Weatherford College
of the Parker County Junior College District

is accredited by the
the Southern Association of Colleges and Schools Commission on Colleges to
award the associate degree.

Contact the Commission on Colleges at
1866 Southern Lane, Decatur, Georgia 30033-40978 or call 404-679-4500 for
questions about the accreditation of Weatherford College.

Interested constituents may contact the Commission on Colleges (1) to learn about the accreditation status of the
institution, (2) to file a third-party comment at the time of the institution’s decennial review, or (3) to file a complaint
against the institution for alleged non-compliance with a standard or requirement.

The Commission is to be contacted only if there is evidence that appears to support an institution’s significant non-
compliance with a requirement or standard.

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc.,
should be addressed directly to Weatherford College and not to the Commission’s office.

Also approved by the
Texas Higher Education Coordinating Board

Weatherford College
is a member in good standing of the
American Association of Community Colleges
National Junior College Athletic Association
North Central Texas Council of Governments
Northern Texas Junior College Athletic Conference
North Texas Community College Consortium
Texas Association of Community Colleges
Texas Association of Community College Trustees and Administrators
Texas Association of School Boards
Texas Community College Association
Texas Community College Teachers Association
Texas Council of Academic Libraries Association

AN EQUAL OPPORTUNITY COLLEGE
Weatherford College is an Equal Opportunity institution that provides educational and employment opportunities on the basis
of merit and without discrimination because of race, color, religion, sex, age, national origin, veteran status, or disability.

CATALOG DISCLAIMER
Weatherford College hereby reserves the right to withhold courses at any time, change fees, rules, calendar, curricula, degree
programs, degree requirements, graduation procedures, and any other requirement affecting students. Changes will become
effective whenever the proper authorities so determine and will apply to both prospective students and those already enrolled. The
provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student, or faculty member and
Weatherford College.
WEATHERFORD COLLEGE INSTITUTIONAL MISSION STATEMENT

Weatherford College enriches the lives of the students and communities it serves through innovative, affordable, and accessible learning and cultural opportunities.

As a publicly supported, comprehensive community college and a member of the Texas system of higher education, Weatherford College primarily serves the needs of the citizens of its service area (Parker, Wise, Palo Pinto, Hood and Jack counties) through teaching, research, public service, and learning.

Weatherford College offers courses pursuant to a spectrum of educational goals:

- Associate of Arts degrees
- Associate of Science degree
- Associate of Applied Science degrees
- Core curriculum designed for transfer to a university
- Career/technical certificates
- Occupational advancement
- Developmental education
- Adult literacy and other basic skills
- Personal enrichment

Weatherford College maintains a friendly and respectful environment that encourages student pursuit of educational excellence and pursuit of personal goals. The College offers counseling and guidance to help students identify and attain their goals.

Weatherford College requires professional development of all full-time employees and encourages research to seek out, develop, and implement methods to improve student learning. Weatherford College also conducts research to ensure the College offers programs that contribute to the cultural and economic well being of the service area citizens.

Weatherford College fosters a culture that embraces diversity and inclusion. The College embraces continuous improvement through systematic and regular planning, execution, assessment, and improvement.

WEATHERFORD COLLEGE BOARD OF TRUSTEES

Ultimate responsibility for governance of the college is vested by state statute in a district board of trustees comprised of seven members. Executive responsibility for administering policies of the board is delegated to the president of the college, who is assisted by the administrative officers.
ACADEMIC CALENDAR

NIGHT CLASSES MEETING ONE DAY A WEEK

5:00 p.m. - 6:15 p.m.
6:30 p.m. - 8:45 p.m.
The general admissions policy of Weatherford College is established by the Board of Trustees on the recommendation of the administration. Specific admission policy is the responsibility of the administration and the faculty. The director of admissions is responsible for administering the policy.

Admission to Weatherford College is open to qualified individuals regardless of race, color, religion, age, sex, national or ethnic origin, veteran status, or disability. An admissions application form is available online at www.applytexas.org.

ADMISSIONS
https://www.wc.edu/admissions

Admission to Weatherford College is open to qualified individuals under the following conditions:

• By high school graduation,
• By Texas Certification of High School Equivalency (GED, HiSet, and TASC exams), or
• By meeting individual approval guidelines: not graduated from high school, not enrolled in high school or home school, 18 years of age or older and his or her high school class has graduated.
• High School Graduates and College Transfer Students will be admitted as regular students under conditional acceptance for one semester pending acceptance of all required documents including official transcripts.

Before presenting themselves for registration, prospective students must complete the following steps prior to applicable deadline dates:

• Submit the electronic application for admission located at https://www.wc.edu/admissions/new-student-checklist.
• Have official transcripts from high school (including home school and private secondary school), GED services, and/or last college attended sent to the Student Services Office. Transcripts from other colleges must bear the official signature and seal of the college from which they are issued and be sent from that college to WC. Weatherford College accepts electronic transcripts from high schools and colleges and their selected transcript provider(s).
• Weatherford College requires a student who has not attended a prior college to present an official transcript confirming high school graduation. If the applicant has attended a prior college, only an official transcript from the last college attended is required as part of the admissions process.

In addition, for financial aid consideration, transfer students are subject to high school validation. Federal law requires a student to have valid high school credentials to receive financial aid, and that all conflicting information in a student record be resolved before the issuance of Title IV (Pell Grant and student loans) funds.

Weatherford College will accept without a validation process high school transcripts from any state-recognized ISD. Transcripts from Charter Schools and Home Schools will be reviewed for verification of all required components. Transcripts from private schools and online schools will be evaluated for content, and the institution from which the transcript is issued will be reviewed for validity. This is done in order to determine the quality and scope of education received by the student, and to meet the U.S.
Department of Education mandate that such schools be vetted to determine if the school is a diploma mill. Weatherford College must have an official transcript from the school in order to begin the evaluation process.

- Provide the results of any state approved assessment test; or present verification of exceptional SAT, ACT or Texas high school exit scores; or present verification of active military duty or Reserve/National Guard in Texas. An advising conference will be held with each student who is required to take the TSI Assessment test.
- Veterans must submit military transcripts, Post 9/11 Certificate of Eligibility, DD214, and all prior college transcripts.
- Provide documentation of meningitis vaccination within the last 5 years. Students under age 22 who are entering an institution of higher education for the first time or returning after an absence of one or more semesters are required to provide this documentation. The vaccination must be received at least 10 days prior to the beginning of the semester for which application is being submitted. For additional information, including vaccination exemption, visit https://www.dshs.texas.gov/immunize/school/college-requirements.aspx.
- Complete IRS form W-9S for social security number verification

**EARLY ADMISSION OR DUAL CREDIT**
https://www.wc.edu/early-admissions-dual-credit

Weatherford College participates in a program of early admission for students who have not yet graduated from high school. A student requesting early admission/dual enrollment must meet the following requirements:

- The student must be classified as a high school/home school student; or have received approval from the school district and Weatherford College.
- The student must take a state approved assessment test or show proof of exemption with appropriate scores – ACT, SAT, or other state-approved placement test (see page 20 for qualifying scores) – before registering for any classes in a degree program.
- The student must submit an application for admission to Weatherford College. An admission application can be submitted online at www.applytexas.org.
- The student must provide proof of meningitis vaccine if attending class on a Weatherford College campus.
- All early admissions students are encouraged to speak with their high school counselor regarding courses available for dual credit.

Upon acceptance, the student will be granted conditional admission. Upon graduation from high school, the student must submit an official high school transcript to the WC Student Services Office before an official college transcript can be released.

The Weatherford College academic policies apply to early admission students. For additional information refer to the Weatherford College Early Admissions & Dual Credit page at https://www.wc.edu/early-admissions-dual-credit.

Early admission students with documented financial need may qualify for a TPEG Award for dual credit courses.
TRANSFER ADMISSION

Transfer students are admitted under the following conditions:

• College transfer applicants are considered for admission on an individual basis. An official transcript from the last college attended must be submitted directly to the Weatherford College Student Services Office by the institution previously attended. Transcripts from the last college attended must either be on file at Weatherford College or an unofficial copy hand-carried for temporary admission until the start of the next registration period. To be eligible to register for the next session, the official transcript(s) must be on file. If the student hand-carry a transcript, it must be in a sealed envelope and must bear the issuing college’s seal to be official. Students transferring in with a GPA below 2.0 from the most recent college attended will be placed on academic probation upon admittance to Weatherford College (please refer to page 50 of this catalog for more information about Scholastic Probation and Academic Probation). Students who are in good standing at the previous college will be admitted unconditionally at Weatherford College. Students on academic suspension with two or more semesters of attendance at another college will not be admitted. Students on disciplinary suspension will not be admitted.

• Transfer students will be advised regarding the number of transferable credits. Transfer students should request that coursework from other colleges be transcripted to their Weatherford College transcript. This is done in the Student Services Office. Or by completing the form located at https://www.wc.edu/request-transcript-review.

• Credits from international colleges and universities are accepted upon translation and evaluation of transcripts. Course descriptions may be required to complete transcript evaluation.

• Weatherford College is a member of the Servicemembers Opportunity Colleges (SOC). Eligible credit will be awarded from military schools and training if it applies to the student’s major. Weatherford College will accept the CCAF, and Joint Services Transcripts (JST).

INTERNATIONAL STUDENT ADMISSION

For purposes of Weatherford College admission, an international student is defined as a student who is, or will be in the United States on a valid non-immigrant student visa. All non-immigrant visa holders are considered nonresident students, and will pay out-of-state tuition.

All students enrolling at Weatherford College on a non-immigrant status must complete the WC International Admission Packet. The college will process the completed International Student Admission Packet for admissions.

All non F-1 visa holders (i.e. students seeking admission with a J, R or H, etc... visa) must complete the International Student Admission Packet and submit it to the International Office. Contact the International Office regarding the requirements. These vary depending on the visa type.
INTERNATIONAL STUDENT ADMISSION REQUIREMENTS

1. Weatherford College International Student Application for Admission
2. International Application processing fee - $50.00 (nonrefundable) - money order or check payable to Weatherford College.
3. Official High School and/or College academic transcripts of each academic record in the native language with a certified English translation if applicable. Academic records may comprise one or more of the following:
   a. Secondary school records (yearly mark sheets or transcripts). Every international applicant is required to meet the equivalent of 12 years of combined elementary and secondary education that is measurable and comparable to that of the United States.
   b. Records from each college or university attended (yearly mark sheets or transcripts).
   c. National examination results.
4. Financial statements documenting adequate funds to cover one year’s expenses, which include a bank endorsement of the availability of funds and affidavits from the student and sponsor (see admission packet for required financial forms). NOTE: A USCIS form I-134 is required if the student is sponsored by someone currently residing in the United States.
5. English proficiency is required for ALL applicants. International students are required to show proficiency by one of the following options:

<table>
<thead>
<tr>
<th>TOEFL Exam</th>
<th>IELTS Exam</th>
<th>Intensive English Program</th>
<th>GRADUATION FROM ENGLISH-SPEAKING COUNTRY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Internet-based 71 or higher</td>
<td>Overall Band of 5.5 or higher</td>
<td>Successful completion of the final level of an approved Intensive English Program.</td>
<td>Graduated with a degree from an accredited school in an English-speaking country (*See country list below)</td>
</tr>
<tr>
<td>Paper-based 525 or higher</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   *English-speaking countries: American Samoa, Anguilla, Antigua/Barbuda, Australia, Bahamas, Barbados, Belize, Bermuda, British Guyana, Canada (except Quebec), Cayman Islands, Dominica, Falkland Islands, Fiji, Grenada, Guam, Guyana, Ireland, Jamaica/other West Indies, Liberia, Montserrat, New Zealand, Sierra Leone, South Africa, St. Helena, St Kitts & Nevis, St. Lucia, St. Vincent, Trinidad & Tobago, Turks & Caicos Isle, United Kingdom, and Virgin Islands, and US Pacific Trust.

6. Copy of student’s passport. If the student does not have a passport, provide a copy of their national ID card.
7. Completed Statement of Understanding Form (see admission packet for a copy of the form).

Prospective students who are not in the United States should arrive in the United States at least one week before enrollment to arrange for testing. Upon admission to WC, students must present all original immigration documents including a valid I-94 (arrival/departure record) and an unexpired passport.
INTERNATIONAL STUDENT TRANSFER ADMISSION

For the purpose of determining admission, an international transfer student is one who is in good standing (i.e. academic, financial and conduct) from their former accredited higher education institution.

Transfer students will be required to meet all admission requirements and criteria outlined in items 1 – 7, as well as the following:

8. A copy of his/her passport, visa, I-94 and I-20 from their current institution.
9. Transfer Status form completed by the current college/university’s International Office.
10. English proficiency for transfer students can be demonstrated in one of the following ways:
   a. TSI exam scores
   b. Completion of an approved Intensive English Language Program (NOTE: Placement testing will be required).
   c. Earned a grade of “C” or higher in each of the three skills areas (Reading, Writing & Math).

INTERNATIONAL STUDENTS READMISSION

An international student who has attended Weatherford College but was not enrolled during the immediate past semester must file a new WC International Admission Packet including the current application fee. A past WC international student who has attended another college or university since last attending WC must submit a new application packet and fee including official transcript(s) from each school. Admission status will be determined after an evaluation of the previous work has been made.

INTERNATIONAL STUDENT REINSTATEMENT

The Weatherford College International Office will assist in the reinstatement process for Weatherford College International students who have failed to maintain their status and are out-of-status. The student must contact the International Office as soon as they are aware they are out-of-status to begin the reinstatement process.

F-1 visa students from other colleges/universities that are out-of-status, may contact the International Office to check on their eligibility of reinstatement with Weatherford College.

INTERNATIONAL STUDENT IMMUNIZATION REQUIREMENTS

Prior to enrollment, all international students must provide proof of the following immunizations/vaccines:

1. Tuberculosis Testing (TB) - All international students must provide a copy of a negative TB skin test or documentation of a negative chest x-ray. All records must include the dates and results of the test. Prior vaccination with GCG does not exempt the student from testing requirements.
2. Meningitis Vaccination (Documentation of vaccination within the last 5 years) - Students under age 22 who are entering an institution of higher
education for the first time or returning after an absence of one or more semesters are required to provide this documentation. Students declining the vaccination for reasons of conscience, including religious belief, will be required to submit a conscientious exemption form from the Texas Department of State Health Services. This form may be requested at: https://webds.dshs.state.tx.us/immco/affidavit.shtm

ENGLISH PROFICIENCY PROCEDURE
(for Health Sciences Programs)
(Effective November 1, 2009)

International applicants, any visa holders, permanent residents, and exchange students whose native language* is not English must provide proof of English proficiency. Health Science applicants must possess proficiency in oral English communication skills that allow for interaction in the classroom, skills laboratory, and clinical practice settings to successfully complete required course work and to provide a safe client care environment. The above applicants must demonstrate the use of acceptable grammar and pronunciation in formal verbal classroom presentations and verbal interactions with a variety of healthcare professionals, faculty, peers, and clients/patients in diverse clinical settings. Note: Proof of English proficiency must be provided by the end of the application period for the desired Health Science program.

Applicants from the following list of countries with majority English speaking populations are excluded from this procedure: Anguilla, Antigua & Barbuda, Ascension, Australia, Bahamas, Barbados, Belize, Bermuda, Canada (except Quebec), Channel Islands, Dominica, Falklands, Grenada, Guyana, Ireland (Erie), Jamaica, Liberia, Montserrat, New Zealand, St Christopher (St Kitts) & Nevis, St Lucia, St Helena, St Vincent & the Grenadines, South Africa, Trinidad & Tobago, United Kingdom (England, Isle of Man, Northern Ireland, Scotland, Wales), Virgin Islands.

Transfer applicants who cannot demonstrate exemption as outlined below are also required to demonstrate oral English proficiency as outlined in this procedure. One of the following constitutes proof:

1. TOEFL IBT – A score of 20 or greater is required on the speaking skills component. A composite score of 83 or greater is required. Four scaled section scores in Reading, Listening, Speaking, & Writing are required. An official copy of test scores must be received from Educational Testing Services (ETS) before the last day of the specific application period for the appropriate Health Science program.

2. An associate degree or baccalaureate degree from a regionally accredited U.S. college or university.

3. 4 years of study at and a diploma from a U.S. high school.

Applicants whose native language* (as defined below) is not English must provide proof of English proficiency prior to application deadline in any Health Science program that includes clinical/practicum-type course work. Proof will constitute the college receiving official TOEFL IBT or official transcripts as listed above.

Applicants should access the ETS (TOEFL IBT) website to locate testing dates, current fee schedules, and testing sites. Weatherford College DOES NOT
offer this test. Website address is: http://www.ets.org/toefl/index.html. (Test of Spoken English) Click on “Test Locations.”

English as an official language (language that is used on official documents, spoken on radio & television, included in a nation’s constitution) does not exempt the applicant from the language proficiency requirement.

Copies of GED scores and/or TOEFL scores without the speaking skills score will not be accepted as proof of spoken English proficiency.

National Council on the Evaluation of Foreign Educational Credentials U.S. equivalence awards will not be accepted as proof of spoken English proficiency.

U.S. citizenship by naturalization process will not be accepted as proof of spoken English proficiency.

*A native language is a language that is acquired naturally during childhood and is usually spoken at home, as opposed to a language that is learned later in life, for example, as part of a person’s formal education.

STATE-MANDATED TESTING REQUIREMENTS

Texas law (Texas Success Initiative or TSI) requires all new students in a public college or university have their academic skills level assessed prior to entry in a college level class. The assessment helps students understand their skill levels in reading, writing, and math and enables them to enroll in classes that appropriately match each individual’s skill level. Weatherford College offers the state-approved assessments in the Weatherford College Testing Center, Wise County Campus, Education Center at Mineral Wells, and Education Center at Granbury. For information concerning dates and times of assessment testing, please contact the Weatherford College Testing Center.

All students entering Weatherford College, except those in Level I vocational certificate programs, need to take an assessment exam or show proof of exemption before enrolling.

A student who transfers from a private or out-of-state institution may use transferred courses to satisfy TSI requirements. A student must have earned a grade of “C” or higher in each of the three skill areas. If not, the student must be tested for the remaining skill area(s) and must comply with all other TSI requirements. A student transferring into Weatherford College from another institution must provide transcripts of previous college work to verify TSI requirements. Contact a staff advisor for more information.

Completion of TSI requirements (a passing score on all three sections of an approved assessment exam or completion of the highest level of remediation) must be satisfied before the completion of an associate’s degree or level II certificate. Successful completion of a developmental course is a grade of “C” or better.
TSI Assessment is not used for admission into Weatherford College. However, students required to take the test will not be registered for classes without an advising conference to determine class placement. Proof must be furnished at the time of registration for exemption from the TSI requirements by college transcript, final grade report, or other document.

TESTING AND PLACEMENT PROCEDURES

The Texas Success Initiative (TSI) mandates that all students who are subject to TSI assessment are required to follow specific guidelines. Exemptions will be made for exceptional scores on the SAT, ACT, STAAR, or TAKS test; students enrolled in private or out-of-state university degree programs; students serving on active duty as members of the U.S. armed forces, the Texas National Guard, or a reserve component of the U.S. and have been serving for at least three years preceding enrollment; students who, on or after August 1, 1990, were honorably discharged, retired or released from active duty as members of the U.S. armed forces, the Texas National Guard, or a reserve component of the U.S.; and students who have graduated with an associate or baccalaureate degree. Contact a staff advisor with questions.

QUALIFYING SCORES FOR EXEMPTION

**ACT** – Composite score of 23 with at least 19 each on English test and/or math test shall be exempt for those corresponding sections. Valid 5 years from test date.

**SAT** prior to March 1, 2016 – Composite score of 1070 with at least 500 on the verbal test and/or math test shall be exempt for those corresponding sections. Valid 5 years from test date.

**SAT** after March 1, 2016 – No required composite. Evidence Based Reading/Writing (EBRW) 480+ exempt from reading and writing. Math 530+ exempt from math. Valid 5 years from test date.

**STAAR** - Reading/English III, Level 2; Algebra II, Level 2

ACADEMIC DUAL CREDIT ELIGIBILITY

- Meet college readiness as prescribed by the Texas Success Initiative; or
- Achieve a specific score on the English II STAAR EOC and/or the Algebra I EOC and in conjunction, a passing grade in the Algebra II course relevant to the courses to be attempted; or
- Meet standard score on the PSAT/NMSQT exam; or EBRW 460, MATH 510
- Achieve a specific composite score on the PLAN and met a standard score in mathematics and/or English on the ACT-Aspire relevant to the course to be attempted.
ADMISSION TO HEALTH SCIENCE PROGRAM

Admission to Weatherford College does not guarantee selective admission to a specific Health Science program. The number of students admitted to each of these programs is limited. Students admitted to selected Health Science programs are chosen on the basis of admission to the college, reading level, math ability, prior educational achievements and health status. For specific application information and deadlines, contact the program director or Student Services.

Program and Marketable Skills Certificates require separate applications. They include Baccalaureate Degree Nursing, Associate Degree Nursing, Diagnostic Medical Sonography, Echocardiography Certificate Program, Human Service Provider Associate/Substance Abuse Counseling Certificate, Occupational Therapy Assistant (OTA), Physical Therapist Assistant (PTA), Radiologic Technology, Respiratory Care, Phlebotomy, Vascular Certificate, and Vocational Nursing.

#### Differential Tuition Per Credit Hour by Program

- Associate Degree Nursing: $80
- Diagnostic Medical Sonography: $60
- Occupational Therapy Assistant: $60
- Phlebotomy Technology: $20
- Physical Therapist Assistant: $60
- Radiologic Technology: $60
- Respiratory Care: $40
- RN-to-BSN: $80
- Vocational Nursing: $40

**NOTE:** Tuition and fees are subject to change without notice and are payable at the time of registration. Students who are receiving financial aid must confirm their financial award with the Financial Aid Office prior to registration. All students registering for classes and paying by check will be dropped from all classes if a check is returned for insufficient funds. Any unpaid charges will be sent to a third party for collection. The student will be responsible for all collection costs and fees incurred.

Weatherford College is dedicated to the belief that no student wishing to pursue a college education should be denied that opportunity, regardless of financial ability to pay. In determining the need for financial assistance, the Financial Aid Office is guided by its estimate of each student’s actual expenses, the data supplied by the student in the Free Application for Federal Student Aid (FAFSA), and information received from the U.S. Department of Education. Each student who is eligible will be offered a financial aid package containing a combination of grants, scholarships, and/or student employment. FAFSAs are available on the U.S. Department of Education website at www.fafsa.ed.gov. A student cannot be “packaged” for financial aid until his or her financial aid file is complete. A student’s file is not considered complete and cannot be evaluated until the Student Aid Report (SAR) and all other requested documents have been submitted.

Required application and accompanying documents must be submitted no later than June 24 for the fall semester, November 18 for the spring semester, and April 15 for the summer semester. Failure to meet the application deadlines could result in a delay in receiving financial assistance.

TYPES OF FINANCIAL AID

Receipt of all types of Financial Aid is contingent on students attending class.

STATE AND FEDERAL AID

All state programs are subject to changes made by the Texas Legislature, or executive order by the Governor of Texas. Please check with the financial aid office for the latest revisions of all state programs listed here.

TEXAS PUBLIC EDUCATION GRANT (TPEG) (HB688)

The provisions of House Bill 688 allow for grants to be administered to deserving students from funds set aside by Weatherford College. These grants are awarded to students with a demonstrated financial need and do not require repayment. Note: this bill is up for review and possible revision by the Texas legislature.

WORK-STUDY PROGRAM (WS)

WS promotes the part-time employment of students in secretarial, clerical, library service, and other areas. Primarily funded with federal and state funds, WS allows students to gain practical experience in these areas and provides financial assistance to deserving students. Students should apply for WS by completing the Free Application for Federal Student Aid (FAFSA) and by contacting the Financial Aid Office.

FEDERAL PELL GRANTS

Weatherford College participates in the Federal Pell Grant program. This is a federally funded grant program that does not require repayment and is awarded to students based on financial need as determined by a federal formula. Application for this program is made by completing the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG):

The FSEOG is a grant for undergraduates with exceptional financial need; that is, students with the lowest Expected Family Contributions (EFC’s). Priority is given to students who receive Federal Pell Grants. The amount ranges from $300 to $1000.
Texas Education Opportunity Grant (TEOG):
The Texas Educational Opportunity Grant (TEOG), formerly known as Texas II grant, is a supplemental grant established by Texas Legislature to assist students in financial need who are Texas residents pursuing a degree or certificate at the community college level. Students who have completed 30 hours or more toward their degree or certificate are not eligible to begin receiving this grant. For more information please contact the Financial Aid Office.

Other State Programs
The Texas Legislature has established additional waiver, exemption and grant programs to provide assistance to students who are Texas residents. Approved waiver and/or exemption requests and documentation should be provided to the Financial Aid Office no later than the official census day for the term in which the waiver or exemption is requested. Additional information about these programs is available from the Financial Aid Office or online at www.collegeforalltexans.com.

Loans
Weatherford College participates in the Federal Direct Loan Program. Loans are available through the Subsidized/Unsubsidized Stafford and Parent PLUS Loan programs. Since these are loans that must be repaid, careful consideration should be given before deciding to enter into a loan agreement. Students and parents should explore every available resource before borrowing to help fund their educational expenses.

Before applying for a loan, students must have a completed file in the Financial Aid Office. In addition, students must:
• complete a Master Promissory Note;
• be enrolled in an eligible program;
• be taking a minimum of 6 hours (1/2 time enrollment). Students are encouraged to complete as many full time semesters as possible in order to make the most of their educational opportunities;
• complete an entrance counseling session prior to receiving their first loan at WC;
• complete an exit counseling session prior to dropping below 1/2 time status, transferring to another institution or graduating from WC.

Additional information about the federal loan programs including application procedures, loan limits, disbursements procedures and repayment options is available by contacting the Weatherford College Student Loan Officer.

Note: 150 Percent Rule for Federal Direct Subsidized Loans - Effective July 1, 2013, federal regulations have added a new provision to the Federal Direct Loan requirements that limits a first-time borrower’s eligibility for Federal Direct Subsidized Loans to a period not to exceed 150% of the length of the borrower’s educational program. Under certain conditions, the provision also causes first-time borrowers who have exceeded the 150% limit to lose the interest subsidy on their Federal Direct Subsidized Loans.
FINANCIAL AID ELIGIBILITY

In general, a student must meet the following requirements to qualify for Title IV financial aid:

- Be a high school graduate or have a GED;
- Be either a U.S. citizen or an eligible non-citizen;
- Be enrolled as a regular student in an eligible program;
- Make satisfactory academic progress in a course of study;
- Not be in default of any educational loans at any school attended; or, if in default, must have made satisfactory repayment arrangements;
- Not owe a refund on grants at any school attended;
- Sign a statement of educational purpose, stating that the student will use federal student aid only for educational purposes;
- Sign a statement of registration, if a male, indicating that he has registered with the Selective Service or that he is not required to register; and
- Have a valid social security number.

WEATHERFORD COLLEGE FINANCIAL AID STATEMENT OF SATISFACTORY ACADEMIC PROGRESS (SAP)

The following standards are effective and are adopted according to federal mandates for the purpose of determining a student’s continued eligibility for financial aid. All students receiving federal or state financial aid must maintain satisfactory progress for all periods of enrollment regardless of the receipt of financial aid. Academic progress is evaluated at the end of each fall, spring, and summer semesters.

NOTE: Some non-federal student aid programs (i.e., state and private foundations) have specific SAP requirements unique to the individual program. In those instances, the program requirements will supersede the general SAP policy stated here. It is the student’s responsibility to understand the requirements of each financial aid program from which aid is received.

SATISFACTORY ACADEMIC PROGRESS (SAP)

SAP is evaluated based on three measures at Weatherford College (WC):

1. Cumulative Grade Point Average (GPA) – must be 2.0 or above
2. Successful Pace of Completion of Courses – must complete a minimum of 67% of all cumulative hours toward declared major. WC will round upward in cases where the calculation comes to 66.5% or higher.
3. Time Frame – must graduate within 150% of required hours in program of declared major

CUMULATIVE GPA

Cumulative GPA includes only WC course work and any transferred hours that apply to the student’s declared major. Students enrolled in college-level coursework must maintain a cumulative GPA of 2.0 or higher. Grades of A, B, C, D, and F contribute toward the cumulative GPA. Grades of W, EW, I, S, U, CR, AU, X, and P do not.
1. Students who do not have a WC academic history and are enrolling in college for the first time are assumed to be making SAP at the time of enrollment.

2. All continuing students applying for financial assistance must have a cumulative GPA of 2.0 on all credit hours earned prior to the semester for which aid is requested.

3. Transfer hours will not be counted in a student’s cumulative GPA, completion rates, or a maximum time frame unless those hours are accepted towards degree completion at WC.

SUCCESSFUL COMPLETION OF COURSES

To avoid exceeding the maximum time frame required to complete a program of study using financial aid, students are expected to maintain a specific completion rate that is known as the “pace of progress.” At the end of each period of enrollment, students must have a cumulative passing rate of at least 67 percent of all classes attempted.

| Hours Attempted | 23 | 22 | 21 | 20 | 19 | 18 | 17 | 16 | 15 | 14 | 13 | 12 | 11 | 10 | 9 | 8 | 7 | 6 | 5 | 4 | 3 | 2 | 1 |
|-----------------|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|
| Must Complete   | 18 | 17 | 16 | 15 | 14 | 13 | 12 | 11 | 10 | 9  | 8  | 7  | 6  | 5  | 4  | 3  | 2  | 1  |    |    |    |    |    |    |    |
| Enrollment Status| Full| Full| Full| Full| Full| Full| Full| Full| Full| ¾ | ¾ | ¾ | ½ | ½ | ½ | ½ | ½ | ½ | <½ | <½ | <½ | <½ | <½ | <½ | <½ |

Full = 12 or more hours; ¾ = 9 to 11 hours; ½ = 6 to 8 hours; < ½ = 5 or less hours

1. Successful pace of completion is measured by grades of A, B, C, or D. These are considered passing grades at WC.

2. A grade of F is not a completed grade but will be taken into consideration when calculating the cumulative number of hours attempted and the cumulative GPA.

3. A grade of I or W is not punitive in determining the GPA but does reflect the lack of progress under “quantity of work” for the minimum pace of completion of all courses attempted for federal and state aid recipients. Grades of “I” not removed by the end of the next long semester in which the incomplete grade was granted will be permanently recorded as the grade that would have been awarded with the incomplete work scored at a value of “0”. See “Incomplete Grades” for more information.

4. Courses where a grade of F, I, or W was received may be repeated once for grade improvement; only the highest grade earned is used to determine the student’s cumulative GPA. However, all courses attempted (repeated and regular) will be counted in the time frame and completion rate calculations. If the grade in the repeated course is not an improvement, both class hours and grades will count against the student’s cumulative GPA. Financial aid will only cover the repeated class if the student originally received a grade of F, I, or W, or the program requires a grade of C or higher and the student received a D.

5. Remedial course work will be included in the cumulative GPA as well as included in both the time frame and completion rate calculations. Federal regulations state that a student may not receive federal financial aid for remedial course work after they have attempted 27 hours of remediation. Therefore a student who attempts more than 27 hours of remedial classes may not receive federal financial aid for those classes.
TIME FRAME

Students must demonstrate they will graduate within 150% of the length of the degree or certificate of their declared major. Maximum time frame calculations for students pursuing a one-year program of study (certificate) will begin when the student has attempted 45 semester hours. For students pursuing a two-year program of study (Associate’s Degree) maximum time frame calculations will begin once the student has attempted 90 semester hours. Students who exceed the time-frame limit will no longer be eligible for financial aid.

FINANCIAL AID WARNING

Students who fail to meet one or more of the Satisfactory Academic Standards will be placed on financial aid warning. While on warning, students will be eligible to receive financial aid but must complete the subsequent term by meeting all of the minimum requirements at the close of that term. The student who fails to meet Satisfactory Academic Progress during the semester of attendance while on warning will be placed on financial aid suspension.

FINANCIAL AID SUSPENSION

Financial aid suspension occurs when the SAP standards are not met for two consecutive semesters. Notification of suspension status includes verbal, postal mail, or email. While on suspension, students will not receive financial aid. The student is responsible for payment of courses.

NOTE: Students who exceed the time frame limitations (90 hours for Associate Degrees or 45 hours for Certificate degrees) will automatically be placed on financial aid suspension and will no longer be eligible to receive financial aid unless an appeal has been approved.

Students on suspension are encouraged to continue enrollment at WC. Enrolling and paying for courses as well as successfully completing courses can assist in regaining the student’s eligibility. The student must alert the Financial Aid Staff for a re-evaluation of their SAP status. If the student successfully regains eligible SAP status, then they will be eligible again for federal aid.

FINANCIAL AID PROBATION

Students, who were previously put on suspension due to not meeting the minimum satisfactory academic progress, may be granted one long semester of financial aid with an approved appeal. Once the one semester is completed and the student does not meet the minimum satisfactory academic progress, they will be placed on suspension. The student may appeal this status.

APPEAL PROCESS

A student who has been denied financial aid because of a failure to meet any of the SAP standards may complete an appeal form. An appeal form is available on the WC Financial Aid website under Forms. A student must also have a FAFSA on file for the term in which they are requesting the appeal. The student will receive notification of appeal decision within five business days from the date the completed appeal form and documentation was submitted to the Financial Aid Office.

ACADEMIC PLANS

There are times when a student is placed on suspension for various reasons such as pace of completion, cumulative GPA, maximum time frame (90 plus hours). When a student appeals their suspension, the financial aid administration
may decide to put the student on what is called an Academic Plan. This plan is designed to give the students another opportunity to make satisfactory progress in order to complete their degree program or certificate.

Each Academic Plan is designed based on students’ needs to obtain maximum success.

ADDITIONAL INFORMATION

1. Financial Aid will not be provided for:
   a. Courses taken by audit;
   b. Credit hours earned by placement tests;
   c. Non-credit coursework;
   d. Any class attempted more than two times if a grade was earned;
   e. Transfer or transient students attending for only one term (ex: summer courses only)

2. Students may change majors while at WC, however, excessive major changes (two or more) can result in a suspension status.

FINANCIAL AID FORMULAS

MINIMUM CUMULATIVE GRADE POINT AVERAGE
2.0 or Higher
GPA Calculation: Points / Attempted = GPA

MINIMUM COMPLETION RATE
67% of cumulative hours
Pace of Completion Rate Calculation: Cumulative Hours Completed / Cumulative Hours Attempted = Pace of Completion Rate
Example: 30/60=50% Pace of completion rate

MAXIMUM TIME FRAME
150% of the length of the degree or certificate
Maximum Time Frame Calculation: Total number of hours in degree/certificate x 1.5 = 150% of degree/certificate

LEGAL RIGHTS OF FINANCIAL AID RECIPIENTS

Students receiving federal student aid have certain legal rights. Students’ rights include the following:

• The student has the right to know what financial aid programs are available at WC.
• The student has the right to receive a listing from the financial aid office of the agency in each state that may be contacted regarding grants available to residents of that state.
• The student has the right to know the deadlines for submitting applications for each of the financial aid programs available.
• The student has the right to know how financial aid will be distributed, how decisions on that distribution are made, and the basis for these decisions.
• The student has the right to know how his/her financial need was determined.
• The student has the right to know what resources (such as parental contribution, other financial aid, assets, etc.) were considered in the calculation of his/her financial need.
• The student has the right to know how much of his/her financial need, as determined by the institution, has been met.
• The student has the right to request an explanation of the various awards in his/her student aid package.
• The student has the right to know the school’s refund policy.
• The student has the right to know what portion of the financial aid he/she receives must be repaid, and what portion is grant (free) aid. If the aid is a loan, the student has the right to know what the interest rate is, the total amount that must be repaid, fees during repayment, the payback procedures, the length of time he/she has to repay the loan, when repayment is to begin, and available options for consolidation.
• The student has the right to know how the school determines whether he/she is making satisfactory academic progress and the results of not meeting these standards.
• If the student is offered a College Work-Study job, he/she has the right to know the required work hours, the job duties, the rate of pay, and how and when paychecks are received.
• If the student believes a mistake has been made in determining his/her financial aid eligibility, he/she has the right to ask that his/her financial aid application be reconsidered.
• If the student has a loan and the lender transfers (i.e. sells) the loan and the right to receive payments, the student must be sent a notification telling him/her to whom he/she must now make payments.
• Lenders must provide borrowers with a copy of the complete promissory note.
• The student has the right to prepay a loan without penalty. This means that he/she may at any time pay in full the loan balance and any interest due without being charged a penalty by the lender for early payment.
• If the student cannot meet a loan repayment schedule, he/she may request forbearance from the lender under which the payments may be reduced for a specific period of time.
• In borrowing money, the student assumes the responsibility for repaying the loan. If circumstances arise that make it difficult to meet this responsibility, he/she should contact the lender.

