Weatherford College
WC ranked second safest college campus in Texas

8/19/20 — Weatherford College is listed as the second safest college campus in Texas according to data compiled by YourLocalSecurity.com.

“I am very proud of this accomplishment for Weatherford College,” WC Police Chief Paul Stone said. “Of course, being one of the safest campuses in Texas is something that is accomplished by the entire campus not just the police department. We have a tremendous campus community that is active in making this campus safe. The faculty, staff and students are all part of making this campus one of the safest in Texas.”

The website, operated by ADT Security Services, pulled data from public crime reports as well as campus safety and security data for institutions with a minimum of 5,000 enrolled students. They then analyzed the data to determine the rate of violent crimes, property crimes, hate crimes and crimes against women.

The average violent crime rate per 1,000 people for the top ten safest colleges in Texas is 2.26, far lower than most state’s campuses. The annual violent crime rate for the state as a whole is 4.11, based on FBI data from 2018.

Weatherford College didn’t report any hate crimes or crimes against women in 2019 at any of the WC campuses. WC came in second overall in the state behind West Texas A&M.
About the Jeanne Clery Act

The Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act (Clery Act) is a federal law that requires institutions of higher education to comply with certain campus safety and security related requirements as a condition of their participation in federal financial aid programs authorized under Title IV of the Higher Education Act of 1965, as amended.

In 1986, Jeanne Clery was a nineteen-year-old liberal arts freshman at Lehigh University in Bethlehem, Pennsylvania. She was sexually assaulted and murdered in her dorm room by a former Lehigh student working as an employee in Lehigh’s residential operations. Jeanne Clery’s parents believed Lehigh University failed to share vital information with its students regarding campus safety, including the number of felonies committed at and around the campus, as well as certain security practices and risks, such as propping locked doors to residence halls open. Subsequently, the Clery’s campaigned for legislative reform requiring colleges and universities to disclose this type information, which ultimately lead to the passage of the Clery Act. For more information about the Clery Act, you may visit the Clery Center website located at Clery Center.

The Security and Fire Safety Report

Weatherford College publishes its Annual Campus Security and Fire Safety Report (the Report) to keep both current and prospective students and employees informed regarding campus crime and Weatherford College’s safety and security related policies and procedures. The compilation of this Report is a collaborative effort between the Weatherford College Police Department (WCPD), The Title IX Office, The Office of Student Services, and The Office of Human Resources, and is coordinated by Weatherford College’s Office of Legal Affairs. All safety related policies and procedures contained in the Report apply to all Weatherford College campuses, which include the main campus, Weatherford College Education Center at Mineral Wells, Weatherford College Education Center at Granbury, and Weatherford College Wise County campuses. The Report discloses crime statistics for Clery crimes occurring in Weatherford College’s Clery geography that have been reported to a Weatherford College Campus Security Authority (CSA). The Weatherford College Police Department collects on-campus crime statistics daily through its normal law enforcement operations. Student Services reports disciplinary actions taken for drug, alcohol and weapons law violations to the Weatherford College Police Department on a monthly basis. Human Resources reports drug, alcohol and weapons law violations that have been referred for disciplinary action (and that have not been otherwise reported to law enforcement or Title IX) to the Clery Compliance Officer in preparation for publication of the Report. The Title IX Office reports sexual misconduct cases that have not been previously reported to the Weatherford College Police Department for law enforcement purposes on a monthly basis. Other CSAs are required to report Clery crimes either directly to the Weatherford College Police Department, if circumstances require, or through an online form to Legal Affairs as they become aware of an incident. In addition, Weatherford College Police Department annually submits requests to appropriate law enforcement agencies for crime statistics related to public property and non-campus properties that fall within Weatherford College’s Clery geography. These crime statistics are included at the end of this Report.

Weatherford College submits the annual crime statistics published in this Report to the Department of Education (DOE). Statistics are submitted to the DOE by the Clery Compliance Officer, the Clery Compliance Coordinator, or a designee via the DOE’s Campus Safety and Security Survey. Statistics are compiled during regularly by Weatherford College Clery Compliance Officer and the Clery Compliance Coordinator. The statistical information gathered by the DOE via the Campus Safety and Security Survey is available to the public through the DOE website.

2 Clery crimes consist of the following offenses, separated by category: 1) Criminal Offenses: Criminal Homicide including Murder, Non-Negligent Manslaughter and Manslaughter by Negligence; Sexual Assault including Rape, Fondling, Incest and Statutory Rape; Robbery; Aggravated Assault; Burglary: Motor Vehicle Theft; and Arson; 2) Hate Crimes: Any Category 1 criminal offenses, Larceny-Theft, Simple Assault, Intimidation or Destruction/Damage/Vandalism of Property if the offense was motivated by bias; 3) VAWA Offenses: Domestic Violence; Dating Violence; and Stalking; and 4) Arrests and Referrals for Disciplinary Action: Weapons Law Violations; Drug Law Violations; and Liquor Law Violations.

3 Clery geography consists of three categories, defined as follows: 1) On-Campus: any building or property owned or controlled by Weatherford College within the same reasonably contiguous geographic area and used by Weatherford College in direct support of, or in a manner related to, Weatherford College’s educational purposes, including residence halls (this also includes any building or property in this geographic area that may be owned by Weatherford College yet controlled by another, and is frequently used by students and supports Weatherford College’s purposes, i.e. a food vendor or retail vendor); 2) Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within Weatherford College’s campus or immediately adjacent to and accessible from campus; 3) Non-Campus: Any building or property owned or controlled by a student organization officially recognized by Weatherford College (Note—Weatherford College does not have this type of Non-Campus property), or any building or property owned or controlled by Weatherford College that is used in direct support of, or in relation to, Weatherford College’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the campus.
The primary goal of the Weatherford College Police Department (WCPD) is to serve and protect a social and academic environment that sustains and encourages moral and intellectual growth while preserving the legal right of individuals.

Operation, Commission, and Jurisdiction

The Weatherford College Police Department was established on 15 September 1993, by the Board of Trustees and former President Dr. Jim Boyd. Since that time the department has grown from 1 officer to 5 full time Peace Officers, 1 secretary, 2 part time office assistances and 6 part time Security Officers. The department is open 24 hours a day and 365 days a year. The on-duty officer may not always be in the office because he/she may be out on campus and can be contacted by mobile phone 817-771-3535.

Accreditation

Within a peace officer’s primary jurisdiction, a peace officer commissioned under this section (1) is vested with all the powers, privileges, and immunities of a peace officer; (2) may arrest without a warrant any person who violates a law of the state within their presence; and, (3) can enforce all State traffic laws on streets and highways. Outside a peace officer’s primary jurisdiction, an officer commissioned under this section is vested with all powers, privileges, and immunities of peace officers and may arrest those who violate any law of the state if the peace officer (1) is summoned by another law enforcement agency to provide assistance; (2) is assisting another law enforcement agency; or (3) is performing his duties as a peace officer for the institution of higher education or public technical institute that employs the officer.

These sworn officers are defined as peace officers under The Texas Code of Criminal Procedure. Article 2.12, defines peace officers as officers, commissioned under Section 37.081 Education Code or Subchapter E. Chapter 51 of the Education Code. They are armed and have the same authority to detain and arrest as municipal police officers. All sworn officers enforce State laws. Peace officers commissioned by the Weatherford College Police Department have jurisdiction in all counties in which property is owned, leased, rented, or controlled by Weatherford College. Security officers are not armed and do not make arrests but have the authority to issue campus citations when enforcing Weatherford College Police Department policies. All security officers’ enforce the rules and regulations of Weatherford College. The jurisdiction of security officers are limited to buildings and property owned or controlled by Weatherford College, which are located within the core campus and the separate campuses.

Police officers employed by Weatherford College Police Department have been licensed by the Texas Commission on Law Enforcement (TCOLE). Weatherford College Police officers receive at least 15 weeks of field training and a minimum of 40 hours of in-service training every two years, as required by law. Security officers complete a 3 to 6-week field-training program.
**Working Relationship with Local Law Enforcement Agencies**

Weatherford College Police Department maintains cooperative working relationships and Memorandums of Understanding regarding police services, including investigation of criminal activity, with the Weatherford Police Department, the Parker County Sheriff’s Office, the Granbury Police Department, the Palo Pinto Sheriff’s Office, the Mineral Wells Police Department, and the Wise County Sheriff’s Office. Many other agreements are in place which cover services such as training, records access, web access, and radio access and usage. At the end of each calendar year, Weatherford College Police Department submits a request to local law enforcement agencies whose jurisdiction encompasses Weatherford College Clery geography for all crimes committed on campus, non-campus, and public properties. Responses to these requests that indicate a crime or crimes were committed undergo a preliminary assessment to determine whether the crime may be a Clery offense or some other type of crime. For those incidents that are determined to be potential Clery crimes, a follow-up request is made with the corresponding law enforcement agency to gather incident specifics and a more thorough assessment is made to determine (a) whether the incident is a Clery reportable offense and whether the incident actually occurred within Clery geography. These assessments are made by Weatherford College Police Department Clery Compliance Officer and/or the Clery Compliance Coordinator.

**Reporting Criminal Actions or Other Emergencies**

Students, faculty, staff, and individuals should immediately report criminal activity (including sex offenses) or emergencies that occur on the college campus in one of the following manners.

