distribution amount with the approval of the Board of Directors.

Investment Policy

The overall objectives of the Foundation's investment policy are to 1) assure the safety of the Foundation's funds, 2) maintain liquidity and provide timely working funds, 3) attain a rate of return consistent with safety and liquidity considerations, 4) match maturity of the investment instruments to cash flow requirements, and 5) diversify investments as to maturity, instruments, and financial institutions. The investment policy defines the types of investments that are considered allowable for the Foundation unless otherwise prohibited as a restriction of the original gift.

24. COMPONENT UNIT (Continued)

The return objective for the Fund, measured over a full market cycle, is to maximize the benefit intended by the donor, to produce current income to support the programs of Weatherford College and donor objectives, and to achieve growth of both principal value and income over time sufficient to preserve or increase the purchasing power of the assets, thus protecting against inflation. The Foundation accomplishes this by continuous monitoring of investments by the Board of Director's investment committee and through approximated asset allocation guidelines.

Endowment Net Assets

The following represents the changes in endowment net assets for the years ended August 31, 2025 and 2024:

	August 31	, 2025

24. COMPONENT UNIT (Continued)

Underwater Endowments

The Foundation did not have any underwater endowment funds for the years ended August 31, 2025 and 2024.

25. LESSOR AGREEMENTS

On December 14, 2020, the College entered into an agreement with a tenant, the lessee, to rent space in the Workforce and Emerging Technologies Building. The lease calls for an initial term of ten years commencing in January 2022 with two additional five-year renewal terms. The College is reasonably certain that the lessee will renew this lease for both additional terms. In accordance with the provisions of GASB No. 87, the lease was measured as of the commencement date with a lease term of 20 years and an interest rate of 4.50%, the College's incremental borrowing rate.

Rent is payable on the first day of each month in the amount of \$15,690 for the initial ten-year term. Lease revenue in the amount of \$124,002 and \$124,002 and interest income of \$100,051 and \$103,927 were recognized for the years ended August 31, 2025 and 2024, respectively.

Future payments due to the College under the lease consisting of principal and interest are as follows:

Year Ending		
August 31,	Principal	Interest
2026	\$ 92,282	\$ 95,998
2027	96,521	91,758
2028	100,955	87,324
2029	105,593	82,686
2030	110,444	77,835
2031-2035	633,153	308,244
2036-2040	792,579	148,819
2041-2045	 233,662	 7,855
Total	\$ 2,165,189	\$ 900,519

26. RISK MANAGEMENT

The College has the responsibility for making and carrying out decisions that will minimize the adverse effects of accidental losses that involve the College's assets. Accordingly, commercial insurance coverages are obtained to include general liability, property and casualty, employee and automobile liability, fidelity, public official's liability and certain other risks. The amounts of settlements during each of the past three fiscal years have not exceeded insurance coverage.

27. COMMITMENTS

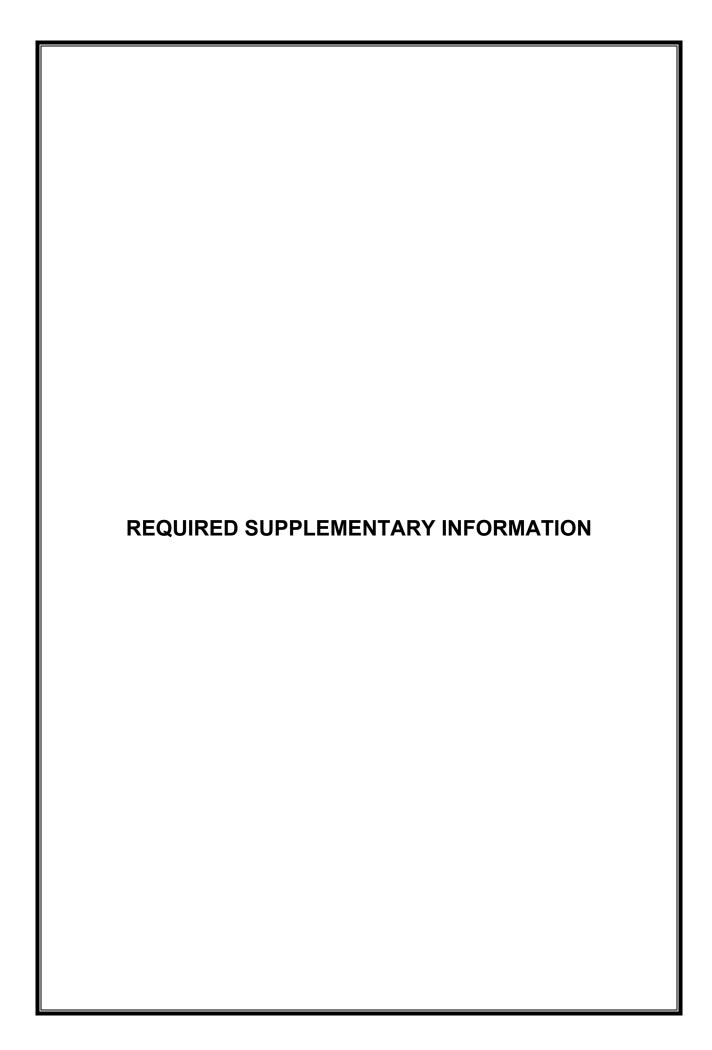

The College has a contract with an outside party to provide facilities management services, which began on September 1, 2021 and expired on August 31, 2024, with two optional one year extension periods though August 31, 2026. The College exercised the second optional extension period in 2025. Future minimum payments under this contract are \$2,945,904 for the year ending August 31, 2026. Additionally, the College entered into a contract with an outside party to build a new Student Union, which is anticipated to be completed during the year ending August 31, 2026. Future minimum payments under this contract are \$2,707,299 for the year ending August 31, 2026.

28. PENDING LAWSUITS AND CLAIMS

On August 31, 2025, certain lawsuits and claims involving Weatherford College were pending. While the ultimate liability with respect to litigation and other claims asserted against the College cannot be reasonably estimated at this time, this liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the College.

29. SUBSEQUENT EVENTS

The College has evaluated subsequent events through December 3, 2025, the date the financial statements were available to be issued, noting the College issued Consolidated Fund Revenue Bonds, Series 2025 on September 17, 2025 in the amount of \$105,100,000, with a premium of \$1,693,300 bearing interest at 5.00% to 5.25%, and maturing on August 1, 2055.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Weatherford College of the
Parker County Junior College District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Weatherford College of the Parker County Junior College District (the College) as of and for the year ended August 31, 2025, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated December 3, 2025. The financial statements of Weatherford College Foundation, Inc. were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Weatherford College Foundation, Inc.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the Public Funds Investment Act (Chapter 2256, Texas Government Code), noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have performed tests designed to verify the College's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2025, no instances of noncompliance were noted.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees
Weatherford College of the
Parker County Junior College District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Weatherford College of the Parker County Junior College District's (the College) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2025. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the College's compliance with the
 compliance requirements referred to above and performing such other procedures as we
 considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to
 test and report on internal control over compliance in accordance with the Uniform
 Guidance, but not for the purpose of expressing an opinion on the effectiveness of the
 College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total Federal Expenditures per Schedule of Expenditures of Federal Awards	\$ 19,071,472

Note 2: Significant Accounting Policies used in Preparing the Schedule.

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds that have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule. Since the College has an agency-approved Indirect Recovery Rate, it has elected not to use the 10% de minimis cost rate as permitted in the Uniform Guidance, Section 200.414.