LEGAL RESPONSIBILITIES OF FINANCIAL AID RECIPIENTS

Students receiving federal student aid have certain legal responsibilities. Student responsibilities include the following:

• The student must complete all application forms accurately and submit them on time to the appropriate location.
• The student must provide correct information. The intentional misreporting of information on financial aid application forms is a violation of the law and is considered a criminal offense that could result in indictment under the U.S. Criminal Code.
• The student must return all additional documentation, verification, corrections, and/or new information requested by either the Financial Aid Office or the agency to which an application was submitted.
The student must report to the Financial Aid Office any additional financial resources received by him/her during the period of his/her financial aid award.

The student is responsible for reading and understanding all forms that he/she is asked to sign and for keeping copies of the forms.

The student must accept responsibility for all agreements that he/she signs.

The student must perform the work that he/she has agreed upon in accepting College Work-Study or regular student employment.

The student must be aware of and comply with the deadlines for application or reapplication for aid.

The student should be aware of the school’s refund policy.

All schools must provide information to prospective students about the school’s programs and performance. The student should consider this information carefully before deciding to attend school.

If the student receives a loan, he/she must notify the lender if any of the following occurs before the loan is repaid:

- Graduation
- Withdrawal from school or less than half-time enrollment
- Change of address
- Name change
- Transfer to other school(s)
- If the student has received a Federal Direct Loan prior to receiving the first disbursement of loan funds at WC.

The student must attend an exit interview if enrollment drops below 6 credit hours; or if he/she graduates, transfers to another school, or fails to enroll for any long semester.

The student must repay any loan received at WC, plus accrued interest, in accordance with the repayment schedule.

In borrowing money, the student assumes the responsibility for repaying the loan. If circumstances arise that make it difficult to meet this responsibility, he/she should contact the lender.

The student must notify the lender of any occurrence that may affect eligibility for a deferment of repayment.

**STANDARDS OF PROGRESS – STATE OF TEXAS**

**TEXAS GRANT ONE (1) PROGRAM**

This program is no longer offered at the Community Colleges. Only students who are considered renewal awards can be eligible.

**TEXAS EDUCATION OPPORTUNITY GRANT (TEOG)**

The initial TEOG funds is awarded to students with an expected family contribution from 0-5,088. The amount of the awards depends on what the Texas Higher Education Coordinating recommends each year. They range from $500 to $1,000 per semester based on full time students down to half-time students. The first year award is based on the schools satisfactory academic progress policy which is a 2.0 Cumulative GPA and a 67% pace of completion rate. The renewal year is based on 2.5 cumulative GPA and 75% pace of completion rate.
SCHOLARSHIPS

PERFORMING SCHOLARSHIPS
Scholarships for the following areas are available: art, baseball, basketball, communications, cheerleading, choir, drama, jazz band, leadership, rodeo, and softball. These scholarships require full-time enrollment.

HONOR GRADUATE SCHOLARSHIPS
The valedictorian of any accredited high school in Texas is eligible for a one-year tuition scholarship at Weatherford College provided they attend WC immediately following high school graduation. First- and second-place honor graduates from accredited high schools in Parker County, as well as Hood, Jack, Palo Pinto and Wise Counties are eligible for scholarships in the amount of tuition and fees, excluding parking fees, and books (on loan) each long semester for the two years immediately following high school graduation, provided they attend WC immediately following high school graduation. This scholarship requires full-time enrollment.

NOTE: If a student has two forms of financial aid that pay the same charge (i.e. tuition only), they will not be able to utilize both sources of aid (cannot change one for assistance for books, etc.) For example: the Honor Graduate Scholarship pays tuition and the Early High School Graduate Exemption pays tuition. Student is given the benefit of one scholarship only. In the example, they would use the Honor Graduate Scholarship as the Early High School Graduate Exemption can be used at another school. However, the aid that is paying as of the official census date is the aid that must show as paying the student account and will not be reversed, even if other aid comes in after the census date.

WC FOUNDATION SCHOLARSHIPS
The Weatherford College Foundation, Inc. exists to raise funds to support WC, with scholarships as its number one priority. Through the results of various fund raising events, the Foundation funds many scholarships with varying criteria for acceptance.

PROJECT OPPORTUNITY SCHOLARSHIP PROGRAM
Through the generosity of Weatherford civic leaders and others, this scholarship program was established in 1991. Graduates of Weatherford High School who have met certain academic, as well as personal guidelines, are eligible to apply for scholarship assistance in order to finance their education at Weatherford College. Students are expected to apply for available federal and state financial assistance programs to contribute to the costs of their education. Interested students should apply to the coordinator of the Project Opportunity Program of the Weatherford Independent School District.

APPLYING FOR SCHOLARSHIP

https://mywc.wc.edu/ICS/Student_Services/Remote_Content.jnz
An online scholarship application is available at https://mywc.wc.edu/ICS/Student_Services/Remote_Content.jnz. The deadline for applying for scholarships for the Fall and Spring semester of an academic year is March 15 prior to the beginning of the academic year. For more information on available scholarships and application deadlines, contact the Financial Aid Office. To apply for a WC Foundation scholarship, contact the Financial Aid Office.
STANDARDS OF PROGRESS FOR WC FOUNDATION SCHOLARSHIPS

To qualify for foundation aid at Weatherford College, a student must earn 12 semester hours each semester with a minimum cumulative GPA of 2.0, unless otherwise specified by the specific scholarship. Failure to achieve the 12 semester hours and the 2.0 GPA will result in the revocation of foundation scholarship funds for the following long semester.

STANDARDS OF PROGRESS FOR PERFORMING SCHOLARSHIPS

In order to qualify for performing scholarships at Weatherford College, first semester freshman students must pass 12 semester hours with a cumulative GPA of 2.0. All returning or transfer students must have earned a 2.0 GPA on all work attempted in the long semester or a cumulative 2.0 GPA in the current long semester.

The following are minimum credit hours that a student must earn and pass to remain eligible for scholarships:

- 12 semester hours at the end of the first semester
- 24 semester hours at the end of the second semester
- 36 semester hours at the end of the third semester
- 48 semester hours at the end of the fourth semester

Summer course work may be used to raise the GPA to 12 hours and 2.0, if attendance was in the preceding spring semester only, and 24 hours and 2.0, if the student was in attendance in the preceding fall and spring semesters.

ENDOWED AND ANNUAL SCHOLARSHIPS

A complete list of Endowed and Annual Scholarships may be found online at www.wc.edu/about/giving-wc/scholarship-list

ADDITIONAL FINANCIAL AID

VETERANS

Weatherford College is approved for veterans’ education benefits by the Veterans Administration. Information on veterans programs may be obtained by contacting the Veterans Coordinator at Weatherford College.

TEXAS WORKFORCE SOLUTIONS – VOCATIONAL REHABILITATIVE SERVICES

The Texas Workforce Solutions – Vocational Rehabilitative Services offers assistance for tuition and non-refundable fees to students who have certain disabling conditions provided their vocational objectives have been approved by a Transition Vocational Rehabilitation Counselor. Application for such service should be made at the Texas Workforce Solutions – Vocational Rehabilitative Services, Weatherford Field Office, 1501 Texas Drive, Weatherford, TX 76086. The Weatherford telephone number is 817-599-4410 or TDD 817-599-4410. Website: http://www.twc.state.tx.us/jobseekers/vocational-rehabilitation-services
ACADEMIC FRESH START
Pursuant to Section 51.931 of the Texas Education Code, Weatherford College will allow a Texas resident to apply for admission utilizing an Academic Fresh Start.
When requesting admission by Academic Fresh Start, Weatherford College will not consider academic credit earned 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant admitted under this section will not receive any course credit for courses taken 10 or more years prior to enrollment under this section. Neither may these courses be considered for admission to a postgraduate or professional program after completion of a baccalaureate degree.

ACCESS TO STUDENT RECORDS (FERPA)
The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.
FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”
• Parents or eligible students have the right to inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
• Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
• Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  o School officials with legitimate educational interest;
  o Other schools to which a student is transferring;
  o Specified officials for audit or evaluation purposes;
  o Appropriate parties in connection with financial aid to a student;
  o Organizations conducting certain studies for or on behalf of the school;
  o Accrediting organizations;
  o To comply with a judicial order or lawfully issued subpoena;
  o Appropriate officials in cases of health and safety emergencies; and
  o State and local authorities, within a juvenile justice system, pursuant to specific State law.
Weatherford College may disclose, without consent, “directory information.” Directory information” means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the student’s name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of
study, grade level, enrollment status (e.g., undergraduate or graduate; full-time or part-time), dates of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended. Student can request directory information be kept confidential by contacting the Student Services Office.

Eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Weatherford College to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-8520

Information regarding electronic submission of complaints can be found online at https://studentprivacy.ed.gov/file-a-complaint.

ACCEPTANCE OF TRANSFER CREDIT

Credits earned at another regionally accredited institution or from an institution whose accrediting agency is recognized by the Council for Higher Education Accreditation (CHEA) will be reviewed for transfer to Weatherford College. Only courses needed for degree/certificate completion will be posted to the Weatherford College transcript. Credits earned on a quarter hour scale will be converted to semester hours. The student must request transfer credit be considered. This is not done automatically upon admission for classes.

ATTENDANCE POLICY

Regular class attendance is integral to student success. Therefore, faculty will encourage regular class attendance by stating both the attendance requirements and the consequences for noncompliance in each course syllabus. For some courses taught through distance learning, attendance requirements are not suitable. In these situations, faculty will state alternative expectations in the course syllabus for student success, along with consequences for noncompliance. In addition to being detrimental to student success, excessive student absences may jeopardize a student’s federal financial aid, obligating the student to repay funds received.

Students who do not have passing scores on the TSI or alternate test are required by state guidelines and local policy to attend their developmental classes or program. Excessive absences from developmental classes or program activities may result in a grade of “EW” (Enforced Withdrawal.) The grade of “EW” has the same grade point value as a “W”.

Participation in a College-sanctioned activity is considered an excused absence. The student must complete the Excused Absence Form, have it signed by the club or activity advisor, and present it to all instructors prior to the impending absence. Instructors signing the form should note if the absence will be detrimental to the student’s progress in a course. The form must be returned to the activity
advisor prior to the activity. Upon evaluation of instructor comments, the activity advisor may deny the student the privilege of participating in the activity.

A “religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Tax Code 11.20. (FC Legal).

An institution of higher education, including a college district, shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this section may not be penalized for that absence and shall be allowed to take an examination or complete an assignment within a reasonable time after the absence.

Policies and procedures for absences due to religious holy days shall be consistent with (or no more arduous than) the institution’s policies and procedures relating to other excused absences.

If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day as defined above, or if there is a similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the chief executive officer of the institution or his or her designee. The student and the instructor shall abide by the decision of the chief executive officer or his or her designee.

A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.(Education Code 51.911; 19 TAC 4.4, 9.24)

Non-attendance in a class will not result in a student being dropped from the class. All class drops, with the exception of enforced withdrawals, must be initiated by the student.

CHANGE OF NAME OR ADDRESS

Students who change their residence or mailing address are expected to notify the Student Services Office of this change immediately. Any communication from the college mailed to the name and address on record is considered to have been properly delivered.

CLASSIFICATION OF STUDENTS

Students admitted to the college under one of the modes of admission described under ‘New Student Admission’ (page 17) are classified as freshmen until they have earned at least thirty semester credit hours toward a degree. They are, thereafter, classified as sophomores until they have completed the requirements for graduation or certification under a two-year program, or until they have completed one-half the semester-hour requirement for a bachelor’s degree. Students beyond the sophomore level may be admitted and will be classified as special students. Students are classified as full-time if they are enrolled for 12 or more semester hours and part-time if they are enrolled for fewer than 12 semester hours.
WEATHERFORD COLLEGE COMMUNITIES

Guided Pathways is a national initiative designed to remove roadblocks for students in their pursuit of higher education degrees and certificates. At Weatherford College, we care about your success and we strive to guide you on a direct path to reaching your overall goals with the least amount of obstacles.

In effort to direct students onto a path, Weatherford College has created six Communities consisting of like degree and certificate programs.

- Business & Industry
- Creative & Liberal Arts
- Health Care
- Public Service
- Science, Technology, & Math
- Exploratory

Each Community represents a broad major of like programs of study to provide an opportunity for student to interact and engage with other peers and faculty within a community.

For more information about communities at Weatherford College, please speak with an academic advisor and visit https://wc.edu/about/guided-pathways.

CONDUCT AND GRIEVANCES
ACQUAINTANCE WITH POLICIES, RULES AND REGULATIONS

Each student is expected to be fully acquainted with all published policies, rules, and regulations of the College, copies of which shall be available to each student for review at the Student Services Office. The College holds each student responsible for compliance with these policies, rules, and regulations. For a complete listing of College policies and their specific procedures, please visit the Conduct and Grievances webpage at www.wc.edu/campus-resources/conduct-grievances.

ACADEMIC INTEGRITY

Academic integrity is fundamental to the education mission of Weatherford College and the College expects its students to maintain high standards of personal and scholarly conduct. Academic dishonesty includes, but is not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials. Any student who is demonstrated to have engaged in any of these activities will be subject to immediate disciplinary action in accordance with institutional procedures.

Faculty may request, through the appropriate instructional dean, that an allegation of Academic Integrity violation be reviewed for possible academic sanction. Appeals concerning academic sanctions may be made through the Academic Appeals Procedure.

ALCOHOL AND DRUG POLICY STATEMENT

A student shall be prohibited from using or being under the influence of intoxicating beverages in classroom buildings, laboratories, auditoriums, library buildings, museums, faculty and administrative offices, intercollegiate and intramural athletic facilities, and all other public campus areas. State law shall be strictly enforced at all times on all property controlled by the College District in regard to the possession and consumption of alcoholic beverages.
No student shall possess, use, transmit, or attempt to possess, use, or transmit, or be under the influence of, any controlled substance, abusable inhalant, performance-enhancing drug, designer drug or any other intoxicant behavior-altering drug on College District premises or off premises at a College District-sponsored activity, function, or event.

The transmittal, sale, or attempted sale of what is represented to be any of the above-listed substances shall also be prohibited under the policy.

A student who uses a drug authorized by a licensed physician through a prescription specifically for that student’s use shall not be considered to have violated this rule.

APPEALS (DUE PROCESS)

Weatherford College recognizes the importance of providing an opportunity for students to appeal the decisions made by college administrators, committees, and faculty and staff. Particular care is taken to provide safeguards for students if any action significantly alters their status at the College. In cases in which the accused student disputes the facts and/or penalties upon which the findings were based, an appeals committee shall hear such charges. The appeals committee shall be impartial and shall be designated by the Vice President of Academics and Student Services. The appeals committee shall preside over a fair hearing for the student and holds the authority to affirm, modify, remand, or reverse sanctions. The student and the College may be represented by counsel during the appeals.

Weatherford College has three standing appeal committees: Student Discipline Appeals, Academic Appeals, and Technical Program Appeals.

The Student Discipline Appeals committee will convene for a student disputing the facts and/or sanctions due to violations of the Student Code of Conduct and will follow the procedures set forth in the Student Discipline Policy. Students disciplined for violations of the student code of conduct shall be informed of their due process rights and may request their appeal in the Office of Student Services.

The Academic Appeals committee will convene at the end of each term for a student who has been placed on academic suspension. A student may request their appeal in the Office of the Vice President of Academics and Student Services.

The Technical Program Appeals Committee will convene for a student disputing the facts and/or penalties due to violations of program specific rules and regulations and will follow the procedures set forth in the Student Discipline Policy. The committee addresses concerns of students involved in admissions-based programs. These programs may have additional rules and regulations that apply to these programs and their students only. Students disciplined within an admissions-based program shall be notified of their due process rights and may request an appeal through the Office of Student Services.

Any student disciplined pursuant to the Student Discipline Policy has several appeals available. Students who have exhausted the first two levels of appeal may petition the College President in writing to review the decision, within ten business days of receiving notice of the appeal committee decision. The College President will follow the procedures set forth in the Student Discipline Policy. If the College President affirmed or modified the decision of the appeals committee or if the time for a response has expired, the student may appeal the decision to the Board in writing.
BULLYING

Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor spreading, and/or ostracism, all of which are prohibited activities at Weatherford College and college sponsored events. Bullying can occur in written or verbal expression, expression through electronic means or physical conduct.

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to an instructor, counselor, administrator, or other college employee who shall notify the Executive Dean of Student Services. A report may be made orally or in writing.

COMPLAINTS

Weatherford College encourages students to discuss their concerns and complaints through informal conferences with the appropriate instructor or other campus administrator. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

If an informal conference regarding a complaint fails to reach an acceptable outcome the student, the student may initiate the formal complaint process by filing a written complaint form. The student complaint form is found online at www.wc.edu, and in the Office of Student Services. Completed forms should be directed to the Executive Dean of Student Services. The Executive Dean will then forward be directed to the Executive Dean of Student Services and then forwarded to the appropriate administrator who can address the concern. If the student did not receive the relief requested, the student may request a conference to the next level of administration by following the student complaint policy. When addressing a student complaint, the college will follow the institution’s student complaint policy, unless the complaint is regarding discrimination, harassment, retaliation, disciplinary decisions, or commissioned peace officers employed by the college. These alleged grievances are adjudicated through separate policies and have varying due process procedures.

DISCIPLINARY ACTION

Disciplinary action may originate with the Executive Dean of Student Services or designee or in other units of the College District, which may initially deal with the alleged misconduct. A faculty member, staff member, or student shall report any student violation that is not resolvable through an informal process if he or she believes that disciplinary action may be warranted. Any such referral(s) to the Executive Dean of Student Services shall be in writing and shall be signed by the college official making the referral.

The Executive Dean of Student Services or designee may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the student(s) and/or the college official who referred the matter. After the initial investigation, the Executive Dean of Student Services or designee may issue one or more of the following:

1. Take no action.
2. Take administrative action to counsel, advise, or admonish the student.
3. Forward the grievance to an appropriate administrator/committee
4. Take disciplinary action against the offending student.
The discipline of students at Weatherford College is, in all but the case of expulsion, a part of the education process. Disciplining students is intended to be instructional and help students ultimately discipline themselves. A student shall be subject to discipline for violation of College policies and procedures, including the rules outlining expectations for student conduct (see Student Handbook). If a student commits an infraction or engages in misconduct, the college may impose penalties outlined in the Student Discipline Policy.

The disciplinary record shall be maintained permanently in the event that a student is expelled or subject to an extended suspension. In all other cases, the disciplinary record shall be maintained in accordance with the College’s record retention schedule and kept separate from the student’s academic record.

DISCRIMINATION, HARASSMENT & RETALIATION

Weatherford College prohibits discrimination, including harassment, against any student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of the College policy and is prohibited.

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to an instructor, counselor, administrator, other college employee, or the appropriate college official listed below:

Reports of discrimination based on disability may be directed to the ADA/Section 504 coordinator. The College District designates the following person to coordinate its efforts to comply with Title II of the American with Disabilities Act of 1990, as amended, which incorporates and expands the requirements of Section 504 of the Rehabilitation Act of 1973, as amended:

Name: Dawn Kahlden
Position: Director of Special Populations
Address: 225 College Park Drive, Weatherford, TX 76086
Telephone: 817-598-6350

Reports of discrimination based on sex, including sexual harassment and sexual harassment in the form of sexual violence, and bullying may be directed to the Title IX coordinator. The College District designates the following person to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as amended:

Name: Adam Finley
Position: Executive Dean, Student Services
Address: 225 College Park Drive, Weatherford, TX 76086
Telephone: 817-598-8831

A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the ADA/Section 504 coordinator or the Title IX coordinator may be directed to the College President. A report against the College President may be made directly to the Board.
GRADE DISPUTES

Questions regarding individual grades or how they are calculated should be directed to the course instructor.

A student disputing a grade should contact the course instructor no later than 30 days after the grade is awarded. If not satisfied after consulting the instructor, the student may request a review of the grade by submitting a written request to the next level of instruction administration. The administrative hierarchy is:

1. Department Chair or Program Director
2. Instructional Dean
3. Vice President of Academics and Student Services
4. College President

Disputes involving clerical errors, such as grade transposition or data entry, will be addressed by the Student Services Office.

SCHOLASTIC PROBATION AND ACADEMIC SUSPENSION

Weatherford College has three academic terms in which academic standing is calculated, fall, spring, and summer. Good Academic Standing is defined as a cumulative GPA of 2.00 or greater and earning a term GPA of 2.00 or greater. Students whose work does not meet the minimum academic standard at the end of a term are placed on scholastic probation during the next term for which they are enrolled.

Requirements for a student on scholastic probation:
• Enrollment must be assisted by an academic advisor.
• Individual academic plan will be created by an advisor.
• Academic advisor can place restrictions on number of hours and selection of classes.

A student will remain on scholastic probation until their cumulative GPA is 2.00 or greater so long as their term GPA is 2.00 or greater. A student who withdraws from all coursework while on probation will continue on probation for the next enrollment term.

A student on scholastic probation whose cumulative GPA is below 2.0 and fails to maintain a 2.0 Term GPA will be placed on Academic Suspension for the next term of enrollment. A student on academic suspension can sit out one term and return under scholastic probation or make their intent to enroll before the Academic Appeals Committee. The Academic Appeals Committee will assist the student with enrollment and will establish a prescribed action plan for the student to follow.

Requirements for a student on Academic Suspension:
• Enrollment must be assisted by the Academic Appeals Committee
• Individual academic plan will be created by the Academic Appeals Committee
• Academic Appeals Committee will assign an advisor for the student to work with individually.
A student who maintains a 2.00 term GPA will be placed on scholastic probation for their next term of enrollment until their cumulative GPA is 2.00 or greater. A student who withdraws from all coursework while on academic suspension will continue on academic suspension for the next enrollment term.

A student on academic suspension whose term GPA is below 2.0 will be placed on academic suspension II for the next term of enrollment. A student on academic suspension II can sit out two terms and return under scholastic probation or make their petition to enroll before the Academic Appeals Committee. The Academic Appeals Committee will determine to readmit the student or enforce suspension. If the committee agrees to readmit the student, the committee will prescribe a course of action for the student follow.

Requirements for a student on Academic Suspension II:

- Enrollment must be approved by the Academic Appeals Committee
- Individual academic plan will be created by the Academic Appeals Committee
- Academic Appeals Committee will assign an advisor for the student to work with individually.

A student on academic suspension II who maintains a 2.00 term GPA will be placed on scholastic probation for their next term of enrollment until their cumulative GPA is 2.00 or greater. A student who withdraws from all coursework while on academic suspension II will continue on academic suspension II for the next enrollment term.

A student on academic suspension II whose term GPA is below 2.0 will be placed on academic dismissal. A student’s transcript will depict Academic Dismissal, and future enrollment must be approved by the Vice President of Instruction and Student Services.

SEXUAL HARASSMENT/SEXUAL VIOLENCE

Weatherford College forbids employee conduct constituting sexual harassment of students. The college forbids students from engaging in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or to a college employee. Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to an instructor, counselor, or administrator. Additionally students can contact the Human Resources Director at 817-598-6276 to report any alleged prohibited contact from a college employee. Students reporting any alleged prohibited contact from another student should contact the Title IX coordinator at 817-598-8831.

STUDENT CONDUCT

The conduct of Weatherford College students, both on and off campus, is expected to be that of any responsible adult in a public place. Students should consider at all times the effect of their actions on the reputation of the college. It is recognized that each student has the inherent right of free speech and free thought. However, it is also recognized that these rights must be extended to all individuals.
With these statements as guidelines, the college reserves the right to immediately suspend any students found guilty of a felony, found guilty of the possession or use of narcotics, engaged in action that disrupts or interferes with regular college classes or college-sanctioned functions, found guilty of academic dishonesty or who is responsible for the obstruction of the normal administrative operations of the College. Any student suspended or expelled under this policy may appeal the ruling before the appropriate committee (see Appeals (Due Process).

A complete set of policies regarding student conduct may be found in the current student handbook available online at www.wc.edu.

TOBACCO USE POLICY

Weatherford College prohibits the use of any type of tobacco products on college grounds and in college buildings, facilities, and vehicles in order to provide students, employees, and visitors a safe and healthy environment. The use of “vapor” or electronic cigarettes are prohibited in any classroom or building on college property. This prohibition shall also apply to spaces leased by the College. The use of tobacco products shall be permitted in private vehicles parked on College property provided any residue is retained within the vehicle.

COURSE CANCELLATIONS

Generally, a minimum of 10 students will be required for a course to be offered. The college reserves the right to cancel any scheduled course that does not attract sufficient enrollment to justify teaching the course.

COURSE SUBSTITUTION

Certain degree and certificate programs may consider allowing substitution of required coursework with an already completed course of equivalent and appropriate content. All course substitution requests will begin with the program director and shall follow the appropriate procedure for approval by Vice President of Academics and Student Services.

MILITARY TRAINING CREDIT

Weatherford College welcomes those who have served or who are currently serving in the armed forces. We are committed to working with our students to identify those elements of military training that may apply to our certificate and degree programs. Our Veterans are encouraged to visit the DANTES website from the Department of Defense (https://www.dantes.doded.mil/#sthash.7YRKhu9j.dpbs) to learn more about how to turn military training and experience into college hours. Our Veteran students are encouraged to visit with our Veterans' Affairs Office for assistance with this process.

CREDIT BY EXAMINATION

• A maximum of 30 semester hours of credit from all sources of credit by examination may be applied toward a degree from Weatherford College
• Credit earned by examination does not reduce the residency requirement of a minimum of 25% of the hours of a degree for graduation completed at Weatherford College
• Credit by examination is awarded on a pass-fail basis; scores are not included in a student’s grade-point average

**College Level Examination Program (CLEP)**

**Advanced Placement (AP) Exams**

Students who have received college-level training in secondary school and who present applicable scores on the appropriate Advanced Placement Examination will be granted, upon request, placement and credit for comparable courses at WC. All score reports must be submitted to the office of the Registrar. There are no grade points for this type of credit. A grade of “CR” will appear on the student’s transcript for this course following registration at WC. A maximum of 30 semester hours of credit from all sources of credit by examination may be applied toward a degree from WC.

Requests for credit in other subject matters should be directed to the Registrar.

International Baccalaureate Diploma (IBD) Program Credit

The International Baccalaureate Diploma is an international program of courses and exams offered at the high school level. Additional information about the International Baccalaureate Diploma program can be found at www.ibo.org. In keeping with Senate Bill 111 passed in 2005, Weatherford College will grant up to 24 hours of course specific college credit (CR) for IB exams scores of 4 or above as long as the incoming freshmen have earned an IB diploma. However, course credit does not have to be awarded on any IB exams where the score received is a 3 or less. This may mean that such students will not receive 24 hours of college credit, even if they have an IB diploma.

International Baccalaureate scores must be sent directly to the Registrar’s Office at Weatherford College from International Baccalaureate. This transcript must be received at least two weeks prior to the first day of classes for transcript evaluation and advising. In addition, students must show proof of meeting the Texas Success Initiative (TSI) requirements prior to their initial enrollment at the college. IBD course credit will be transcripted with a designation of CR after the applicant successfully completes the first semester of attendance at WC.

Weatherford College will not award a degree based solely upon the number of IBD credits transferred toward degree requirements. The college and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) policies require students to take 25% of credit hours through instruction at WC for graduation purposes.

Students submitting an IB transcript for credit evaluation should consider the total number of qualifying credits to be awarded. Additional hours above the required amount to graduate may have an adverse impact on students’ financial aid or other grant programs.
The following chart provides the courses accepted at WC from the International Baccalaureate Diploma Program:

**DEAN’S LIST**

The Dean’s List includes those students earning a grade-point average of 3.5 or better in each long semester. To be eligible for the Dean’s List, students must be enrolled for twelve or more semester hours, or be enrolled in an academic program of study requiring at least 192 contact hours during the semester, have no grade lower than a “C” and meet the minimum grade point average.

Dean’s List students will receive notification of their accomplishment from the Office of the Vice President of Academics and Student Services.

**DEFINITION OF A NON-RESIDENT STUDENT**

“A non-resident student is hereby defined to be a student of less than eighteen (18) years of age, living away from his family and whose family resides in another state, or whose family has not resided in Texas for twelve (12) months immediately preceding the date of registration; or a student eighteen (18) years of age or over who resides out of the state or who has not been a resident of the state twelve (12) months subsequent to his eighteenth (18th) birthday or for the twelve (12) months immediately preceding the date of registration.” (Vernon’s Civil Statutes of the State of Texas, Art. 2654c.)

International students with permanent resident cards must meet the same criteria for in-state tuition as American citizens. Filing work permission paperwork with the U.S. Citizenship and Immigration Services (USCIS) that grants conditional permanent resident status will not change the tuition charges.

**DEFINITION OF A RESIDENT STUDENT**

Residency, as defined by the State of Texas, requires that a student live in and establish domicile in Texas 12 months before the start of the semester. To establish domicile, one of five criteria must be met:

1. Be gainfully employed in the state of Texas;
2. Own property in Texas on which you reside;
3. Own a business in Texas;
4. Hold a license to conduct a business in Texas;
5. Be married to a Texas resident who has established domicile.

**DROPS AND WITHDRAWALS**

Before the first day of a semester, students may drop classes in one of three ways:

1. Online through Self-Service
2. In person in the Office of Student Services or at one of the Education Centers
3. By fax request, signed & dated by the student (FAX number 817-598-6205)

After the first day of a semester, students who have not previously registered for classes will be allowed to register through the end of late registration with the assistance of an academic advisor. There is no fee for making a class change during this period; however, tuition charges may be adjusted which can impact the student’s tuition balance. Please refer to Weatherford College’s General Refund Policy.

After the official census date, a student can formally request to be withdrawn (receive a grade of “W”) from a course by completing the Course Withdrawal Form. For Fall and Spring terms, the official census date is the 12th day of the semester. Please refer to the college calendar or speak with an academic advisor for information regarding census date as well as details regarding the last day to withdraw.

Course withdrawal is initiated by the student completing the Course Withdrawal form. This form is found online or can be received in Students Services. A student cannot withdraw from a course within the Self-Service. Course withdraw requires the signature of the instructor of record (recommended) or by an appropriate administrator. Students taking an online course can present an email from their instructor serving as the instructor’s signature. Students receiving federal financial aid, veteran benefits, or residing in student housing are required to speak with the corresponding office to discuss the impacts of course withdrawal.

After the instructor of record or appropriate administrator has signed the Course Withdrawal Form, the form must be returned to Student Services for the withdraw to be completed. Course withdraw documents may be mailed to Student Services at 225 College Park Drive, Weatherford, TX 76086, faxed to 817-598-6205 or emailed to an academic advisor.

Non-Attendance in a class will not result in a student being dropped from the class. All class drops, except enforced and administrative withdrawals, must be initiated by the student.

**FINALS WEEK**

Finals shall be given to all students during the final week of each semester. Final exam schedules vary from regular class periods. Students should refer to the College web site for the finals schedule, or pick up a final exam schedule in the Student Services Office. Final examinations may be conducted outside of finals week only upon approval of the Vice President of Academics and Student
Services. Students in courses with early final exams shall be notified of the revised final exam dates in the syllabi for the affected courses. Under no circumstances may a faculty member reschedule a final exam such that a student in the course cannot complete the exam due to the schedule modification.

**GRADES**

Grades are expressed in letters as follows:

- **A** - Superior (90-100*)
- **B** - Good (80-89*)
- **C** - Average (70-79*)
- **D** - Passing (60-69*)
- **F** - Failing (Below 60*)
- **CR or Z** - CLEP or other credit (See Credit by Examination for more information)
- **I** - Incomplete (See Incomplete Grades for more information)
- **IP** - No credit, satisfactory achievement. Must enroll in subsequent semester to complete educational objectives
- **P** - Passed
- **S** - Satisfactory
- **U** - Unsatisfactory
- **EW** - Enforced Withdrawal
- **W** - Withdrawn or dropped from college with no academic penalty (See Drops and Withdrawals for more information)
- **AU, X** - Audit

*Grade values may differ in the Health Science programs and in the Fire Science Technology program and Emergency Medical Services Professions.

**GRADE REPORTS**

Grade reports are available online at the end of each semester on Self-Service which may be accessed through the Weatherford College homepage at www.wc.edu.

**GRADE POINTS**

The GPA (grade point average) is computed by dividing the total number of grade points by the total number of semester hours attempted. Grades of “S,” “U,” “CR,” “W,” “EW,” “AU,” “X,” “I,” and “P” do not affect the grade point average.

The following schedule of grade points is used in computing GPA:

- **A** - 4 points per semester hour
- **B** - 3 points per semester hour
- **C** - 2 points per semester hour
- **D** - 1 point per semester hour
- **EW** - No points or 0 points
- **F** - No points or 0 points
- **W** - No points
Weatherford College guarantees to its Associate in Arts and Associate in Science degree students who have met the requirements for the degree that course credits will transfer to other publicly-supported Texas colleges or universities provided the following conditions are met:

- Transferability means acceptance of credit toward a specific major, specific degree, and from a specific institution. These three components must be identified in the student’s degree plan created at the start of the student’s program of study at Weatherford College.
- Limitations on total number of credits accepted in transfer, grades required, relevant GPA, and duration of transferability apply as stated in the general undergraduate catalog of the receiving institution.
- Transferability refers to courses in a written transfer/degree plan filed in a student's file in the Student Services Office at Weatherford College.
- Only college-level courses with Texas Higher Education Coordinating Board Lower Division Academic Course Guide Manual approved numbers are included in this guarantee.

If all of the above conditions are met and a course (or courses) is not accepted by a receiving institution in transfer, the student must notify the Vice President of Instruction and Student Services at Weatherford College within 10 days of notice of transfer credit denial so the “Transfer Dispute Resolution” process can be initiated.

**RESOLUTION OF TRANSFER DISPUTES**

The following procedures are followed by Weatherford College in the resolution of credit transfer disputes:

- If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied. A receiving institution shall also provide written notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.
- A student who receives notice as specified in the above information may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.
- The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Texas Higher Education Coordinating Board (THECB) rules and guidelines.
- If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution that denies the course credit for transfer shall notify the THECB commissioner of its denial and the reasons for the denial.

If course denial is not resolved, Weatherford College will allow the student to take tuition-free alternate courses, semester hour for semester hour, that are acceptable to the receiving institution within a one-year period from the granting of a degree at Weatherford College. The graduate is responsible for payment of any fees, books or other course-related expenses associated with the alternate course or courses.
GUARANTEE OF JOB COMPETENCY

If a recipient of an Associate of Applied Science degree or Certificate of Completion is judged by his or her employer to be lacking in technical job skills identified as exit competencies for his or her specific degree program, the graduate will be provided up to 12 tuition-free credit hours of additional skill training by Weatherford College under the conditions of the guarantee policy. Special conditions that apply to the guarantee include the following:

- The graduate must have earned the Associate of Applied Science degree or Certificate of Completion beginning May, 1993 or thereafter in a technical, vocational or occupational program identified in the college’s catalog.
- The graduate must have completed requirements for the Associate of Applied Science degree or Certificate of Completion at Weatherford College, with a minimum 75 percent of credits earned at Weatherford College, and must have completed the degree or certificate within a five-year time span from initial date of entry into the program.
- Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Academics and Student Services.
- Employment must have commenced within twelve months of graduation.
- The employer must certify in writing that the employee is lacking entry-level skills identified by Weatherford College as program exit competencies and must specify the areas of deficiency within 90 days of the graduate’s initial employment.
- The employer, graduate, division dean, job placement counselor, and an appropriate faculty member will develop a written educational plan for retraining.
- Retraining will be limited to twelve credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.
- All retraining must be completed within a calendar year from the time the educational plan is agreed upon.
- The graduate and/or employer is responsible for the cost of books, insurance, uniforms, fees, and other course-related expenses.
- The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.