**Emergencies**

Dial 9-1-1 from any campus telephone or dial 9-1-1 from any of the pay phones located throughout the campus. An emergency phone call may include information on:

- a crime in progress
- a medical emergency
- an intoxicated person
- suspicious person(s)
- the smell of gas

**Non-Emergencies**

Please direct all non-emergency calls to the Weatherford College Police Department office at 817-598-6316 or the duty phone at 817-771-3535. If you choose to come by the W.C.P.D., we are located in the Police/Maintenance Building. You, as an individual, are encouraged to report all crimes (or alleged crimes) by using any of the above methods.

A student, faculty, staff, or individual may also report a campus crime through Parker County Crime Stoppers at 817-599-5555. You may remain anonymous when reporting crimes to Parker County Crime Stoppers.
Response to a Report

In response to a call, a Weatherford College Police Department employee will take the information, send an officer when appropriate, and if needed, contact emergency personnel from other agencies such as the fire department or ambulance services. Officers are dispatched on a priority basis according to the seriousness of the calls received. Calls of an emergency nature are dispatched immediately. A person reporting a non-emergency incident may expect to experience a short delay. A crime may also be reported in person at the Weatherford College Police Department, which is located at 225 College Park Drive, Weatherford, Texas 76086. Once a crime is reported, and if appropriate, the officer will complete a police report after the required action has been taken. To check on the progress of an investigation, a person may contact the Weatherford College Police Department at 817-598-6316.

All Weatherford College Police Department incident reports for incidents that occur in Clery geography, that result in an arrest, are not related to a Title IX matter, and involve a known student are forwarded to Weatherford College Student Services Office potential action, as appropriate. In some cases, where additional pertinent information is obtained via an investigation, that additional information will also be forwarded to the Weatherford College Student Services Office. If assistance is required from the Weatherford Police Department or the Weatherford Fire Department, Weatherford College Police Department will contact the appropriate unit. VAWA and Title IX incidents that are reported directly to Weatherford College Police Department will be forwarded to the Title IX Coordinator to offer services and for investigation of a policy violation. Once an investigation is completed, and if the student is found responsible for violating applicable policy, Title IX Coordinator will take appropriate action. If a sexual assault or rape should occur, staff on the scene, including Weatherford College Police Department, will offer the victim a wide variety of services.

Reporting to Meet Disclosure Requirements

The campus community is encouraged to report Clery crimes of which they have knowledge directly to the Weatherford College Police Department as outlined above for any type of crime. If a reporter prefers to report to a CSA instead of the Weatherford College Police Department, the following is a non-exhaustive list of Weatherford College people/organizations who are CSAs to whom students and employees should report Clery crimes:

When CSA’s become aware of Clery crimes in non-emergency situations, they should report the crime to the Weatherford College Police Department or to the Clery Compliance Coordinator the online CSA Incident Report Form. CSAs must identify themselves, but the victim’s name does not have to be disclosed in the form if the victim wishes to remain anonymous. These measures will ensure Timely Warnings are issued when appropriate and that Clery crimes are included in Weatherford College’s annual disclosure of crime statistics.

The fact that a CSA can report a Clery crime without revealing a victim’s identity should be distinguished from a Responsible Employee’s duty to report Title IX incidents. CSAs may also be designated as Responsible Employees under Title IX and are obligated to share reported information involving sexual misconduct, domestic/dating violence and stalking, including information about the identity of the victim and accused, with the Title IX Coordinator. See the Reporting Sexual Misconduct section of this Report for more information on Responsible Employees.

**Anonymous and Voluntary Confidential Reporting of Clery Crimes**

Weatherford College wants to ensure all Clery crimes are included in its Report statistics, so members of the Weatherford College community may still report a Clery crime, even if they would like to remain anonymous. (This is not the same as filing an official report with the Weatherford College Police Department and this method of reporting should never be relied upon for assistance in an emergency). If a Weatherford College community member has seen a crime on campus or has been the victim of a crime on campus and would like to report it anonymously, they should complete the form on the Title IX- Report of Incident page on the Weatherford College website and fill out only the incident information. Reporting Clery crimes anonymously should not be confused with reporting crimes confidentially to the Weatherford College Police Department. The Weatherford College Police Department does not have a confidential crime reporting process. Police reports are public records under state law and Weatherford College Police Department cannot withhold reports of crime. However, Texas law allows certain victims of sexual offenses to use a pseudonym in all public files and records concerning the offense, including police reports and records of judicial proceedings.

**Professional Counselors**

Reports of Clery crimes made to professional counselors can be kept confidential. Professional/Pastoral counselors are exempt from the CSA reporting requirement above if a Clery Crime is reported to them while they are acting in their roles as professional/pastoral counselors when the report is made.

**Professional Counselor**

Weatherford College does not employ professional counselors.

**Pastoral Counselor**

To collect accurate Clery Crime statistics, it is Weatherford College’s policy that pastoral counselors are encouraged, if and when appropriate, to inform the persons they are counseling about their ability to report the Clery Crime anonymously for inclusion of the annual disclosure of crime statistics.

**Daily Crime Log**
Weatherford College Police Department is dedicated to keeping the Weatherford College community informed about criminal activity occurring on campus. The Daily Crime Log, which is available to the public for review at the Weatherford College Police Department during normal business hours from 8 a.m. – 5 p.m. Monday through Friday, excluding holidays. Information in the Daily Crime Log typically includes the type of call, date reported, date and time incident occurred, case number, general location, and disposition of each crime. Weatherford College Police Department’s Daily Crime Log provides details about criminal incidents occurring in Weatherford College’s Clery Geography. Note that crimes reported in the crime log are based on jurisdiction and not whether the crime was committed by a member of the UTA community.

**Timely Warnings**

Weatherford College will issue a campus wide “Timely Warning” notice to members of the Weatherford College community for Clery crimes that occur within the Clery geography (On Campus, Public Property and Non-campus property), that in the judgement of the college constitutes a serious or continuing threat to the Weatherford College community. The need for a Timely Warning is determined by a consultation of Weatherford College Police Department with Office of Legal Affairs, and any other department that may have information about the incident for which a Timely Warning may need to be issued. Timely Warnings will be distributed for such incidents whether the incident is reported directly to Weatherford College Police Department or indirectly through a local police agency or CSA. The decision to issue a Timely Warning is made on a case-by-case basis considering the facts surrounding the crime. Note that Weatherford College is not required to issue a Timely Warning with respect to crimes reported to pastoral or professional counselors as these professionals are exempt from the CSA requirement to report Clery crimes. Timely Warnings will be issued to the Weatherford College community as soon as pertinent information is available. (Names of victims are confidential and will be withheld) and with the goal of aiding in the prevention of similar crimes. Timely Warnings will be distributed to the Weatherford College community via blast email to all Weatherford College assigned email accounts and/or physical postings at the entrance and exits of campus buildings. Timely warnings may also be issued using some or all of the following methods of communication: text messages or emails sent through the Weatherford College Coyote Alert and Alertus systems.

Timely Warnings include the following information, unless issuing the information risks compromising law enforcement efforts: date and time or timeframe of the incident; a brief description of the incident; information that will promote safety and aid in the prevention of similar crimes; suspect description when appropriate; Weatherford College Police Department contact information; and any other information deemed appropriate. Weatherford College Police Department drafts and publishes the Timely Warning. Weatherford College Police Department updates these electronic communications as new information becomes available. When physical postings are appropriate, the Weatherford College Police Department posts notices at the entrance and exits of campus buildings; these notices remain posted for two weeks.

Timely Warnings are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

*Murder/Non-Negligent Manslaughter*

*Aggravated Assault* (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger Weatherford College community)
Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)

Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Chief of Police, or designee). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.

Major incidents of Arson

Other Clery crimes as determined necessary by the Chief of Police, or his or her designee in his or her absence. Although not required by law, at its own discretion, Weatherford College may choose to follow the Timely Warning process for non-Clery crimes and crimes that occur outside of Weatherford College’s Clery Geography, if it is determined that an incident represents a serious or continuing threat to the Weatherford College Community.

Sex Offenders

If the student is not located, the Executive Dean of Student Services shall notify the immediate family within 24 hours
of receiving the initial missing student report that the whereabouts of the student is unknown. If the missing student resides off-campus, family members or associates are encouraged to file an official missing person’s report with the local police department. Weatherford College Police Department and Student Services will cooperate, aid, and assist local and state law enforcement officials as prescribed by law and/or mutual aid agreements.

If the student lives on-campus, Weatherford College Police Department and Student Services will conduct an official investigation in conjunction with local police officials as the primary investigation unit.

All relevant law enforcement agencies in the area, including those of the student’s normal route(s) of travel and his or her hometown police department will be notified and asked to render assistance with the search. All law enforcement agencies involved in the search will receive routine investigation status reports issued by Weatherford College Police Department during the course of the investigation.

Notification Procedures. If a student is determined missing, Weatherford College Police Department will initiate the following notification procedures:

Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Weatherford College Police Department will within 24 hours of the determination, inform the City of Weatherford Police Department that the student is missing (unless it made the determination);

Within 24 hours of the determination, notify any designated missing persons contacts (if more than one missing persons contact is designated, contact each person unless the student’s whereabouts are determined prior to contact); and

For any student under the age of 18 and not otherwise emancipated, and in addition to item (2), notify the parent or legal guardian immediately upon determination the student is missing.