HONOR GRADUATES

Students who meet the requirements for graduation will be deemed honor graduates if they have no grades lower than “C” and have an exceptional grade point average (3.5 grade point average or better) on all hours presented for graduation. To be eligible for Honor Graduate status, a student must have completed a minimum of thirty semester hours at Weatherford College. Highest honor graduates in Associate in Arts, Associate in Science, and Associate of Applied Science are recognized at commencement.
INCOMPLETE GRADES

Students who have successfully completed the majority of applicable coursework, maintaining a “C” or better average throughout the semester, but who are unable to complete all required work before the end of the semester due to uncontrollable circumstances may be given a temporary grade of “I” or incomplete in lieu of a final semester grade. Students must contact the course instructor to request assignment of the Incomplete prior to the end date of the semester. The student and instructor must document and agree to all terms and conditions for completion of the coursework on the Incomplete Grade Form prior to receiving approval from the Department Chair and Dean to grant an Incomplete. Grades of “I” not removed according to these conditions by the end of the next long semester in which the incomplete grade was granted will be permanently recorded as the grade that would have been awarded with the incomplete work scored at a value of “0”.

REPETITION OF COURSES

Courses may be repeated for grade improvement; only the highest grade earned is used to determine the student’s cumulative grade point average. However, all courses that receive assigned grades appear as part of the student’s permanent academic record.

Note: The Texas Legislature has mandated that a course repeated by a student more than twice at a public institution of higher education may not be reported for state funding. As a result, the institution must either pass the non-funded portion to all students or charge a supplementary fee. Consequently, Weatherford College has chosen to assess a supplementary fee to only those students repeating the course more than twice, beginning with Fall 2007 semester. For courses being taken for the third time, students will be charged $50.00 per semester credit hour ($150.00 for a 3 hour course) in addition to tuition and required fees associated with the course. Students will be notified at the time they register for a course that it has been taken twice at Weatherford College and is subject to the supplementary fee.

RETENTION POLICY FOR DEVELOPMENTAL COURSE COMPLETION AND STUDENT SUCCESS

Weatherford College believes that having students enrolled in the appropriate Mathematics and English courses at the beginning of their college careers is important to student success. It is our desire to provide every opportunity to help them maximize their learning experience in every college course. Therefore, WC has adopted the following retention policy:

• Students whose placement scores require remediation in Reading and/or English and/or Mathematics should be enrolled in each appropriate course, beginning the first semester of attendance. The Texas Success Initiative restricts enrollment in certain college level courses until the required developmental courses are completed successfully or the TSI or alternative test is retaken and the required score is presented. These are:
Courses restricted by **READING** scores:
- BIOL 1406
- BIOL 1407
- BIOL 1411
- BIOL 1413
- ENGL 1301
- ENGL 1302
- HIST 1301
- HIST 1302
- GOVT 2305
- GOVT 2306

Courses restricted by **WRITING** scores:
- ENGL 1301
- ENGL 1302

Courses restricted by **MATH** scores:
- BIOL 1406
- BIOL 1407
- BIOL 1411
- BIOL 1413
- MATH 1314
- MATH 1324
- MATH 1332
- MATH 1316
- MATH 1325
- MATH 1342
- MATH 1350

- The student should progress through developmental coursework in each area of need, either in consecutive semesters or in concurrent enrollment with college-level coursework, until the student has attained college-level eligibility or demonstrated college-level competency through successful completion of coursework in the identified subject areas.

- Students whose test scores place them in the developmental level of two or more subjects will be enrolled in our student success class – EDUC 1300 – Learning Frameworks. This class is designed to help students identify their own strengths and weaknesses and teach them the necessary skills to become effective college learners.

- It is critical that students attend and participate in **every** class session for remediation to maximize their potential for success in subsequent college coursework. Therefore, the following attendance policy has been instituted and is enforced by Weatherford College:

**ATTENDANCE REQUIREMENTS FOR DEVELOPMENTAL COURSES**

- Students enrolled in a 1-day a week developmental class may receive an Enforced Withdrawal, “EW”, if they receive 3 absences.
- Students enrolled in a 2-day a week developmental class may receive an Enforced Withdrawal, “EW”, if they receive 5 absences.
- Students enrolled in a 2-day a week developmental class for 8 weeks may receive an Enforced Withdrawal, “EW”, if they receive 3 absences.
- Students enrolled in a 4-day a week developmental class for 8 weeks may receive an Enforced Withdrawal, “EW”, if they receive 5 absences.
- Students enrolled in a summer developmental class may receive an Enforced Withdrawal, “EW”, if they receive 3 absences.

A warning letter will be sent to the student from the Coordinator of Instructional Support when a student has acquired 1 absence in a developmental class meeting 1 day a week, 1 absence in a developmental class meeting 2 days a week for eight weeks, 1 absence in a summer developmental class, 3 absences in a developmental class meeting 2 days a week, or 3 absences in a developmental class meeting 4 days a week for eight weeks. If the student reaches the maximum number of absences, he/she will receive a suspension notification letter from the Student Services advising office. **The student has 7 days to meet with the TSI compliance director in Student Services to appeal the suspension. Until such time, the student should continue to attend all classes.**
• If the student meets with the TSI compliance officer and appeals the suspension, the student may be re-admitted to the course.
• If the student does not respond to the suspension notification letter, or if the student’s appeal is denied, the student will receive an “EW”. The grade of “EW” has the same grade point value as a “W”.
• All students who receive an “EW” are blocked from registration for the next semester until they meet with a staff advisor.
• If a student receives a second “EW” in a subsequent semester, he/she can be withdrawn from all coursework.
• Students should be aware that an “EW” may also affect financial aid.

Questions regarding TSI requirements should be directed to the office of Student Services.

SEMESTER LOAD OF CLASSES
Students are permitted to earn approximately one-fourth of the semester hour requirement for a two-year degree during a long semester. The normal load for summer work is two academic courses per six-week term. In some cases the Vice President of Instruction and Student Services may grant permission for an additional course. In a mini term, the maximum load is one course, no exceptions.

SIX-DROP LIMIT
Students who enrolled in a Texas public institution of higher education as a first-time freshman in the fall of 2007 or after are limited to no more than six drops during their undergraduate career. The six-drop limit includes courses taken at any Texas public institution of higher education. All courses dropped after the official day of record for the semester will be included in the six-course limit unless the student withdraws from all classes, or the drop is authorized by an appropriate college official as an approved drop exception.

Students may not be allowed to drop a course if they have not provided the College with transcripts of all Texas Higher Education Institutions the student has been enrolled in, and the appropriate College official is concerned that in allowing the drop, the six-drop might be exceeded.

Students reaching the limit of six drops, either at WC or with transferred hours included, will not be allowed to drop any course. However, students who have reached the limit may withdraw from school.

Courses that are dropped on different dates of the semester, but culminate in a withdrawal (student receives a W for all courses that semester) will not be counted towards the six-drop limit.

SOCIAL SECURITY DISCLOSURE
Applicants for admission are advised that disclosure of a student’s Social Security Account Number (SSAN) is required as a condition for admission as a student at Weatherford College, in view of the practical administrative difficulties that would be encountered in maintaining adequate student records without continued use of the SSAN. The SSAN is used to verify the identity of a student. Authority for requiring disclosure of a student’s SSAN is based on section 7(a)(2) of the Privacy Act, which provides that an agency may continue to require disclosure of an individual’s SSAN as a condition for the granting of a right, benefit, or privilege.
provided by law where the agency required the disclosure under statutes or regulations prior to January 1, 1975, to verify the identity of an individual.

STANDARDS OF PROGRESS FOR STUDENTS RECEIVING VETERANS ADMINISTRATION BENEFITS

All students receiving Veteran’s benefits are governed by the rules for Scholastic Probation and Academic Suspension stated on page 50.

In addition, the following guidelines will apply to students receiving Veteran’s benefits who are placed on Scholastic Probation or Academic Suspension:

• Any student appearing before the Academic Appeals Committee for suspension must provide a copy of all Committee sanctions to the Veterans’ Coordinator;
• Per federal guidelines Veteran’s benefits will be terminated due to unsatisfactory progress after the second consecutive semester on scholastic probation;
• A student receiving Veteran’s benefits must be enrolled at least half-time (6 credit hours) or 3 credit hours in each summer session or 3 credit hours in an 8 week session to be removed from scholastic probation.

STUDENT’S RIGHT TO KNOW

Weatherford College provides certain consumer information to our future and current students. Listed below is some of the information that is available to you:

• Basic financial aid information available in registration guides, the catalog, and on the Weatherford College website, www.wc.edu
• General information about Weatherford College available in registration guides, the catalog, and on the Weatherford College website, www.wc.edu
• Student Right-to-Know Act information about completion/graduation rates for the general student body and student athletes is available in the Student Services office
• Equity in athletics information about student athletes is available on the website and the hardcopy form is available in the Student Services Office*
• The Jeanne Cleary Crime Statistics report is available on the Weatherford College website and the hard copy form is in the Student Services Office and the Campus Police Department**
• Family Education Rights and Privacy Act (FERPA) information is located in the WC Catalog and on the website, www.wc.edu.

Employees are available during regular business hours to assist with accessing any of the above information.

*Equity in Athletics can be found at www.wc.edu, going to Future Students tab, and a link is available for the data on the right side of the page
** Jeanne Cleary Crime Statistics report can be found on www.wc.edu, going to Future Students tab, and a link is available for the statistics on the right side of the page.
TRANSCRIPT REQUESTS

https://www.wc.edu/campus-administration/registrars-office/ordering-wc-transcripts

A transcript of college work is an official copy of a student’s permanent academic record bearing the college seal and the signature of the registrar. All delinquent fees must be paid to the Business Office and all holds cleared before a student’s transcript will be released.

Weatherford College, in partnership with a third-party vendor, now delivers official transcripts electronically to other colleges/schools, potential employers, military recruiters and to students themselves. Transcript requests are typically processed within 2 to 3 business days.

Unofficial transcripts may be printed from an active myWC account.
ATHLETICS AND INTRAMURAL SPORTS
www.wc.edu/Athletics/default.htm

Athletics at the intercollegiate level offered at WC include baseball, softball, rodeo and men’s and women’s basketball. The program is administered by the athletic director with administrative review. The college is a member of the National Junior College Athletic Association, Northern Texas Junior College Athletic Conference, and the National Intercollegiate Rodeo Association. Students may also participate on intramural sports teams including flag football, basketball, volleyball, and softball.

The intercollegiate athletic program at WC advocates the personal growth and education of students through their participation in a comprehensive program of NJCAA, Division I sports. As an integral part of the College, the intercollegiate athletic program actively promotes gender equity and diversity, and provides community enrichment. If you feel that you have the ability to compete at the intercollegiate level and would like to express your interest in a new sports program, please let those interests be made known to the Director of Athletics.

COLLEGE BOOKSTORE

The College Bookstore, operated by Texas Book Company, provides students, community members, faculty and staff with needed academic material to assist in their education. In addition to providing textbooks, the bookstore also provides college apparel, gifts, software, sundries and supplies. The store is located in the Doss Student Center on the north side of campus. For more information call (817) 598-6286 or email weatherford@texasbook.com. Please visit our website at www.weatherfordbooks.com.

Textbook Refund Policy

• The original sales receipt is required for every refund, no exceptions.
• To receive a full refund for a textbook, it must be returned during the semester for which it was purchased.
• For the fall or spring semester, full refunds are allowed during the first five (5) class days. Thereafter, a full refund will only be given through the 12th class with a receipt and a drop slip. Textbooks for summer classes must be returned during the first five (5) days of the semester for which it was purchased.
• Students who miss the return dates may sell their books back at any time and receive the current wholesale price.
• New books must be returned in the same condition as when purchased, with all included materials or inserts.
• All shrink wrapped books must be returned in the original shrink wrap.
• Any new books returned with blemishes, writing, markings, bent pages or covers, and any other damage will be considered for a return at the used price. If a textbook is not in its original selling condition, it will be considered for a return at the used price.
• Unfortunately, we cannot refund software, study guides, lab manuals, outlines, exam guides, photocopied materials, special orders, or clearance items.
• Textbooks or course related materials purchased during the last two weeks of the semester or mid-terms are not eligible for refunds.
Merchandise & General Book Refund Policy

- A sales receipt is required for all refunds.
- General merchandise in new condition and in unopened packaging may be exchanged or refunded within three (3) business days of purchase.
- Defective items with original receipt will be replaced or refunded at any time during store hours.

Book Buyback Policy

- Textbooks will be bought back during the week of final exams each semester (see the Academic Calendar for exact dates).
- Textbooks must be in re-saleable condition.
- The bookstore will pay approximately half or less of the purchase price if the textbook meets the following conditions:
  a. Book is being used in the next semester.
  b. Quantities are insufficient to fill next semester’s demand.
- Any book that does not fit the above qualifications may be bought back at a national wholesale price.

NOTE: Weatherford College does not guarantee the repurchase of any textbook.

FREE SPEECH

Weatherford College supports freedom of speech in those areas of the College in which the activity does not interfere with conducting of classes or the operations of the institution.

HOUSING AND DINING

Coyote Village is a unique alternative to traditional dormitory living. Walk to class from luxury apartments, located right on campus.

Coyote Village offers the best of both worlds with the comfort and amenities of an apartment style community and the convenience of on-campus living at very reasonable, affordable rates.

Choose from fully furnished two- and four-bedroom apartments. Units rent on an “individual lease basis,” meaning residents are never responsible for their roommate’s rent. For added privacy, the bedrooms are individually keyed and also include a separate phone line available in each bedroom. The kitchenettes are fully equipped, and each unit features a comfortable dining and living area. Other amenities are offered for resident students, including:

- Community center
- Social lounge with big screen TV
- 24-hour laundry facility
- Sand volleyball court
- Basketball sport court
- Computer learning center/cyber lounge
- 24-hour courtesy patrol serviced by the campus police department
- On-site community assistant staff
- On-site management and maintenance

Housing staff work in conjunction with the Office of Student Development and Wellness to develop and implement a full student life program.
Units rent on an individual lease basis. Current rates, deposits, and dates of availability are provided upon request. Early reservations are accepted and recommended. This housing contract is a 10 month lease (both fall & spring semesters). Summer housing is also available on a different contract agreement. For more information, contact the Coyote Village Assistant Director at 817-598-8876.

All students living in Coyote Village are required to purchase a meal plan through the Weatherford College cafeteria. The Coyote Café, located in the Doss Center, features a variety of delicious and nutritious dining choices served in a pleasant, casual atmosphere. The dining hall follows the official college calendar closing for all holidays including Labor Day, Thanksgiving, MLK Day, Easter, Spring Break, and between semesters. There are no dining hall services during the summer sessions. Contact the food service director, at (817) 598-6285 regarding any questions about meal plans.

INSTRUCTIONAL SUPPORT

LIBRARY SERVICES

https://www.wc.edu/library

The mission of the Speaker Jim Wright Library is to support programs, faculty, and students with quality resources and good customer service. The library values the input of all users in meeting the needs of the Weatherford College community.

Facilities and hours: Speaker Jim Wright Library is a two-story building located in the heart of campus. Five study rooms and individual study carrels are available for student use. The Health Science Room includes print and AV materials specifically for Nursing and all other Health Science programs, video viewing equipment, and two group study areas. Health Science students may reserve these study areas for group work.

The Faculty Development Room (FDR) is a conference room that may be reserved by faculty and staff for meetings. When not in use, it is available as an open study space for students. Contact the library’s Circulation Desk at 817-598-6251 or library@wc.edu to make a reservation.

Archival collections, centered on the history of the College, are available for viewing by appointment. Contact the library’s Circulation Desk at 817-598-6251 or library@wc.edu.

The Streib Center Computer Lab is primarily used for teaching library research instruction classes. Instructors may reserve the Streib for either library research or for general classroom use that requires students to have computer access. Contact the library’s Circulation Desk at 817-598-6251 or library@wc.edu to make a reservation. When not reserved, the Streib is a designated quiet study space in the library and open to all students for walk-in use.

The Adjunct Corner provides two laptop workstations exclusively for adjunct faculty teaching for Weatherford College. Adjuncts are welcome to use these computers to work on their classes, print assignments, and meet with students.

Students who need to print papers and documents can do so from any of 36 computer work stations. Both printing and photocopying are for a minimal fee. Students can also scan and save documents to email or a flashdrive. Wireless internet is available for users who bring their devices. A charging station and coffee vending machine are also available.

Library hours vary according to the school year and are posted on the entrance to the library and on the library’s website. For library hours on the Wise County
and Granbury (Hood County) campuses, check those locations specifically.

**SERVICES**

Librarians are available to teach research skills on all campuses. To schedule a time, email library@wc.edu with ‘Instruction’ in the subject line.

TechStop, located on the first floor and staffed by the IT department, assists all users needing help with logins, Canvas, etc. Call 817-598-8900 for assistance or come by in person.

Interlibrary Loan (ILL) allows faculty, staff, and students to request items not owned by the Weatherford College library. In the Library Catalog, click on the link “Request item through Interlibrary Loan” to submit requests. In all other situations, email citations directly to interlibraryloan@wc.edu. There is no charge for using ILL.

The TexShare Library Card is available to all enrolled students and faculty. TexShare is a statewide library card that grants borrowing privileges in participating libraries throughout Texas. Apply for a TexShare Card at the Circulation Desk. Course reserves (textbooks) are available at the Circulation Desk. These materials check-out for 2 hours/in-library use only.

The “Ask the Librarian” feature on the library’s website welcomes any questions about the library.

Students may check out up to 25 items with a photo ID for a loan period of 7 days up to three weeks with one renewal. Overdue and lost materials will result in a fine. Unpaid fines will result in blocking access to future registration and transcripts.

**RESOURCES**

The library’s print and online collections support the curriculums offered on all campuses. All online resources are accessible from off-campus. The webpage “Library Resources Tutorials” provides on-demand help on using library databases.

**INSTRUCTIONAL SUPPORT SERVICES**

**CENTER FOR RESEARCH AND WRITING**

Located on the lower level of the Speaker Jim Wright Library, The Center for Research and Writing (CReW) is a comprehensive facility offering assistance for students, faculty, and staff with their writing and research projects. Professional and peer tutors help writers with all stages of the writing and research process; walk-ins are welcome. Distance education and dual-credit students may contact CReW tutors for assistance by emailing inquiries to crw@wc.edu.

**ACADEMIC SUPPORT CENTER**

Located on the lower level of the Liberal Arts building (LART 1-2), the Academic Support Center (wc.edu/asc) is a resource center for students who need assistance in gaining the skills and knowledge needed to achieve academic success. The Academic Support Center staff is dedicated to providing support to the entire Weatherford College community through maintaining an up-to-date computer lab, presenting workshops on study skills and specific math topics, tutoring for various subjects including developmental classes, and providing a variety of testing resources. Handouts, books, and study guides are available for students needing these resources. Additional services include:

- Academic assessment through computerized testing is available to assist students in identifying academic strengths and weaknesses providing students with information enabling them to develop effective learning strategies.
• Test preparation for the entrance exams for the Health Sciences programs are offered throughout each semester. Schedules are posted at wc.edu/ASC/accuplacer-teas-workshops; study guides and computer programs are also available to assist individual students in preparing for admission tests.

• Tutoring is offered on a drop-in basis or by appointment to all Weatherford College students. Schedules are posted at wc.edu/ASC/tutoring. In addition, online tutoring is available 24/7 for most subjects. All tutors are required to participate in a certification training program and in additional in-service training.

• Content tutoring is provided for Physics, Chemistry, Anatomy & Physiology, and Spanish. Tutoring for other courses may be provided on a one-to-one basis. Contact the Academic Support Center for more information.

• Required tutorials for developmental math, reading, and writing classes are coordinated through the Academic Support Center.

• Services for special needs students are coordinated through the Special Populations Office in conjunction with the Academic Support Center.

Study skills workshops in areas including time management, note-taking, and test taking are provided throughout each long semester. A schedule of these workshops is posted on the Academic Support Center web page; additionally, fliers announcing topics, dates, times, and locations are regularly distributed throughout the campus. For access online, visit wc.edu/ASC/study-skills-workshops.

In addition, math workshops are offered throughout the semester on a variety of math topics. Workshop topics, dates, and times can be found at wc.edu/ASC/math-workshops.

WCWC ACADEMIC RESOURCE CENTER

The WCWC Academic Resource Center offers tutoring in mathematics, reading, and writing. The Center also houses the Accommodations Office for students with disabilities. All services are free of charge. The Center is open Monday through Thursday, with appointments available on Fridays. Hours vary by semester and are posted throughout the WCWC Campus.

OFFICE OF DISABILITIES AND ACCOMMODATIONS

Students or prospective students with disabilities can contact the Office of Disabilities and Accommodations. The Office of D/A exists to assist students with documented disabilities as they pursue their goal of a college education. The office serves as a liaison between students and the college in matters of communication and action toward achievement of reasonable accommodations. Each student is encouraged to act as his or her own advocate, and take the major responsibility for securing accommodations. The Office of D/A provides students with the voluntary and confidential means to seek accommodations for academic and related needs. Early and regular contact will assure the timely identification of needed services and the location of resources and options available to the student.

Eligibility for disability services at Weatherford College is dependent upon the nature of the disability and its impact on learning. A disability is defined as any mental or physical condition that substantially limits an individual’s ability to perform one or more major life activities. These disabilities may be: physical, visual or auditory, neurological or psychological in nature, and also include chronic health problems and learning and communication disorders.
The Office of D/A is located in Student Services-upper level. Due to the high volume of students who receive services through this office it is highly recommended that students make appointments with the counselor in the Office of Disabilities and Accommodations located in Students Services or call 817-598-6350.

**PERSONAL COUNSELING**

Individual and group counseling are available to all WC students. Personal issues and concerns such as decision-making, personal relationship skills, increasing self-confidence, anxiety, depression, eating disorders, substance abuse, anger management, and personal adjustments necessary to be successful may be topics through which students might work with the guidance of a WC counselor. All counseling provided by the WC counseling staff is free and confidential. Appointments can be scheduled by contacting the Office of Student Development, located within the Doss Student Center by calling 817-598-6246. Appointments at WCWC, ECGB and ECMW are also available by calling 817-598-6246 for scheduling.

**SELF-SERVICE**

Self-Service is the web-based student information system used by Weatherford College. The following student information can be printed or displayed from an individual student login:

- Register/Add/Drop classes
- Class schedule
- Grade report
- Course availability
- Unofficial transcript
- Account status
- Degree audit
- Demographic information
- Financial aid
- PIN maintenance
- Student Organizations

Self-Service is accessible from any computer with web-based capabilities. To use the system, visit the Weatherford College home page (www.wc.edu).

**STUDENT ACTIVITIES**

Weatherford College believes in the value of extracurricular experiences as a means of helping students to develop a sense of civic responsibility, social poise, friendliness, initiative, and inventiveness. WC gives serious attention to sponsoring such activities and organizations that will contribute to these and other worthy goals. To participate in extracurricular organizations and activities sponsored by the college, students must be in good standing. To hold an office in an organization, students must be enrolled for at least twelve semester hours and maintain at least a “C” average. Certain organizations and activities may require more stringent standards. For more information, please contact the Office of Student Development and Wellness located in the Doss Student Center, 817-598-6246.
STUDENT HANDBOOK

The Student Handbook provides a detailed explanation of Weatherford College services, rules, regulations, and policies, and provides information to students on the procedures for registering complaints. The most current edition is found online under the Campus Resources tab.

TESTING SERVICES

The Weatherford College Testing Center offers a secure testing environment that is conducive to achievement. The testing center administers national and state standardized tests, such as Texas Certificate of High School Equivalency (GED, HiSet), ACT, CLEP, TCEQ, TCOLE, and Pearson Certification Exams. The testing center administers local tests, such as TSI Assessment, Accuplacer, ATI TEAS, HESI A2, Virtual College of Texas and campus faculty tests. The testing center is also available for students and community members to have tests proctored while taking on-line or correspondence courses from other colleges or universities. For more information, contact the Testing Center at 817-598-6383. The Weatherford College Wise County Testing Center can be reached at 940-626-3247. The Education Center at Granbury Testing Center can be reached at 817-598-6339. The Education Center at Mineral Wells Testing Center can be reached at 940-325-2591.

TRIO STUDENT SUPPORT SERVICES (SSS)

SSS is a TRIO program funded by the U.S. Department of Education, whose mission is to help eligible students succeed at Weatherford College, graduate and/or transfer to a university to complete a degree. SSS participants are provided personal academic advising, individual development plans, tutoring and supplemental instruction, financial aid assistance, personal counseling, career advising, transfer assistance through campus tours and cooperative advising with transfer admissions offices, and cultural enrichment, all at no cost to the student.

To be eligible, students must be enrolled at Weatherford College, be citizens or permanent residents of the U.S., and meet one or more of the following requirements: have a family income within federal low-income guidelines, be a first-generation student, or a student with a documented disability. Applications to the program may be obtained in the TRiO Student Support Services office, located in Room 108 of the Student Services Building. The SSS department can be reached at 817-598-6484.

VETERANS SERVICES

Weatherford College is committed to serving veteran students and their dependents. All veteran education benefits are accepted at Weatherford College for programs that have been approved by the Texas Veterans Commission. Weatherford College also accepts the Hazlewood Act exemption for veterans and their dependents. Please contact the veterans office at 817-598-6243 or 817-598-6248 for more information.

Weatherford College Veteran Center is located in the Student Services Bldg. upper level. The Veterans’ Center is opened to all veterans and their dependents for advising, personal counseling, registering for classes, study area and a place to come and meet other veteran students.
Veterans are welcomed and encouraged to communicate to the veterans’ counselor, any special circumstances or disability accommodations they may need.

WELCOME CENTER
www.wc.edu/campus-resources/welcome-center

The Weatherford College Welcome Center serves perspective and current students, alumni, and community members.

The Welcome Center provides the following:

Interested in Weatherford College?
- Learn about fields of study, educational pathways, and discuss your goals.

Campus Tours/Student Ambassadors
- Tours are conducted by Student Ambassadors daily at 11 a.m. and 2 p.m. Group tours (school field trips with sponsors) are by appt. only. Please email ssiebuhr@wc.edu if you have questions.

Career Services and Counseling
- Free career assessments and evaluations
- Job search resources
- Resume and cover letter assistance
- Interview tips and mock interviews
- Career fairs, fall and spring
- reverse transfer options

Phi Theta Kappa
- Sponsor and officer space, membership inquiries, and monthly meetings.

Student Resources and Events
- Campus Resource Questions - Tutoring, Campus Groups, Counseling, etc.
- Study space (individuals and groups)
- Meeting/presentation space, schedule with Shantee Siebuhr, ssiebuhr@wc.edu
- On-site access to university representatives
- University transfer fairs, fall and spring

For additional information, please visit the Welcome Center on the main campus in Weatherford, or email Shantee Siebuhr, ssiebuhr@wc.edu.

We are located within the Academic building on the main campus in Weatherford, room 121. Our hours are posted on our website at www.wc.edu/campus-resources/welcome-center
WORKFORCE EDUCATION
wc.edu/workforce

The mission of the Workforce Education division of Weatherford College is to provide quality education and training for individuals; assist business and industry in upgrading their workforce; and maintain an instructional environment that fosters continued growth and professional development.

COURSES OFFERED

Workforce Education (WFE) offers opportunities in career training, industry recognized certifications and special programs. Students are afforded a diversified selection as well as varied class dates and times throughout the year. WFE offers classes and institutional awards in the following programs:

Business & Industry
- Automation (IMAT)
- Bookkeeping & QuickBooks
- Computer Aided Drafting (CAD)
- Computer Skills for Business
- HVAC
- Logistics
- Professionalism in the Workplace
- Truck Driving
- Welding

Health Professions
- Certified Nurse Aide
- Clinical Medical Assistant
- CPR-Basic Life Support
- Dental Assistant
- Medication Aide
- IV Validation for LVNs
- Pharmacy Technician

Courses are conveniently located on the Weatherford College main campus, Wise County campus, education centers in Granbury and Mineral Wells, area public schools and other approved off-site training locations. The WFE can even offer custom training to area businesses through the Corporate College division. Courses currently offered, but not limited to, include:

Corporate College (Division of WFE)
- Sales Training
- Workplace Communications
- Six Sigma training
- Account Management
- People Leadership

Financial assistance is offered through the WFE office to those who qualify, provided funding is available. Workforce Education Grant (WEG) and Scholarship applications are located at wc.edu/workforce or the Workforce Education office on both Weatherford and Wise County campuses. Current schedule of classes and online courses are also available at wc.edu/workforce and at both campus locations as well.
THE CONTINUING EDUCATION UNIT (CEU)

For all students who successfully complete the requirements for WFE courses, Weatherford College confers CEUs in compliance with accrediting agencies. A CEU is officially defined as “ten (10) contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction.” CEUs serve as valid documentation of professional and personal educational growth.

REGISTRATION

Students should register prior to the first day of class or by specified registration deadlines. Many courses have size and registration limitations. Students are registered on a first-come, first-served basis. The minimum enrollment requirement guidelines and delays in registration may result in cancellation of classes. Registration is not complete until fees are paid in full and all forms are complete.

Registration forms are available in the Workforce Education office and on the website at wc.edu/workforce. Students may telephone 817-598-8870 or request the required forms from the WFE office at 225 College Park Drive, Weatherford, Texas 76086.

TUITION

Costs and descriptions for all courses offered are available at the campuses and education center offices and are also included in the yearly schedule of classes. In addition, visit the website at wc.edu/workforce.

SENIOR CITIZEN DISCOUNT

Persons the age of 65 or older may qualify for a discounted price for certain classes when space is available. The discounted price does not apply to all classes. If a senior citizen prefers to ensure a seat in a class, they have the opportunity to pay tuition and fees or they can wait for the next available opening. Discounts are NOT available to repeat a class. Contact our office at 817-598-8870 to determine eligible classes. A copy of your driver’s license MUST accompany the registration form. Program approval is subject to change without notice.

GUIDELINES FOR REFUNDS

A refund will be mailed from the Weatherford College Business Office if a student withdraws before the first day of class or if a class is canceled. Generally a refund requires two to four weeks for processing. No refunds will be made on or after the class start day.

TEXTBOOKS AND SUPPLIES

If a textbook and/or supplies are required, students may purchase them at the Weatherford College bookstore in the Doss Student Center during normal business hours.

MIRROR COURSES

Workforce Education has certain courses identified as “mirror courses.” Mirror courses meet at the same time and place as existing college academic semester credit courses on the same topic. Enrollment is based upon space available, and where applicable, completion of appropriate assessment and counseling. Workforce Education “mirror courses” are non-credit courses and not
for academic college or academic certificate credit. Students are not required to be TSI compliant; however students will earn Continuing Education Units (CEUs).

ARTICULATION AGREEMENT
Workforce Education has established an “Articulation Agreement” in order to convert CEUs to semester credit hours for certain courses taught by SAC’s credentialed instructors under the specific conditions of the agreement. Completion of the Articulation Agreement enables the student to apply hours earned toward a credit certificate or degree. Transference does not impact the student’s grade point average.

WORKFORCE EDUCATION OFFICE LOCATIONS AND OFFICE HOURS

CLOSED FRIDAY

TRUCK DRIVING ACADEMY
wc.edu
The Weatherford College Truck Driving Academy offers professional truck driver training to meet the skill level requirements of any road transportation industry carrier. The academy trains qualified men and women for five (5) weeks using a certified course of 200 hours of hands-on and classroom training. Customized and refresher courses also offered pending approval from Director.

To help fill the demand, the transportation industry looks to community colleges to provide the training needed to secure safe and responsible truck drivers. Weatherford College’s Truck Driving Academy, established in 1992, offers courses that provide practical, personalized instruction and prepares students for successful careers in truck driving. Using WC’s well-maintained tractors and other vehicles under the instruction of professional, experienced and trained instructors, students accumulate many behind-the-wheel hours, and learn more about employment opportunities from representatives of leading national carriers.

Upon successful completion of this course, students will be licensed as Class A-CDL with double, triple and tanker endorsements, certified by the Department of Transportation.
COURSE OBJECTIVES

The Weatherford College Truck Driving Academy offers the potential driver a well-rounded training experience for commercial driving. Upon completion of the program, students will demonstrate an understanding of the basic concepts and requirements of the Federal Motor Carrier Safety Regulations.

Students learn to identify, inspect and evaluate the critical attributes of the commercial vehicle system; to complete a driver’s daily log and logbook recap and to transport cargo safely, read maps and plan trips effectively.

REQUIREMENTS & QUALIFICATIONS

To qualify for employment as a career driver, students must meet the following qualifications:

- Be 21 years of age or older and obtain a Federal Commercial Driver’s License for interstate driving.
- Pass a Department of Transportation physical examination and drug screening.
- Have a valid driver’s license with a good driving record.
- Have the ability to read, write, and speak the English language.

DISTANCE EDUCATION

www.wc.edu/academics/dualcredit-elearning

Weatherford College is committed to providing quality alternatives in the delivery of instruction to students regardless of geographical location. Students not physically residing in Texas are not eligible to receive federal financial aid for online-only coursework. Distance education courses are made available to students via the Internet. The instructor and the students are not in a face-to-face environment when the teaching and learning take place. For detailed information concerning distance education courses visit www.wc.edu/academics/dualcredit-elearning

FACE-TO-FACE COURSES

Face-to-face courses are provided in a format which will include 50% or greater required course activity (excluding outside readings and homework) in a traditional classroom environment. Face-to-face courses will typically have online syllabi, gradebooks, and attendance records and may have additional course-related materials provided at the instructor’s discretion.

ONLINE COURSES

Online courses are provided in a format in which 85% or greater of the required course activities are completed in a digital environment. Online courses will typically have the same foundational components as face-to-face offerings along with lecture materials, media-enhanced presentations, discussion forums, chat sessions, writing assignments, and exams. Because these courses are designed to replace the instructor and student interaction of the classroom with equally informative and challenging content, online courses may actually prove harder for some students. When taking online courses, students should anticipate spending more time and energy reading, writing, and working alone than one might normally experience in a face-to-face class. Please remember that, due to the student identification verification requirement, WC offers no 100% online courses.

HYBRID COURSES

Hybrid courses are provided in a format in which 51 to 85% of the required course activities are completed in a digital environment. Hybrid courses are steadily growing in popularity because they offer students and instructors opportunities to meet and focus on critical issues while allowing them to address other important aspects of each course through a digital platform. Most hybrid courses at Weatherford College are offered with approximately 51% of required course materials provided online and 49% in a face-to-face environment. Please see individual courses and instructors for exact distributions of content. Because hybrid courses typically meet once per week in each long semester, students may find they can schedule their classes to economize meeting times without sacrificing hours attempted. Students should also consider the time and energy demands of the online components of each hybrid class. As with the online offerings, students in hybridized classes should anticipate spending more time and energy reading, writing, and working alone than one might normally experience in a face-to-face class.
FEES
Tuition and fees for distance education courses do not differ from traditionally taught courses at Weatherford College with the exception of the courses provided through the Virtual College of Texas (VCT). Any course taken via the VCT will involve an additional fee.

TEXTBOOKS
Textbooks for distance education courses taught by Weatherford College instructors are available at the Weatherford College bookstore. If a student is enrolled in a VCT course at Weatherford College, the textbook must be obtained from the remote college bookstore.

The Distance Education Office is located on the second floor of the Student Services Building.

TEACHER CERTIFICATION PROGRAM
https://www.wc.edu/academics/programs-study/education-and-childcare/alternative-teacher-certification

The Weatherford College Teacher Certification Program is designed to assist individuals who hold a bachelor’s degree and meet other specific criteria to obtain Texas teacher certification. The WC Teacher Certification Program is considered an “alternative” route because it accomplishes certification outside the traditional university program.

This program has been approved by the State Board for Educator Certification (SBEC) as one of the first teacher preparation programs offered through the Texas community college system. This program is accredited by the Texas Education Agency.

TEXAS CHRISTIAN UNIVERSITY ROTC CLASSES FOR WEATHERFORD COLLEGE STUDENTS

AIR FORCE ROTC (AFROTC)

A long-standing partnership with TCU allows WC students to begin participating in the Air Force ROTC Program. During their freshman and sophomore years, WC students may complete up to five aerospace courses that are part of the ROTC program.

The United States Air Force Reserve Officer Training Corps (AFROTC) provides men and women the education and training necessary to develop the management and leadership skills vital to professional Air Force officers. Enrollment in the General Military Course (GMC) the first two years is voluntary for eligible students and does not obligate non-scholarship students for further military service.