Weatherford College Police Department Crime Prevention, Personal Security, and Campus Security Programming

Weatherford College places a high priority on crime prevention, personal security and campus security. While it is impossible to prevent all crimes, Weatherford College believes that persons can be made aware of ways to reduce their chances of becoming victims and increase their chances of staying safe. In assisting Weatherford College with this mission, Weatherford College Police Department crime prevention, personal security and campus security programs and services are available upon request and are presented throughout the year to various groups on campus. A speaker can be arranged to present this information to any Weatherford College-affiliated group by calling (817) 598-6316 or emailing bcooper@wc.edu.
Security of and Access to Campus Facilities

Coyote Alert

Coyote Alert is our emergency notification system managed by SchoolCast. Check your student email for your log-in information to the SchoolCast website.

This will be sent to you after the 2nd week of each semester. You will need to log-in to your SchoolCast account and update your contact information for notification of school closings or Weatherford College emergencies.

Building Access

The Weatherford College campus is an open campus. It is surrounded on all sides by public streets. Only authorized students, faculty, staff, and visitors may enter upon or use the college facilities after 10:30 pm. The college facilities are controlled through the use of written policies and state law. Key control is established by college policy and access to building master keys is restricted.

Weatherford College Police Officers and Security Officers regularly patrol the grounds and buildings. Weatherford College maintenance personnel are also concerned with the safety and security of the campus community. Lighting surveys are conducted on a regular basis to locate any problem areas. In conjunction with this survey, Campus Police Officers and Security Officers also check for lighting deficiencies.

Weatherford College Police Department continually provides security surveys of college grounds and facilities. Facilities with fire alarms are monitored by routine patrol.

Coyote Village Apartments, the student resident’s facility, are supervised by trained staff and assisted by the Weatherford College Police Department, which is located in Police/Maintenance Building. Resident students are trained in fire safety (fire drills) and severe weather (tornado drills).

Parking Safety

Weatherford College is also concerned about safety and security in its parking areas. All campus-parking areas are restricted to authorized users. Parking permits are required for all students, faculty and staff who park their vehicles on campus at any time. Visitors must obtain a visitor parking pass at the Weatherford College Police Department located in the Police/Maintenance Building. All parking areas are patrolled by Weatherford College Police Department and some parking areas are monitored via video surveillance. If anyone feels uncomfortable walking anywhere on campus, day or night, the Weatherford College Police Department offers escorts to Faculty, Students, and Visitors. For an escort call 817-771-3535.
Grounds Safety

Weatherford College Police Department patrol officers and security officers often spend a portion of their shift time conducting foot, golf cart and vehicle patrols, allowing police officers and security officers to be more accessible and visible to the Weatherford College community as well as evaluate and monitor security related matters. Increased communication and interaction with people provides opportunities to elevate community policing efforts, build trust and credibility, and provide the community with safety and security information. These interactions and communications assist in the Weatherford College Police Department’s efforts to reduce crime, gather valuable information, and provide a safer campus environment.

Security Considerations in Maintenance of Campus Facilities

Regular inspections of campus facilities are conducted by the CBRE. Repairs related to safety and security concerns are promptly addressed. Concerns regarding potential safety or security hazards may be reported to the CBRE, or to the Weatherford College Police Department. All routine maintenance, maintenance problems and repair requests should be reported to CBRE by emailing the Director of Facility Maintenance at CBRE Rhonda Swan at rswan@wc.edu.

Crisis Management Plan and Evacuation Procedures

Crisis Management Plan

The Weatherford College Crisis Management Plan (WCMP) formally establishes and documents a coordinated plan for responding to crises, whether large or small, which may arise in spite of all mitigation efforts. The aim for this plan is to provide a flexible framework of procedures which will be periodically reviewed and regularly exercised so that when crises do occur, the College’s response will be effective and efficient in protecting human life and health and preserving system property and resources.

Emergency Communication Systems

Individuals can report emergencies occurring to the Weatherford College Police Department by calling (emergency 817-771-3535 or dial 911) of any situation that could potentially create an immediate threat to the health or safety of the Weatherford College community. Weatherford College has developed a process to notify the campus community in cases of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations could include, but are not limited to: an active aggression on campus; a hostage/barricade situation; a riot; a suspicious package with confirmation of a device; a tornado; a fire/explosion; a suspicious death; structural damage to a Weatherford College owned or controlled facility; a biological threat (anthrax, etc.); significant flooding; a gas leak; and hazardous material spills. In the event of an emergency, Weatherford College will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the Weatherford College community upon the confirmation of a significant emergency or other dangerous situation (such as a serious crime, natural disaster, or a man-made emergency) posing an immediate threat to the health or safety of the students,

**Shelter-in-Place Procedures –What it means to “Shelter-in-Place”**

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

**Basic “Shelter-in-Place” Guidance**

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belonging (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest college building quickly. If police or fire department personnel are on the scene, follow their directions.
How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, Weatherford College Police Department, Coyote Village Apartments Housing Staff members, other Weatherford College employees, the City of Weatherford Police Department, or other authorities utilizing Weatherford College’s emergency communications tools.

How to “Shelter-in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.

Locate a room to shelter inside. It should be:
An interior room;
Above ground level; and
Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.
Shut and lock all windows (tighter seal) and close exterior doors.
Turn off air conditioners, heaters, and fans.
Close vents to ventilation systems as you are able. (Weatherford College staff/CBRE personal will turn off the ventilation as quickly as possible.)
Make a list of the people with you and ask someone (faculty or staff) to call the list in to Weatherford College Police Department so they know where you are sheltering. If only students are present, one of the students should call in the list.
Wait for instructions from the Coyote Alert system. Turn on a radio, TV, or other media device and listen for further instructions.
Wait for the all clear from campus officials.

Sexual Misconduct (Including VAWA Offenses)

Weatherford College will not tolerate nor condone any form of sexual misconduct, physical, mental or emotional in nature. This includes, but is not limited to, rape (including 'date or acquaintance' rape), sexual assault or sexual harassment. In instances where there is reason to believe that these policies prohibiting sexual misconduct have been violated, the College will pursue disciplinary action. Students may elect to pursue the concern through the state criminal justice system as well. If the College has reason to believe that sexual misconduct has occurred, sanctions may include warnings, probation, restrictions, suspension or expulsion.

Sexual assault is defined as having sexual contact or sexual intercourse with another person without consent of that person. Consent is defined as positive cooperation due to an exercise of free will. Persons consenting must act freely, voluntarily, and have knowledge of the act or transaction involved. Consent will not be implied from silence, passivity, nor from a state of intoxication or unconsciousness. Lack of consent is implied if the victim is incapable of giving consent. Lack of consent is implied if the threat of violence is used or due to an imbalance of power held by the perpetrator over the victim.

In the event of a sexual assault, the victim is encouraged to report the crime to the Campus Police if the act occurred
on campus or to the appropriate authority if the crime occurred off campus. Victims should take care to preserve the evidence of a sexual assault which may be necessary to the proof of the crime (i.e., do not take a shower).

Medical treatment is available through local physicians or at Campbell Memorial Hospital where evidence may be collected to preserve the option of prosecution if the victim so chooses. Students are encouraged to see college counselors who will provide initial counseling and referral to those students requesting assistance. The College will foster an environment of safety for the entire student body and will support a climate of acceptance and concern for victims of sexual assault.

Prosecution of the perpetrator is a matter for the victim to consider apart from reporting the crime. The information will be treated with the confidentiality afforded any victim of a crime. Students may also report the incident to the staff within the Residence Halls, the Office of Student Services or other College staff who will in turn inform the Office of Student Services. Victims are also encouraged to report the crime to the Vice President of Student Services in order to pursue disciplinary action through the Student Code of Conduct system. Students may request that campus personnel assist them in the reporting of the crime of sexual assault. False reporting of a crime is a misdemeanor and will be treated seriously.

Students who wish to file a student misconduct report should contact the Dean of Student Services. If the matter cannot be resolved by the Dean of Student Services in an informal manner acceptable to the person bringing the complaint, it will be the option of the complainant to pursue the formal process. In the event that the complaining person wishes to file a formal grievance against another student or other employee of the institution as the alleged perpetrator, an investigation followed by prompt and appropriate disciplinary action will ensue.

Educational materials related to sexual misconduct will be disseminated to each incoming student during orientation as well as those students currently enrolled on the campus. Orientation of all new students will include a component related to sexual assault and its prevention. Programming to promote the awareness and prevention of sexual misconduct will continue to be offered in the Residence Halls as well as other locations accessible to the greater student body.

Weatherford College is committed to providing and strengthening an educational, working, and living environment where students, faculty, staff, and visitors are free from sex discrimination of any kind. In Accordance with Title VII, Title IX, the Violence Against Women Act (VAWA), the Campus Sexual Violence Elimination Act (SaVE), and other federal and state law, Weatherford College prohibits discrimination based on sex and other types of Sexual Misconduct.

**Reporting Sexual Misconduct**

Reports of sexual harassment and/or assault shall be made as soon as possible after the alleged act or knowledge of the alleged act. Any student who believes that he or she has experienced prohibited conduct should immediately report the alleged acts to an instructor, counselor, administrator, or another college employee. The Executive Dean of Services or designee will investigate all allegations.

Any person may report sex discrimination, including sexual harassment, whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX coordinator, or by any other means that results in the Title IX coordinator receiving the person’s verbal or written report. Such a report may be made at any time, including during non-business hours by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX coordinator. 34 C.F.R. 106.8(a)

The College District designates the following person to coordinate its efforts to comply with Title II of the American with Disabilities Act of 1990, as amended, which incorporates and expands the requirements of Section 504 of the Rehabilitation Act of 1973, as amended:

Name: Dawn Kahlden

Address: 225 College Park Drive, Weatherford, TX 76086
Telephone: (817) 598-6350

Title IX Coordinator

Reports of discrimination based on sex, including sexual harassment and sexual harassment in the form of sexual violence, and bullying may be directed to the Title IX coordinator. The College District designates the following person to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as amended:

Name: Adam Finley
Position: Executive Dean, Student Services
Address: 225 College Park Drive, Weatherford, TX 76086
Telephone: (817) 598-8831

A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning the prohibited conduct, including reports against ADA/Section 504 coordinator or the Title IX coordinator may be directed to the College President. A report against the College President may be made directly to the Board.

Victim Confidentiality

Respecting the privacy of the parties in a complaint is a priority for Weatherford College. In all instances, Weatherford College will comply with the Family Educational Rights and Privacy Act (FERPA), and to the extent possible, Weatherford College will protect the privacy of all victims of domestic violence, dating violence, sexual assault and stalking. A victim can make a report with the Weatherford College Police Department or the Title IX Coordinator and keep their name and personal information confidential. Each of these offices will provide a generic report of the incident, excluding personally identifiable information to the Title IX office for further investigation. Weatherford College Police Department does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Clery Act. Furthermore, if a Timely Warning Notice is issued based on a report of domestic violence, dating violence, sexual
assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld. Additionally, when requested, the Weatherford College Police Department will utilize a pseudonym in the offense reports of sexual assault cases so as not to disclose the victim’s identity.

Under Weatherford College policy, any employees who receive a report of sexual misconduct, whether from the individual involved or a third party, must share that information with the Title IX Coordinator who may need to act to maintain campus safety and who must determine whether to investigate further. Weatherford College is obligated by law to take action to eliminate sexual misconduct, prevent its recurrence and address its effects. To begin the Grievance Process, the complainant must sign a formal complaint (requesting an investigation) and submit it to the Title IX Coordinator. The Title IX Coordinator may also sign a formal complaint against a respondent (requesting an investigation) when there is sufficient evidence of sexual misconduct but no complainant. This will initiate the grievance process.

Personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By only sharing personally identifiable information with individuals on a need-to-know basis, Weatherford College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of Weatherford College to provide the accommodations or protective measures. In the course of the grievance process, Weatherford College may share information only as necessary with people who need to know in compliance with the law, which may include but is not limited to the investigators, witnesses, complainant, respondent, parties’ advisors, hearing officer, and the appeal official—if applicable.

Student victims may request that directory information on file with Weatherford College be withheld by request by contacting the Registrar’s office at (817) 598-6463 for assistance or opting out of allowing their directory information. Regardless of whether a victim has opted-out of allowing Weatherford College to share “directory information,” personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures.

Individuals wishing to remain anonymous can file a complaint in any manner, including by telephone or written communication with the Title IX Coordinator. However, electing to remain anonymous may greatly limit Weatherford College’s ability to stop the sexual misconduct, collect evidence, or take effective action against individuals or organizations accused of violating Weatherford College’s policies. Under Texas law, unless there is an imminent danger to the complainant or others, certain individuals based on their professional responsibilities may keep the details of an incident strictly confidential. Students desiring strict confidentiality should seek an appointment with a pastoral counselor who can be reached at 817-598-6247 or an off-campus rape crisis resource. Employees desiring strict confidentiality should seek assistance from the Employee Assistant Program, their own personal health care provider, a local ecclesiastical leader, or an off-campus rape crisis resource.

Assistance for Victims: Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Weatherford College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Such written information will include:

the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has
occurred;
information about how the institution will protect the confidentiality of victims and other necessary parties;
a statement that the institution will provide written notification to students and employees about victim services within the institution and in the community;
a statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures; and

Accommodations and Protective Measures Available for Victims

When a student or employee reports to Weatherford College that they have been a victim of a VAWA Offense, whether the offense occurred on or off campus, Weatherford College will provide the student or employee written notice of existing counseling, health and mental health, victim advocacy, legal, visa and immigration, student financial aid and other supportive measures that may be available for victims, both within the institution and in the community.
Information about these resources will typically be provided through Counseling Services, Human Resources, the Title IX office and/or the Weatherford College Police Department. The charts below provide important contact information for these resources. Weatherford College will also provide written notice containing information for available assistance in and how to request changes to academic, living, transportation and working situations or other supportive measures. Weatherford College shall provide such protective measures if the victim requests and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Weatherford College will assist with a victim’s reasonable request for a living and/or academic situation change following an alleged sexual offense. A student or employee can request assistance through Students Services (students), Weatherford College Police Department (students, employees, and visitors), and Human Resources office (employees), or the Title IX office (students and employees). The Title IX Coordinator will consider all of the circumstances of each specific case objectively and fairly with respect to both parties, while minimizing the burden on the victim, when making the decision to approve protective measures. Examples of supportive measures that may be provided are:

- transfer to a different class, withdraw and take a class at another time if there is no option for moving to a different class, etc.
- moving to a different room in student housing (the Coyote Village Apartments)
- changing working hours
- parking in a different location, assisting with a safety escort
- meeting with Title IX Coordinator or the Weatherford College Police Department to develop a safety action plan to reduce risk of harm while on campus or coming and going from campus.

Supportive Measures are non-disciplinary and non-punitive measures that do not unreasonably burden the other party. To request changes to academic, living, transportation and/or working situations or protective measures, a victim should contact the Title IX Coordinator at (817) 598-8831. The Title IX Coordinator can put victims in contact
with a confidential advocate, if requested. If the victim wishes to receive assistance in requesting these accommodations, she or he should contact the Title IX Coordinator’s office by phone, e-mail or in person. Weatherford College is required to make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

Disciplinary Actions for Sexual Misconduct

Weatherford College is dedicated to providing a learning, living and working environment that is free from Sexual Misconduct, including the VAWA Offenses of sexual assault, stalking, dating and domestic violence. Weatherford College will not tolerate nor condone any form of sexual misconduct, physical, mental or emotional in nature. Any student or employee who engages in such conduct will be subject to disciplinary action.

Reporting Procedures

Student Report

A victim of prohibited conduct has the right to report the incident to the College District and to receive a prompt and equitable resolution of the report.

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to the Title IX coordinator, the College President, or another employee. A report against the College President may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation. A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct.

Alternatively, a student may submit the report electronically through the College District’s website. The submission of an anonymous electronic report may impair the College District’s ability to investigate and address the prohibited conduct.

A victim of a crime has the right to choose whether to report the crime to law enforcement, to be assisted by the College District in reporting the crime to law enforcement, or to decline to report the crime to law enforcement. It is important that a victim of prohibited conduct go to a hospital for treatment and preservation of evidence, if applicable, as soon as practicable after the incident.

Exception

Absent consent or unless required by law, a student designated in administrative regulations as a student advocate to whom another student may speak confidentially concerning prohibited conduct may not disclose any communication made by the other student.

Employee Report

Any College District employee who suspects or receives notice that a student or group of students has or may have experienced prohibited conduct, regardless of when or where the incident occurred, shall immediately notify the Title IX coordinator and shall take any other steps required by this policy. Additionally, the employee may report to the College President or designee.

A report against the College President must also be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.
Exceptions

Disclosure at Event

A person who received the information solely from a disclosure at a sexual harassment, sexual assault, dating violence, or stalking public awareness event sponsored by a postsecondary educational institution or by a student organization affiliated with the institution is not required to report the prohibited conduct unless the person has the authority to institute corrective measures on behalf of the College District.

Employee Subject to Confidentiality Rules

Absent the student’s consent, or unless required by law, a confidential employee shall only be required to disclose the type of incident reported and may not disclose information that would violate the student’s expectation of privacy. If multiple confidential employees receive information about the same alleged incident, then only one report disclosing the type of incident must be submitted.

Prior Report

A person who has either learned of an incident of prohibited conduct during the course of the College District’s review or process, or has confirmed with the person or office overseeing the review or process that the incident has been previously reported, is not required to report the prohibited conduct.

Title IX Coordinator

Reports of discrimination based on sex, including sexual harassment and gender-based harassment, may be directed to the Title IX coordinator. The College District designates the following person to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as amended, and related state and federal laws:

Title IX Coordinator: Adam Finley, Executive Dean of Student Services
Address: 225 College Park Drive, Weatherford, TX 76086
Telephone: (817) 599-8831
Email: Title IX Coordinator email
Webpage: Title IX/Sexual Misconduct webpage

Responsible Employees

All employees, with the exception of confidential employees, are designated as responsible employees for purposes of compliance with Title IX.

Timely Reporting

A failure to immediately report prohibited conduct may impair the College District’s ability to investigate and address the conduct.
Consolidate Reports

When the allegations underlying two or more reports arise out of the same facts or circumstances, the College District may consolidate the reports.