Aerospace studies courses are taken concurrently with other degree programs. No degree is offered in aerospace studies, but up to twenty-four semester hours may be earned in aerospace studies over the four-year period. Students who enroll in aerospace studies must attend both classroom and leadership laboratory classes at TCU. The laboratory classes give students first-hand experience in leadership and organizational skills while preparing them for enrollment in the Professional Officer Course.

Upon successful completion of the AFROTC program and baccalaureate degree, a student will be commissioned a second lieutenant in the U.S. Air Force. Newly-commissioned officers can normally expect to be called into active service within 60 days from the date of their commissioning. In certain instances, active service can be delayed by students continuing in post-baccalaureate degree programs.

General Qualifications
A student enrolling in AFROTC must:
• Be a full-time student (12 semester hours or more)
• Be a United States citizen
• Be in good physical condition
• Have good moral character
• Be no older than 29 years old (up to 34 years old with waivers) upon commissioning
AFROTC Scholarships

Air Force ROTC offers 4-, 3-, 2- and, in some situations, 1-year scholarships. Most scholarships pay for tuition, textbooks, and fees plus a $150 stipend per month during the school year. Requirements for each scholarship category may vary; therefore, applicants should contact the Department of Aerospace Studies at TCU at 817-921-7461 for specific details.

Applicants for a 4-year scholarship must be submitted by December 1 of the high school senior year. Applications for other scholarship are made through the Aerospace Studies Department. Scholarship applicants are selected using the “whole person” concept which includes objective factors (i.e., grade point average, physical fitness test and 1.5 mile run) and subjective factors (i.e., personal evaluations). Students who enrolled in Air Force ROTC generally improve their scholarship selection opportunity.

MILITARY SCIENCE/ARMY ROTC

WC participates with TCU’s Army ROTC Program. Military science offers opportunities to develop confidence, self-esteem, and leadership and life skills to succeed in college and beyond. It is an academic curriculum that supplements a student’s major and is designed to prepare qualified, high potential students for service as commissioned officers in the United States Army and its Reserve Components (the Army Reserve and the Army National Guard).

The Military Science Program is composed of a two-year Basic Course, a two-year Advanced Course, and a four-week Leadership Development and Assessment Course (LDAC) summer program. Non-scholarship students enrolling in only freshman- and sophomore-level classes incur no obligation to serve in the military after graduation. Upon completion of the requirements for the baccalaureate or master’s degree and military science training requirements, students are commissioned as second lieutenants.

Four-year, three-year and two-year programs are offered. Each program includes the option for qualified students to benefit from a tuition and fees scholarship, and TCU offers room and board grants for qualified ROTC scholarship winners.

Two-Year Program

The two-year program is designed for students who either transfer into TCU or elect to begin pursuing a commission in the fall of their junior year. It includes a paid four-week summer training session between the sophomore and junior years and the Advanced Course described under the four-year program. Application for the two-year program is normally made during the second semester of the sophomore year. However, the two-year program is also open to juniors and seniors planning attendance at graduate school. The monthly cash allowance for students in the two-year program is the same as for other students in the Advanced Course. Numerous full tuition and fees scholarships are available for qualified two-year program applicants.
Military Science Scholarships

Four-year, three-year and two-year scholarships are available to qualified applicants. Scholarships are full tuition. Scholarships can be applied toward tuition and mandatory fees, and provide $1,200 per year for books. The scholarship also provides a cash stipend for each month the student participates in full-time on-campus instruction (limited to 10 months each year). The stipend amount varies by class year, ranging from $300 for freshman to $500 for seniors.

Four-Year Scholarships

High school students wishing to compete for a four-year scholarship should apply during the summer between their junior and senior years. Outstanding candidates can be notified of their selection as early as November of their senior year. Students who wait until their senior year to apply must apply early. Completed applications must be received at the evaluation center before January 10 of the student’s senior year in high school.

Three-Year Scholarships

Freshman students enrolled at TCU or students planning to transfer into TCU at the beginning of their sophomore year may apply for three-year scholarships. Students applying for the three-year scholarship must have at least 27 semester hours credit at the beginning of the sophomore year and meet the other specified eligibility criteria.

Two-Year Scholarships

Any student, presently enrolled or planning to transfer to TCU, who will have 54 semester hours completed by the beginning of the next fall semester may apply for a two-year scholarship. To validate their scholarships, recipients are required to satisfactorily complete a paid four-week summer training session prior to entering school in the fall semester.

Nursing Scholarships

The Army ROTC provides four and a half-, four-, three- and two-year scholarships for students interested in becoming officers in the U.S. Army Nurse Corps. Application forms and information about these scholarships may be obtained by calling 817-257-7455.

Pass/No-Credit Option

Military science classes may not be taken on the Pass/No Credit basis.

SELECTION OF COURSES

Weatherford College curricula are intended to serve as guidelines to students and their designated counselors or advisors in planning individual class schedules. Students are required to select one of these programs at the time of enrollment but may change their course of study at any time.

Students are encouraged to enroll in courses that help them realize their individual goals. Whether students plan to transfer to a four-year university and work toward a bachelor’s degree or take courses to prepare them to enter the labor market, appropriate programs of study are available. These programs are flexible enough to allow students to select the courses that will be most useful to them.

GRADUATION REQUIREMENTS FOR
THE ASSOCIATE OF ARTS,
THE ASSOCIATE OF SCIENCE,
THE ASSOCIATE OF APPLIED SCIENCE DEGREES, AND
THE BACCALAUREATE DEGREE NURSING

Students in associate’s degree programs may graduate under the current catalog or any previous catalog under which they were enrolled back to a maximum of five years prior to graduation, beginning with their first enrollment at WC. In cases of curriculum changes within an A.A.S. degree plan, refer to Curriculum Changes Affecting Students Enrolled in Vocational/Technical Programs (pg. 99).

Veterans with one year active duty will receive three credit hours of physical education.

Developmental courses are not counted for graduation requirements.

Along with completion of coursework and credit hours outlined on pages that follow, the following must be in place for a student to earn a degree or certificate:

• Completion of entrance requirements.
• A minimum cumulative GPA of 2.0 in all courses presented for graduation.
• A minimum of 25% of the hours of a degree for graduation earned from Weatherford College.
• Credit from other colleges applied toward graduation as determined by transcript evaluation by the registrar’s office. Official transcripts from all prior colleges must be on file for this evaluation to take place.
• No more than nine semester hours of correspondence study credit applied toward a degree.
• All areas of the TSI test passed if not exempt from this state requirement.
• Discharge of all financial obligations to Weatherford College prior to graduation.
• Formal application made during the first eight weeks of the semester of graduation. (See Petition for Graduation on college website)
• Official transcript(s) from other colleges and universities on file.
REQUIRED COURSES

Students are not compelled to register for certain courses when they enroll in college. A course is required only in the sense that it must be completed to meet the requirements for a degree; however, students must bear in mind that some courses specify prerequisite courses or permission of the instructor. Students who wish to earn a degree at Weatherford College or a bachelor’s degree when they transfer should enroll in courses required for the degree they seek. Developmental courses required due to TSI can be required in addition to degree requirements.

WEATHERFORD COLLEGE CORE TRANSFER CURRICULUM

All public colleges and universities in Texas must accept transfer credit for successfully completed courses identified by the Texas Higher Education Coordinating Board (THECB) as the Core Transfer Curriculum in a particular major for an associate or bachelor degree. No institution shall be required to accept in transfer more credit hours than in the granting institution’s approved Core Transfer Curriculum. In accordance with these requirements, Weatherford College has established for its students a 42 semester credit hour core curriculum to enhance communication and critical thinking skills; to develop skills and knowledge in empirical and quantitative reasoning; to promote teamwork; to foster personal and social responsibility. Once a student has successfully completed core curriculum coursework at Weatherford College, those courses may be transferred to any other public institution of higher education and must be substituted for the receiving institution’s core curriculum. Students will receive academic credit for each of the courses transferred and may only be required to take additional core courses for the purposes of meeting the degree requirements for specific majors approved by the THECB.

Students should visit with an advisor to select courses above the core curriculum that will transfer to the senior institution to which they plan to transfer. No university shall be required to accept in transfer toward a degree, more than sixty-six (66) semester credit hours of academic credits earned by a student in a community college. Universities, however, may choose to accept additional credit hours.

In any major for which there is no coordinating board-approved transfer curriculum, no institution is required to accept in transfer more lower division course credit in the major applicable to a baccalaureate degree than the institution allows their non-transfer students in that major. A university may deny the transfer of credit in courses with a grade of “D” as applicable to a student’s field of study courses, core curriculum courses, or major if it denies credit in those same courses with a grade of “D” to its native students.

ASSOCIATE OF ARTS DEGREE

The Associate of Art degree is designed for transfer to a four-year college or university as the lower division coursework for the Bachelor of Arts degree. Listed below are possible bachelor’s degree majors into which a student may transfer.

- Accounting
- Agriculture
- Architecture
- Art
- Business Administration & Management
- Child Care Provider/Assistant
- Communications
- Criminal Justice
- Drama
- Economics
- English Languages & Literature
- Kinesiology (Health & Wellness)
- Liberal Arts
- Marketing
- Music
- Political Science & Government
- Psychology
- Social Work
- Sociology
- Teacher Education

Each Associate of Arts degree consists of a 42 semester credit hour (SCH) transfer core curriculum as well as 18 semester credit hours appropriate for the major Field Of Study (FOS).

TRANSFER CURRICULA FOR BACHELOR OF ARTS MAJORS:

NOTE: The Texas Higher Education Coordinating Board has approved Field of Study Curricula for the Associate of Arts degree majors identified as (THECB FOS).

Agriculture
ACCT 2301, ACCT 2302, ECON 2301, BCIS 1305 or AGRI 1309, AGRI 1415 or AGRI 1407, MATH 1342 or MATH 1325, AGRI 2317, AGRI 1325

Anthropology
ANTH 2301, ANTH 2302, ANTH 2351

Art
Arts 1301, ARTS 1303, ARTS 1304, ARTS 1311, ARTS 1312, ARTS 1316, ARTS 1317

Business Administration & Management
ACCT 2301, ACCT 2302, BCIS 1305, BUSI 1301, BUSI 2305, ECON 2301, ECON 2302, MATH 1324 (THECB FOS)

Child Care Provider/Assistant
TECA 1303, TECA 1311, TECA 1318, TECA 1354

Criminal Justice
CRIJ 1301, CRIJ 1306, CRIJ 1310, CRIJ 2313, CRIJ 2328, and one 3 SCH elective from CRIJ (THECB FOS)

Drama
DRAM 1351, DRAM 1330, Script Analysis, DRAM 1120, DRAM 1121, DRAM 2120, DRAM 2121, and up to 8 SCH of electives from DRAM 1322, DRAM 1341, DRAM 1342, DRAM 1352, DRAM 2331, DRAM 2336, DRAM 2361, or DRAM 2362 (THECB FOS PROPOSED) (course selection depends on track – performance, design, general)

Economics
ECON 2301, ECON 2302, MATH 1342, MATH 1325, and 6 SCH of electives from the MATH, BUSI, or social science areas.
English Language & Literature
ENGL 1301, ENGL 1302, and 18 SCH in electives and ENGL literature survey courses. (To avoid duplication of content, one-half of a two-semester survey cannot be taken in conjunction with a single-semester course in the same topic.)

Kinesiology (Health & Wellness)
KINE 1304, KINE 1306, BIOL 1332, BIOL 2401, BIOL 2402, PSYC 2301, SOCI 2340, and 6 SCH of KINE electives (THECB FOS PROPOSED)

Music
4 SCH in MUEN (ensemble) courses, 8 SCH in MUAP (applied study) courses, MUSI 1311, MUSI 1312, MUSI 2311, MUSI 2312, MUSI 1116, MUSI 1117, MUSI 2116, MUSI 2117, MUSI 1307 (THECB FOS) NOTE: The Field of Study Curriculum for Music constitutes the base of a 60-semester-credit-hour transfer block. Students seeking a bachelor’s degree in music shall complete elements of the core transfer curriculum at the receiving institution.

Political Science & Government
GOVT 2304, GOVT 2305, GOVT 2306, MATH 1342, and 15 SCH of electives

Psychology
PSYC 2301, PSYC 2314, PSYC 2317, PSYC 2319, PSYC 2320, PSYC 2330

Social Work
SOCW 2361, SOCW 2362, SOCI 1306, MATH 1342 or PSYC 2317, SOCW 2389, and 3 SCH of electives (THECB FOS)

Sociology
SOCI 1301 and 6 SCH of electives (THECB FOS)

ASSOCIATE OF SCIENCE DEGREE

ASSOCIATE OF APPLIED SCIENCE DEGREE

Occupational education curricula are developed to provide students with vocational competencies upon completion of a prescribed course of study. Special attention is given to the development of SCANS (Secretary’s Commission on Achieving Necessary Skills) competencies which include problem solving and interpersonal skill development. These programs provide students an opportunity to develop the skills and knowledge necessary for immediate entry-level employment in business and industry.

A minimum total of 60 semester hours credit, excluding physical education activity courses must be presented with an average grade of “C” (2.0); some programs require more than the 60 semester hour total. All prescribed requirements for the specific technical or occupational programs for which the student is enrolled must be completed.

Requirements are listed in this catalog under the specific programs as follows:

- Accounting
- Associate Degree Nursing
- Business Administration
- Cosmetology
- Criminal Justice-Law Enforcement
- Diagnostic Medical Sonography
- Emergency Medical Services Professions
- Equine Production & Mgmt.
- Fire Science Technology
- Histotechnology (Tarleton State University Partnership)

- Human Service Provider
- Information Technology
- Medical Laboratory Technology (Tarleton State University Partnership)
- Occupational Therapy Assistant
- Physical Therapist Assistant
- Radiologic Technology
- Respiratory Care
- Veterinary Technology
CURRICULUM CHANGES AFFECTING STUDENTS ENROLLED IN VOCATIONAL/TECHNICAL PROGRAMS

Weatherford College regularly updates programs and establishes occupational courses based on information obtained through advisory committees or other industry validations. Deans of the divisions submit program revisions to the Texas Higher Education Coordinating Board as they are developed.

Students enrolled prior to the semester in which a curriculum revision becomes effective will be assigned to a new curriculum when it goes into effect unless they request in writing not to do so. Upon request and agreement of the department chair and the director of admissions, these students may remain in the former curriculum providing individual degree plans showing the old curriculum have been filed with a counselor in the Student Services Office. Course substitutions will be made as needed by the department chair if required courses are deleted from the program.

CERTIFICATE OF COMPLETION

A certificate of completion is awarded to any student who completes a prescribed program of study in:

- Accounting
- Barber
- Basic Firefighter
- Business Administration
- Child Care Provider/Assistant
- Cosmetology
- Database Programming
- Emergency Medical Technician
- Emergency Medical Technician-Advanced
- Equine Production & Mgmt.
- Information Systems
- Law Enforcement Officer
- Network Systems
- Paramedic
- Phlebotomy
- Substance Abuse Counseling
- Veterinary Assisting
- Vocational Nursing
- Web Development

A certificate of completion will also be awarded to students who complete an approved course or program in the Workforce Education division.

In addition, the following are provided within the department for completion of specific technical skills courses:

- Echocardiography Certificate
- Program of Completion for Substance Abuse Prevention Specialist – within the Substance Abuse Counseling certificate program.
This program is designed to prepare students for various career opportunities in accounting, such as positions in accounting firms, industry or government. Emphasis is placed on internal accounting procedures and generally accepted accounting principles. This program is intended to provide a foundation on which the graduate can build an accounting career through expanded experience and/or further education.

Students planning to transfer to a four-year institution and/or become a Certified Public Accountant should follow the Associate of Science—Business Field of Study degree plan found in the Business Administration section.

CERTIFICATE PROGRAMS

ACCOUNTING FOUNDATION CERTIFICATE
16 semester hours required to complete

This certificate prepares students for the world of work in business, industry, and government. The certificate will give students background for an entry-level position as an accounting clerk, bookkeeper, accounts payable, accounts receivable, and other possible job positions in the accounting field. This certificate program can be used for completion of the Accounting A.A.S. degree.

DEGREE PROGRAM

ACCOUNTING A.A.S.
60 hours required to graduate

This program is designed to prepare students for various career opportunities in accounting, such as positions in accounting firms, industry, or government. Emphasis is placed on internal accounting procedures and generally accepted accounting principles. This program is intended to provide a foundation on which the graduate can build an accounting career through expanded experience and/or further education. Completion of the first two semesters leads to an award of an Accounting Clerk Certificate.

Students enrolling in accounting degree programs should make every possible effort to complete courses in the required sequence. When circumstances warrant deviation from prescribed plans, the department chair or one of the faculty advisors must be consulted for approval of changes including, but not limited to, substitution of courses, waiver of prerequisites, and permission to take courses.

Weatherford College offers three agriculture programs: an Associate of Art two-year transfer degree, an Associate of Science two-year transfer degree, and a one-year certificate of completion in Equine Production and Management. The Associate degree is designed to prepare students for the diverse offerings of four-year Agricultural Programs across Texas. The program is flexible to meet the needs of the individual student, yet when combined with the core curriculum will prepare students to enter a four-year University or College with a total of 60 hours toward a BS in Agriculture with degrees including Agribusiness/Economics, Animal Science, Agricultural Education, Agricultural Communications/Leadership, Horticulture, Wildlife Science, and Pre-Veterinary Science.
EQUINE PRODUCTION AND MANAGEMENT CERTIFICATE
27 semester hours required to complete

Students receive training in all areas of equine management as well as training in economic theories associated with profitable management of horse facilities. Students are exposed to various situations encompassing theory and hands-on experience in the equine field. Program content and competencies are reviewed and endorsed by an equine advisory committee comprised of leaders in the equine and agriculture industries and higher education.

Students who receive a certificate in equine production and management will be trained to enter a wide range of career opportunities including: sales of equine and animal health products; breeding farm and stable management; and riding instruction.

DEGREE PROGRAMS

BUSINESS ADMINISTRATION A.A.S.

The Associate of Applied Sciences degree in Business Administration is designed for students seeking a broad program of study in all phases of business practices. The degree focuses not only at the core of management (principles of management, organizational behavior, and personnel administration) but also encompasses the critical areas of business operations (principles of marketing, accounting, and business law). This program is designed for the student who plans to start a business career after two years of concentrated study. Students seeking a four-year degree should follow the Business A.S. Degree Plan.

Program completion requires a field experience course in which students work 6 hours each week at an approved place of employment.

**CHILD DEVELOPMENT/EARLY CHILDHOOD**

[https://www.wc.edu/child-development](https://www.wc.edu/child-development)

Shannon Stoker, Department Chair, Education

Speaker Jim Wright Library (LIBR) Streib Office

817-598-6372 • sstoker@wc.edu

Child development/early childhood programs exist for people who wish to work with young children. Public and private schools, federal agencies, medical facilities, child care facilities, industry, and community agencies need trained professionals who understand how to support the growth, development, and learning of young children. Emphasis in this course of study includes professionalism; human growth and development; learning theories; guidance and group management; developmentally appropriate curriculum; family and community relations; safety; health; and nutrition.

The Child Development/Early Childhood Program is designed to provide students with the knowledge and skills necessary to obtain employment and be successful as child care workers and pre-school teachers. The Weatherford College Early Childhood Program offers two options for gaining credentials: the Child Care Provider/Assistant Certificate (for those seeking credentials to work in a child care center) and the AA in Child Development degree (for those planning to earn a bachelor’s degree in Child Development, Family Studies, or Family & Consumer Sciences).

**REQUIREMENTS**

Proof of general good health from a physician, proof of education level, T.B. screening, and clear criminal history background search.
The Child Care Provider/Assistant Certificate is intended for individuals who plan to work in a child care center. This 28-hour certificate is technical and includes some courses that do not transfer to universities. Students are encouraged to take the courses as defined below; this will enable them to finish the program in one year. The courses for each semester are designed to complement each other in terms of content taught and assignments. Students may begin coursework in the fall cohort or the spring cohort. Each semester includes at least one hybrid (face-to-face and online) class while others are offered in an online format. All courses require the passage of a background check. Most require observation or field experience hours. An orientation to online classes is required. In addition, students are expected to seek additional support for online courses at the Academic Support Center in the Liberal Arts building or the Center for Research and Writing (CReW) in the Speaker Jim Wright Library at Weatherford College.

The Associate of Arts in Child Development (A.A.) degree is an academic degree that will enable students to transfer to a university to pursue a bachelor’s degree in Child Development, Family Studies, or Family and Consumer Science. Those who earn this degree may seek to qualify for a variety of child care, preschool teaching, social work, parent education, and middle/high school teaching jobs/careers.

The Computer Information Systems (CIS) component of the Information Technology Department offers courses that lead to the award of five one-year certificates and one A.A.S. degree with four options. The certificates include Information Systems, Web Development, Database Programming, and Networking Systems. The Information Technology A.A.S. degree includes options in Information Systems, Web Development, and Database Programming.

All courses are developed, approved, and implemented in coordination with the BCIS advisory committee, a body of professionals in business, information technology, and computer operations environments.

The curriculum mirrors local, regional, and statewide demands that lead to successful participation in a global economy. Students will be able to apply information processing techniques, demonstrate a basic understanding of application software, communicate effectively, and use the knowledge gained to master new, advanced computer techniques.

Courses fall into instructional areas that include the following:
- **ARTC**  Graphic Design
- **BCIS**  Business Computer Applications
- **COSC**  Computer Science
- **CPMT**  Computer Installation and Repair Technology/Technician
- **IMED/INEW/ITSC/ITSE**  Web Page, Digital/Multimedia and Information Resources Design
- **ITCC/ITNW**  Computer Systems Networking & Telecommunications
- **ITSC**  Computer & Information Sciences, General
- **ITSE**  Computer Programming/Programmer, General
- **ITSE/ITSW**  Data Modeling/Warehousing and Database Administration
- **ITSY**  Computer and Information Systems Security/Information Assurance
- **ITSW**  Data Processing and Data Processing Technology/Technician
- **POFT**  Business/Office Automation/Technology/Data Entry

**CERTIFICATE PROGRAMS**

The Information Systems, Web Development and Database Programming certificate programs use specialized courses to help those students who want to study and develop skills that can also lead to award of the Information Technology A.A.S. degree.

The Networking Systems certificate contains courses for students who want to study and develop computer system network administration skills.
INFORMATION TECHNOLOGY

Information technology prepares students for proficiency in the use of computer system hardware and software. This course of study is for the person who wants to gain knowledge and skills for entry-level information technology positions in business and industry. Students must be proficient in keyboarding prior to enrolling in and pursuing this course of study.

INFORMATION SYSTEMS CERTIFICATE

29 semester hours required to complete

This certificate prepares students for proficiency in the use of computer software. Emphasis of the program is on a wide variety of application programs, a foundation in computer programming, and an introduction to mobile app development. This course of study is for the person who wants to gain knowledge and skills for entry-level positions in business and industry. Students must be proficient in keyboarding prior to enrolling in and pursuing this degree. Students who successfully complete the following courses can be awarded this certificate. This certificate program can also be used for completion of the Information Technology A.A.S. – Information Systems Option.

Students must adhere to prerequisite courses as described in the course descriptions in this catalog.

WEB DEVELOPMENT CERTIFICATE
32 semester hours required to complete

This certificate gives students an introduction to software applications and instruction in designing and developing web sites using current technologies and authoring tools. Students are exposed to the latest technologies and development platforms. Moving beyond basic HTML, web development students learn how to use industry-standard software packages to create multimedia web presentations that work on any computer. Students also learn how to integrate databases into their projects, to create dynamic web environments that change at the direction of the end user. Students who successfully complete the following courses can be awarded this certificate. This certificate program can also be used for completion of the Information Technology A.A.S. – Web Development Option.

Students must adhere to prerequisite courses as described in the course descriptions in this catalog.

DATABASE PROGRAMMING CERTIFICATE
32 semester hours required to complete

This certificate gives students knowledge of programming techniques required for database management. Students work with desktop database programs as well as client-server applications. Students will solve business computer problems through programming techniques and procedures, using appropriate languages and software. The primary emphasis of the curriculum is hands-on training in programming, database design, database application, web development and related computer areas that provide the ability to adapt as information systems evolve. Graduates should qualify for employment in business, industry, and government organizations as entry-level programmers, programmer trainees, software developers, database developers, software specialists, or information managers. Students who successfully complete the following courses can be awarded this certificate. This certificate program can also be used for completion of the Information Technology A.A.S. – Database Programming Option.

Students must adhere to prerequisite courses as described in the course descriptions in this catalog.

DEGREE PROGRAMS

Students enrolling in any of the CIS degree programs should make every possible effort to complete courses in the required sequence. When circumstances warrant deviation from prescribed plans, the Information Technology department chair or one of the faculty advisors must be consulted for approval of changes including, but not limited to, substitution of courses, waiver of prerequisites, and permission to take courses concurrently.

Upon completion of a two-year A.A.S. program, students will be competent in the understanding and practical use of computer systems and will be prepared to seek job opportunities in the following computer areas: production support specialist, database manager, computer systems analyst, operations analyst, or gaming specialist.
INFORMATION TECHNOLOGY A.A.S. – INFORMATION SYSTEMS OPTION

60 semester hours required to graduate

This degree prepares students for proficiency in the use of both computer hardware and software. Emphasis of the program is on a wide variety of application programs, a foundation in computer programming, and an introduction to computer hardware to include the networking of microcomputers. This course of study is for the person who wants to gain knowledge and skills for entry-level positions in business and industry. Students who successfully complete the following courses can be awarded this degree.

Students must adhere to prerequisite courses as described in the course descriptions in this catalog.

The Cosmetology program is designed to incorporate theoretical and laboratory experiences required to achieve the basic competencies necessary for a career in cosmetology. The Weatherford College Cosmetology Department is committed to providing students with excellent educational programs that meet the demands of today’s full-service salons as well as providing excellence in teaching and learning to meet the needs of each student enrolled.

Articulation agreements are established allowing students to earn up to 42 semester hour credits in the Cosmetology Certificate Program. All articulation requests must be approved by the Dean of Workforce of Technical Education. To be eligible for enrollment the student must have a high school diploma or a high school equivalency certificate; take the Reading portion of the Accuplacer exam with a minimum score of 75; be at least 17 years of age.

Upon completion of 1000 hours of instruction students are eligible to take the licensing exam through the Texas Department of Licensing and Regulation. In some cases, students with felony convictions will not be issued a license. It is strongly recommended that prospective students contact the Texas Department of Licensing and Regulation (TDLR) for more information before beginning this program at www.license.state.tx.us. Graduates who have successfully met all requirements set forth by the TDLR will be able to perform all salon services including cutting, styling, perming, coloring, skincare, and manicuring.

COSMETOLOGY INSTRUCTOR
Per TDLR License Requirements 1602.255 - To be eligible for an instructor license an applicant must:
1. submit a completed application on a department -approved form;
2. pay the fee required under;
3. be at least 18 years of age;
4. have a high school diploma or a high school equivalency certificate;
5. hold an active operator license under this chapter; and
   A. have at least one year of verifiable work experience as a licensed operator; and
   i. have completed 500 hours of instruction in cosmetology in a commission-approved training program; or
6. pass a written and practical examination required under 1602.262.

Barbering is one of the fastest-growing segments of the salon industry. We designed our Barber program to provide students with hands-on training and knowledge to further their career. The curriculum for the Class A Barber certificate while holding a cosmetology operator license consists of 300 hours. The course will cover advanced men’s clipper cuts, fades, beard trims, facial shaving, sanitation, and TDLR rules and regulation regarding barbering.

Requirements for Barber crossover:
- High School Diploma or GED
- Must have current Cosmetology License
- Dress code: Black scrubs (Top and Bottoms), complete black socks and shoes.

BARB 2431 Advanced Barber Styling I ........................................4 hours
BARB 2441 Advanced Barber Styling II ........................................4 hours

Weatherford College offers two levels of developmental reading and writing in the developmental program. Placement is determined by assessment scores.
Diagnostic medical sonography is based on sending high frequency sound waves into the body to produce dynamic real time images from the returning echoes. It is widely used to assess pregnancy, evaluate the abdomen, the cardiovascular system, and musculoskeletal conditions among many other applications. Sonographers scan different parts of the body to obtain gray scale images of organs and tissues along with color flow data of the circulation. These images are stored, printed, and/or uploaded to hospital networks for physician interpretation and diagnosis.

Admission to Diagnostic Medical Sonography

Admission to Weatherford College does not guarantee selective admission to the Diagnostic Medical Sonography Program. The number of students admitted to this program is limited. Students admitted to the Diagnostic Medical Sonography Program are selected on the basis of admission to the college, reading, writing, and math level, prior educational achievement, and health status. For specific application information and deadlines, contact the Sonography Program Director or the academic counselor.

Admission to Weatherford College is required along with application to the program. Completion of all prerequisite courses with a GPA grade of “C” or higher is mandatory.

All students must achieve a minimum of 78% or higher to pass the Sonography courses and progress in the program.

EDUCATION/TEACHER PREPARATION

The Associate of Arts in Teaching (A.A.T.) degree was developed by the Texas Higher Education Coordinating Board in the fall of 2005. Students who wish to obtain Texas teacher certification may complete the required coursework and receive an A.A.T. Once students complete the A.A.T., they must transfer to a university that offers a bachelor’s degree and complete requirements for standard teacher certification. Students should work closely with an academic advisor and consult with the college/university to which they plan to transfer in order to understand the specific requirements of that institution. Additional information may be reviewed at the state website (http://tea.texas.gov/).

Taking courses in the A.A.T. Program is the first step toward pursuing this teaching certificate.

In order to be eligible to receive the A.A.T. degree, a student must:
1. Complete a minimum of 61 hours including all of the required courses listed.
2. Earn a grade of “C” or better in English 1301; Speech 1311; and EDUC 1301 and EDUC 2301.
3. Earn a GPA of at least 2.00. (Universities often require a GPA of 2.75 or 3.0 for admission to the Teacher Education Program related to earning a bachelor’s degree and meeting state certification requirements.)
4. Meet all TSI test requirements.
5. Pass a background check as required for the program courses.

Students from Weatherford College transfer to a variety of different universities for completion of their bachelor’s degree and teacher certification requirements. Universities differ in their requirements for admission to their Teacher Education Program. On occasion, passage of the content certification test for the subject(s) a teacher candidate is planning to teach may be required before individuals are permitted to enroll in junior and senior level education courses. These certification tests assess English, math, science, and social studies content learning from the courses completed during the first two years of college.
ASSOCIATE OF ARTS IN TEACHING PROGRAM OF STUDY

The A.A.T. student should obtain an advising sheet from the Education Department in Streib Office in the Library. This will help him/her enroll in the courses preferred/required by the university at which s/he plans to complete the bachelor’s degree and teacher certification requirements.

HISTOTECHNOLOGY A.A.S.
Advanced Placement - Tarleton State University
Dale Telgenhoff, Ph.D., HTL (ASCP), Histotechnology Program Director,
Tarleton State University
817-926-1101 ext. 234, telgenhoff@tarleton.edu

Katherine Boswell, MS, RN Dean of Health and Human Sciences, Weatherford College
817-598-6217, kboswell@wc.edu

Weatherford College in partnership with Tarleton State University, a part of the Texas A & M University System, offers prerequisite courses for the Histology Technician Certification program through Tarleton State University’s Department of Clinical Laboratory Sciences in Fort Worth, Texas.

Histotechnicians work in the medical laboratory where they process surgical, autopsy or research tissues for examination by a pathologist for determination of disease conditions in patient tissue. People who enjoy working in histopathology laboratories possess and exhibit manual dexterity, attention to detail, ability to work as a team member, and the desire to be an integral part of quality health care delivery. Due to current histopathology laboratory workforce shortages, the employment outlook for Histotechnology is very good, with opportunities for employment in the North Texas area and across the nation.
Upon completion of 33-35 hours of required courses from Weatherford College, students will complete 37 hours of sophomore level courses at Tarleton State University for the degree. The sophomore courses comprising the technical program will be taken in Fort Worth, at the Schaffer Building and at affiliated clinical hospital sites. These courses will comprise the certification portion of the degree plan. Students are admitted at the beginning of each semester; the program’s technical courses are completed in 12 months. Acceptance into the program is on a competitive basis.

The program is accredited by the National Accrediting Agency for Clinical laboratory Sciences (NAACLS). After successful completion of the program, students are eligible for the Associate of Applied Science degree in Histotechnology, awarded by Tarleton State University and to apply for the Histotechnician (HT) national certification examination administered by the American Society for Clinical Pathology Board of Registry (ASCP).

**PREREQUISITE COURSES FOR HISTOTECHNOLOGY, TAKEN AT WC INCLUDE**

**BIOLOGY**

**Option 1**
- BIOL 2401 Anatomy and Physiology I
- BIOL 2402 Anatomy and Physiology II
- BIOL 2420 Microbiology

**Option 2**
- BIOL 1406* Principles of Biology for Science Major I
- BIOL 1407* Principles of Biology for Science Major II
- BIOL 2420 Microbiology

**CHEMISTRY**

**Option 1**
- CHEM 1411 General Chemistry I
- HPRS 1206 Essentials of Medical Terminology

**Option 2**
- CHEM 1411* General Chemistry I
- CHEM 1412* General Chemistry II

**ENGLISH**
- ENGL 1301 English Composition I

**PSYCHOLOGY**
- PSYC 2301 Introduction to Psychology

**SPEECH**

**Option 1**
- SPCH 1321 Business and Professional Speaking

**Option 2**
- SPCH 131 Fundamentals of Speech

**MATH**

**Option 1**
- MATH 1314 College Algebra

**Option 2**
- MATH 1332 Contemporary Mathematics

**ELECTIVE**
- Language, Philosophy & Culture and Fine Arts Elective

*Students planning to articulate from the Histotechnology Associate of Applied Science Degree to the Medical Technology Bachelor’s Degree should choose BIOL 1406, 1407, and CHEM 1411, 1412.
REQUIRED HISTOTECHNOLOGY COURSES TO BE TAKEN IN FORT WORTH THROUGH TARLETON STATE UNIVERSITY AND AFFILIATED CLINICAL SITES

Fall Semester:
- HLAB 2182  Introduction to Medical Laboratory Sciences (1)
- HLAB 2495  Clinical Histotechnology I (4)
- HLAB 2414  Introduction to Histotechnology (4)
- HLAB 2415  Histotechnology I (4)

Spring Semester:
- HLAB 2496  Clinical Histotechnology II (4)
- HLAB 2424  Functional Histology II (4)
- HLAB 2425  Histotechnology II (4)

Summer Semester:
- HLAB 2285  Capstone Cases and Review (2)
- HLAB 2497  Clinical Histotechnology III (4)
- HLAB 2334  Functional Histology (3)
- HLAB 2335  Histotechnology III (3)

Students may begin the Histotechnology program during the fall, spring or summer semester.

HUMAN SERVICE PROVIDER ASSOCIATE/ SUBSTANCE ABUSE COUNSELING CERTIFICATE

Albert (Eddie) White, MSSW, LCSW, Program Director
I.B. Hand (BUSI), RM 209 B
817-598-6332

The Human Service Provider Associate degree at Weatherford College would prepare the student for careers in the fields of social work, human services, and substance abuse counseling. Specific objectives of this program are to introduce the student to the sociological, psychological and social work perspectives of mental health, drug and alcohol issues, interviewing and assessing techniques, case management, counseling techniques, and group dynamics. Practicums and internships will be offered to allow the student to experience the actual field of human service provider and substance abuse counseling. Students completing this program will have met the requirements for state licensure examination as a licensed chemical dependency counselor. A final internship will be used to verify workplace competencies (Capstone). Students successfully completing the program would be awarded the Associate of Applied Science degree in Human Service Provider Associate. Articulation agreements and transferability with state universities are available. For more information contact the program director.
SUBSTANCE ABUSE COUNSELING CERTIFICATE

The Substance Abuse Counseling Certificate is a one-year certificate program that is designed to prepare students to enter the field of human services and to provide specialized services to individuals and their families who are experiencing the affects of substance abuse. Graduates of this program will have the necessary educational requirements to become eligible to register with the State and function as a Counselor Intern (CI). This will include working in the field with supervision.

The practicums will provide structured supervised field experience. The certificate program mirrors the first year of the Associate of Applied Science in Human Service Provider Associate. The final practicum will be developed as the capstone for the program.