Advisor

Each party to the complaint may be assisted by an advisor of the party’s choice who may participate in the proceedings in a manner consistent with College District procedures.

Conflict of Interest Prohibited

No person designated as the Title IX coordinator, a deputy Title IX coordinator, an investigator, a decision-maker, or a facilitator of an informal resolution process shall have a conflict of interest or bias.

Training

A person designated as the Title IX coordinator, a deputy Title IX coordinator, an investigator, a decision-maker, or a facilitator of an informal resolution process shall receive training as required by law and College District procedures.

Days

“Days” shall mean College District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is “day zero.” The following business day is “day one.”

Extension of Timelines

Timelines established by this policy and associated procedures may be subject to a limited extension if good cause, as defined in this policy and College District regulations, exists. The College District shall promptly provide written notice to the parties of an extension and the reason for the extension.

Investigation of the Report

The College District may request, but shall not require, a written report. If a report is made orally, the Title IX coordinator or designee shall reduce the report to written form.

Initial Assessment

Upon receipt or notice of a report, the Title IX coordinator shall determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the Title IX coordinator shall promptly offer supportive measures to the complainant. The Title IX coordinator shall explain the process for filing a formal complaint and assess any request not to investigate. If the College District moves forward with the investigation, the Title IX coordinator shall immediately provide notice to the known parties to the complaint.

If the Title IX coordinator determines that the allegations, if proven, would not constitute prohibited conduct as defined by this policy but may constitute a violation of other College District rules or regulations, the Title IX coordinator shall refer the complaint for consideration under the appropriate policy.
Request Not to Investigate

The complainant may request that the College District not investigate the allegations. If the complainant requests that the allegations not be investigated, in deciding whether to initiate the investigation, the College District must consider the factors described by law and any other factors the College District considers relevant.

The College District shall promptly notify the complainant of the decision regarding whether it will conduct the investigation. If the College District decides not to investigate the allegations, the College District shall take reasonable steps to protect the health and safety of the College District community.

Formal Complaint

To be considered a formal complaint under Title IX, the complainant or the Title IX coordinator must sign the written report.

Notice to Parties

The notice to the parties must describe the allegations and the formal and informal options for resolution of the complaint. The notice must state that the respondent is presumed not responsible until a determination regarding responsibility is made. The notice must also include information regarding the option to select an advisor, the opportunity to inspect and review evidence, and the prohibition on knowingly making false statements or submitting false information during the investigation and any ensuing proceedings.

If the allegations are subsequently amended, the College District shall provide an updated notice reflecting the new allegations.

Informal Resolution

The College District may offer to the parties a process for the informal resolution of a formal complaint as defined by law. If the parties voluntarily agree in writing to participate in informal resolution of the complaint, the Title IX coordinator shall determine within three days if informal resolution is appropriate for the complaint. If the Title IX coordinator determines that informal resolution is appropriate, then the Title IX coordinator or designee may facilitate that resolution within ten days. If the Title IX coordinator does not determine informal resolution to be appropriate, then the complaint will be subject to the formal resolution process. This process is not available in situations where an employee is alleged to have sexually harassed a student.

Formal Resolution

If the complaint is not subject to the informal resolution process, the Title IX coordinator shall authorize or undertake an investigation, except as provided below at Criminal or Regulatory Investigation.

Supportive Measures

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the Title IX coordinator shall promptly provide supportive measures intended to address prohibited conduct, protect the safety of the parties and others, and protect the parties from retaliation prior to the completion of the investigation. Examples of possible supportive measures include academic accommodations, such as extensions of deadlines or other course-related adjustments and modifications of class schedules; housing and dining modifications; temporary removal from an education program or activity in accordance with law; counseling; health services; campus escort services; mutual restrictions on contact between the parties; and increased security and monitoring of certain areas of the campus.
College District Investigation

The investigation may be conducted by the Title IX coordinator or designee or by a third party designated by the College District, such as an attorney.

The investigation may consist of personal interviews with the complainant, the respondent, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

The parties shall be provided an equal opportunity to present witnesses and evidence and to inspect and review any directly related evidence obtained by the College District so that the parties may meaningfully respond during the investigation process. The parties expected to participate in an investigative interview or other meeting shall be provided written notice in enough time to prepare to participate.

At least ten days prior to the completion of the investigation report, the College District must send each party and the party’s advisor evidence subject to inspection and review. The parties may submit a written response for consideration by the investigator.

Criminal or Regulatory Investigation

If a law enforcement or regulatory agency notifies the College District that a criminal or regulatory investigation has been initiated, the College District shall confer with the agency to determine if the College District’s investigation would impede the criminal or regulatory investigation. The College District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or regulatory agency has completed gathering its evidence, the College District shall promptly resume its investigation. Any delay under this provision shall constitute good cause for an extension of timelines established by this policy and associated procedures.

Concluding the Investigation

The investigation shall be completed within a reasonable time, not to exceed 30 days from the date of the report. The investigator shall prepare a written report of the investigation. The investigation report shall be filed with the Title IX coordinator within five days following the completion of the investigation.

Notification of the Report

The Title IX coordinator shall provide the investigation report, within the extent permitted by the Family Educational Rights and Privacy Act (FERPA) or other law, to the complainant and the respondent promptly following receipt. The parties shall be given ten days to respond to the report.

College District Action

The Title IX coordinator shall submit the investigation report and any response from the parties to the vice president of academics and student affairs promptly after receipt of the parties’ response but no later than the expiration of the parties’ deadline to respond.
The vice president of academics and student affairs or designee shall summon the parties for a hearing to be held within a reasonable time, not to exceed ten days, following the receipt of the investigation report. The hearing shall be conducted in accordance with law and College District procedures.

After the hearing, the vice president of academics and student affairs or designee shall determine whether each individual allegation of prohibited conduct occurred using a preponderance of the evidence standard and determine the appropriate disciplinary or corrective action. In making the determination, the vice president of academics and student affairs or designee shall evaluate all relevant evidence objectively and shall not make credibility assessments based on a person’s status as the complainant, the respondent, or a witness. The vice president of academics and student affairs or designee shall create a written determination regarding responsibility in accordance with law and College District procedures within five days following the hearing and submit the determination to the parties simultaneously.

**Disciplinary or Corrective Action**

If the vice president of academics and student affairs or designee determines that prohibited conduct occurred, the College District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct.

Examples of disciplinary or corrective action may include:

- Implementing the disciplinary measures described in FM for students or DH and DM series for employees;
- Providing a training program for those involved in the complaint;
- Providing a comprehensive education program for the College District community;
- Providing counseling for the victim and the party who engaged in prohibited conduct;
- Permitting the victim or student who engaged in the prohibited conduct to drop a course in which they both are enrolled without penalty;
- Conducting follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred;
- Involving students in efforts to identify problems and improve the College District climate;
- Increasing staff monitoring of areas where prohibited conduct has occurred;
- Reaffirming the College District’s policy against discrimination and harassment; and
- Taking other actions described in College District regulations.

*Exception*

The College District shall minimize attempts to require a complainant to resolve the problem directly with the person who engaged in the harassment; however, if that is the most appropriate resolution method, the College District shall be involved in an appropriate manner. In no event may a student be required to resolve a complaint of sexual harassment by an employee directly with the employee.

**Improper Conduct**

If the vice president of academics and student affairs or designee determines that improper conduct occurred that did not rise to the level of prohibited conduct, the College District may take disciplinary action in accordance with College District policy and procedures or other corrective action reasonably calculated to address the conduct.
Dismissal of Complaint

Mandatory Dismissal

An allegation presented as a formal complaint under Title IX is subject to the mandatory dismissal procedures under law.

Permissive Dismissal

Any complaint may be dismissed at any time on request of a complainant. The Title IX coordinator must first assess the request in accordance with this policy at Request Not to Investigate, above.

A complaint may also be dismissed if specific circumstances prevent the College District from gathering evidence sufficient to reach a determination as to the complaint or allegations.

Notice of Dismissal

Upon dismissal of a complaint, the Title IX coordinator or the vice president of academics and student affairs or designee shall provide the parties written notice of the dismissal.

Confidentiality

To the greatest extent possible, consistent with law, the College District shall respect the privacy of the complainant or the respondent or a person who makes a report or serves as a witness. Limited disclosures may be necessary to carry out the purposes of this policy and associated regulations and to comply with applicable law.

Retaliation

The College District prohibits retaliation against any person for the purpose of interfering with a right or privilege under this policy; the complainant; or a person who, in good faith, makes a report or complaint, serves as a witness, or otherwise participates or refuses to participate in an investigation, proceeding, or hearing under this policy. This prohibition does not apply to discipline of a person who perpetrated or assists in the perpetration of the prohibited conduct.

A person who is alleged to have experienced retaliation may pursue a claim under this policy or policy DIAA, as appropriate.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

An employee who fails to make a required report or a student or employee who intentionally makes a false claim, offers a false statement, or refuses to cooperate with a College District investigation regarding prohibited conduct shall be subject to appropriate disciplinary action.

Any such referral(s) to the Executive Dean of Student Services shall be in writing and shall be signed by the College official making the referral. Any referral should be submitted as soon as possible after the event takes place, preferably within forty-eight (48) hours.

The Executive Dean of Student Services Services/designee may conduct an investigation to determine if the charges have merit or if they can be disposed of administratively by mutual consent of the student(s) and the College official who referred the matter. After the initial investigation, the Executive Dean of Student Services or designee may issue one or more of the following:

Failure to fulfill the terms of the probation may lead to suspension or expulsion.

All disciplinary actions will be documented in writing (including verbal counseling sessions) and placed in the employee’s personnel file. Both the employee and the supervisor should sign the counseling documentation. If the employee refuses to sign the counseling documentation, the supervisor will note that on the documentation. Included in Weatherford College’s primary prevention and awareness programming is information on bystander intervention and risk reduction.
Bystander Intervention. Bystander intervention is defined as safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking, and includes recognizing situations of potential harm; understanding institutional structures and cultural conditions that facilitate violence; overcoming barriers to intervening; identifying safe and effective intervention options; and, taking action to intervene. Safe and positive options for bystander intervention include, but are not limited to: calling 911 when a person is yelling at or being physically abusive towards another and it isn’t safe to intervene; asking people who look like they are in trouble if they need help; confronting those who seclude, hit on, try to make out or have sex with people who are incapacitated or those who plan on taking sexual advantage of another; believe people who disclose they have been sexually assaulted, abused or stalked and refer them to on or off campus resources for support.

How to Be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.

Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated. Speak up when someone discusses plans to take sexual advantage of another person. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction. Risk reduction education provides options designed to decrease perpetration and bystander inaction; increase empowerment for victims in order to promote safety; and, help individuals and communities address conditions that facilitate violence. Risk reduction will never be presented in a manner that encourages victim blaming and includes but is not limited to the following strategies: be aware of your surroundings; know where you are and who is around you; avoid isolated areas; walk with purpose; trust your instincts -- if a situation or location feels unsafe or uncomfortable, don’t stay; if you see something suspicious, contact law enforcement; don’t load yourself down with packages or bags; make sure your cell phone is with you and charged and that you have a reliable transportation plan; don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know; avoid putting music headphones in both ears so that you can be more aware of your surroundings; go to social gatherings with a group of friends and check in with each other throughout the evening, and leave together; don’t leave your drink unattended and don't accept drinks from people you don't know or trust; don’t drink from punch bowls or other large, common open containers.
Weatherford College Stands Against Relationship Violence (Domestic Violence and Dating Violence), Sexual Assault and Stalking.

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to the Title IX coordinator, the College President, or another employee. A report against the College President may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation. A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Alternatively, a student may submit the report electronically through the College District’s website. The submission of an anonymous electronic report may impair the College District’s ability to investigate and address the prohibited conduct.

A victim of a crime has the right to choose whether to report the crime to law enforcement, to be assisted by the College District in reporting the crime to law enforcement, or to decline to report the crime to law enforcement. It is important that a victim of prohibited conduct go to a hospital for treatment and preservation of evidence, if applicable, as soon as practicable after the incident.
Exception

Absent consent or unless required by law, a student designated in administrative regulations as a student advocate to whom another student may speak confidentially concerning prohibited conduct may not disclose any communication made by the other student.

Employee Report

Any College District employee who suspects or receives notice that a student or group of students has or may have experienced prohibited conduct, regardless of when or where the incident occurred, shall immediately notify the Title IX coordinator and shall take any other steps required by this policy. Additionally, the employee may report to the College President or designee.
A report against the College President must also be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

Disclosure at Event

A person who received the information solely from a disclosure at a sexual harassment, sexual assault, dating violence, or stalking public awareness event sponsored by a postsecondary educational institution or by a student organization affiliated with the institution is not required to report the prohibited conduct unless the person has the authority to institute corrective measures on behalf of the College District.

Employee Subject to Confidentiality Rules

Absent the student’s consent, or unless required by law, a confidential employee shall only be required to disclose the type of incident reported and may not disclose information that would violate the student’s expectation of privacy. If multiple confidential employees receive information about the same alleged incident, then only one report disclosing the type of incident must be submitted.

Title IX Coordinator

Reports of discrimination based on sex, including sexual harassment and gender-based harassment, may be directed to the Title IX coordinator. The College District designates the following person to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as amended, and related state and federal laws:

Webpage: https://www.wc.edu/campus-resources/title-ix-report-incident
Responsible Employees

All employees, with the exception of confidential employees, are designated as responsible employees for purposes of compliance with Title IX.

Timely Reporting

A failure to immediately report prohibited conduct may impair the College District’s ability to investigate and address the conduct.

Consolidate Reports

When the allegations underlying two or more reports arise out of the same facts or circumstances, the College District may consolidate the reports.

Advisor

Each party to the complaint may be assisted by an advisor of the party’s choice who may participate in the proceedings in a manner consistent with College District procedures.

Conflict of Interest Prohibited

No person designated as the Title IX coordinator, a deputy Title IX coordinator, an investigator, a decision-maker, or a facilitator of an informal resolution process shall have a conflict of interest or bias.

Training

A person designated as the Title IX coordinator, a deputy Title IX coordinator, an investigator, a decision-maker, or a facilitator of an informal resolution process shall receive training as required by law and College District procedures.

Days

“Days” shall mean College District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is “day zero.” The following business day is “day one.”

Extension of Timelines

Timelines established by this policy and associated procedures may be subject to a limited extension if good cause, as defined in this policy and College District regulations, exists. The College District shall promptly provide written notice to the parties of an extension and the reason for the extension.

Investigation of the Report

The College District may request, but shall not require, a written report. If a report is made orally, the Title IX coordinator or designee shall reduce the report to written form.

Initial Assessment

Upon receipt or notice of a report, the Title IX coordinator shall determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the Title IX coordinator shall promptly offer supportive measures to the complainant. The Title IX coordinator shall explain the process for filing a formal complaint and assess
any request not to investigate. If the College District moves forward with the investigation, the Title IX coordinator shall immediately provide notice to the known parties to the complaint.

If the Title IX coordinator determines that the allegations, if proven, would not constitute prohibited conduct as defined by this policy but may constitute a violation of other College District rules or regulations, the Title IX coordinator shall refer the complaint for consideration under the appropriate policy.

**Request Not to Investigate**

The complainant may request that the College District not investigate the allegations. If the complainant requests that the allegations not be investigated, in deciding whether to initiate the investigation, the College District must consider the factors described by law and any other factors the College District considers relevant.

The College District shall promptly notify the complainant of the decision regarding whether it will conduct the investigation. If the College District decides not to investigate the allegations, the College District shall take reasonable steps to protect the health and safety of the College District community.

**Formal Complaint**

To be considered a formal complaint under Title IX, the complainant or the Title IX coordinator must sign the written report.

**Notice to Parties**

The notice to the parties must describe the allegations and the formal and informal options for resolution of the complaint. The notice must state that the respondent is presumed not responsible until a determination regarding responsibility is made. The notice must also include information regarding the option to select an advisor, the opportunity to inspect and review evidence, and the prohibition on knowingly making false statements or submitting false information during the investigation and any ensuing proceedings.

If the allegations are subsequently amended, the College District shall provide an updated notice reflecting the new allegations.

**Informal Resolution**

The College District may offer to the parties a process for the informal resolution of a formal complaint as defined by law. If the parties voluntarily agree in writing to participate in informal resolution of the complaint, the Title IX coordinator shall determine within three days if informal resolution is appropriate for the complaint. If the Title IX coordinator determines that informal resolution is appropriate, then the Title IX coordinator or designee may facilitate that resolution within ten days. If the Title IX coordinator does not determine informal resolution to be appropriate, then the complaint will be subject to the formal resolution process. This process is not available in situations where an employee is alleged to have sexually harassed a student.

**Formal Resolution**

If the complaint is not subject to the informal resolution process, the Title IX coordinator shall authorize or undertake an investigation, except as provided below at Criminal or Regulatory Investigation.

**Supportive Measures**

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending,
the Title IX coordinator shall promptly provide supportive measures intended to address prohibited conduct, protect the safety of the parties and others, and protect the parties from retaliation prior to the completion of the investigation. Examples of possible supportive measures include academic accommodations, such as extensions of deadlines or other course-related adjustments and modifications of class schedules; housing and dining modifications; temporary removal from an education program or activity in accordance with law; counseling; health services; campus escort services; mutual restrictions on contact between the parties; and increased security and monitoring of certain areas of the campus.

College District Investigation

The investigation may be conducted by the Title IX coordinator or designee or by a third party designated by the College District, such as an attorney. The investigation may consist of personal interviews with the complainant, the respondent, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations. The parties shall be provided an equal opportunity to present witnesses and evidence and to inspect and review any directly related evidence obtained by the College District so that the parties may meaningfully respond during the investigation process. The parties expected to participate in an investigative interview or other meeting shall be provided written notice in enough time to prepare to participate. At least ten days prior to the completion of the investigation report, the College District must send each party and the party’s advisor evidence subject to inspection and review. The parties may submit a written response for consideration by the investigator.

Criminal or Regulatory Investigation

If a law enforcement or regulatory agency notifies the College District that a criminal or regulatory investigation has been initiated, the College District shall confer with the agency to determine if the College District’s investigation would impede the criminal or regulatory investigation. The College District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or regulatory agency has completed gathering its evidence, the College District shall promptly resume its investigation. Any delay under this provision shall constitute good cause for an extension of timelines established by this policy and associated procedures.