Articulation agreements and transferability with state universities are available. For more information contact the program director.

ADMISSION TO HUMAN SERVICE PROVIDER/SUBSTANCE ABUSE COUNSELING PROGRAM

Admission to Weatherford College does not guarantee selective admission to the Human Service/Substance Abuse Counseling program. The number of students admitted to this program is limited. Students admitted to this program will be selected on the basis of admission to the college, reading and writing level, prior educational achievements and an interview with the program director. All potential students need to complete an application, submit a criminal background check, reading and writing placement scores, and any prior education. For specific application information and deadlines, contact the program director or the academic counselor.

MEDICAL LABORATORY TECHNOLOGY A.A.S.
Advanced Placement - Tarleton State University
Michele McAfee Ph.D., MT(ASCP) (SC)CM
MLT Program Director and Clinical Coordinator
Tarleton State University
817-926-1101, mmcafee@tarleton.edu

Katherine Boswell, RN, MS, Dean of Health and Human Sciences,
Weatherford College
817-598-6217 • kboswell@wc.edu

Weatherford College in partnership with Tarleton State University, a part of
the Texas A & M University System, offers prerequisite courses for the Medical
Laboratory Technician Certification program through Tarleton State University’s
Department of Clinical Laboratory Sciences in Fort Worth, Texas.

The Medical Laboratory Technician (MLT/CLT) is a laboratory professional
that performs analyses of patient specimens in all areas of the clinical laboratory
including, hematology, clinical microbiology, clinical chemistry, immunology,
urinalysis and immunohematology. Test results assist physicians in the diagnosis
and monitoring of patient diseases such as diabetes, heart disease, kidney
disease, infectious disease, malignancies and other disease states. Medical
Laboratory Technicians must be dedicated and self-motivated and be able to work
independently, think analytically, exhibit manual dexterity, and must be willing to
perform as an integral part of the health care team. Current shortages of laboratory
personnel in Texas and the nation offer Medical Laboratory Technicians many
employment opportunities.

Upon completion of 32-35 hours of required courses from Weatherford
College, students will complete 37 hours of sophomore level courses at Tarleton
State University for the degree. The sophomore courses comprising the technical
program will be taken in Fort Worth at the Schaffer Building and affiliated clinical
hospital sites. These courses will comprise the certification portion of the degree
plan. Students are admitted at the beginning of each semester; the program’s
technical courses are completed in 15 months. After successful completion of
the program, students are eligible for the Associate of Applied Science degree in
Medical Laboratory Technology awarded by Tarleton State University and are also
eligible to apply for the Medical Laboratory Technology (MLT) national certification
exam administered by the American Society for Clinical Pathology (ASCP) Board
of Registry. Acceptance into the program is on a competitive basis.

The program is accredited by the National Accrediting Agency for Clinical
Laboratory Sciences (NAACLS), in cooperation with the Commission of
Accreditation of Health Science Education programs (CAAHEP) and the American
Medical Association (AMA).

ELECTIVE
Language, Philosophy & Culture and Fine Arts Elective

*Students planning to articulate from the Medical Laboratory Technology, Associate of Applied Science Degree to the Clinical Laboratory Science, Bachelor of Science Degree should choose BIOL 1406, 1407, and CHEM 1411, 1412.

REQUIRED MEDICAL LABORATORY COURSES TO BE TAKEN IN FORT WORTH THROUGH TARLETON STATE UNIVERSITY AND AFFILIATED CLINICAL SITES

Fall Semester:
  MLAB 2182  Introduction to Medical Laboratory Sciences (1)
  MLAB 2364  Introduction to Immunology/Serology (3)
  MLAB 2444  Introduction to Immunohematology (4)
  MLAB 2474  Laboratory Operations (4)
  MLAB 2194  MLT Field Practicum I (1)

Spring Semester:
  MLAB 2476  Introduction to Clinical Chemistry (4)
  MLAB 2424  Introduction to Hematology (4)
  MLAB 2228  Coagulation (2)
  MLAB 2195  MLT Field Practicum II (1)

Summer Semester:
  MLAB 2534  Introduction to Medical Microbiology (5)
  MLAB 2214  Introduction to Urinalysis (2)
  MLAB 2193  MLT Field Practicum III (1)

Fall Semester:
  MLAB 2292  MLT Field Practicum IV (2)
  MLAB 2285  Advanced Topics and Capstone Review (2)

Students may begin the Medical Laboratory Technology program during a fall, spring, or summer semester. Completion of Weatherford College Phlebotomy Program transfers as MLAB 2182 in the MLT curriculum.

ASSOCIATE DEGREE NURSING

Cheryl Livengood, Program Director
Business Building (BUSI), RM 101
817-598-6309 • clivengood@wc.edu

Melissa Massey, WCWC Assistant Program Director
Nursing Office
940-626-3281 • mmassey@wc.edu

The Weatherford College Associate Degree Nursing program is approved by the Texas Board of Nursing (BON). The board may be reached at 333 Guadalupe, Suite 3-460, Austin, TX 78701; phone: 512-305-7400. The nursing curriculum plan is approved by the Texas Higher Education Coordinating Board (THECB). The program is accredited by the Accreditation Commission for Education in Nursing. ACEN may be reached at 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, phone: 404-975-5000.

The Associate Degree Nursing program is a curriculum comprised of four semesters of nursing courses offering classroom, laboratory and clinical learning experience and an additional semester of academic coursework to be taken as prerequisites for admission to the program. The Wise County Campus offers a Fast Tract program option with sequential semesters completing the program one semester earlier Weatherford Campus program. The course of study is comprised of 60 semester credit hours and is designed to prepare the graduate to meet the Essential Competencies of Graduates of Texas Associate Degree Nursing Programs functioning within the roles of Member of the Profession, Provider of Patient-Centered Care, Patient Safety Advocate and Member of the Healthcare Team. Registered nurses prepared at the associate degree level possess a high degree of technical nursing skills and apply scientific principles to all nursing care. Graduates of an associate degree nursing program may continue their education at a four-year university to earn a bachelor’s degree. Individuals interested in pursuing a bachelor’s degree in nursing via an RN-BSN track may complete all required academic coursework for this track at the community college level. Individuals interested in the RN-BSN track may contact the ADN program or Weatherford College Student Services to receive academic advising for sequencing of courses to enable the individual to obtain “BSN academic core complete” status to combine with successful completion of the Associate Degree Nursing Program. This combination will render the individual eligible to obtain the BSN degree through completion of only 30 more credits of bachelor degree-level
nursing coursework at multiple universities. Further, the individual interested in this track can be advised in early acceptance steps to facilitate seamless transition. All nursing courses must be taken in sequence. Students may choose to complete any of the general education courses prior to enrolling in the program or at any time prior to the required semester, but not later than sequentially required.

Students completing this curriculum receive the Associate of Applied Science degree and are eligible to apply to take the National Council Licensure Exam for Registered Nurses (NCLEX-RN). The Texas Board of Nursing determines eligibility for licensure. In order to minimize potential problems nursing graduates might experience in obtaining a nursing license, it is important to understand the licensing process. Schools of nursing do not have the power to grant licensure for the registered nurse (RN). The nursing program has full accreditation by the Texas Board of Nursing to provide education and training which qualifies a student to take the state licensing examination.

CIRCUMSTANCES LEADING TO INELIGIBILITY FOR STATE LICENSURE

The Texas Board of Nursing has identified certain circumstances that may render a potential candidate ineligible for licensure as a registered nurse in the State of Texas. The board provides individuals the opportunity to petition the board for a Declaratory Order as to their eligibility in accordance with Section 301.257 of the Nursing Practice Act.

If you are required to answer “yes” to any of the following questions, contact the Associate Degree Nursing department chair for further instructions. Processing a petition may take 6 to 12 months, or longer, after you provide all required documentation and depending on your circumstances. Once all requested documents have been received, you will be notified that the petition has been transferred to the Enforcement Department for review.

1) [ ] No [ ] Yes For any criminal offense, including those pending appeal, have you:
   A. been convicted of a misdemeanor?
   B. been convicted of a felony?
   C. pled nolo contendere, no contest, or guilty?
   D. received deferred adjudication?
   E. been placed on community supervision or court-ordered probation, whether or not adjudicated guilty?
   F. been sentenced to serve jail or prison time? court-ordered confinement?
   G. been granted pre-trial diversion?
   H. been arrested or any pending criminal charges?
   I. been cited or charged with any violation of the law?
   J. been subject of a court-martial; Article 15 violation; or received any form of military judgment/punishment/action?

(You may only exclude Class C misdemeanor traffic violations.)

NOTE: Expunged and Sealed Offenses: While expunged or sealed offenses, arrests, tickets, or citations need not be disclosed, it is your responsibility to ensure the offense, arrest, ticket or citation has, in fact, been expunged or sealed. It is recommended that you submit a copy of the Court Order expunging or sealing the record in question to our office with your application. Failure to reveal an offense, arrest, ticket, or citation that is not in fact expunged or sealed, will at a minimum, subject your license to a disciplinary fine. Nondisclosure of relevant offenses raises questions related to truthfulness and character.
NOTE: Orders of Non-Disclosure: Pursuant to Tex. Gov’t Code § 552.142(b), if you have criminal matters that are the subject of an order of non-disclosure you are not required to reveal those criminal matters on this form. However, a criminal matter that is the subject of an order of non-disclosure may become a character and fitness issue. Pursuant to other sections of the Gov’t Code chapter 411, the Texas Nursing Board is entitled to access criminal history record information that is the subject of an order of non-disclosure. If the Board discovers a criminal matter that is the subject of an order of non-disclosure, even if you properly did not reveal that matter, the Board may require you to provide information about that criminal matter.

2) [ ] No [ ] Yes Are you currently the target or subject of a grand jury or governmental agency investigation?

3) [ ] No [ ] Yes Has any licensing authority refused to issue you a license or ever revoked, annulled, cancelled, accepted surrender of, suspended, placed on probation, refused to renew a professional license, certificate or multi-state privilege held by you now or previously, or ever fined, censured, reprimanded or otherwise disciplined you?

4) [ ] No [ ] Yes Within the past five (5) years have you been addicted to and/or treated for the use of alcohol or any other drug?*

5) [ ] No [ ] Yes Within the past five (5) years have you been diagnosed with, treated, or hospitalized for schizophrenia and/or psychotic disorder, bipolar disorder, paranoid personality disorder, antisocial personality disorder, or borderline personality disorder?

If “YES” indicate the condition: [ ] schizophrenia and/or psychotic disorders, [ ] bipolar disorder, [ ] paranoid personality disorder, [ ] antisocial personality disorder, [ ] borderline personality disorder

An individual enrolled or planning to enroll in a basic nursing program who has reason to believe that he/she is ineligible for licensure must petition the board for a declaratory order as to his/her eligibility. The individual must submit a petition on forms provided by the board which includes:

1. a statement by the individual indicating the reason(s) and basis of potential ineligibility;
2. if the potential ineligibility is due to criminal conviction, any court documents including, but not limited to, any indictments, judgments, probation records and evidence of completion of probation, if applicable;
3. if the potential ineligibility is due to mental illness (which is defined as an illness, disease, or condition which either substantially impairs the person’s thought processes, perception of reality, emotional stability, judgment, or behavior), evidence of evaluation, including a prognosis, by a psychologist or psychiatrist, evidence of treatment, including any medication;
4. if the potential ineligibility is due to chemical dependency including alcohol, evidence of evaluation and treatment, after care and support group attendance; and
5. the required non-refundable fee of $39.00 (money order or cashier’s check) made payable to the Texas Board of Nursing.

The Associate Degree Nursing program reserves the right to change the curriculum and program policies as deemed necessary for the maintenance of a high quality education. Policies regarding advanced placement, dismissal, probation, class and clinical attendance, malpractice insurance, grading and readmission are available in the Associate Degree Nursing Student Handbook.
The program and courses within the program are subject to approval and changes mandated by the Texas Higher Education Coordinating Board and the Texas Board of Nursing.

REQUIREMENTS FOR THE ASSOCIATE OF APPLIED SCIENCE DEGREE IN NURSING

1. Completion of entrance requirements for the Associate Degree Nursing program;
2. Sixty semester hours of credit as prescribed by the Associate Degree Nursing Curriculum Outline Course of Study;
3. An overall minimum GPA of 2.0 in all courses presented for graduation with a grade of 75 or better in nursing courses; and “C” or better in all non-nursing courses;
4. Student must meet Weatherford College TSI (Texas Success Initiative) requirements.

ASSOCIATE DEGREE NURSING LVN TO ADN TRANSITION

The course of study is comprised of 48 semester credit hours and upon completion of the curriculum; students will be awarded a total of 12 credits for previous LVN courses. The prerequisite non-nursing courses must be completed or in progress before making application to the ADN program. All admission requirements relevant to the ADN program must be met in order to be accepted into RNSG 1324. Work experience as an LVN and proof of licensure as a Licensed Vocational Nurse in the State of Texas is required.

ASSOCIATE DEGREE NURSING PROGRAM ADMISSION REQUIREMENTS

Admission requirements considered include the following:

1. Submit Weatherford College application and official transcripts to the office of student affairs.
2. Submit Health Science application with official transcripts and TEAS scores to the nursing office.
3. Completion of all prerequisite courses with a minimum GPA of 2.5 and no individual prerequisite course grade lower than a “C”.
4. Completion of the TEAS entrance exam with a minimum score of 70% on the reading comprehension section.
5. Submit proof of first Hepatitis B immunization or positive titer or Department of State Health Services Waiver with application to nursing office.

Applications are accepted the first business day in December through the last business day in February each year for fall admission to the ADN program and the first business day of May through the last business day in July each year for the spring admission to the ADN Program. Applications for admission to the Summer LVN-RN Transition program are accepted each year from the first business day in November through the last business day in January. Applications for admission to the Spring LVN-RN Transition Program are accepted each year from the first business day in May through the last business day in July. Microbiology and anatomy & physiology courses MUST have been taken within five years prior to admission. Exceptions to this rule may be granted based on applicant successful passing of additional testing. For further information contact Paula Hibbert or Cheryl Livengood.
Once selected for admission to the program, the student MUST:
1. complete a criminal background check.
2. obtain a TB screening test or chest x-ray, a urine drug screen and a health screen.
3. submit records of up-to-date immunizations of T-dap, MMR and Varicella.
4. submit proof of major medical health insurance.
5. provide proof of current AHA Health Care Provider CPR.
6. provide proof of receipt of two Hepatitis B vaccinations and a positive titer demonstrating sero-conversion or all three Hepatitis B vaccinations is required prior to the first clinical day of the first semester. Proof that this process is in progress must be given when the student attends initial orientation into the program.
7. obtain nursing liability insurance (purchased through Weatherford College).

Before being accepted into the Associate Degree Nursing Program an applicant whose native language* is not English must submit an acceptable score on the TOEFL iBT with the application. Additional information may be obtained from the Health Science Department. (*-A native language is a language that is acquired naturally during childhood & is usually spoken at home, as opposed to a language that is learned later in life, for example, as a part of a person’s formal education.)

Acceptable TOEFL Scores are:
• A score of 20 or greater is required on the Speaking Skills Component.
• A composite score of 83 or greater is required.
• Four scaled section scores in Reading, Listening, Speaking and Writing are required.

Information on methods of obtaining the above criteria will be available to the student upon acceptance to the program.

Selection into the nursing program:
Admission is competitive due to the limited number of slots. Students will be selected based on the number of points earned. Points are awarded for grades earned in academic courses, academic courses in progress, and TEAS scores. For further information about points earned contact the Nursing Department Secretary Paula Hibbert or ADN Program Director Cheryl Livengood. The potential applicant is strongly encouraged to use study materials to prepare for the TEAS entrance exam, to optimize scoring potential. Contact Paula Hibbert or Cheryl Livengood for further information about tutorial assistance and other available preparatory materials.

BACCALAUREATE OF SCIENCE IN NURSING (RN-TO-BSN)

BEGINNING FALL 2020

Pending approvals by the Southern Association of Colleges and Schools Commission on Colleges. This education program is a candidate for accreditation by the Accreditation Commission for Education in Nursing.

Accreditation Commission for Education in Nursing (ACEN)
3343 Peachtree Road NE, Suite 850
Atlanta, GA 30326 404-975-5000
http://www.acenursing.us/candidates/candidacy.asp

Tola Plusnick, DNP, APRN, CPNP-PC  Program Director
Business Building (BUSI) Suite 104, RM 110
817-598-6434 • tplusnick@wc.edu

The Weatherford College proposed RN-to-BSN program is comprised of nine nursing courses taken over three continuous semesters and 55 general education semester credit hours the baccalaureate curriculum is designed to prepare the graduate to meet the Texas Board of Nursing Differentiated Essential Competencies of the baccalaureate-prepared RN and the American Association of Colleges of Nursing Baccalaureate Essentials. This program will allow the graduate to operate within a complexed health care system and assume the role of provider of care, designer/manager/coordinator of care, and member of the profession. Graduates of the RN-to-BSN program may continue their education at the Masters or Doctorate level opening doors to become a nurse practitioner, a clinical nurse specialist, a nurse executive or a nurse educator.
ADMISSION REQUIREMENTS

- Students must meet Weatherford College admission criteria
- Students must have at least a C in all previous nursing course work
- Students must have an overall GPA of 2.5 in all nursing course work
- Students must complete all prerequisite general education course work with a C or higher and an overall GPA of 2.5 prior to starting the RN-to-BSN program.
- Have an unencumbered current Texas RN License
- Must have a letter of recommendation from a previous nursing faculty member or a current employer.
- Applicants must show proof of positive Hepatitis B immunity.

SELECTION CRITERIA

Applicants will be ranked according to their GPA in both previous nursing courses and selected general education courses. If there is a tie-breaker necessary, RNs working in rural communities as defined by the HRSA and Weatherford College ADN graduates will be given priority admission. The following general education courses will be used for ranking: ENGL 1301, ENGL 2311, MATH 1342, BIOL 2401, BIOL 2302, BIOL 2420, CHEM 1406 OR CEHM 1411, AND PSYC 2314. Course grades of A = 4 points, B = 3 points, and C=1 point.

Graduation requirement: 30 hours of the required degree must be earned through instruction from Weatherford College. If a student enrolls in the RN-to-BSN program and transfers in all required general education courses, the student will be required to take one more course at Weatherford College from the Creative Arts or Language, Philosophy, & Culture categories in order to meet the SACS COC residency requirement.

PREREQUISITE

RNs will be given 36-semester credit hours for prior nursing course work. The following general education course work must be completed prior to admission to the RN-to-BSN program:

VOCATIONAL NURSING

www.wc.edu/programs

Lori Boyd, Program Director
Business Building (BUSI), Room 228
817-598-6229 • lboyd@wc.edu

Weatherford College provides vocational nursing students with quality instruction from health care professionals who are not only experienced and competent nurses, but also caring individuals. The twelve-month course of study consists of 42 semester hours (1520 clock hours) and graduates are prepared to provide general bedside nursing care to medical, surgical, maternity/newborn, and pediatric patients. There are no prerequisites for the Vocational Nursing Program.

The Texas Board of Nursing (BON) and the Texas Higher Education Coordinating Board (THECB) approve the Vocational Nursing curriculum. Upon completion of the Vocational Nursing program, graduates may apply to take the NCLEX-PN licensure exam. The BON determines eligibility for licensure. The BON may be reached at 333 Guadalupe, Suite 3-640, Austin, TX 78701; phone: 512-305-7400.

In order to minimize potential problems nursing graduates might experience in obtaining a nursing license, it is important to understand the licensing process. Schools of nursing do not have the power to grant licensure for the Graduate Vocational Nurse (GVN). The nursing program has full accreditation by the Texas Board of Nursing to provide education and training which qualifies a student to take the state licensing examination.
CIRCUMSTANCES LEADING TO INELIGIBILITY FOR STATE LICENSURE

The Texas Board of Nursing has identified certain circumstances that may render a potential candidate ineligible for licensure as a Licensed Vocational nurse in the State of Texas. The board provides individuals the opportunity to petition the board for a Declaratory Order as to their eligibility in accordance with Section 301.257 of the Nursing Practice Act.

If you are required to answer “yes” to any of the following questions, contact the Vocational Nursing Program Director for further instructions. Processing a petition may take 6 to 12 months, or longer, after you provide all required documentation and depending on your circumstances. Once all requested documents have been received, you will be notified that the petition has been transferred to the Enforcement Department for review.

1) [ ] No [ ] Yes For any criminal offense, including those pending appeal, have you:
   A. been convicted of a misdemeanor?
   B. been convicted of a felony?
   C. pled nolo contendere, no contest, or guilty?
   D. received deferred adjudication?
   E. been placed on community supervision or court-ordered probation, whether or not adjudicated guilty?
   F. been sentenced to serve jail or prison time? court-ordered confinement?
   G. been granted pre-trial diversion?
   H. been arrested or any pending criminal charges?
   I. been cited or charged with any violation of the law?
   J. been subject of a court-martial; Article 15 violation; or received any form of military judgment/punishment/action?

   (You may only exclude Class C misdemeanor traffic violations.)

   NOTE: Expunged and Sealed Offenses: While expunged or sealed offenses, arrests, tickets, or citations need not be disclosed, it is your responsibility to ensure the offense, arrest, ticket or citation has, in fact, been expunged or sealed. It is recommended that you submit a copy of the Court Order expunging or sealing the record in question to our office with your application. Failure to reveal an offense, arrest, ticket, or citation that is not in fact expunged or sealed, will at a minimum, subject your license to a disciplinary fine. Nondisclosure of relevant offenses raises questions related to truthfulness and character.

   NOTE: Orders of Non-Disclosure: Pursuant to Tex. Gov’t Code § 552.142(b), if you have criminal matters that are the subject of an order of non-disclosure you are not required to reveal those criminal matters on this form. However, a criminal matter that is the subject of an order of non-disclosure may become a character and fitness issue. Pursuant to other sections of the Gov’t Code chapter 411, the Texas Nursing Board is entitled to access criminal history record information that is the subject of an order of non disclosure. If the Board discovers a criminal matter that is the subject of an order of non-disclosure, even if you properly did not reveal that matter, the Board may require you to provide information about that criminal matter.

2) [ ] No [ ] Yes Are you currently the target or subject of a grand jury or governmental agency investigation?

3) [ ] No [ ] Yes Has any licensing authority refused to issue you a license or ever revoked, annulled, cancelled, accepted surrender of, suspended, placed on probation, refused to renew a professional license, certificate or multi-state
privilege held by you now or previously, or ever fined, censured, reprimanded or otherwise disciplined you?

4) [ ] No [ ] Yes Within the past five (5) years have you been addicted to and/or treated for the use of alcohol or any other drug?*

5) [ ] No [ ] Yes Within the past five (5) years have you been diagnosed with, treated, or hospitalized for schizophrenia and/or psychotic disorder, bipolar disorder, paranoid personality disorder, antisocial personality disorder, or borderline personality disorder?

If “YES” indicate the condition: [ ] schizophrenia and/or psychotic disorders, [ ] bipolar disorder, [ ] paranoid personality disorder, [ ] antisocial personality disorder, [ ] borderline personality disorder

An individual enrolled or planning to enroll in a basic nursing program who has reason to believe that he/she is ineligible for licensure must petition the board for a declaratory order as to his/her eligibility. The individual must submit a petition on forms provided by the board which includes:

1. a statement by the individual indicating the reason(s) and basis of potential ineligibility;
2. if the potential ineligibility is due to criminal conviction, any court documents including, but not limited to, any indictments, judgments, probation records and evidence of completion of probation, if applicable;
3. if the potential ineligibility is due to mental illness (which is defined as an illness, disease, or condition which either substantially impairs the person’s thought processes, perception of reality, emotional stability, judgment, or behavior), evidence of evaluation, including a prognosis, by a psychologist or psychiatrist, evidence of treatment, including any medication;
4. if the potential ineligibility is due to chemical dependency including alcohol, evidence of evaluation and treatment, after care and support group attendance; and
5. the required non-refundable fee of $39.00 (money order or cashier’s check) made payable to the Board of Nurse Examiners.

Students participate in clinical in health care facilities located in Parker, Palo Pinto, Tarrant, Wise, and Erath counties. These facilities include area hospitals, long-term care facilities, clinics, doctor offices, public health departments, pediatric facilities, and home health agencies.

Vocational nursing offers a satisfying and rewarding career for men and women interested in giving direct patient care. A vocational nurse cares for acute, sub-acute, convalescent, and chronic clients requiring nursing care at home or in institutions, always under the direct supervision of a licensed physician or registered professional nurse. Hospitals, public health clinics, doctor offices, long-term care facilities, the armed forces, and home health agencies employ men and women as licensed vocational nurses. Job security can be found as a vocational nurse in the rapidly expanding health care field.

ADMISSION TO VOCATIONAL NURSING PROGRAM

Admission requirements considered include the following:

1. Admission to Weatherford College
2. Submit the following to the secretary of the nursing department: passing Accuplacer scores, Health Science application, high school transcript or
GED scores, college transcripts (if applicable) and proof of first Hepatitis B immunization or positive titer or Department of State Health Services waiver. Only completed applications with Accuplacer scores, transcripts and Hepatitis B information will be accepted.

3. Before being accepted into the Vocational Nursing Program an applicant whose native language* is not English must submit an acceptable score on the TOEFL iBT with the application. Additional information may be obtained from the Health Science Department. (* A native language is a language that is acquired naturally during childhood and is usually spoken at home, as opposed to a language that is learned later in life, for example, as a part of a person’s formal education.)

Acceptable TOEFL Scores are:

- A score of 20 or greater is required on the Speaking Skills Component.
- A composite score of 83 or greater is required.
- Four scaled section scores in Reading, Listening, Speaking and Writing are required.

Admission is competitive due to the limited number of positions. Selection into the program is based on a point system. Please contact the nursing department for more information.

Once selected as an applicant, the student must:

- complete a criminal background check;
- obtain a TB screen test or chest X-ray (current within one year), a urine drug screen, and a back/spine examination;
- have a physical examination and submit records of up-to-date immunizations;
- submit proof of major medical health insurance;
- provide proof of a current CPR certificate for health care providers from the American Heart Association; and
- provide proof of completion of Hepatitis B vaccine series. Completion of the Hepatitis B series is either completion of two Hepatitis B vaccines and then a positive titer, or completion of all three vaccinations.

Information on methods of obtaining the above criteria will be available to the student upon acceptance into the program.

Capstone experience: Texas Board of Nursing Licensure Exam.

NOTE: Students who satisfy the requirements of this program are issued a certificate of completion and may become eligible to apply to take the NCLEX-PN exam for licensure.

OCCUPATIONAL THERAPY ASSISTANT, A.A.S.
www.wc.edu/academics/programs-study
Mike McGough, Program Director/Program Specialist
I.B. Hand Building (BUSI), RM 210 A
817-598-8801 • mmcgough@wc.edu

The Weatherford College Occupational Therapy Assistant (OTA) Program is a two-year curriculum comprised of classroom, laboratory, and clinical learning experiences. It is specifically designed to prepare the OTA graduate to work under the supervision of a registered Occupational Therapist and provide occupational therapy services to people with physical, mental, emotional, and/or developmental disabilities. Occupational Therapy professionals are skilled practitioners who work with every age group and in a wide variety of settings. OT professionals use occupation-based activities to assist their clients in building skills to participate fully in their daily lives.

Individuals applying to the OTA program must complete five prerequisite courses that provide them with the foundational knowledge they need to move successfully through the program and graduate with an Associates in Applied Science degree. Once accepted into the program, the student will complete five semesters of coursework and clinical experiences specifically designed to build the necessary skills to be successful in practice. Students who complete all coursework with a “C” (75%) or better and successfully complete the assigned Level I & II clinical experiences within the required time frame will then be awarded an A.A.S. and be qualified to “sit” for the national certification examination.

ADMISSION PROCEDURES

Individuals who have completed the five prerequisite courses or who will complete them successfully by the start of the program and who are free of illegal drug use, are encouraged to apply to the OTA program prior to the second Monday in June. Those who successfully complete this process and are accepted into the program will begin their first semester the following August.
Students applying to the program are required to complete a specific number of documented observation hours with a licensed OT clinician as part of the application process. Students must also pass a background check, present evidence of TSI completion or exemption, complete all outlined health screening requirements, and meet all other college admission requirements. Applications may be downloaded from our program web page or an application packet may be requested by calling the program secretary, Rebecca Fryer at 1-817-598-6348.

**TOTAL 7**
The occupational therapy assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE’s telephone number c/o AOTA is (301) 652-AOTA and its Web address is www.acoteonline.org. Graduates of the program will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT certification examination. Note that a felony conviction may affect a graduate’s ability to sit for the NBCOT certification examination or attain state licensure.

PHLEBOTOMY
https://www.wc.edu/academics/programs-study/health-science/phlebotomy
Nina Maniotis, Program Director
BUSI Ste. 105, Room 111
817-598-6466 • nmaniotis@wc.edu

The Phlebotomy Technologist (PBT) is a laboratory professional that performs venipuncture and dermal puncture on patients. The majority of diagnostic medical decisions are based on laboratory test results, emphasizing the critical role of the phlebotomy professional. Other duties may include computer entry, Point of Care testing, Quality Control on CLINITEK and POC instruments, microscope and centrifuge cleaning, CLIA waived category testing including Occult Blood and Urine Chemical, bacterial culture set-up, and collection of drug screens and genetic screens. Phlebotomy Technologists must be motivated, dexterous, dependable, able to work independently and as part of a health care team. Phlebotomy Technologists may seek employment opportunities in hospitals, clinics, patient service collection centers, plasma centers, or blood donor collection facilities; they may also combine phlebotomy with a Medical Assistant certificate and work in a physician’s office. Upon successful completion of the program, students are eligible for the Phlebotomy (PBT) national certification exam administered by the American Society for Clinical Pathology (ASCP) Board of Registry. The program is approved by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS).

*This is a WECM LEVEL I CERTIFICATE eligible for federal financial aid for those who qualify. An articulation agreement exists to the Tarleton State University Medical Laboratory Technology Program for the course: MLAB 2182 Introduction to Medical Laboratory Sciences (1); should the student decide to pursue a career as a Medical Laboratory Technologist, see page 137.

ADMISSION TO PHLEBOTOMY TECHNOLOGY

Admission to Weatherford College does not guarantee selective admission to Phlebotomy Technology. The number of students admitted is limited. Selection is based on admission to the college, Phlebotomy Accuplacer Test scores, and proof of Hepatitis B immunity. For specific application information and deadlines, contact the Health and Human Sciences Department at 817-598-6217.

Criminal history disqualifications for admission:
- Felony convictions, misdemeanor convictions, or felony deferred adjudications involving crimes against persons.
- Misdemeanor convictions related to moral turpitude.
• Felony deferred adjudication for the sale, possession, distribution, or transfer of narcotics or controlled substances.
• Registered sex offenders.

PHYSICAL SCIENCES
Lori Gouge, Department Chair
Academic Building (ACAD), RM 218
817-598-6277 • lgouge@wc.edu

Astronomy, Chemistry, Geology, Meteorology and Physics majors should see page 96 for Associate of Science degree requirements.

PHYSICAL THERAPIST ASSISTANT, A.A.S.
www.wc.edu/programs
Cindy Lavine, Program Director
I.B. Hand Building (BUSI), RM 210 B
817-598-8873 • clavine@wc.edu

Physical therapist assistants (PTAs) work as part of a team to provide physical therapy services under the direction and supervision of the physical therapist. PTAs assist the physical therapist in the treatment of individuals of all ages, from newborns to the very oldest, who have medical problems or other health-related conditions that limit their abilities to move and perform functional activities in their daily lives. PTAs perform treatment procedures that involve the therapeutic use of heat, cold, electromagnetic radiations, traction, compression, water, massage, ultrasound and therapeutic exercise, and assist the physical therapist with evaluative procedures. PTAs provide care for people in a variety of settings, including hospitals, private practices, outpatient clinics, home health agencies, schools, sports and fitness facilities, work settings, and nursing homes.

The Weatherford College Physical Therapist Assistant (PTA) Program leads to an associate in applied science degree and encompasses an approximate twenty-one month course of study. The curriculum balances general educational and technical courses with supervised clinicals at hospitals and private clinics. These combined experiences provide students with an opportunity for educational development as well as occupational competence. PTAs must graduate from a CAPTE-accredited PTA program and licensure is required in the State of Texas. This program is offered at the Education Center at Mineral Wells.
ADMISSION TO THE PHYSICAL THERAPIST ASSISTANT PROGRAM

Admission to Weatherford College does not guarantee admission to the Physical Therapist Assistant (PTA) Program. Because clinical space is limited, the number of students admitted to this program is limited. Students admitted to the PTA Program are selected on the basis of admission exam score, academic record, references, interview, a writing sample and completion of a specified number of observation hours. For specific application information and deadlines, contact the PTA Program director or the Education Center at Mineral Wells secretary.

Students accepted into the program must comply with all school and PTA Program policies and procedures. Student must be TSI complete to apply to the program. Students must pass a physical examination, urine drug screen and criminal background check. Health and accident insurance must be maintained throughout the program. Current CPR certification (Healthcare Provider) must be maintained throughout all clinicals; and proof of required immunizations must be on file before students will be allowed to participate in clinicals.

ACCREDITATION STATUS

The Physical Therapist Assistant Program at Weatherford College is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; Telephone: 703-706-3245; Email: accreditation@apta.org; Website: www.capteonline.org. The most recent accreditation decision was made on February 4, 2015 and is valid through June 30, 2020.

Graduation from a physical therapist assistant education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), is necessary for eligibility to sit for the licensure examination, which is required in Texas.

CRIMINAL JUSTICE A.A. DEGREE

60 semester hours required to graduate

The Associate of Arts Degree is designed for students preparing for law enforcement, homeland security, corrections, juvenile justice and the many other varied careers or those who are currently employed in the criminal justice field. We strive to enhance knowledge, effectiveness and professionalism for success in your future or present career. You can expect to be challenged and motivated to discover new ideas that will be beneficial as you enter the criminal justice field or seek higher education. As the criminal justice system evolves, so does the concept of academia as an essential requirement for employment. Articulation agreements exist with senior colleges and universities that make the transition from Criminal Justice at Weatherford College extremely smooth and cost effective. Course specifications and requirements are described in the Criminal Justice section of this catalog.

TOTAL 13

The Paramedic Certificate requires 41 semester hours for completion. After the first semester of the Paramedic Certificate students may earn AEMT Certification.

EMSP DEGREE
60 semester hours required for completion

The Associate of Applied Sciences degree in Emergency Medical Service is designed for students seeking a broad program study in EMS. EMS personnel are finding an increasing number of applications for the training and experience they possess, but moving into these areas require an expanded and comprehensive education beyond the basic training of EMS certificate programs. The purpose of this degree is to provide the expanded education necessary for the future licensed paramedic.

The EMS associate’s degree plan provides students with a comprehensive educational package. The primary emphasis of this degree program is the development of professional attitudes, reasoning/analytical capabilities, and patient care skills.

The future of EMS as an in-demand health care profession is bright. Graduates may find employment as Pre-hospital EMT’S, Paramedics, Emergency Department Technicians, EMS Educators, and EMS Managers. Additional opportunities for graduates are developing in health and safety engineering, and public health.

Weatherford College offers two A.A.S. degree tracts. The Fire Protection and Safety Technology A.A.S. degree gives students an expanded knowledge base to help them improve as firefighters. The Fire Services Administration A.A.S. degree helps prepare the firefighter for their move into supervision and/or helps the supervisor improve in their role as an administrator.

FIRE ACADEMY
Tom Blair, Fire Academy Coordinator
WC Fire Academy Training Center Classroom (WCFA TC1)
817-598-6406 • tblair@wc.edu

BASIC FIRE ACADEMY
23 semester hours required to complete

The Fire Academy prepares the student for a career as a professional firefighter. Students successfully completing the program will have obtained a well-balanced classroom and skills based education. This technical knowledge prepares them for a career in combating the fire problems created by modern living. Students take the TCFP State Exam upon successful completion of the academy.

Special Note: Students interested in attending the fire academy must contact the Fire Academy office in advance due to prerequisites and entrance requirements. Students are also required to successfully pass a background check and drug testing prior to acceptance once all other requirements are met.