Concluding the Investigation

The investigation shall be completed within a reasonable time, not to exceed 30 days from the date of the report. The investigator shall prepare a written report of the investigation. The investigation report shall be filed with the Title IX coordinator within five days following the completion of the investigation.

Notification of the Report

The Title IX coordinator shall provide the investigation report, within the extent permitted by the Family Educational Rights and Privacy Act (FERPA) or other law, to the complainant and the respondent promptly following receipt. The parties shall be given ten days to respond to the report.

College District Action

The Title IX coordinator shall submit the investigation report and any response from the parties to the vice president of academics and student affairs promptly after receipt of the parties’ response but no later than the expiration of the
parties’ deadline to respond. The vice president of academics and student affairs or designee shall summon the parties for a hearing to be held within a reasonable time, not to exceed ten days, following the receipt of the investigation report. The hearing shall be conducted in accordance with law and College District procedures. After the hearing, the vice president of academics and student affairs or designee shall determine whether each individual allegation of prohibited conduct occurred using a preponderance of the evidence standard and determine the appropriate disciplinary or corrective action. In making the determination, the vice president of academics and student affairs or designee shall evaluate all relevant evidence objectively and shall not make credibility assessments based on a person’s status as the complainant, the respondent, or a witness. The vice president of academics and student affairs or designee shall create a written determination regarding responsibility in accordance with law and College District procedures within five days following the hearing and submit the determination to the parties simultaneously.

Disciplinary or Corrective Action

If the vice president of academics and student affairs or designee determines that prohibited conduct occurred, the College District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct.

Examples of disciplinary or corrective action may include:

In no event may a student be required to resolve a complaint of sexual harassment by an employee directly with the employee.

Procedures for Victims of Domestic Violence, Dating Violence, Sexual Assault or Stalking

Understand the victim is not to blame and help is available.

In addition, it is important to understand that a sexual assault victim who is a member of Weatherford College’s campus community will not be subject to disciplinary action by Weatherford College if they have been drinking or using drugs in the circumstances surrounding the sexual assault.

Find a safe place to go.

Safety should be the number one priority of any victim who should alert friends, family and coworkers about what is going on and seek a safe place to stay. If the victim cannot turn to friends or family for a place to stay, temporary, alternative housing is available to Weatherford College students who live on-campus or off-campus through on campus resident’s facility, Coyote Village Apartments or through community assistance from the Freedom House by calling the Hotline number: 817-596-8922.

Call the police.

Contact the police for emergency assistance and/or to file a report. If the crime took place on-campus, contact the Weatherford College Police Department at (817) 771-3535 in an emergency or dial 911, or at (817) 598-6316 if the emergency has passed. If the crime took place off-campus, contact 911 in an emergency, or the local law enforcement agency’s non-emergency number if the emergency has passed.

Though Weatherford College encourages the reporting of all crimes, note that a victim has options when it comes to the involvement of law enforcement. A victim may either notify law enforcement, including on-campus and local police, be assisted by Weatherford College personnel, such as Title IX Coordinator, Student Services or Human Resources in notifying law enforcement; or decline to notify law enforcement altogether.

Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault and Stalking

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator by calling 817-598-8831, by e-mail at afinley@wc.edu, or by coming into the office to report in person in the Student Services Building on the Weatherford College Main campus. A victim may also report an incident directly to Weatherford College Police Department if the victim so desires. Reports of all domestic violence, dating violence, sexual assault and stalking made to Weatherford College Police Department will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant choses to pursue criminal charges. Regardless of whether an individual chooses to formally report the crime, the Crime Victim Services
unit can assist the victim with crisis intervention, medical accompaniment, safety planning and connection to community supports and resources needed to find safety and/or recover from the incident emotionally, physically, and financially. These community resources can include, but are not limited to, domestic violence shelters, rape crisis services, trauma counseling, and legal aid. Should a victim choose to make a formal report to law enforcement, additional services are available, such as, but not limited to, criminal justice support, court accompaniment, and application to benefits as appropriate.

Seek medical attention.

Seek medical attention for any injuries sustained. Go straight to the emergency room if an injury is serious (Weatherford College Police Department can request ambulance transport if needed). Requesting medical care in no way forces a victim to report a crime to the police or to Weatherford College personnel. A victim may receive medical treatment at Medical City Weatherford Hospital at (682) 582-1000 located at 713 East Anderson Street Weatherford, Texas 76086, the Coyote Clinic at (817-598-8898 located at 401 College Park Drive #3108 Weatherford, Texas 76086 (Coyote Village Apartments), or from a private physician. Keep in mind that some injuries may be internal. Also keep in mind that strangulation, even brief, can have very serious side effects. A victim should always report to their medical provider if the perpetrator has put their hands around the victim’s neck.

If an immediate medical exam is not possible, individuals who have experienced a sexual assault may have a sexual assault forensic exam, performed by a Sexual Assault Nurse Examiner, within 96 hours of the incident. With the victim's consent, the physical evidence collected during this medical exam can be used as part of a criminal investigation; however, a victim may undergo an exam regardless of whether they have contacted or intend to contact law enforcement. For more information about the sexual assault forensic exam, see: Attorney General of Texas SANE Program.

The cost of the forensic portion of the exam is covered by the law enforcement agency that is investigating the assault or, in cases where a report will not be made to the police, the Texas Department of Public Safety. This does not include fees related to medical treatment that are not a part of the exam.

Although a sexual assault victim may not have apparent physical injuries, they may be at risk of pregnancy, sexually transmitted infections, sexually transmitted diseases including Chlamydia, Genital Herpes, HPV/Genital Warts, Hepatitis and HIV, and additional health concerns. Pregnancy prevention and sexually transmitted infections must be given within 72 HOURS of the assault in order to be effective. The emergency departments at John Peter Smith Hospital and the Texas Health Hospitals referenced below can provide immediate medical care for sexual assault victims as well as collect evidence by utilizing a rape kit. Coyote Clinic at (817) 598-8898, a local clinic or your personal physician can also assist in the treatment of sexual assault victims, including testing for STD's and pregnancy, although they cannot collect evidence.

The following hospitals have trained medical staff to deal specifically with victims of sexual assault:

John Peter Smith Hospital – Fort Worth, (817) 429-5156, 1500 S. Main St., Fort Worth, TX 76104, www.jpshealthnet.org
Texas Health Harris Methodist Hospital - Fort Worth, (817) 250-2000, 1301 Pennsylvania Ave., Fort Worth, TX 76104, (Emergency Dept. located southeast end of the hospital campus on 5th Ave; nearest cross street is W Rosedale.), www.texashealth.org/fortworth
Texas Health Presbyterian Hospital – Dallas, 214-345-6789, 8200 Walnut Hill Lane, Dallas, TX 75032, (Emergency Dept. located mid-campus on Presbyterian Hospital; nearest cross street is Greenville Ave.), www.texashealth.org/dallas
Texas Health Presbyterian Hospital – Plano, 972-981-8000, 6200 W Parker Rd., Plano, TX 75093, (Emergency Dept. located east side of campus on Communications Pkwy; nearest cross street is W. Parker Rd.), www.texashealth.org/plano
Preserve all physical evidence of the crime. Victims are encouraged to preserve evidence of any crime by saving voice mails, text messages, instant messages, social networking pages, or other communications, and taking pictures of injuries or damaged property, keeping logs or other copies of documents that would be helpful in an investigation of the crime (i.e. doctor’s records, a log of a stalker’s behavior). Also, victims should write down names and contact information, if available, of the perpetrator, any witnesses to the crime, and document any other information that could be important. No detail is too small. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or Weatherford College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

Additional preservation all physical evidence of the crime procedures for sexual assault victims. A victim of sexual assault should not shower, bathe, douche, urinate, drink, wash hands, brush teeth or change clothes before seeking medical treatment. This is very difficult to do but it will preserve evidence to be used later on if the victim chooses to make a report to law enforcement.

Also, if the victim was forced to perform oral sex, they should not eat, drink, or smoke, in an effort to preserve evidence. If the victim must change clothes, they should put each article of clothing is a separate PAPER Bag. Do not put the items of clothing in a plastic bag as it contaminates the evidence.

If the victim has to urinate, they should try to capture the urine in a container to be used for evidence testing. Though this is difficult, testing urine is the best way to discover whether or not a date rape drug such as Rohypnol, GHB, Ketamine, or Valium was administered, as these drugs quickly pass through the body and are only present in the system for about 12 hours.

Reach out for support.

Contact Weatherford College’s Title IX Coordinator at (817) 598-8831 or the Weatherford College Police Department at (817) 771-3535 who will assist the victim in reviewing options and will provide referrals to appropriate victim assistance agencies.

Make a safety plan.

It is very important that relationship violence victims plan for their safety whether or not they are ready to leave the relationship, and also that stalking victims plan for their safety should the stalker make contact. The Title IX Coordinator and the Weatherford College Police Department can assist victims with developing a personalized safety plan, including residence relocation, telephone number change, escorts to class/work, emergency cell phones, Protective Orders, and much more.

Request counseling and psychological services or psychiatric services.

Being a victim of a crime is stressful and can cause severe emotional upset which can have long term consequences if not addressed. No matter how long ago the crime took place, please call Weatherford College Counseling Services at (817) 598-6247 to seek appropriate mental health care.
Protective Orders and No Contact Orders

Weatherford College complies with Texas law in recognizing Protective Orders through the Crime Victims’ Compensation Act. A Protective Order is a civil court order, a violation of which can be a crime, which is issued to protect a person from continuing acts of family violence or stalking. It will direct the abuser to stay a certain distance (usually 200-500 feet) away from the protected person’s home, school, or place of employment, prohibit the abuser from committing conduct that would harass or alarm the protected person, and prohibit the abuser from committing further acts of violence or stalking against the protected person. A victim must apply for a Protective Order through the court system; Weatherford College Police Department will assist a victim with starting this process. If a student or employee has a Protective Order, Weatherford College strongly encourages they provide a copy of the Protective Order to the Weatherford College Police Department and Weatherford College Administration who can assist in enforcing the order if necessary. Weatherford College may issue an institutional no contact order if deemed appropriate or at the request of the complainant or respondent. If Weatherford College receives a report that such an institutional no contact order has been violated, it will initiate disciplinary proceedings appropriate to the status of the respondent (student, employee, etc.) and will impose appropriate sanctions if the respondent is found responsible for violating the no contact order.

**Drug Free Schools and Communities Act (DFSCA)**

In compliance with the Drug Free Schools and Communities Act, Weatherford College publishes information regarding the Weatherford College’s prevention programs related to drug and alcohol abuse prevention which include standards of conduct that prohibit the unlawful possession, use, and distribution of alcohol and illegal drugs on campus and at institution-associated activities; sanctions for violations of federal, state, and local laws and Weatherford College’s policy; a description of health risks associated with alcohol and other drug use and abuse; and a description of available counseling, treatment, rehabilitation and/or re-entry programs for Weatherford College students and employees.

The Drug-Free Schools and Communities Act (DFSCA) is intended to combat substance abuse on college campuses through methods of punishment, rehabilitation, and prevention. The DFSCA Act requires in part that institutions of higher education adopt and implement programs that prevent the use of illicit drugs and the abuse of alcohol by students and employees.

Weatherford College has partnered with the grant funded Follow Our Lead Coalition to provide continuous education on drug and alcohol abuse/prevention.

**Follow Our Lead Coalition**

The Follow Our Lead Coalition is a student focused coalition to address policies and practices that reduce the harmful effects of alcohol and the overall level of binge drinking within the community, specifically within college aged populations. The goal is quite simple — we want to see dramatic reductions in risk and actual harm thus positively impacting individual perceptions, the campus culture, and the student experience. As one of 3 Community Coalition Programs on College campuses, FOL’s mission is to foster an environment of change that promotes responsible, educated decision-making concerning the overall health and wellness for Weatherford College and the surrounding community. Specifically, the coalition looks for ways to strengthen the culture of health and wellness for Weatherford by increasing and enhancing the knowledge, attitudes, skills, and behaviors regarding alcohol use and drug abuse in order to empower individuals to achieve responsible, healthy lives. Goals for the program include:

Create positive social norms that bridge the gap between perceived beliefs and behaviors and the actual choices being made.
Heighten the knowledge of alcohol use and drug abuse risks and effects as well as increase awareness of community resources and prevention efforts
Advocate for healthy lifestyle choices
Nullify the myths regarding alcohol use and drug abuse
Grow personal and social responsibility
Engage campus and community partners to stay up-to-date on Weatherford Campus’ needs, issues, and concerns.

FOL host on the Weatherford College campus many events such as:

Safe Spring Break
Sexual Assault Awareness Month
Alcohol Awareness Month
Mental Health Awareness

The Employee Assistance Program (EAP) serves benefits-eligible employees and their dependents; benefits-eligible student employees and their dependents; and retirees and their dependents living in their household and is coordinated through the Weatherford College Human Resources Office. The program includes one to six prepaid sessions for short-term counseling, referral, and crisis services. Other benefits include legal and financial services, work-life resources, and a SafeRide program that provides emergency cab fare for eligible employees and dependents that opt to use a cab service instead of driving while impaired. The program is offered through Alliance Work Partners, which has a staff of trained professional Masters-level counselors. Their services are available at multiple DFW area locations that are convenient to Weatherford College employees. If additional services are needed beyond the one to six prepaid sessions, EAP professionals will make every effort to help the employee locate services that are convenient, appropriate, and affordable. They can also discuss options regarding mental health coverage and providers. Call the EAP toll-free for additional information at (800) 343-3822.
Fire Safety Report

Per the Clery Act, an institution of higher education that maintains on-campus student housing facilities is required to publish an annual fire safety report (either as part of its annual security report or as a separate publication) by October 1 of each year. Weatherford College chooses to publish its Fire Safety Report within its Annual Security Report. The Fire Safety Report must describe Weatherford College’s on-campus housing fire safety systems, contain statistics for fires that occurred in on-campus housing, and describe fire safety related policies and procedures pertaining to on-campus housing.

This fire safety report contains fire safety policies and procedures related to on-campus student housing and statistics for fires that occurred in that facility.

Fire Safety Education and Training

Fire Safety education and training are covered by the Director of Housing utilizing members of the Weatherford College Police Department (WCPD).

Regular (monthly) Health and Safety inspections are conducted by the Resident Assistants (RAs) with the instruction and guidance of the Director of Housing.

The RAs are trained in all fire safety procedures and act as an ongoing resource for students living in Coyote Village. RAs have an emergency gathering location during fire drills and evacuations in order to assure their presence, safety, and to assist in the evacuation process.

RAs take an active role in the fire drill process and evacuation procedures.

Fire Drills

Each semester, the Director of Housing and the WCPD coordinates a fire and evacuation drill within the Community Center and all four (4) buildings of Coyote Village. Individuals learn the locations of each exit and the evacuation process. Individuals are not notified in advance in order to maintain the accuracy of preparedness for an actual event or threat.

The purpose of the fire and evacuation drills is to: 1) prepare building occupants for an organized evacuation in case of fire or other emergency; 2) provide College officials and the WCPD with an opportunity to test the operation of the fire alarm system components.

Evacuation drills are conducted and monitored by the Director of Housing and the WCPD to evaluate egress and behavioral patterns. A report documenting each drill is prepared by the Director of Housing, listing the specific date and timeline of the drill and any issues or deficient equipment that might have been identified.

Procedures

If a fire occurs, individuals are instructed to sound the building fire alarm by pulling the red alarm pull box, and if possible, call the WCPD on call number at 817-771-3535. This will initiate the notification procedure for contacting the appropriate personnel.

Once a fire alarm has been sounded, individuals should evacuate immediately, in an orderly fashion, using the nearest stairwell. Even if the alarm stops, individuals should continue the evacuation. Individuals should evacuate to a distance of at least 500 feet from the building and out of the way of emergency personnel. Individuals are specifically instructed to go to the far back portion of the Coyote Village parking lot or to the far side of the Couts Hall parking lot to assure a safe distance.
If possible, abled persons should assist disabled persons in exiting the building. Disabled persons who cannot use the stairs should wait in the stairwell until WCPD, Weatherford PD, or fire fighters arrive. Individuals should notify the proper officials (as listed above) of the location of any disabled persons remaining in the building or if they suspect that someone may be trapped inside. Individuals should not return to the building until instructed to do so by WCPD, Weatherford Public Safety Officers, Firefighters, or the Director of Housing.

**Reporting That a Fire Has Occurred**

Individuals are instructed to first call 9-1-1 and/or WCPD to alert them to the emergency. All emergency contacts and numbers are listed in the Coyote Village Guide to Community Living as well as posted within the facility. This includes both the WCPD on call number (817-771-3535) and the RA On Call number (817-771-1089).

**Smoking**

Smoking is strictly prohibited within the apartments, hallways, and under any roofing or awnings at Coyote Village. Individuals are only permitted to smoke in designated areas outside of and not within 25 feet of the building entrances and exits. The use or presence of “vapor” electronic cigarettes is also prohibited.

**Portable Electrical Appliances and Open Flames**

The policies regarding portable electrical appliances, smoking, and open flames are published within The Coyote Village Community Living Guide.

To ensure the safety of student residential facilities, the following items are prohibited:
- Open flames, candles (lit or unlit), incense, oil lamps, halogen lamps.
- Combustible engines and materials, including grills and petroleum products.
- Decorations made of flammable materials (including live Christmas trees and wreaths).
- Prohibited electrical appliances include: refrigerators larger than 5.6 cubic feet, additional microwaves (other than the one that is provided), hibachi grills, camping stoves, cooking appliances with an open heating element, and personal appliances drawing more than 400 watts.
- Fireworks, explosives, flammable chemicals/materials or pyrotechnics of any nature are strictly prohibited.
- Extension cords that are not UL approved.

**Fire Safety Improvements**

The College assesses and upgrades fire safety equipment to ensure that all equipment meets the National Fire Safety standards. The College continues to evaluate and improve smoke/heat detection systems, as necessary, to meet life safety requirements and protect College assets. All inspections of fire safety equipment and smoke/heat detection systems take place annually, traditionally between May and July of each year.
If there is a need for any improvement or upgrades, recommendations are made and improvements occur as soon as possible.