CJLE 1035 Police Academy Fitness I ............................................. 48

TOTAL CE HOURS 752

The Law Enforcement Academy (LEA) Basic Peace Officer Course is designed to prepare cadets for a career as a professional peace officer. Successful completion of the LEA equips cadets with the essential skills and knowledge for certification as a Basic Peace Officer by the Texas Commission on Law Enforcement (TCOLE) and allows cadets to take the state exam administered by TCOLE. Sponsorship by a
law enforcement agency is not required for admission into the Academy. While the program may not guarantee a job, LEA graduates have increased marketability for positions with public safety agencies as certified law enforcement personnel.

The LEA offers full-time, 5-month, day academies and part-time, 8-month night academies at the Weatherford College Main campus.

LEA instructors are drawn from throughout the region, selected from those with current experience in various specializations and a strong desire to give the benefits of their knowledge to the emerging workforce. LEA instruction is heavy on law, criminal and police procedure, and extensive study outside the classroom is strongly suggested.

The LEA is designed to function as a law enforcement agency in order to facilitate learning of police procedure, and cadets are divided into “shifts” with cadet officers appointed to serve within the chain of command. In addition to teamwork and camaraderie, cadets must learn to embrace the ethical and professional behavior expected of modern law enforcement officers both on- and off-duty, in and out of uniform, and will thus be held to high standard during the Academy.

The Basic Peace Officer Course is eligible for the Texas Public Education Grant (EG), VA, and Hazelwood (Texas Vets) assistance for qualified applicants.

Applicants interested in acceptance into the Law Enforcement Academy must contact the LEA office in advance to obtain entrance requirements. Among other requirements, LEA applicants must pass a criminal background check, physical exam, psychological exam, drug screen and physical agility test prior to acceptance.

If requested and upon approval, WC Academy graduates may earn up to 21 semester credit hours toward the WC Criminal Justice Degree. For additional information requirements to earn this credit, contact the WC Criminal Justice Department.

RADIOLOGIC TECHNOLOGY
Barbara Baker-Morrison, Program Director
BUSI 219
817-598-6432

Radiologic Technology is the segment of the healthcare team that produces diagnostic medical images for the treatment and care of patients. Radiographic imaging takes place in different venues including hospitals, out-patient clinics, and physician offices. Students will be performing radiography on patients from all age groups and suffering from a broad spectrum of diseases. The program is designed for students to be trained to work in diagnostic radiology, but will be shown other modalities such as Cat Scan, MRI, Nuclear Medicine, and Ultrasound.

The program includes didactic lecture and laboratory classes along with clinical rotations for field experience throughout the 2 year curriculum. The course of study is comprised of 64 semester credit hours and is designed to prepare the graduate for employment as a diagnostic radiologic technologist. Students will be assigned a preceptor in the practicum courses and will be responsible to complete a specific number of competencies. At the conclusion of the program, the students will be awarded an A.A.S. degree in Radiologic Technology and be eligible to sit for the ARRT national registry exam. Radiologic Technology provides a rewarding career in the healthcare industry.
ADMISSION TO RADIOLOGIC TECHNOLOGY PROGRAM

The program begins in the fall of each year and is a two-year continuous program requiring all day attendance Monday through Friday. All applicants will need to show evidence of successful completion of the TSI or of being exempt. All college transcripts will be required and should be submitted to the Health Science Department and the Office of Student Services.

Admission to Weatherford College is required along with application to the program. Completion of all prerequisite courses with a GPA of 2.5 or higher is mandatory.

RADIOLOGIC TECHNOLOGY
64 credit hours

It is highly recommended that students complete all general education courses prior to application to the program.

RESPIRATORY CARE
www.wc.edu/respiratory

Tonya Piehl, Program Director
I.B. Hand Building (BUSI), RM 118
817-598-6452

Razaq Badamosi, Medical Director

The clinical practice of respiratory care involves the application of skills and knowledge in the diagnosis and treatment of cardiopulmonary diseases. Respiratory care practitioners engage in the care of patients from all age groups who suffer from a broad spectrum of diseases. They perform their duties in all patient care areas of hospitals, although primary involvement is in the intensive care units. They staff diagnostic laboratories, provide respiratory services for patients at home and in rehabilitation centers, are involved in the transportation of patients who require respiratory care en route, and serve as managers or educators.

The curriculum balances general educational and technical courses with supervised clinical work in local hospitals under the direction of qualified therapists and technicians. Physicians proficient in pulmonary medicine provide medical direction. This setting provides students with an excellent opportunity for educational development and occupational competence.

Respiratory care offers a satisfying and rewarding career for individuals who are interested in caring directly for patients and their families. The health care industry for registered respiratory therapists is increasing rapidly. Recent surveys have indicated that the supply of trained respiratory care professionals has not been sufficient to meet the progressive growth in demand.

TRANSITION PROGRAM
Weatherford College offers a transition program to allow those with a CRT credential from the NBRC and a minimum of one year recent experience to enter the therapist program. Contact the program chair for additional information.

ADMISSION TO RESPIRATORY CARE PROGRAM
Admission to Weatherford College does not guarantee selective admission to the Respiratory Care program. The number of students admitted to this program is limited. Students admitted to Respiratory Care program are selected on the basis of admission to the college, reading level, math ability, prior educational achievements and health status. For specific application information and deadlines, contact the Respiratory Care program director or the academic counselor.

Weatherford College offers the new Associate of Applied Science (AAS) in Veterinary Technology. Didactic instruction is provided at the Weatherford College main campus. Weatherford College has entered into a unique partnership with the Weatherford-Parker County Animal Shelter for the clinical portion of the program. The animal shelter, located at 403 Hickory Ln, Weatherford, TX, provides students with enhanced learning experiences in the treatment and re-homing of animals. Successful program completion qualifies the student to test to become Licensed Veterinary Technicians (LVT).

VETERINARY TECHNOLOGY A.A.S.
60 semester hours required to complete

Pending approvals from the Weatherford College Board of Trustees and the American Veterinary Medical Association (AVMA). Pending approval from the SACS COC.

NUMBERING OF COURSES
Courses are designated by a four-digit number.
- The first digit indicates the level at which the course is taught:
  1 - indicates freshman level
  2 - indicates sophomore level
- The second digit indicates the semester hour credit value.
- The last two digits indicate the distinguishing number of the course. For example, English 1301 is a Freshman-level (1), three semester-hours (3).

CLASSIFICATION OF INSTRUCTIONAL PROGRAM CODES (CIP)
The 10-digit codes following each course in parenthesis denote academic transfer courses while a six-digit code denotes workforce courses.

COMMON COURSE NUMBERING SYSTEM
Weatherford College participates in a statewide common course numbering system designed to facilitate the transfer of course work among Texas institutions of higher learning, both public and private. Identical numbers are referenced in the catalogs of other participating Texas institutions and may be used to establish transfer equivalents for WC courses.
ACCT, ACNT/Accounting

ACCT 2301 – Principles of Financial Accounting (52.0301.51.04) 3 semester hours (3-0-0)

This course is an introduction to the fundamental concepts of financial accounting as prescribed by U.S. generally accepted accounting principles (GAAP) as applied to transactions and events that affect business organizations. Students will examine the procedures and systems to accumulate, analyze, measure, and record financial transactions. Students will use recorded financial information to prepare a balance sheet, income statement, statement of cash flows, and statement of shareholders’ equity to communicate the business entity’s results of operations and financial position to users of financial information who are external to the company. Students will study the nature of assets, liabilities, and owners’ equity while learning to use reported financial information for purposes of making decisions about the company. Students will be exposed to International Financial Reporting Standards (IFRS). Three hours lecture per week.

ACCT 2302 – Principles of Managerial Accounting (52.0301.51.04) 3 semester hours (3-0-0)

This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity’s accounting system relevant to decisions made by internal managers, as distinguished from information relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavior, operational and capital budgeting, and performance evaluation. Prerequisite: ACCT 2301 with a C or better or consent of instructor. Three hours lecture per week.

ACNT 1303 – Introduction to Accounting I (52.0302) 3 semester hours (3-0-0)

A study of analyzing, classifying, and recording business transactions in a manual and computerized environment using QuickBooks. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll. Three hours lecture per week.

ACNT 1304 – Introduction to Accounting II (52.0302) 3 semester hours (3-0-0)

A study of accounting for merchandising, notes payable, notes receivable, valuation of receivables and equipment, and valuation of inventories in a manual and computerized environments using QuickBooks. Prerequisite: ACNT 1303 with a C or better. Three hours lecture per week.

ACNT 1311 – Introduction to Computerized Accounting (52.0302) 3 semester hours (3-1-0)

Introduction to utilizing the computer in maintaining accounting records with primary emphasis on a general ledger package. Prerequisite: ACCT 2301 or ACNT 1303. Keyboarding proficiency required. Three hours lecture and one hour lab per week.

ACNT 1329 – Payroll and Business Tax Accounting (52.0301) 3 semester hours (3-0-0)

A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environments. Prerequisites: ACCT 2301 or ACNT 1303, high school accounting, or consent of instructor. Three hours lecture per week. Only offered during the Spring Semester.
ACNT 1331 - Federal Income Tax Accounting (52.1601) 3 semester hours (3-0-0)
A study of the federal tax law for preparation of individual income tax returns. Three hours lecture per week. Only offered during the Fall Semester.

ACNT 2288 – Internship – Accounting (52.0301) 2 semester hour (0-0-6)
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. The student must have at least 6 work hours per week. Student is required to obtain appropriate paid or unpaid employment.

AERO/Aerospace Study
AERO 1171 – Leadership Lab
The AS 100 and AS 200 LLabs include a study of Air Force customs and courtesies, drill and ceremonies, and military commands. The LLab also includes studying the environment of an Air Force officer and learning about areas of opportunity available to commissioned officers.

AERO 1172 and 1173 – Aerospace Studies (AS 100)
(The Air Force Today in the fall and The Air Force Today II in the spring)
AERO 1172 and 1173 (AS 100) is a survey course designed to introduce students to the U.S. Air Force and the Air Force ROTC. Featured topics include mission and organization of the Air Force, officerism and professionalism, military customs and courtesies. Leadership Lab (AEST 1001) is mandatory for Air Force ROTC cadets (not special students), and it complements this course by providing cadets with followership experiences.

AERO 2172 and 2173 – Aerospace Studies (AS 200)
The Evolution of U.S. Air and Space Power
AS 200 is a survey course designed to examine general aspects of air and space power through a historical perspective. Utilizing this perspective, the course covers a time period from the first balloons and dirigibles to the space-age global positioning systems of the Persian Gulf War. Leadership Lab (AEST 1001) is mandatory for Air Force ROTC cadets (not special students), and it complements this course by providing cadets with followership experiences.

AGAH, AGEQ, AGRI/Agriculture
AGEQ 1301 – Equine Behavior and Training I (01.0507) 3 semester hours (1-4-0)
Instruction in basic equine behavior and training methods. Topics include anatomy and physiology, behavior, safety, health care management, and training methods. Topics will include safety, behavior, health care and management, and training methods. Students will use a systematic approach to training a weanling horse while learning proper safety and training techniques used in the industry. Prerequisite: AGEQ 1319. One hour lecture and four hours lab per week.

AGEQ 1305 – Equine Enterprise Management (01.0507) 3 semester hours (3-0-0)
A business survey of the equine industry. Topics include equine industry segments and applied management techniques. Three hours lecture per week.

AGEQ 1311 – Equine Science I (01.0507) 3 semester hours (2-2-0)
An introduction to the fundamental aspects of horse production and the importance of the horse in our society. An in-depth study in functional anatomy of the horse will be covered, in addition to principles of breeding, feeding, grooming, handling and health care. Two hours lecture, two hours lab per week.
AGEQ 1315 – Horse Evaluation I (01.0507) 3 semester hours (3-0-0)
Comparative evaluation of stock, pleasure and show horses. Ability to present accurate, clear and concise oral and written reasons will be stressed. Prerequisite: AGEQ 1311 or consent of the instructor. Two hours lecture and two hours lab per week.

AGEQ 1391 – Special Topics in Equestrian/Equine Studies, Horse Management and Training 1 (01.0507) 3 semester hours (3-0-0)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Three hours lecture per week.

AGEQ 2310 – Equine Business Management (01.0507) 3 semester hours (3-0-0)
Management of the equine business. Content includes record keeping, insurance and liability, show management, equine promotion and sales, and employer relationships. Lecture will be supplemented with guest speakers and field trips to area farms and businesses. Three hours lecture per week.

AGEQ 2311 – Equine Science II (01.0507) 3 semester hours (2-2-0)
Study of advanced concepts of equine production. Emphasis on management practices utilized in the horse industry. Identify and describe the functional anatomy of the horse. Explain digestive physiology of the horse. Determine nutrient needs of the horse. Recognize diseases of the horse. Identify and treat parasites of horses. Two hours lecture and two hours lab per week.

AGEQ 2340 – Equine Seminar (01.0507) 3 semester hours (3-0-0)
Capstone course designed to illustrate previously learned competencies associated with the equine industry. Prerequisite: AGEQ 2311. Three hours lecture per week.

AGEQ 2386 – Internship, Equestrian/Equine Studies, Horse Management and Training (01.0507) 3 semester hours (0-0-9)
An experience external to the college for students in a specialized field involving a written agreement between Weatherford College and a business or industry. Mentored and supervised by a workplace employee, students achieve objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. Prerequisite: AGEQ 1311.

AGEQ 2387 – Internship, Equestrian/Equine Studies, Horse Management and Training (01.0507) 3 semester hours (0-0-9)
An experience external to the college for students in a specialized field involving a written agreement between Weatherford College and a business or industry. Mentored and supervised by a workplace employee, students achieve objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. Prerequisite: AGEQ 2386.

AGRI 1131 – The Agriculture Industry (01.0103.52 01) 1 semester hour (1-0-0)
Overview of world agriculture, nature of the industry, resource conservation, and the American agricultural system, including production, distribution, and marketing. One hour lecture per week.

AGRI 1309 – Computers in Agriculture (01.0101.51.01) 3 semester hours (3-0-0)
Survey of the use of computers in agricultural application. Three hours lecture per week.
AGRI 1325 – Marketing of Agricultural Products (01.0102.51.01) 3 semester hours (3-0-0)

Operations in the movement of agricultural commodities from producer to consumer, including the essential marketing functions of buying, selling, transporting, storing, financing, standardizing, pricing, and risk bearing. Three hours lecture per week.

AGRI 1407 – Agronomy (01.1102.51 01) 4 semester hours (3-3-0)

Principles and practices in the development, production, and management of field crops including plant breeding, plant diseases, soils, insect control, and weed control. Three hours lecture and three hours lab per week.

AGRI 1415 – Horticulture (01.0601.51 01) 4 semester hours (3-3-0)

Structure, growth, and development of horticultural plants from a practical and scientific approach. Environmental effects, basic principles of propagation, greenhouse and outdoor production, nutrition, pruning, chemical control of growth, pest control, and landscaping. Three hours lecture and three hours lab per week.

AGRI 1419 – Introductory Animal Science (01.0901.51 01) 4 semester hours (3-3-0)

Scientific animal agriculture. Importance of livestock and meat industries. Selection, reproduction, nutrition, management, and marketing of beef cattle, swine, sheep, goats, and horses. Three hours lecture and three hours lab per week.

AGRI 2317 – Introduction to Agriculture Economics (01.0103.51 01) 3 semester hours (3-0-0)

Fundamental economic principles and their applications to the problems of the industry of agriculture. Three hours lecture per week.

AGRI 2330 – Wildlife Conservation & Management (03.0601.51 01) 3 semester hours (3-0-0)

Principles and practices used in the production and improvement of wildlife resources. Aesthetic, ecological, and recreational uses of public and private lands. Three hours lecture per week.

ANTH/Anthropology

ANTH 2301 – Physical Anthropology (45.0301.51 25) 3 semester hours (3-0-0)

This course examines evolutionary processes acting on human populations; human genetics; non-human primate anatomy (and behavior), classification and ecology of primates; the primate paleontological record, and human variation and adaptation. Three hour lecture and zero hours lab per week.

ANTH 2302 - Introduction to Archeology (45.0301.51 25) 3 semester hours (3-0-0)

The study of the human past through material remains. The course includes a discussion of methods and theories relevant to archeological inquiry. Topics may include the adoption of agriculture, response to environmental change, the emergence of complex societies, and ethics in the discipline. Three hour lecture and zero hours lab per week.

ANTH 2351 – Cultural Anthropology (45.0201.53 25) 3 semester hours (3-0-0)

The study of human cultures. Topics may include social organization, institutions, diversity, interactions between human groups, and ethics in the discipline. Three hour lecture and zero hours lab per week.
ARTC/Graphic Design

ARTC 1313 – Digital Publishing I (50.0409) 3 semester hours (2-4-0)
The fundamentals of using digital layout as a primary publishing tool and the basic concepts and terminology associated with typography and page layout. Two hours lecture and four hours lab per week.

ARTC 2313 – Digital Publishing II (50.0409) 3 semester hours (2-4-0)
Includes layout procedures from thumbnails and roughs to final comprehensive and print layout. Emphasis on design principles for the creation of advertising and publishing materials, and techniques for efficient planning and documenting projects. Two hours lecture and four hours lab per week.

ARTS/Art & Design

ARTS 1301 – Art Appreciation (50.0703.51 26) 3 semester hours (3-0-0)
Exploration of purposes and processes in the visual arts including evaluation of selected works. Three hours lecture per week.

ARTS 1303 – Art History Survey I (50.0703.52 26) 3 semester hours (3-0-0)
A survey of painting, sculpture, and other visual arts from prehistoric times to the 14th century. Three hours lecture per week.

ARTS 1304 – Art History Survey II (50.0703.52 26) 3 semester hours (3-0-0)
A survey of painting, sculpture, architecture, and other visual arts from the 14th century to the present. Three hours lecture per week.

ARTS 1311 – Design I (50.0401.53 26) 3 semester hours (3-3-0)
A basic course in the study and application of the elements and principles of design and color theory. Studio work involves the use of a wide range of media in solving problems dealing with value, line, space, texture, color and shape in two-dimensional design. Three hours lecture and three hours lab per week.

ARTS 1312 – Design II (50.0401.53 26) 3 semester hours (3-3-0)
A study and application of the principles of creative processes using three-dimensional design. Three hours lecture and three hours lab per week.

ARTS 1316 – Drawing I (50.0705.52 26) 3 semester hours (3-3-0)
A beginning course investigating a variety of media, techniques, and subjects, exploring perceptual and descriptive possibilities with consideration of drawing as a developmental process as well as an end in itself. Three hours lecture and three hours lab per week.

ARTS 1317 – Drawing II (50.0705.52 26) 3 semester hours (3-3-0)
Expansion of Drawing I exploring a variety of drawing media and stressing expressive aspects of drawing. Prerequisite: ARTS 1316. Three hours lecture and three hours lab per week.

ARTS 2316 – Painting I (50.0708.52 26) 3 semester hours (3-3-0)
An introductory course in the study and practice of painting. Emphasis on color and composition. Three hours lecture and three hours lab per week.

ARTS 2317 – Painting II (50.0708.52 26) 3 semester hours (3-3-0)
Continuation of Painting I with emphasis on individual expression. Prerequisite: ARTS 2316. Three hours lecture and three hours lab per week.

Astronomy
(See PHYS/Physics)
BARB/Barber
BARB 2431- Advanced Barber Styling I (12.0402) 4 semester hours (2, 8, 0)
Advanced skills in all areas of haircutting, hairstyling and skincare. Introduction to hair coloring techniques. Perform advanced haircutting and hairstyling techniques. Evaluate different skin types and skin disorders. Demonstrate hair color techniques. Practice safety and sanitation.
BARB 2441- Advanced Barber Styling II (12.0402) 4 semester hours (1, 8, 0)
Continuation of Advanced Barber Styling I with further refinement of all skills and theory for licensure. Perform advanced styling operations; apply massage manipulations to the neck, head, and face; explain the use of chemicals in hair coloring; perform chemical services. Practice safety and sanitation.

BCIS/Business Computer Applications
BCIS 1305 - Business Computer Applications (11.0202.54 04) 3 semester hours (2-4-0)
Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the Internet. (BCIS 1305 is included in the Business Field of Study.) This course is recommended for business, mathematics, and computer science majors. Prerequisite: None. Two hours lecture and four hours lab per week.

BIOL/Biology
BIOL 1322 – Nutrition & Diet Therapy I (19.0501.51 09) 3 semester hours (3-0-0)
This course introduces general nutritional concepts in health and disease and includes practical applications of that knowledge. Special emphasis is given to nutrients and nutritional processes including functions, food sources, digestion, absorption, and metabolism. Food safety, availability, and nutritional information including food labels, advertising, and nationally established guidelines are addressed. Three hours lecture per week.
BIOL 1406 – Biology for Science Majors I (Lecture) (26.0101.51 03) 4 semester hours (3-3-0)
Fundamental principles of living organisms will be studied, including physical and chemical properties of life, organization, function, evolutionary adaptation, and classification. Concepts of cytology, reproduction, genetics, and scientific reasoning are included. Prerequisite: TSI compliant. Three hours lecture and three hours lab per week.
BIOL 1407 – Biology for Science Majors II (Lecture) (26.0101.51 03) 4 semester hours (3-3-0)
The diversity and classification of life will be studied, including animals, plants, protists, fungi, and prokaryotes. Special emphasis will be given to anatomy, physiology, ecology, and evolution of plants and animals. Prerequisite: TSI compliant. Three hours lecture and three hours lab per week.
BIOL 1408 – Biology for Non-Science Majors I (Lecture) (26.0101.51 03) 4 semester hours (3-3-0)

Provides a survey of biological principles with an emphasis on humans, including chemistry of life, cells, structure, function, and reproduction. Prerequisite: None. Three hours lecture and three hours laboratory per week.

BIOL 1409 – Biology for Non-Science Majors II (Lecture) (26.0101.51 03) 4 semester hours (3-3-0)

This course will provide a survey of biological principles with an emphasis on humans, including evolution, ecology, plant and animal diversity, and physiology. Prerequisite: None. Three hours lecture and three hours laboratory per week.

BIOL 1411 – General Botany (26.0301.51 03) 4 semester hours (3-3-0)

Study of structure and function of plant cells, tissues, and organs. Includes an evolutionary survey and life histories of the following representative groups: algae, fungi, mosses, liverworts, ferns, and seed producing organisms. Plant reproductive and functional interactions with their environment and with humans. Selected lab exercises. Three hours lecture and three hours lab per week.

BIOL 1413 – General Zoology (26.0701.51 03) 4 semester hours (3-3-0)

Fundamental biological concepts relevant to animals, including systematics, evolution, structure and function, cellular and molecular metabolism, reproduction, development, diversity, phylogeny, and ecology. (This course is intended for science majors.) Prerequisite: TSI compliant. Three hours lecture and three hours lab per week.

BIOL 2401 – Human Anatomy and Physiology I (26.0707.51 03) 4 semester hours (3-3-0)

Anatomy and Physiology I is the first part of a two course sequence. It is a study of the structure and function of the human body including cells, tissues and organs of the following systems: integumentary, skeletal, muscular, nervous and special senses. Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis. Three hours lecture and three hours lab per week.

BIOL 2402 – Human Anatomy and Physiology II (26.0707.51 03) 4 semester hours (3-3-0)

Anatomy and Physiology II is the second part of a two-course sequence. It is a study of the structure and function of the human body including the following systems: endocrine, cardiovascular, immune, lymphatic, respiratory, digestive (including nutrition), urinary (including fluid and electrolyte balance), and reproductive (including human development and genetics). Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis. Prerequisite: Successful completion of BIOL2401 with a C or better. Three hours lecture and three hours lab per week.

BIOL 2406 – Environmental Biology (03.0103.51 01) 4 Semester hours (3-3-0)

Principles of environmental systems and ecology, including biogeochemical cycles, energy transformations, abiotic interactions, symbiotic relationships, natural resources and their management, lifestyle analysis, evolutionary trends, hazards and risks, and approaches to ecological research. Three hours lecture and three hours laboratory per week.
BIOL 2420 - Microbiology for Non-Science Majors (26.0503.51 03) 4 semester hours (3-3-0)

This course covers basic microbiology and immunology and is primarily directed at pre-nursing, pre-allied health, and non-science majors. It provides an introduction to historical concepts of the nature of microorganisms, microbial diversity, the importance of microorganisms and acellular agents in the biosphere, and their roles in human and animal diseases. Major topics include bacterial structure as well as growth, physiology, genetics, and biochemistry of microorganisms. Emphasis is on medical microbiology, infectious diseases, and public health. Prerequisite: Successful completion of BIOL2401 with a C or better. Three hours lecture and three hours laboratory per week.

BMGT, BUSG, BUSI/Business

BMGT 1327 – Principles of Management (52.0201) 3 semester hours (3-0-0)

Concepts, terminology, principles, theories, and issues in the field of management. Three hours lecture per week.

BMGT 2288 – Internship – Business Administration and Management (52.0101) 2 semester hour (0-0-6)

A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. The student must have at least 6 work hours per week. Student is required to obtain appropriate paid or unpaid employment.

BUSG 1304 – Financial Literacy (52.0801) 3 semester hours (3-0-0)

A study of financial problems encountered by financial advisors when managing family financial affairs. Includes methods to advise clients on topics such as estate planning, retirement, home ownership, savings, and investment planning. Three hours lecture per week.

BUSI 1301 – Business Principles (52.0101.51 04) 3 semester hours (3-0-0)

This course provides a survey of economic systems, forms of business ownership, and considerations for running a business. Students will learn various aspects of business, management, and leadership functions; organizational considerations; and decision-making processes. Financial topics are introduced, including accounting, money and banking, and securities markets. Also included are discussions of business challenges in the legal and regulatory environment, business ethics, social responsibility, and international business. Emphasized is the dynamic role of business in everyday life. Three hours lecture per week.

BUSI 2301 – Business Law (22.0101.51 24) 3 semester hours (3-0-0)

The course provides the student with foundational information about the U.S. legal system and dispute resolution, and their impact on business. The major content areas will include general principles of law, the relationship of business and the U.S. Constitution, state and federal legal systems, the relationship between law and ethics, contracts, sales, torts, agency law, intellectual property, and business law in the global context. Three hours lecture per week.

BUSI 2305 - Business Statistics (52.1302.51 04) 3 semester hours (2-4-0)

Descriptive and inferential statistical techniques for business and economic decision making. Topics include the collection, description, analysis, and summarization of data; probability; discrete and continuous random variables;
the binomial and normal distributions; sampling distributions; tests of hypotheses; estimation and confidence intervals; linear regression; and correlation analysis. Statistical software is used to analyze data throughout the course. (BUSI 23XX is included in the Business Field of Study.) Prerequisites: MATH 1324 Mathematics for Business & Social Science Majors or MATH 1314 College Algebra, BCIS 1305/1405 Business Computer Applications

CDEC/Child Care Provider/Assistant

CDEC 1195 – Issues of Abuse and Neglect (19.0709) 1 semester hour (1-0-0)
(Special Topics in Early Childhood Provider/Assistant) Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Course focuses on the causes and symptoms of abusive behavior. Emphasis is placed on developing skills and competencies for working with the abused child and families to help alleviate abusive experiences. One hour lecture per week. Offered spring only.

CDEC 1313 – Curriculum Resources for Early Childhood Programs (19.0709) 3 semester hours (3-0-0)
A study of the fundamentals of curriculum design and implementation in developmentally appropriate programs for children. Includes the history, philosophy, and ethics of child care. Also includes types of child care facilities. Passage of a background check is required for this course. Three hours lecture per week. Offered fall only.

CDEC 1319 – Child Guidance (19.0709) 3 semester hours (3-0-0)
An exploration of guidance strategies for promoting prosocial behaviors with individuals and groups of children. Emphasis on positive guidance principles and techniques, family involvement, and cultural influences. Includes practical application through direct participation with children. Passage of a background check is required for this course. Three hours lecture per week. Offered spring only.

CDEC 1356 – Emergent Literacy for Early Childhood (19.0706) 3 semester hours (3-0-0)
An exploration of principles, methods, and materials for teaching young children language and literacy through a play-based, integrated curriculum. Prerequisite or corequisite: CDEC 1313. Passage of a background check is required for this course. Three hours lecture per week. Offered fall only.

CDEC 1359 – Children with Special Needs (19.0709) 3 semester hours (3-0-0)
A survey of information regarding children with special needs including possible causes and characteristics of exceptionalities, intervention strategies, available resources, referral processes, and the advocacy role and legislative issues. Passage of a background check is required for this course. Three hours lecture per week. Offered spring only.

CDEC 2307 – Math and Science for Early Childhood (19.0709) 3 semester hours (3-0-0)
An exploration of principles, methods, and materials for teaching young children math and science concepts through discovery and play. Prerequisite or corequisite: CDEC 1313. Passage of a background check is required for this course. Three hours lecture. Offered fall only.
CDEC 2326 – Administration of Programs for Children I (19.0708) 3 semester hours (3-0-0)

Application of management procedures for early care and education programs. Includes planning, operating, supervising, and evaluating programs. Topics include philosophy, types of programs, policies, fiscal management, regulations, staffing, evaluation, and communication. Prerequisite: Six hours in Child Development/Early Childhood or consent of division director. Passage of a background check is required for this course. Three hours lecture per week. Offered fall only.

CDEC 2328 – Administration of Programs for Children II (19.0708) 3 semester hours (3-0-0)

An in-depth study of the skills and techniques in managing early care and education programs including legal and ethical issues, personnel management, team building, leadership, conflict resolution, stress management, advocacy, professionalism, fiscal analysis and planning, parent education/partnerships, and technical applications in programs. Prerequisite: CDEC 2326 or consent of division director. Passage of a background check is required for this course. Three hours lecture per week. Offered spring only.

CHEM/Chemistry

CHEM 1406 - Introductory Chemistry I (40.0501.51.03) 4 semester hours (3-3-0)

Survey course introducing chemistry. Topics may include inorganic, organic, biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Designed for non-science and allied health students.

CHEM 1411 – General Chemistry I (40.0501.54 03) 4 semester hours (3-3-0)

Fundamental principles of chemistry for majors in the sciences, health sciences, and engineering; topics include measurements, fundamental properties of matter, states of matter, chemical reactions, chemical stoichiometry, periodicity of elemental properties, atomic structure, chemical bonding, molecular structure, solutions, properties of gases, and an introduction to thermodynamics and descriptive chemistry. Laboratory experiments support theoretical principles presented in CHEM 1411; introduction of the scientific method, experimental design, data collection and analysis, and preparation of laboratory reports. Prerequisite: MATH 1314 College Algebra, or MATH 1414 College Algebra, or equivalent academic preparation, or permission of the instructor. Corequisite: CHEX 1411 General Chemistry I (lab). Three hours lecture and three hours lab per week.

CHEM 1412 – General Chemistry II (40.0501.57 03) 4 semester hours (3-3-0)

CHEM 1412 General Chemistry II

Chemical equilibrium; phase diagrams and spectrometry; acid-base concepts; thermodynamics; kinetics; electrochemistry; nuclear chemistry; an introduction to organic chemistry and descriptive inorganic chemistry. Basic laboratory experiments support theoretical principles presented in CHEM 1412; introduction of the scientific method, experimental design, chemical instrumentation, data collection and analysis, and preparation of laboratory reports. Prerequisite: CHEM 1411 General Chemistry I (lecture + lab). Corequisite: CHEX 1412 General Chemistry II (lab). Three hours lecture and three hours lab per week.
CHEM 2423 – Organic Chemistry I (40.0504.52 03) 4 semester hours (3-3-0)

Fundamental principles of organic chemistry will be studied, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Laboratory activities will reinforce fundamental principles of organic chemistry, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Methods for the purification and identification of organic compounds will be examined. THIS COURSE IS INTENDED FOR STUDENTS IN SCIENCE OR PRE-PROFESSIONAL PROGRAMS. Prerequisite: CHEM 1412 General Chemistry II (lecture + lab). Corequisite: CHEX 2423 Organic Chemistry Laboratory I. Three hours lecture and three hours lab per week.

CHEM 2425 – Organic Chemistry II (40.0504.52 03) 4 semester hours (3-3-0)

Advanced principles of organic chemistry will be studied, including the structure, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Laboratory activities reinforce advanced principles of organic chemistry, including the structure, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. THIS COURSE IS INTENDED FOR STUDENTS IN SCIENCE OR PRE-PROFESSIONAL PROGRAMS. Prerequisite: CHEM 2423 Organic Chemistry I (lecture + lab). Corequisite: CHEX 2425 Organic Chemistry Laboratory II (lab). Three hours lecture and three hours lab per week.

COSC/Computer Science

COSC 1301/ ITSC 1301 - Introduction to Computing (11.0101.51 07) 3 semester hours (2-4-0)

Overview of computer systems hardware, operating systems, the internet, and application software, including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student’s major field of study in business or computer science. NOTE: This course is NOT recommended for business, mathematics and computer science majors. Prerequisite: Keyboarding proficiency. Two hours lecture and four hours lab per week.
COSC 1336- Programming Fundamentals (11.0201.55.07) 3 Semester Hours (2-4-0)

Introduces the fundamental concepts of structured programming and provides a comprehensive introduction to programming for computer science and technology majors. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy. This course is included in the Field of Study Curriculum for Computer Science.

CPMT/Computer Installation and Repair Technology/Technician
CPMT 1351 – IT Essentials: PC Hardware and Software (47.0104) 3 semester hours (2-4-0)

An introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level information and communication technology (ICT) professionals. The curriculum covers the fundamentals of PC technology, networking, and security, and also provides an introduction to advanced concepts. Hands-on labs and Virtual Laptop and Virtual Desktop learning tools help students develop critical thinking and complex problem-solving skills. Cisco Packet Tracer simulation-based learning activities promote the exploration of network and networking security concepts and allow students to experiment with network behavior. Two hours lecture and four hours lab per week.

CJLE/Basic Peace Officer (Law Enforcement Academy)
CJLE 1506/1006 – Basic Peace Officer (43.0107)

Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Officer II, III, IV, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCOLE) approved Basic Peace Officer Training Academy.

CJLE 1512/1012 – Basic Peace Officer II (43.0107)

Continuing Education Course: Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Officer I, III, IV, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCOLE) approved Basic Peace Officer Academy.

CJLE 1518/1018 – Basic Peace Officer III (43.0107)

Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Officer I, II, IV, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCOLE) approved Basic Peace Officer Academy.

CJLE 1524/1024 – Basic Peace Officer IV (43.0107)

Basic preparation for a new peace officer. Should be taken in conjunction with Basic Peace Officer I, II, III, and V (supplement) to satisfy the Texas Commission on Law Enforcement (TCOLE) approved Basic Peace Officer Academy.

CJLE 1135/1035 – Police Academy Fitness I (43.0107)

Course provides information regarding personal health, fitness and stress management for police officers. Motivational, flexibility, and stretching techniques will be emphasized in conjunction with dietary considerations and self-test for students to monitor while involved in fitness programs.
CRIJ/Criminal Justice

CRIJ 1301 – Introduction to Criminal Justice (43.0104.51 24) 3 semester hours (3-0-0)
- History and philosophy of criminal justice and ethical considerations; crime defined; its nature and impact; overview of the criminal justice system; prosecution and defense; trial process; corrections. Three hours lecture per week.

CRIJ 1306 – Court Systems and Practices (22.0101.54 24) 3 semester hours (3-0-0)
- The judiciary in the criminal justice system; right to counsel; pretrial release; grand juries; adjudication process; types and rules of evidence; sentencing. Three hours lecture per week.

CRIJ 1310 – Fundamentals of Criminal Law (22.0101.53 24) 3 semester hours (3-0-0)
- A study of the nature of criminal law; philosophical and historical development; major definitions and concepts; classification of crime; elements of crimes and penalties using Texas statutes as illustrations; criminal responsibility. Three hours lecture per week.

CRIJ 2301 – Community Resources in Corrections (43.0104.53 24) 3 semester hours (3-0-0)
- An introductory study of the role of the community in corrections; community programs for adults and juveniles; administration of community programs; legal issues; and future trends in community treatment. Three hours lecture per week.

CRIJ 2313 – Correctional Systems and Practices (43.0104.54 24) 3 semester hours (3-0-0)
- Corrections in the criminal justice systems; correctional role; institutional operations; alternatives to institutionalization; treatment and rehabilitation; and current and future issues. Three hours lecture per week.

CRIJ 2314 – Criminal Investigation (43.0104.55 24) 3 semester hours (3-0-0)
- Theories and concepts of the investigator’s role in modern criminal investigation. Basic skills necessary in conduct of investigations; development of information sources, and evidence collection and preservation. Concentration is on crime solution and case preparation. Three hours lecture per week.

CRIJ 2323 – Legal Aspects of Law Enforcement (43.0104.56 24) 3 semester hours (3-0-0)
- Covering a brief history and philosophy of modern law including the structure, definition and application of commonly used penal statutes and leading case law. Also includes a review of the elements of crimes, laws of arrest, search and seizure. Three hours lecture per week.

CRIJ 2328 – Police Systems and Practices (43.0104.57 24) 3 semester hours (3-0-0)
- The police profession; organization of law enforcement systems; the police role; police discretion; ethics; police-community interaction; current and future issues. Three hours lecture per week.

CSME/Cosmetology

CSME 1401 – Orientation to Cosmetology (12.0401) 4 semester hours (2-5-0)
- An overview of the skills and knowledge necessary for the field of cosmetology. Three hours lecture and eight hours lab per week.
CSME 1505 – Fundamentals of Cosmetology (12.0401) 5 semester hours (3-4-0)
A course in the basic fundamentals of cosmetology. Topics include service preparation, manicure, facial, chemical services, shampoo, haircut, wet styling, and comb out. Two hour lecture and eight hours lab per week.
CSME 1451 – Artistry of Hair, Theory and Practice (12.0407) 4 semester hours (2-5-0)
Instruction in the artistry of hair design. Topics include theory, techniques, and application of hair design. Two hour lecture and eight hours lab per week.
CSME 1534 – Cosmetology Instructor I (12.0413) 5 semester hours (3-8-0)
The fundamentals of instructing cosmetology students. Two hours lecture and eight hours lab per week.
CSME 1543 – Manicuring and Related Theory (12.0410) 5 semester hours (3-4-0)
Presentation of the theory and practice of nail technology. Topics include terminology, application, and workplace competencies related to nail technology. Three hours lecture and eight hour lab per week.
CSME 1547 – Principles of Skin Care/Facials and Related Theory (12.0409) 5 semester hours (3-4-0)
In-depth coverage of the theory and practice of skin care, facials, and cosmetics. Two hours lecture and eight hours lab per week.
CSME 1553 – Chemical Reformation and Related Theory (12.0407) 5 semester hours (3-4-0)
Presentation of the theory and practice of chemical reformation including terminology, application, and workplace competencies. Three hours lecture and eight hours lab per week.
CSME 2310 – Advanced Haircutting and Related Theory (12.0407) 3 semester hours (1-4-0)
Advanced concepts and practice of hair cutting. Topics include haircuts utilizing scissors, razor, and/or clippers. One hour lecture and eight hours lab per week.
CSME 2343 – Salon Development (12.0412) 3 semester hours (2-2-0)
Applications of procedures necessary for salon development. Topics include professional ethics and goals, salon operation, and record keeping. Two hour lecture and four hours lab per week.
CSME 2350 – Preparation for the State Licensing Practical Examination (12.0401) 3 semester hours (1-4-0)
Preparation for the state licensing practical examination.
CSME 2501 – The Principles of Haircoloring and Related Theory (12.0407) 5 semester hours (3-4-0)
Presentation of the theory, practice, and chemistry of hair color. Topics include terminology, application, and workplace competencies related to hair color. Three hour lecture and eight hour lab per week.
CSME 2514 – Cosmetology Instructor II (12.0413) 5 semester hours (3-8-0)
A continuation of the fundamentals of instructing cosmetology students. Two hours lecture and eight hours lab per week.
CSME 2549 – Cosmetology Instructor III (12.0413) 5 semester hours (3-8-0)
Presentation of lesson plan assignments and evaluation techniques. Two hours lecture and eight hours lab per week.
CTMT/Computed Tomography

CTMT 1391 – Special Topics in Computed Tomography (51.0911) 3 semester hours (3-0-0)

Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency. Three hours lecture per week.

CTMT 2232 – Principles of Computed Tomography (51.0911) 2 semester credit hours (3-0-0)

In-depth coverage of computed tomography imaging techniques. Image quality assurance and radiation protection are emphasized. Three hours lecture per week.

CTMT 2264 – Practicum (or field experience)-Radiologic Technology/Science-Radiographer (51.0911) 2 semester hours (0-0-16)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. 16 external hours per week.

CTMT 2265 – Practicum (or field experience)-Radiologic Technology/Science-Radiographer (51.0911) 2 semester hours (0-0-16)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. 16 external hours per week.

CTMT 2336 – Computed Tomography Equipment & Methodology (51.0911) 3 semester hours (3-0-0)

Skill development in the operation of computed tomographic equipment, focusing on routine protocols, image quality, quality assurance, and radiation protection. Three hours lecture per week.

DAAC/Drug and Alcohol Abuse Counseling

DAAC 1166 – Practicum (51.1501) 1 semester hour (0-0-7)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Seven contact hours per week.

DAAC 1304 – Pharmacology of Addiction (51.1501) Three semester hours (3-0-0)

Psychological, physiological, and sociological effects of mood altering substances and behaviors. Emphasizes pharmacological effects of tolerance, dependency/withdrawal, cross addiction, and drug interaction. Three hours lecture per week.

DAAC 1305 – Co-Occurring Disorders (51.1501) Three semester hours (3-0-0)

Provides students with an understanding of co-occurring psychiatric and substance abuse disorders and their impact on the individual, family, and community. Includes an integrated approach to address the issues accompanying the illness.

DAAC 2266 – Practicum (51.1501) 2 semester hours (0-0-14)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. This is a twelve week summer class and requires 18.6 hours per week.
DAAC 2307 – Addicted Family Intervention (51.1501) Three semester hours (3-0-0)

The family as a dynamic system focusing on the effects of addiction on family roles, rules, and behavior patterns. Includes the effects of mood altering substances, behaviors, and therapeutic alternatives as they relate to the family from a multicultural and transgenerational perspective. Three hours lecture per week.

DAAC 2341 – Counseling Alcohol and Other Drug Addictions (51.1501) Three semester hours (3-0-0)

Special skills and techniques in the application of counseling skills for the Alcohol and Other Drug (AOD) client. Development and utilization of advanced treatment planning and management. Includes review of confidentiality and ethical issues. Three hours lecture per week.

DEVW/Developmental Writing

DEVW 0100— Special Tutorial/Writing (32.0108.53 12) 1 semester hour (1-1-0)

DEVW 0100 is an option for developmental writing students whose scores on the state required assessment test fall in the standard deviation range and indicate a need for supplemental activities to master specific writing skills in a flexible scheduling format. Permission of the Developmental Writing/Reading Department Chair is required. DEVW 0100 will not transfer to a senior institution but will count for non-degree credit from Weatherford College. Completion of an individually-prepared schedule requiring 12 hours of tutorials per semester is mandatory. Students must re-test and pass the writing portion of the appropriate assessment in order to satisfy TSI requirements.

DEVW 0301—Developmental Writing I (32.0108.53 12) 3 semester hours (3-1-0)

DEVW 0301 emphasizes development of skills needed for college level writing including grammar, paragraph structure, and essay form. Critical reading and analytical skills are also developed. DEVW 0301 will not transfer but will count for non-degree credit. Three hours lecture and twelve hours of tutorials required.

DEVW 0302—Developmental Writing II (32.0108.53 12) 3 semester hours (3-1-0)

DEVW 0302 emphasizes basic rhetorical principles needed for college-level writing, particularly development of effective paragraphs and organization of essays. The major focus is on preparing students to be successful in college-level English courses and in all courses requiring writing skills. DEVW 0302 will not transfer but will count for non-degree credit. Three hours lecture and twelve hours of tutorials required. Students completing this course successfully are not required to re-test.

DIRW/Developmental Reading & Writing

DIRW 0301— Integrated Reading/Writing Level 1 (32.0108.59 12) 3 semester hours (3-1-0)

DIRW 0301 is a three-credit course that integrates reading and writing instruction to engage students in the rigors of college work. This course is designed for students whose scores on assessment tests indicate a need for improvement in critical reading and writing skills. Through strategic instruction and guided practice, students strengthen their reading skills and gain practice in college level
writing assignments. Through an exploration of knowledge and learning in higher education, students are encouraged to think critically. DIRW 0301 consists of three hours lecture and requires twelve hours of tutorial activities. Students completing this course successfully will need to register for and successfully complete DIRW 0302 or pass the TSI examination in order to be TSI compliant.

DIRW 0302 — Integrated Reading/Writing Level 2 (32.0108.59 12) 3 semester hours (3-1-0)

DIRW 0302 is a three-credit course that integrates reading and writing instruction to engage students in the rigors of college work. This course is designed for students whose scores on assessment tests indicate a need for improvement in critical reading and writing skills. Through strategic instruction and guided practice, students strengthen their reading skills and gain practice in college level writing assignments. Through an exploration of knowledge and learning in higher education, students are encouraged to think critically. DIRW 0302 consists of three hours lecture and requires twelve hours of tutorial activities. Students completing this course successfully are not required to re-test.

NCBO 0100 – Integrated Reading/Writing (32.0108.60 12) 1 semester hour (0-16-0)

This is a pass/fail course designed as skill-based modular instruction in reading and writing. It combines online content lessons and activities with instructor consultation to provide individualized instruction for highly motivated students who need to improve basic skills in reading and/or writing. A student is expected to complete the course in 9-16 hours, depending on need and effort. Students who successfully complete the course in 8 weeks will have the opportunity to enroll in an 8-week ENGL-1301 offered during the second half of the semester. Students also have the option of remaining in the course for the full 16-weeks of the semester to complete the work. Upon successful completion of NCBO 0100, a student will be considered TSI complete in reading and writing.

DMSO, DSVT, DSAE/Diagnostic Medical Sonography

DMSO 1110-Introduction to Sonography (51.0910) 1 semester hour (1-1-0)

An introduction to the profession of sonography and the role of the sonographer. Emphasis on medical terminology, ethical/legal aspects, written and verbal communication, and professional issues relating to registry, accreditation, professional organizations and history of the profession. Corequisites: DMSO 1441, DMSO 1302, DMSO 1266. 1 lecture hour and 1 lab hour per week.

DMSO 1266-Practicum I (51.0910) 2 semester hours (0-0-14)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Corequisites: DMSO 1441, DMSO 1302, DMSO 1110. 14 contact hours per week.

DMSO 1267-Practicum III (51.0910) 2 semester hours (0-0-18)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: DSVT 1103, DMSO 2305, DMSO 2243 DOMSO 1366. Corequisites: DMSO 2242, DMSO 2253. 18 contact hours per week.

DMSO 1302-Basic Ultrasound Physics (51.0910) 3 semester hours (2-2-0)

Basic acoustical physics and acoustical waves in human tissue. Emphasis on ultrasound transmission in soft tissues, attenuation of sound energy, parameters affecting sound transmission, and resolution of sound beams. Corequisites: DMSO
1110, DMSO 1441, DMSO 1266. 2 lecture hours and 2 lab hours per week.

**DMSO 1355-Sonographic Pathophysiology (51.0910) 3 semester hours (3-0-0)**

Pathology and pathophysiology of the abdominal structures visualized with ultrasound. Includes abdomen, pelvis, and superficial structures of the neck. Prerequisites: DMSO 2253, DMSO 2242, DMSO 1267. Corequisites: DSVT 1300, DMSO 1367. 3 lecture hours per week.

**DMSO 1366-Practicum II (51.0910) 3 semester hours (0-0-24)**

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: DMSO 1110, DMSO 1441, DMSO 1302, DMSO 1266. Corequisites: DSVT 1103, DMSO 2305, DMSO 2243. 24 contact hours per week.

**DMSO 1367-Practicum IV (51.0910) 3 semester hours (0-0-24)**

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: DMSO 1267, DMSO 2253, DMSO 2242. Corequisites: DMSO 2253, DSVT 1300. 24 contact hours per week.

**DMSO 1441-Abdominopelvic Sonography (51.0910) 4 semester hours (3-4-0)**

Normal anatomy and physiology of the abdominal and pelvic cavities as related to scanning techniques, transducer selection, and scanning protocols. Corequisites: DMSO 1110, DMSO 1266, DMSO 1302. 3 lecture hours and 4 lab hours per week.

**DMSO 2130-Advanced Ultrasound and Review (51.0910) 1 semester hour (0-3-0)**

Knowledge, skills, and professional values within a legal and ethical framework addressing emerging technologies and professional development. Prerequisites: DMSO 1355, DSVT 1300, DMSO 1367. Corequisites: DSVT 2335, DMSO 1364. 3 lab hours per week.

**DMSO 2242-Sonography of High Risk Obstetrics (51.0910) 2 semester hours (1-2-0)**

Maternal disease and fetal abnormalities. Includes scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Prerequisites: DSVT 1103, DMSO 2305, DMSO 2243, DMSO 1366. Corequisites: DMSO 2253, DMSO 1267. 1 lecture hour and 2 lab hours per week.

**DMSO 2243-Advanced Ultrasound Physics (51.0910) 2 semester hours (1-2-0)**

Theory and application of ultrasound principles. Includes advances in ultrasound technology. Prerequisites: DMSO 1110, DMSO 1441, DMSO 1266, DMSO 1302. Corequisites: DSVT 1103, DMSO 2305, DMSO 1366. 1 lecture hour and 2 lab hours per week.

**DMSO 2253-Sonography of Superficial Structures (51.0910) 2 semester hours (2-1-0)**

Detailed study of normal and pathological superficial structures as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning protocols. Prerequisites: DSVT 1103, DMSO 2305, DMSO 2243, DMSO 1366. Corequisites: DMSO 2242, DMSO 1267. 2 lecture hours and 1 lab hour per week.

**DMSO 2305 – Sonography of Obstetrics/Gynecology (51.0910) 3 semester hours (2-4-0)**

Detailed study of the pelvis and obstetrics/gynecology as related to scanning techniques, patient history and laboratory data, transducer selection, and scanning
protocols. Prerequisites: DMSO 1110, DMSO 1441, DMSO 1302, DMSO 1266. Corequisites: DSVT 1103, DMSO 2243, DMSO 1366. 2 lecture hours and 4 lab hours per week.

**DSAE 1303-Introduction to Echocardiography** (51.0910) 3 semester hours (2-2-0)

An introduction to scanning techniques and procedures with hands-on experience in a lab setting. Emphasis is placed on the sonographic evaluation of the normal adult. Corequisites: DSAE 1440, DSAE 2303, DSAE 2360. 2 lecture hours and 2 lab hours per week.

**DSAE 1440-Diagnostic Electrocardiography** (51.0910) 4 semester hours (3-4-0)

Cardiac testing including the techniques and interpretation of patient physical assessment. Covers electrocardiography, stress testing, Holter monitoring, vital signs, and cardiovascular pharmacology. Corequisites: DSAE 1303, DSAE 2303, DSAE 2360. 3 lecture hours and 4 lab hours per week.

**DSAE 2303-Cardiovascular Concepts** (51.0910) 3 semester hours (2-4-0)

Anatomy, physiology, and pathophysiology of the cardiovascular system. Focuses on cardiac and vascular structural anatomy and relationships, electrical innervation, embryology, and hemodynamics of the heart and vascular system. Includes pathophysiology, etiology, pathology, signs, symptoms, risk factors, and treatment of cardiovascular diseases. Corequisites: DSAE 1440, DSAE 1303, DSAE 2360. 2 lecture hours and 4 lab hours per week.

**DSAE 2335-Advanced Echocardiography** (51.0910) 3 semester hours (2-2-0)

Advanced echocardiographic procedures. Topics include stress echo, related diagnostic imaging, and related noninvasive cardiac testing. Prerequisites: DSAE 1440, DSAE 2303, DSAE 1303, DSAE 2360. Corequisites: DSAE 2404, DSAE 2461. 2 lecture hours and 2 lab hours per week.

**DSAE 2360-AE Practicum I** (51.0910) 3 semester hours (0-0-16)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Corequisites: DSAE 1440, DSAE 2303, DSAE 1303. 16 contact hours per week.

**DSAE 2404-Echocardiographic Evaluation of Pathology I** (51.0910) 4 semester hours (3-2-0)

Adult acquired cardiac pathologies. Topics include cardiovascular pathophysiology, quantitative measurements, and the application of 2-D, M-Mode, and Doppler. Recognition of the sonographic appearances of cardiovascular disease is stressed. Prerequisites: DSAE 1440, DSAE 2303, DSAE 1303, DSAE 2360. Corequisites: DSAE 2335, DSAE 2461. 3 lecture hours and 2 lab hours per week.

**DSAE 2461-AE Practicum II** (51.0910) 4 semester hours (0-0-24)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. 16 contact hours per week. Prerequisites: DSAE 1440, DSAE 2303, DSAE 1303, DSAE 2360. Corequisites: DSAE 2404, DSAE 2335. 24 contact hours per week.
DSVT 1103-Introduction to Vascular Technology (51.0910) 1 semester hour (1-0-0)

Introduction to basic non-invasive vascular topics. Emphasizes image orientation, transducer handling, and identification of anatomic structures. Prerequisites: DMSO 1110, DMSO 1441, DMSO 1302, DMSO 1266. Corequisites: DMSO 2242; DMSO 1267. 1 lecture hour per week.

DSVT 1300-Principles of Vascular Technology (51.0910) 3 semester hours (2-4-0)

Introduction to non-invasive vascular technology modalities. Includes 2D imaging, Doppler, plethysmography, and segmental pressures. Emphasis on performing basic venous and arterial imaging and non-imaging exams. Prerequisites: DMSO 1355, DMSO 1367. In lieu of prerequisites/corequisites, will accept RDMS, RVT, or RDCS. 2 lecture hours and 4 lab hours per week.

DSVT 1364-Practicum V (51.0910) 3 semester hours (0-0-24)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: DSVT 1103, DSVT 1300. Corequisites: DMSO 2130, DSVT 2335. 24 contact hours per week.

DSVT 2335-Advanced Vascular Technology (51.0910) 3 semester hours (2-2-0)

Non-Invasive vascular concepts. Includes harmonics, contrast, power Doppler, digital intraoperative, intravascular, abdominal vascular, graft surveillance, vascular interventions, and research. Emphasizes extensive review of case studies, technical reporting, preliminary interpretation, and registry review. Prerequisites: DSVT 1300, DMSO 1355, DMSO 1367. Corequisites: DMSO 2130, DSVT 1364. For Vascular Certificate Coursework, in lieu of prerequisites/corequisites, will accept RDMS, RVT, or RDCS. 2 lecture hours and 2 lab hours per week.

DRAM/Drama

DRAM 1120, 1121, 2120, 2121 – Theatre Practicum (50.0506.53 26) 1 semester hour (0-3-0)

Practicum in theatre with emphasis on techniques and procedures with experience gained in play productions. May be repeated for credit up to nine semester hours. Three hours lab per week.

DRAM 1310 – Introduction to Theatre (50.0501.51 26) 3 semester hours (3-0-0)

Survey of all phases of theatre including its history, dramatic works, stage techniques, production procedures, and relation to the fine arts. Three hours lecture per week.

DRAM 1330, 2331 – Stagecraft I & II (50.0502.51 26) 3 semester hours (3-2-0)

Study and application of visual aesthetics of design which may include the physical theater, scenery construction and painting, properties, lighting, costume, makeup, and backstage organization. Three hours lecture and two hours lab per week.

DRAM 1341 – Makeup (50.0502.52 26) 3 semester hours (3-2-0)

Design and execution of makeup for the purpose of developing believable characters. Includes discussion of basic makeup principles and practical experience of makeup application. Three hours lecture and two hours lab per week.

DRAM 1351 – Acting I (50.0506.51 26) 3 semester hours (3-0-0)

A lab course in all phases of drama theatre, with emphasis on techniques and procedures, with practical experience gained by participating in a play production. Three hours lecture per week.
DRAM 1352 – Acting II (50.0506.51 26) 3 semester hours (3-0-0)
Study with practical experience in problems of creating characterization, with emphasis on developing vocal and physical skill in acting. Prerequisite: DRAM 1351. Three hours lecture per week.

DRAM 2361 – History of Theater I (50.0505.51 26) 3 semester hours (3-0-0)
Study of the history of the theater from primitive times through the Renaissance. Three hours lecture per week.

DRAM 2362 – History of Theater II (50.0505.51 26) 3 semester hours (3-0-0)
Study of the history of the theater from the Renaissance through today. Three hours lecture per week.

ECON/Economics
ECON 1301 – (Introduction to Economics) (19.0402.52 09) 3 semester hours (3-0-0)
A survey of microeconomic and macroeconomic principles for non-business majors. Microeconomic topics will include supply and demand, consumer behavior, price and output decisions by firms under various market structures, factor markets, market failures, international trade, and exchange rates. Macroeconomic topics will include national income, unemployment, inflation, business cycles, aggregate supply and demand, monetary and fiscal policy, and economic growth. Three hours lecture per week. This course satisfies the Behavioral Science Core.

ECON 2301 – Principles of Economics (Macro) (45.0601.51 25) 3 semester hours (3-0-0)
An analysis of the economy as a whole including measurement and determination of Aggregate Demand and Aggregate Supply, national income, inflation, and unemployment. Other topics include international trade, economic growth, business cycles, fiscal policy, and monetary policy. Three hours lecture per week. This course satisfies the Behavioral Science Core.

ECON 2302 – Principles of Economics (Micro) (45.0601.51 25) 3 semester hours (3-0-0)
Analysis of the behavior of individual economic agents, including consumer behavior and demand, producer behavior and supply, price and output decisions by firms under various market structures, factor markets, market failures, and international trade. Three hours lecture per week. This course satisfies the Behavioral Science Core.

EDUC/Education
EDUC 1300 – Learning Frameworks (42.2701.51 25) 3 semester hours (3-0-0)
A study of the research and theory in the psychology of learning, cognition and motivation; factors that impact learning; and application of learning strategies. Theoretical models of strategic learning, cognition and motivation serve as the conceptual basis for the introduction of college-level study strategies. Students use assessment instruments (e.g. learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply learning skills discussed to their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.
EDUC 1301 – Introduction to the Teaching Profession (13.0101.51 09) 3 semester hours (3-0-16)

An enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations and provides students with support from college and school faculty, preferably in small cohort groups, for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Course must include a minimum of 16 contact hours of field experience in P-12 classrooms. Must be TSI-complete in reading and writing.

EDUC 2301 – Introduction to Special Populations (13.1001.51 09) 3 semester hours (3-0-16)

An enriched, integrated pre-service course and content experience that provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic diversity, and equity with an emphasis on factors that facilitate learning. The course provides students with opportunities to participate in early field observations of P-12 special populations and should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Must include a minimum of 16 contact hours of field experience in P-12 classrooms with special populations. Prerequisite for this course is EDUC 1301.

EMSP/Emergency Medical Technology

EMSP 1391 – Special Topics in Emergency Medical Technology (51.0904) 3 semester hours (3-0-0)

Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Co requisite: EMSP 1501, EMSP 1260, HPRS 1206.

EMSP 1501 – Emergency Medical Technician – Basic (51.0904) 5 semester hours (3-6-0)

Preparation for certification as an Emergency Medical Technician (EMT) - Basic. Includes all the skills necessary to provide emergency medical care at a basic life support level with an emergency service or other specialized services. A minimum course grade of 75 is required to receive a course completion. Co requisite: EMSP 1391, EMSP 1260, HPRS 1206.

EMSP 1260 – Clinical – Emergency Medical Technician (51.0904) 2 semester hours (0-0-6)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. Co requisite: EMSP 1501, EMSP 1391, HPRS 1206.

EMSP 1438 – Introduction to Advanced Practice (51.0904) 4 semester hours (3-2-0)

An exploration of the foundations necessary for mastery of the advanced topics of clinical practice out of the hospital. A minimum course grade for this
section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401. Co requisite: EMSP 1456, EMSP 1455, EMSP 2260.

**EMSP 1456 – Patient Assessment and Airway Management (51.0904) 4 semester hours (3-4-0)**

A detailed study of the knowledge and skills required to perform patient assessment and airway management. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401. Co requisite: EMSP 1438, EMSP 1455, EMSP 2260.

**EMSP 1455 – Trauma Management (51.0904) 4 semester hours (3-4-0)**

A detailed study of the knowledge and skills in the assessment and management of patients with traumatic injuries. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401. Co requisite: EMSP 1438, EMSP 1456, EMSP 2260.

**EMSP 2360 – Clinical 1 – Emergency Medical EMT Paramedic (51.0904) 3 semester hours (0-0-9)**

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401. Co requisite: EMSP 1438, EMSP 1456, EMSP 1455.

**EMSP 2306 – Emergency Pharmacology (51.0904) 3 semester hours (3-0-0)**

A comprehensive course covering the utilization of medications in treating emergency situations. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401, EMSP 1438, EMSP 1456, EMSP 1455, EMSP 2260. Co requisite: EMSP 2434, EMSP 2544, EMSP 2261.

**EMSP 2434 – Medical Emergencies (51.0904) 4 semester hours (3-4-0)**

A detailed study of the knowledge and skills in the assessment and management of patients with medical emergencies. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401, EMSP 1438, EMSP 1456, EMSP 1455, EMSP 2260. Co requisite: EMSP 2306, EMSP 2544, EMSP 2261.

**EMSP 2544 – Cardiology (51.0904) 5 semester hours (3-6-0)**

Assessment and management of patients with cardiac emergencies. Includes single and multi-lead ECG interpretation. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401, EMSP 1438, EMSP 1456, EMSP 1455, EMSP 2260. Co requisite: EMSP 2306, EMSP 2434, EMSP 2261.

**EMSP 2330 – Special Populations (51.0904) 3 semester hours (2-3-0)**

A detailed study of the knowledge and skills necessary to assess and manage ill or injured patients in diverse populations. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite:
Current Texas or National Registry EMT-B certification, EMSP 2306, EMSP 2434, EMSP 2544, EMSP 2261. Co requisite: EMSP 2305, EMSP 2361, EMSP 2243, EMSP 2264.

**EMSP 2161 - Clinical 2 – Emergency Medical EMT Paramedic** (51.0904) 1 semester hours (0-0-6)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, HPRS 1206, BIOL 2401, EMSP 1438, EMSP 1456, EMSP 1455, EMSP 2260. Co requisite: EMSP 2306, EMSP 2434 EMSP 2544.

**EMSP 2305– EMS Operations** (51.0904) 3 semester hours (3-0-0)

A detailed study of the knowledge and skills to safely manage the scene of an emergency. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, EMSP 2306, EMSP 2434, EMSP 2544, EMSP 2261. Co requisite: EMSP 2330, EMSP 2361, EMSP 2243, EMSP 2264.

**EMSP 2361 – Clinical 3 - Emergency Medical EMT Paramedic** (51.0904) 3 semester hours (0-0-9)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, EMSP 2306, EMSP 2434, EMSP 2544, EMSP 2261. Co requisite: EMSP 2330, EMSP 2305, EMSP 2264.

**EMSP 2243 – Assessment Based Management** (51.0904) 2 semester hours (1-4-0)

A capstone course covering comprehensive, assessment based patient care management. Includes specific care when dealing with pediatric, adult, geriatric, and special-needs patients. A minimum course grade for this section is 80, which is required to continue to the next section. Prerequisite: Current Texas or National Registry EMT-B certification, EMSP 2306, EMSP 2434, EMSP 2544, EMSP 2261. Co requisite: EMSP 2330, EMSP 2305, EMSP 2243, EMSP2264.

**EMSP 2264 – Practicum (Field Experience) - Emergency Medical EMT Paramedic** (51.0904) 2 semester hours (0-0-15)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. A minimum course grade to complete this section is 80. Prerequisite: Current Texas or National Registry EMT-B certification, EMSP 2306, EMSP 2434, EMSP 2544, EMSP 2261. Co requisite: EMSP 2330, EMSP 2305, EMSP 2361, EMSP 2264.
ENGL/English

ENGL 1301 – Composition I (23.1301.51 12) 3 semester hours (3-0-0)

Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Note: ENGL 1301 is a pre-requisite for all 2000-level literature courses.

Three hours lecture per week.

ENGL 1302 – Composition II (23.1301.51 12) 3 semester hours (3-0-0)

Intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. Emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions. Prerequisite: ENGL 1301 or consent of the English Department Chair. Three hours lecture per week.

ENGL 2307 – Creative Writing I (23.1302.51 12) 3 semester hours (3-0-0)

Practical experience in the techniques of imaginative writing. May include fiction, nonfiction, poetry, screenwriting, or drama. Prerequisite: ENGL 1301 and ENGL 1302. Three hours lecture per week.

ENGL 2311 – Technical Writing (23.1303.51 12) 3 semester hours (3-0-0)

Intensive study of and practice in professional settings. Focus on the types of documents necessary to make decisions and take action on the job, such as proposals, reports, instructions, policies and procedures, e-mail messages, letters, and descriptions of products and services. Practice individual and collaborative processes involved in the creation of ethical and efficient documents. Prerequisites: ENGL 1301. Three hours lecture per week.

ENGL 2321 – British Literature (23.1404.51 12) 3 semester hours (3-0-0)

A survey of the development of British literature from the Anglo-Saxon period to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: ENGL 1301 and ENGL 1302. Three hours lecture per week.

ENGL 2322 – Survey of English Literature (23.1404.51 12) 3 semester hours (3-0-0)

A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth Century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.

ENGL 2323 – Survey of English Literature (23.1404.51 12) 3 semester hours (3-0-0)

A survey of the development of British literature from the Romantic period to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.
ENGL 2326 – American Literature (23.1402.51 12) 3 semester hours (3-0-0)
A survey of American literature from the period of exploration and settlement to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character. Prerequisites: ENGL 1301 and ENGL 1302. Three hours lecture per week.

ENGL 2327 – Studies in American Literature (23.1402.51 12) 3 semester hours (3-0-0)
A survey of American literature from the period of exploration and settlement through the Civil War. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.

ENGL 2328 – Studies in American Literature (23.1402.51 12) 3 semester hours (3-0-0)
A survey of American literature from the Civil War to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.

ENGL 2331 – World Literature (16.0104.5213) 3 semester hours (3-0-0)
A survey of world literature from the ancient world to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.

ENGL 2332 – World Literature I (16.0104.52 13) 3 semester hours (3-0-0)
A survey of world literature from the ancient world through the sixteenth century. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.

ENGL 2333 – World Literature II (16.0104.52 13) 3 semester hours (3-0-0)
A survey of world literature from the seventeenth century to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.

ENGL 2341 – Forms of Literature (16.0104.51 13) 3 semester hours (3-0-0)
The study of one or more literary genres including, but not limited to, poetry, fiction, drama, and film. Prerequisites: ENGL 1301 and 1302. Three hours lecture per week.
ENGR/Engineering

ENGR 1201- Introduction to Engineering (14.0101.51 10) 2 semester hours (1-2-0)
An introduction to the engineering profession with emphasis on technical communication and team-based engineering design. Prerequisite: MATH 1314—College Algebra or equivalent academic preparation One hour lecture and two hours lab per week.

FIRS/Fire Academy

FIRS 1301 – Firefighter Certification I. (43.0203) 3 semester hours (2-2-0)
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification II, III, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. Prerequisite: Department Approval. Two hours lecture and three hours lab per week.

FIRS 1313 – Firefighter Certification III. (43.0203) 3 semester hours (2-4-0)
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. Prerequisite: Department Approval. Two hours lecture and two hours lab per week.

FIRS 1323 – Firefighter Certification V. (43.0203) 3 semester hours (2-4-0)
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, III, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. Prerequisite: Department Approval. Two hours lecture and four hours lab per week.

FIRS 1329 – Firefighter Certification VI. (43.0203) 3 semester hours (2-2-0)
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, III, IV, V, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. Prerequisite: Department approval. Two hours lecture and two hours lab per week.

FIRS 1407 – Firefighter Certification II. (43.0203) 4 semester hours (3-3-0)
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, III, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. Prerequisite: Department approval. Three hours lecture and three hours lab per week.

FIRS 1433 – Firefighter Certification VII (43.0203) 4 semester hours (3-2-0)
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, III, IV, V, and VI to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural
Fire Suppression, Course #100. Prerequisite: Department approval. Two hours lecture and hours three lab per week.

FIRM/Fire Science Technology
FIRM 1192 – Special Topics in Fire Services Administration (43.0202) 1 semester hour (1-0-0)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

FIRM 1301 – Fundamentals of Fire Protection (43.0202) 3 semester hours (2-2-0)
Orientation to the fire service, career opportunities, and related fields. This course meets Fire and Emergency Services Higher Education (FESHE) Model Curriculum core requirements. Prerequisite: None. Two hours lecture and two hours lab per week.

FIRM 1303 – Fire and Arson Investigation I (43.0201) 3 semester hours (2-2-0)
Basic fire and arson investigation practices. Emphasis on fire behavior principles related to fire cause and origin determination. Prerequisite: None. Two hours lecture and two hours lab per week.

FIRM 1305 – Public Education Programs (43.0202) 3 semester hours (2-2-0)
Preparation of firefighters and fire officers to develop public fire safety awareness. Emphasis on implementation of fire and public safety programs in an effort to reduce the loss of life. Prerequisite: None. Two hours lecture and two hours lab per week.

FIRM 1307 – Fire Prevention Codes and Inspections (43.0201) 3 semester hours (2-2-0)
Local building and fire prevention codes. Fire prevention inspections, practices, and procedures. This course meets Fire and Emergency Services Higher Education (FESHE) Model Curriculum core requirements. Prerequisite: None. Two hours lecture and two hours lab per week.

FIRM 1309 – Fire Administration I (43.0202) 3 semester hours (2-2-0)
Introduction to the organization and management of a fire department and the relationship of government agencies to the fire service. Emphasizes on fire service leadership from the perspective of the company officer. Prerequisite: None. Two hours lecture and two hours lab per week.

FIRM 1315 - Hazardous Materials I (43.0203) 3 semester hours (2-2-0)
The chemical characteristics and behavior of various materials. Storage, transportation, handling hazardous emergency situations, and the most effective methods of hazard mitigation. The prerequisite: department approval. 2 hours lecture and 2 hours of lab per week.

FIRM 1319 – Firefighter Health and Safety (43.0201) 3 semester hours (2-2-0)
Firefighter occupational safety and health in emergency and non-emergency situations. This course meets Fire and Emergency Services Higher Education (FESHE) Model Curriculum core requirements. Prerequisite: None. Two hours lecture and two hours lab per week.

FIRM 1329 – Building Codes and Construction (43.0201) 3 semester hours (2-2-0)
Examination of building codes and requirements, construction types, and building materials. Includes walls, floorings, foundations, and various roof types.
and the associated dangers of each. This course meets Fire and Emergency Services Higher Education (FESHE) Model Curriculum core requirements. Prerequisite: None. Two hours lecture and two hours lab per week.

**FIRT 1349 – Fire Administration II** (43.0202) 3 semester hours (2-2-0)

An in-depth study of fire service management as pertaining to budgetary requirements, administration, organization of divisions within the fire service, and relationships between the fire service and outside agencies. Prerequisite: FIRT 1309 – Fire Administration I. Two hours lecture and two hours lab per week.

**FIRT 1353 – Legal Aspects of Fire Protection** (43.0202) 3 semester hours (2-2-0)

Study of the rights, duties, liability concerns, and responsibilities of public fire protection agencies and personnel. Prerequisite: None. Two hours lecture and two hours lab per week.

**FIRT 1433 – Fire Chemistry I** (43.0201) 3 semester hours (3-2-0)

Introduction to the chemical nature and properties of inorganic compounds as related to the fire service. Topics include fundamental laws of chemistry, states of matter, gas laws, chemical bonding, and thermodynamics with applications to various industrial processes. Prerequisite: None. Two hours lecture and two hours lab per week.

**FIRT 2309 – Firefighting Strategies and Tactics I** (43.0202) 3 semester hours (2-2-0)

Analysis of the nature of fire problems and selection of initial strategies and tactics including an in-depth study of efficient and effective use of staffing and equipment to mitigate the emergency. Prerequisite: None. Two hours lecture and two hours lab per week.

**FIRT 2331 – Firefighting Strategies and Tactics II** (43.0202) 3 semester hours (2-2-0)

Emphasis on the use of incident management in large scale command problems and other specialized fire problems. Prerequisite: FIRT 2309 Firefighting Strategies and Tactics I. Two hours lecture and two hours lab per week.

**FIRT 2333 – Fire and Arson Investigation II** (43.0201) 3 semester hours (2-2-0)

Identify the elements of a fire investigation from the fire scene to the courtroom; and demonstrate techniques such as sketching, photographing, interviewing, and documenting. Prerequisite: FIRT 1303 – Fire and Arson Investigation I. Two hours lecture and two hours lab per week.

**FIRT 2388 – Internship - Fire Protection and Safety Technology/Technician** (43.0201) 1 semester hour (0-0-9)

A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Prerequisite: Department approval. Nine contact hours per week.

**FREN/French**

**FREN 1411, 1412 - Beginning French I & II** (16.0901.51 13) 4 semester hours (3-1-0)

Fundamental skills in listening comprehension, speaking, reading, and writing. Includes basic vocabulary, grammatical structures, and culture. Three hours lecture and one hour lab per week. Must be taken in sequence.
FREN 2311, 2312 - Intermediate French III & IV  (16.0901.52 13) 3 semester hours (3-0-0)
Review and application of skills in listening comprehension, speaking, reading, and writing. Emphasizes conversation, vocabulary acquisition, reading, composition, and culture. Three hours lecture per week. Must be taken in sequence.

GEOG/Geography
GEOG 1303 – World Regional Geography  (45.0701.53 25) 3 semester hours (3-0-0)
This course is an introduction to the world’s major regions seen through their defining physical, social, cultural, political, and economic features. These regions are examined in terms of their physical and human characteristics and their interactions. The course emphasizes relations among regions on issues such as trade, economic development, conflict, and the role of regions in the globalization process Three hours lecture per week.

GEOL/Geology
GEOL 1403 – Physical Geology (40.0601.54 03) 4 semester hours (3-3-0)
GEOL 1403 Physical Geology (lecture + lab)
Principles of physical and historical geology. Study of the earth’s composition, structure, and internal and external processes. Includes the geologic history of the earth and the evolution of life. Laboratory activities will cover methods used to collect and analyze earth science data. Corequisite: GEOX 1403 Physical Geology Laboratory (lab). Three hours lecture and three hours lab per week.
GEOL 1404 – Historical Geology (40.0601.54 03) 4 semester hours (3-3-0)
A comprehensive survey of the history of life and major events in the physical development of Earth as interpreted from rocks and fossils. Laboratory activities will introduce methods used by scientists to interpret the history of life and major events in the physical development of Earth from rocks and fossils. Prerequisites: GEOL 1403 Physical Geology or permission of the instructor. Co-requisite: GEOX 1404 Historical Geology (lab). Three hours lecture and three hours lab per week.
GEOL 1447 – Meteorology (40.0601.51 03) 4 semester hours (3-3-0)
Survey of meteorology and related sciences. Co-requisite: GEOX 1447 Meteorology (lab). Three hours lecture and three hours lab per week.

GOVT/Government
GOVT 2304 - Introduction to Political Science (45.1001.52 25) 3 semester hours (3-0-0)
Introductory survey of the discipline of political science focusing on the scope, and methods of the field, and the substantive topics in the discipline including the theoretical foundations of politics, political interaction, political institutions and how political systems function. This is an elective course and does not satisfy the core requirements. Three hours lecture per week.
GOVT 2305 – Federal Government (Federal Constitution & Topics) (45.1002.51 25) 3 semester hours (3-0-0)
Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches,
federalism, political participation, the national election process, public policy, civil liberties and civil rights. This course satisfies three of the six hours of government required for a bachelor’s degree from a state institution of higher education, as well as an Associate of Arts degree from Weatherford College. Students transferring credit hours from a Texas college or university using the GOVT 2305, 2306 sequence are advised that only GOVT 2301 may be combined with these hours to meet the content requirements of Texas Education Code 51.301. Department strongly recommends the student be TSI compliant in reading. Three hours lecture per week.

GOVT 2306 – Texas Government (Texas Constitution & Topics) (45.1002.51 25) 3 semester hours (3-0-0)

Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas. This course satisfies three of the six hours of government required for a bachelor’s degree from a state institution of higher education, as well as an Associate of Arts degree from Weatherford College. Students transferring credit hours from a Texas college or university using the GOVT 2305, 2306 sequence are advised that only GOVT 2301 may be combined with these hours to meet the content requirements of Texas Education Code 51.301. Department strongly recommends the student be TSI compliant in reading. Three hours lecture per week.

HECO/Health Nutrition

HECO 1322 – Principles of Nutrition & Dietary Therapy (19.0501.51 09) 3 semester hours (3-0-0)

A survey of the science of human nutrition, including an in-depth study of nutrients and the roles they play in the body for maintenance, growth and health. Three hours lecture per week.

HIST/History

HIST 1301 – U.S. History I (54.0102.51 25) 3 semester hours (3-0-0)

A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government. Department strongly recommends the student be TSI compliant in reading. Three hours lecture per week.

HIST 1302 – U.S. History II (54.0102.51 25) 3 semester hours (3-0-0)

A survey of the social, political, economic, cultural, and intellectual history of the United from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government, and the study of U.
S. foreign policy. Department strongly recommends the student be TSI compliant in reading. Three hours lecture per week.

**HIST 2301 – Texas History** (54.0102.52 25) 3 semester hours (3-0-0)

A survey of the political, social, economic, cultural, and intellectual history of Texas from the pre-Columbian era to the present. Themes that may be addressed in Texas history include: Spanish colonization and Spanish Texas; Mexican Texas; the Republic of Texas; statehood and secession; oil, industrialization, and urbanization; civil rights; and modern Texas. Three hours lecture per week.

**HIST 2311 – Western Civilization I** (54.0101.54 25) 3 semester hours (3-0-0)

A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from human origins to the 17th century. Themes that should be addressed in Western Civilization I include the cultural legacies of Mesopotamia, Egypt, Greece, Rome, Byzantium, Islamic civilizations, and Europe through the Middle Ages, Renaissance, and Reformations. Department strongly recommends the student have completed ENGL1301. Three hours lecture per week.

**HIST 2312 – Western Civilization Since II** (54.0101.54 25) 3 semester hours (3-0-0)

A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from the 17th century to the modern era. Themes that should be addressed in Western Civilization II include absolutism and constitutionalism, growth of nation states, the Enlightenment, revolutions, classical liberalism, industrialism, imperialism, global conflict, the Cold War, and globalism. Department strongly recommends the student have completed ENGL1301. Three hours lecture per week.

**HIST 2321 – World Civilizations I** (54.0101.53 25) 3 semester hours (3-0-0)

A survey of the social, political, economic, cultural, religious, and intellectual history of the world from the emergence of human cultures through the 15th century. The course examines major cultural regions of the world in Africa, the Americas, Asia, Europe, and Oceania and their global interactions over time. Themes include the emergence of early societies, the rise of civilizations, the development of political and legal systems, religion and philosophy, economic systems and trans-regional networks of exchange. The course emphasizes the development, interaction and impact of global exchange. Department strongly recommends the student have completed ENGL1301. Three hours lecture per week.

**HIST 2322 – World Civilizations II** (54.0101.53 25) 3 semester hours (3-0-0)

A survey of the social, political, economic, cultural, religious, and intellectual history of the world from the 15th century to the present. The course examines major cultural regions of the world in Africa, the Americas, Asia, Europe, and Oceania and their global interactions over time. Themes include maritime exploration and transoceanic empires, nation/state formation and industrialization, imperialism, global conflicts and resolutions, and global economic integration. The course emphasizes the development, interaction and impact of global exchange. Department strongly recommends the student have completed ENGL1301. Three hours lecture per week.
HPRS/Health Professions and Related Services

**HPRS 1206 – Essentials of Medical Terminology** (51.0000) 2 semester hours (2-0-0)
A study of medical terminology, word origin, structure, and application. Two hours lecture weekly and one lab.

**HPRS 1209 – Interpretation of Laboratory Results** (51.0000) 2 semester hours (2-2-0)
An introduction to the interpretation of commonly ordered laboratory results. Two lecture hours weekly.

**HPRS 2321 – Medical Law and Ethics for Health Professionals** (51.0000) 3 semester hours (3-0-0)
Principles, procedures, and regulations governing the legal and ethical relationships between physicians, patients, and health care professionals. Includes current ethical issues related to the various healthcare professions and patient confidentiality. Three lecture hours weekly.

HRPO/Human Resources

**HRPO 1311 – Human Relations** (52.1003) 3 semester hours (3-0-0)
Practical application of the principles and concepts of the behavioral sciences to interpersonal relationships in the business and industrial environment. Three lecture hours per week.

**HRPO 2301 – Human Resources Management** (52.1001) 3 semester hours (3-0-0)
Behavioral and legal approaches to the management of human resources in organizations. Prerequisite: BUSI 1301 or BMGT 1301, 1327. Three lecture hours per week.

HUMA/Humanities

**HUMA 1315 – Fine Arts Appreciation** (50.0101.51 26) 3 semester hours (3-0-0)
Understanding the purposes and processes in the visual, dramatic, and musical arts including evaluation of selected works. Three hours lecture per week. NOTE: This course may fulfill the requirement for the Creative Arts component area of the Core Curriculum but not the Language, Philosophy and Culture component area requirement.

IMED, INEW, ITSE/Web Page, Digital/Multimedia and Information Resources Design

**IMED 1316 – Web Design I** (11.0801) 3 semester hours (2-4-0)
Instruction in web design and related graphic design, including mark-up languages and browsers. Prerequisites: None. Two hours lecture and four hours lab per week.

**INEW 2334 – Advanced Web Programming** (11.0801) 3 semester hours (2-4-0)
Web programming using industry-standard languages and data stores. Prerequisites: Any lower level programming course or consent of department chair or faculty. Two hours lecture and four hours lab per week.
ITSE 1311 – Beginning Web Programming (11.0801) 3 semester hours (2-4-0)
Skills development in web page programming including mark-up and scripting languages. Prerequisites: None. Two hours lecture and four hours lab per week.

ITSE 2313 – Web Authoring (11.0801) 3 semester hours (2-4-0)
Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools. Prerequisites: IMED 1316 or consent of department chair or faculty. Two hours lecture and four hours lab per week.

ITCC, ITNW/Computer Systems Networking & Telecommunications

ITCC 1314 – CCNA 1: Introduction to Networks (11.1002) 3 semester hours (2-4-0)
This course covers networking architecture, structure, and functions; introduces the principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations to provide a foundation for the curriculum. Two hours lecture and four hours lab per week.

ITCC 1340 – CCNA 2: Routing and Switching Essentials (11.1002) 3 semester hours (2-4-0)
Describes the architecture, components, and basic operation of routers and explains the basic principles of routing and routing protocols. It also provides an in-depth understanding of how switches operate and are implemented in the LAN environment for small and large networks. Two hours lecture and four hours lab per week.

ITCC 2312 – CCNA 3: Scaling Networks (11.1002) 3 semester hours (2-4-0)
CCNA R&S: Scaling Networks (ScaN) covers the architecture, components, and operations of routers and switches in larger and more complex networks. Students learn how to configure routers and switches using advanced protocols. Two hours lecture and four hours lab per week.

ITCC 2313 – CCNA 4: Connecting Networks (11.1002) 3 semester hours (2-4-0)
WAN technologies and network services required by converged applications in a complex network; enables students to understand the selection criteria of network devices and WAN technologies to meet network requirements. Two hours lecture and four hours lab per week.

ITNW 1313 – Computer Virtualization (11.0901) 3 semester hours (2-4-0)
Implement and support virtualization of clients of servers in a networked computing environment. This course explores installation, configuration, and management of computer virtualization workstation and servers. Prerequisites: None. Two hours lecture and four hours lab per week.

ITNW 1316 – Network Administration (11.0901) 3 semester hours (2-4-0)
An introduction to network administration. Prerequisites: ITNW 1325. Two hours lecture and four hours lab per week.

ITNW 1325 – Fundamentals of Networking Technologies (11.1002) 3 semester hours (2-4-0)
Instruction in networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software. Corequisites: CPMT 1351 and keyboarding proficiency. Two hours lecture and four hours lab per week.
ITNW 2188 – Computer Network Internship (11.0901) 2 semester hours (0-0-48)
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Student is required to obtain appropriate paid or unpaid employment. The student must have at least 3 work hours per week.

ITSC/Computer & Information Sciences
ITSC 1316 – Linux Installation and Configuration (11.0101) 3 semester hours (2-4-0)
Introduction to Linux operating system. Includes Linux installation, basic administration, utilities and commands, upgrading, networking, security, and application installation. Emphasizes hands-on setup, administration, and management of Linux. Prerequisites: None. Two hours lecture and four hours lab per week.

ITSC 1391 – Special Topics in Computer and Information Sciences, General (App Development) (11.0101) 3 semester hours (2-4-0)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency. Prerequisites: Will vary depending on the topics covered. Two hours lecture and four hours lab per week.

ITSC 2286 – Internship, Computer and Information Sciences, General (11.0101) 2 semester hour (0-0-6)
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Prerequisites: Completion of two core courses in a related program. Six hours work per week. Student is required to obtain appropriate paid or unpaid employment.

ITSC 2321 – Integrated Software Applications II (11.0101) 3 semester hours (2-4-0)
Intermediate study of computer applications from business productivity software suites. Instruction in embedding data and linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. Two hours lecture and four hours lab per week.

INEW, ITSE/Computer Programming/ Programmer, General
INEW 2338 - Advanced Java Programming (11.0201) 3 semester hours (2-4-0)
A continuation of Java programming techniques such as servlets, and advanced graphical functions. Prerequisite: ITSE 2317. Two hours lecture and four hours lab per week.

ITSE 1307 – Introduction to C++ Programming (11.0201) 3 semester hours (2-4-0)
Introduction to computer programming using C++. Emphasis on the fundamentals of object-oriented design with development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. Prerequisites: ITSE 1302 or consent of department chair or faculty. Keyboarding proficiency required. Two hours lecture and four hours lab per week.
ITSE 1329 – Programming Logic and Design (11.0201) 3 semester hours (3-0-0)
Formerly COSC 1309
Problem-solving applying structured techniques and representation of algorithms using design tools. Includes testing, evaluation, and documentation. Three hours lecture per week.

ITSE 1359 – Introduction to Scripting Languages (11.0201) 3 semester hours (2-4-0)
Introduction to scripting languages including basic data types, control structures, regular expressions, input/output, and textual analysis. Prerequisites: ITSE 1329. Keyboarding proficiency required. Two hours lecture and four hours lab per week.

ITSE 2286 – Internship, Computer Programming/Programmer (11.0201) 2 semester hours (0-0-6)
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Prerequisites: Completion of two core courses in a related program. Six hours work per week. Student is required to obtain appropriate paid or unpaid employment.

ITSE 2317 – JAVA Programming (11.0201) 3 semester hours (2-4-0)
Introduction to object-oriented Java programming including the fundamental syntax and semantics. Prerequisites: ITSE 1329 or consent of department chair or faculty. Keyboarding proficiency required. Two hours lecture and four hours lab per week.

ITSE 2321 Objective-Oriented Programming (11.0201) 3 Semester Hours (2-4-0)
Develop executable programs; create appropriate documentation; and write programs using classes and objects using object-oriented programming techniques.

ITSE 2331 – Advanced C++ Programming (11.0201) 3 semester hours (2-4-0)
C++ programming techniques including file access, abstract data structures, class inheritance, and other advanced techniques. Prerequisites: ITSE 1307. Keyboarding proficiency required. Two hours lecture and four hours lab per week.

ITSW/Data Modeling/Warehousing and Database Administration

ITSW 1307 – Introduction to Database (11.0802) 3 semester hours (2-4-0)
Introduction to database theory and the practical applications of a database. Prerequisites: None. Two hours lecture and four hours lab per week.

ITSW 2337 – Advanced Database (11.0802) 3 semester hours (2-4-0)
Advanced concepts of database design and functionality. Prerequisites: ITSW 1307, Keyboarding proficiency required. Two hours lecture and four hours lab per week.

ITSW/Data Processing and Data Processing Technology/Technician

ITSW 1304 – Introduction to Spreadsheets (11.0301) 3 semester hours (2-4-0)
Introduction to the concepts, procedures, and application of electronic spreadsheets. Prerequisites: None. Two hours lecture and four hours lab per week.
ITSW 1391 – Special Topics in Data Processing Technology/Technician
(11.0301) 3 semester hours (2-4-0)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency. Prerequisites: Will vary depending on topics covered. Keyboarding proficiency required. Two hours lecture and four hours lab per week.

ITSW 2334 – Advanced Spreadsheets (11.0301) 3 semester hours (2-4-0)
Advanced techniques for developing and modifying spreadsheets. Includes macros and data analysis functions. Prerequisites: ITSW 1304. Two hours lecture and four hours lab per week.

ITSY/Computer and Information Systems Security/Information Assurance

ITSY 1300 – Fundamentals of Information Security (11.1003) 3 semester hours (3-0-0)
An introduction to information security including vocabulary and terminology, ethics, the legal environment, and risk management. Identification of exposures and vulnerabilities and appropriate countermeasures are addressed. The importance of appropriate planning, policies and controls is also discussed. Three lecture hours per week.

KINE/Kinesiology Activity
Courses are designed to meet Kinesiology elective requirements.

KINE 1100 – Table Tennis (36.0108.51 23) 1 semester hour (0-3-0)
An introduction to the game of table tennis. Use and care of the equipment and game strategies will be introduced as well as Table Tennis as a lifelong activity. National Table Tennis rules will be stressed.

KINE 1101 – Beginning Spinning (36.0108.51 23) 1 semester hour (0-3-0)
Designed for the beginning student interested in the knowledge, improvement, and maintenance of cardiovascular fitness through the primary use of spinning. Development of aerobic and anaerobic systems. Three hours activity per week.

KINE 1102 – Camping and Hiking (36.0108.51 23) 1 semester hour (0-3-0)
An introduction to camping and hiking. Emphasis will be on appropriate camping gear and apparel, camping and hiking safety and etiquette, exercises for flexibility, strength and conditioning and camping/hiking as a lifelong activity. Course schedule for instructional classes and overnight camping will be discussed at the first class.

KINE 1104 – Beginning Weight Training and Conditioning (36.0108.51 23) 1 semester hour (0-3-0)
Principles of weight training including progression, specificity, overload through an individualized program of basic exercises to improve strength, endurance, and flexibility of major muscle groups. Three hours activity per week.

KINE 1106 – Beginning Marksmanship (36.0108.51 23) 1 semester hour (0-3-0)
Proper care and use of weapons. Target shooting to improve accuracy. Three hours activity per week.
KINE 1107 – Outdoor Education: Camping, Canoeing, Orienteering 1 semester hour (0-3-0)
(36.0108.51 23) Basic instruction in camping skills. Fundamental strokes and maneuvers for canoeists. Canoeing safety and exercises for flexibility and strength. Map reading and compass skills for orienteering. Course schedule for instructional classes and overnight camping will be discussed at the first class. Three hours activity per week.

KINE 1111 – Beginning Tennis (36.0108.51 23) 1 semester hour (0-3-0)
Stroke techniques for recreational play including ground strokes, volleys, overheads, and serves. Terminology, scoring, and historical background of tennis. Three hours activity per week.

KINE 1112 – Beginning Golf (36.0108.51 23) 1 semester hour (0-3-0)
Stroke fundamentals, terminology, and scoring. Three hours activity per week.

KINE 1113 – Beginning Jogging (36.0108.51 23) 1 semester hour (0-3-0)
Designed for the beginning student interested in an individualized program for cardiovascular endurance and conditioning. Development of aerobic and anaerobic systems. Three activity hours per week.

KINE 1114 – Self Defense (36.0108.51 23) 1 semester hour (0-3-0)
Basic principles of self-defense; stressing physical fitness and utilizing basic martial arts related to self defense. Three hours activity per week.

KINE 1115 – Beginning Softball (36.0108.51 23) 1 semester hour (0-3-0)
Throwing, catching, batting skills for recreational slow-pitch team play. Three hours activity per week.

KINE 1116 – Zumba 1 (36.0108.51 23) 1 semester hour (0-3-0)
A Latin dance style cardio class focused on improving cardiovascular endurance, flexibility, strength and endurance. Three hours activity per week.

KINE 1121 – Beginning Basketball (36.0108.51 23) 1 semester hour (0-3-0)
Emphasis on conditioning through drills for passing, shooting, rebounding, offensive and defensive plays. Three hours activity per week.

KINE 1122 – Beginning Volleyball (36.0108.51 23) 1 semester hour (0-3-0)
An introductory course focusing on fundamentals of passing, serving, setting, and spiking for recreational play. Three hours activity per week.

KINE 1123 – Beginning Power Tumbling (36.0108.51 23) 1 semester hour (0-3-0)
Beginning principles incorporating tumbling and gymnastics. For those interested in cheerleading and competitive tumbling. Three hours activity per week.

KINE 1130 – Pilates I (36.0108.51 23) 1 semester hour (0-3-0)
The practice of Pilates is designed for fitness enthusiasts who want to experience the bountiful benefits of Pilates by embodying safe body alignment principles, increasing circulation, improving strength and flexibility and learning various relaxation techniques. Three hours per week. One hour credit.

KINE 1140 – Beginning Kickboxing (36.0108.51 23) 1 semester hour (0-3-0)
Aerobic exercise class designed to teach beginning basics of kickboxing skills and improve cardiovascular endurance, flexibility, strength and endurance. Three hours activity per week.

KINE 1150 – Yoga I (36.0108.51 23) 1 semester hour (0-3-0)
Asana (postures), Pranayama (breathing techniques) and relaxation for proficiency in Hatha Yoga technique. Yoga terminology, basic nutrition, and historical background of Yoga. Three hours per week. One hour credit.
KINE 1164 – Introduction to Physical Fitness & Sport I (31.0501.51 23) 1 semester hour (1-2-0)
Orientation to the field of physical fitness and sport. Includes the study and practice of activities and principles that promote physical fitness. One hour lecture and two hours lab per week.

KINE 1238 – Introduction to Physical Fitness & Sport II (31.0501.51 23) 2 semester hours (2-2-0)
Orientation to the field of physical fitness and sport. Includes the study and practice of activities and principles that promote physical fitness. Two hours lecture and two hours lab per week.

KINE 2100 – Intermediate Table Tennis (36.0108.51 23) 1 semester hour (0-3-0)
Designed for students interested in advanced skills for doubles and singles tournament play as well as table tennis as a lifelong activity. Three hours activity per week.

KINE 2101 – Intermediate Spinning (36.0108.51 23) 1 semester hour (0-3-0)
Designed for students interested in continuing their knowledge, improvement, and maintenance of cardiovascular fitness through the primary use of spinning. Development of aerobic and anaerobic systems. Three hours activity per week.

KINE 2104 – Intermediate Weight Training and Conditioning (36.0108.51 23) 1 semester hour (0-3-0)
Advanced applications of principles of progression, specificity, and overload. Three hours activity per week.

KINE 2106 – Intermediate Marksmanship (36.0108.51 23) 1 semester hour (0-3-0) This course is designed for students majoring in criminal justice or interested in attending the police academy. Advanced skills for firing weapons. Three hours activity per week.

KINE 2107 – Outdoor Education: Camping, Canoeing, Orienteering (36.0108.51 23) 1 semester hour (0-3-0)
Outdoor enthusiasts interested in advanced skills in canoeing and orienteering. Three hours activity per week.

KINE 2111 – Intermediate Tennis (36.0108.51 23) 1 semester hour (0-3-0)
Advanced skills for serving, drop shots, doubles and singles tournament play. Three hours activity per week.

KINE 2112 – Intermediate Golf (36.0108.51 23) 1 semester hour (0-3-0)
Stroke analysis and opportunity for tournament play. Three hours activity per week.

KINE 2113 – Intermediate Jogging (36.0108.51 23) 1 semester hour (0-3-0)
Recommended for aerobically fit students who want to continue a running program designed to provide optimum conditioning. Three hours activity per week.

KINE 2115 – Intermediate Softball (36.0108.51 23) 1 semester hour (0-3-0)
Designed for students with fundamental knowledge of softball skills. Three hours activity per week.

KINE 2116 – Zumba 2 (36.0108.51 23) 1 semester hour (0-3-0)
A Latin dance style cardio class focused on improving cardiovascular endurance, flexibility, strength and endurance. Three hours activity per week.

KINE 2121 – Intermediate Basketball (36.0108.51 23) 1 semester hour (0-3-0)
Team play for students with basic basketball knowledge and skills with focus on conditioning. Three hours activity per week.
KINE 2122 – Intermediate Volleyball (36.0108.51 23) 1 semester hour (0-3-0)
Advanced skills for volleyball with emphasis on strength training and conditioning. Three hours activity per week.

KINE 2123 – Intermediate Power Tumbling (36.0108.51 23) 1 semester hour (0-3-0)
Advanced principles incorporating tumbling and gymnastics. For those interested in cheerleading and competitive tumbling. Three hours activity per week.

KINE 2130 – Pilates II (36.0108.51 23) 1 semester hour (0-3-0)
A continuation of the practice of Pilates is designed for fitness enthusiasts who want to experience the bountiful benefits of Pilates by embodying safe body alignment principles, increasing circulation, improving strength and flexibility and learning various relaxation techniques. Three hours per week. One hour credit.

KINE 2140 – Intermediate Kickboxing (36.0108.51 23) 1 semester hour (0-3-0)
Aerobic exercise class designed to teach intermediate skills of kickboxing and improve cardiovascular endurance, flexibility, strength and endurance.

KINE 2150 – Yoga II (36.0108.51 23) 1 semester hour (0-3-0)
Expanding and building on the “Sun Salutation.” Teaching Vinyasa yoga combinations, Asana and expanding on various Pranayama, mudras and mantra techniques for relaxation and stress relief. Introduction to Agni Yoga and developing a personal practice. Deeper understanding of the Chakra system and relaxation techniques. Three hours per week. One hour credit.

KINE 2156 – Taping and Bandaging (51.0913.51 16) 1 semester hour (0-3-0)
This course provides the fundamental taping and bandaging techniques used in the prevention and care of athletic related injuries.

KINE 2356 – Care and Prevention of Athletic Injuries (51.0913.52 16) (3 semester hours (3-0-0)
Prevention and care of athletic injuries with emphasis on qualities of a good athletic trainer, avoiding accidents and injuries, recognizing signs and symptoms of specific sports injuries and conditions, immediate and long-term care of injuries, and administration procedures in athletic training.

KINE/Kinesiology Health Education
Courses are designed for Physical Education or Health Science majors.

KINE 1304 – Personal and Community Health (51.1504.51 16) 3 semester hours (3-0-0)
Investigation of the principles and practices in relation to personal and community health. Three hours lecture per week.

KINE 1306 – First Aid (51.1504.53 16) 3 semester hours (3-0-0)
Emergency care for injuries. Coverage of topics that include poisoning, burns, strains, sprains, broken bones, snake bites, cardiac care, rescue breathing and CPR. Prevention of injuries is a major focus. Eligible for American Red Cross certification. Three hours lecture per week.
KINE/Kinesiology Intercollegiate Athletics
Courses are designed for team sports only and require prior approval.

**KINE 1105 – Weight Training and Conditioning for Athletes 1**
(36.0108.51 23) 1 semester hour (0-3-0)
Principles of weight training that enhance conditioning for varsity athletes. Admission by approval of athletic director. Three hours activity per week.

**KINE 1124 – Weight Training and Conditioning for Athletes 3**
(36.0108.51 23) 1 semester hour (0-3-0)
Principles of weight training that enhance conditioning for varsity athletes. Admission by approval of athletic director. Three hours activity per week.

**KINE 1131 – Varsity Basketball 1**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 1134 – Varsity Cheerleading**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. May be repeated for credit. Three hours activity per week.

**KINE 1135 – Varsity Rodeo**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. May be repeated for credit. Three hours activity per week.

**KINE 1136 – Varsity Baseball 1**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 1137 – Varsity Softball 1**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 1138 – Varsity Basketball 3**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 1139 – Varsity Baseball 3**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 1141 – Varsity Softball 3**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 2105 – Weight Training and Conditioning for Athletes 2**
(3601085123) 1 semester hour (0-3-0)
Principles of weight training that enhance conditioning for varsity athletes. Admission by approval of athletic director. Three hours activity per week.

**KINE 2124 – Weight Training and Conditioning for Athletes 4**
(36.0108.51 23) 1 semester hour (0-3-0)
Principles of weight training that enhance conditioning for varsity athletes. Admission by approval of athletic director. Three hours activity per week.

**KINE 2131 – Varsity Basketball 2**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.

**KINE 2134 – Varsity Cheerleading**
(36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor. Three hours activity per week.
KINE 2135 – Varsity Rodeo (36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor.
Three hours activity per week.

KINE 2136 – Varsity Baseball 2 (36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor.
Three hours activity per week.

KINE 2137 – Varsity Softball 2 (36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor.
Three hours activity per week.

KINE 2138 – Varsity Basketball 4 (36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor.
Three hours activity per week.

KINE 2139 – Varsity Baseball 4 (36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor.
Three hours activity per week.

KINE 2141 – Varsity Softball 3 (36.0108.51 23) 1 semester hour (0-3-0)
College varsity level of competition. Admission by approval of instructor.
Three hours activity per week.

KINE/Kinesiology
Courses are designed for Physical Education or Health Science majors.

KINE 1308 – Sports Officiating (31.0101.51 23) 3 semester hour (3-0-0)
Rules, interpretation, and mechanics of officiating selected sports. Opportunity
to officiate community or school activities. Three hours lecture per week.

KINE 1321 – Coaching/Sports/Athletics I - Basketball and Volleyball
(31.0505.51 23) 3 semester hours (3-0-0)
Skills, strategies, and administration of coaching basketball in a recreational
or competitive athletic program. Opportunity to develop coaching philosophy.
Three hours lecture per week.

KINE 1322 – Coaching/Sports/Athletics II - Baseball and Softball
(31.0505.51 23) 3 semester hours (3-0-0)
Skills, strategies, and administration of coaching baseball and softball in
recreational or competitive athletic programs. Opportunity to develop coaching
philosophy. Three hours lecture per week.

MAMT/Mammography
MAMT 2264-Practicum (or Field Experience) (51.0911) 2 semester hours
(0-0-16)
Practical, general workplace training supported by an individualized learning
plan developed by the employer, college, and student. Corequisite MAMT 2333,
contact hours 256.

MAMT 2333-Mammography (51.0911) 3 semester hours (____)
MAMT2333 Concepts, theories, and equipment employed in breast imaging.
Emphasis will be placed on breast anatomy, physiology, routine, and additional
projections and positions, patient education, and assessment. Content will include
mammographic techniques for breast compression, magnification, specimen
radiography, and selection of technical factors. Course will integrate interventional
procedures, special exams, and special modalities. Quality Control and Quality Assurance procedures as described in the Mammography Quality Control Manual will be addressed.

**MATH/Mathematics**

**MATH 0332 - Elementary Algebra (Pre-Contemporary Mathematics)**
(32.0101.51 19) 3 semester hours (3-1-0)

This course prepares students to enroll in MATH 1332, Contemporary Mathematics. This course will be taught in a co-requisite modality as an 8 week course. It will be paired with a MATH 1332 section for the second 8 weeks. Topics in this course include the real number system, solving linear equations and inequalities, graphing linear equations and inequalities, solving systems of linear equations, statistical topics, and number theory. This course will not transfer to a senior college; however, it will count for non-degree credit from Weatherford College. Attendance and tutorials required. Prerequisite: Either a C or better in MATH 0301 or placement by TSI instrument.

**MATH 0342 – Pre-Statistics Developmental**
(32.0101.51 19) 3 semester hours (3-1-0)

This course prepares students to enroll in MATH 1342, Elementary Statistics Mathematics, when a grade of ‘C’ or better is earned. Topics in this course include the real number system, solving linear equations and inequalities, graphing linear equations and inequalities, solving systems of linear equations, exponents and polynomials, and factoring polynomials. This course will not transfer to a senior college; however, it will count for non-degree credit from Weatherford College. Attendance and tutorials required. Prerequisite: Either a C or better in MATH 0301 or placement by TSI instrument.

**MATH 0314 - Intermediate Algebra (Pre-College Algebra)**
(32.0104.52 19) 3 semester hours (3-1-0)

This course prepares students to enroll in MATH 1314, College Algebra, and other higher level mathematics courses. This course will be taught in a Co-requisite modality as an 8 week course. It will be paired with MATH 1314 for the second 8 weeks. This course presents terminology, concepts, and techniques needed to begin a study of functional algebra. Topics include functions, polynomials and factoring, rational expressions and equations, set operations, solving absolute value equations and inequalities, solving systems of equations and inequalities, radical expressions and equations, and solving quadratic equations and inequalities. This course is designed for students whose placement scores indicate that they would have difficulty passing a more advanced course at the college level. This course will not transfer to a senior college; however, it will count for non-degree credit from Weatherford College. Attendance and tutorials required. Prerequisite: placement by TSI instrument.

**MATH 1314 – College Algebra**
(27.0101.54 19) 3 semester hours (3-0-0)

This course includes the study of linear, quadratic, polynomial, logarithmic, and exponential functions and their graphs; characteristics of other basic functions, graphing techniques, and operations on functions; systems of equations; and matrices. Prerequisite: MATH 0402 – Developmental Mathematics, or fulfillment of TSI requirements. Three hours lecture per week.
MATH 1316 – Plane Trigonometry (27.0101.53 19) 3 semester hours (3-0-0)

This course is an in-depth study and applications of trigonometry including the study of trigonometric functions, solutions of triangles, trigonometric identities and equations, inverse trigonometric functions, and vectors. Emphasis is placed on acquiring and evaluating information based on the trigonometric functions. Exercises are designed to allow students to demonstrate their reasoning ability to solve problems using trigonometry. Prerequisite: MATH 1314/1414. Three hours lecture per week.

MATH 1324 – Mathematics for Business & Social Sciences I (Finite Mathematics) (27.0301.52 19) 3 semester hours (3-0-0)

Topics from college algebra (linear equations, quadratic equations, functions and graphs, inequalities), mathematics of finance (simple and compound interest, annuities), linear programming, matrices, systems of linear equations, applications to management, economics, and business. (The content level of MATH 1324 is expected to be at or above the level of college algebra). Three hours lecture per week.

MATH 1325 – Mathematics for Business & Social Sciences II (Business Calculus) (27.0301.53 19) 3 semester hours (3-0-0)

Limits and continuity, derivatives, graphing and optimization, exponential and logarithmic functions, antiderivatives, integration, applications to management, economics, and business. Prerequisite: MATH 1314, MATH 1414 or MATH 1324 (The content level of MATH 1325 is expected to be below the content level of Calculus I, MATH 2413). Three hours lecture per week.

MATH 1332 – Contemporary Mathematics I (Math for Liberal Arts Majors I) (27.0101.51 19) 3 semester hours (3-0-0)

Topics may include introductory treatments of sets, logic, number systems, number theory, relations, functions, probability and statistics. Appropriate applications are included. This course is designed for liberal arts students. It will provide knowledge of the nature of mathematics as well as training in mathematical thinking and problem solving. All topics are motivated by real world applications and may include logic, problem solving, financial management, probability, statistics, modeling, and the mathematics of politics. Prerequisite: Either a C or better in MATH 0342 or P in MATH 0332 or 0314. Recommend credit for MATH 1314/1414, MATH 1324, or MATH 1332. Three hours lecture per week.

MATH 1342 – Elementary Statistical Methods (27.0501.51 19) 3 semester hours (3-0-0)

An elementary course in statistics including the following topics and their applications in various fields; probability; population sampling; collection; tabulation and graphing of data; frequency distributions; mean and standard deviation; correlation and regression, the normal distribution; and hypothesis testing. Prerequisite: a C or better in MATH 0342 or a P in MATH 0332 or 0314. Recommend credit for MATH 1314/1414, MATH 1324, or MATH 1332. Three hours lecture per week.

MATH 1350 – Fundamentals of Mathematics I (27.0101.56 19) 3 semester hours (3-0-0)

This course is designed for elementary and middle school education majors, but is open to all students. This course covers an introduction to problem solving, set theory, functions, other numeration systems, integers, number theory, rational numbers, and real numbers. Emphasis is placed on the National Council of Teachers of Mathematics Standards, the Texas Essential Knowledge and Skills, and the College and Career Readiness Standards for the elementary and middle mathematics standards.
school levels. Exercises are designed to allow students to demonstrate their reasoning ability to solve problems using a problem solving approach. Also, the students develop conceptual understanding through using math manipulatives. Prerequisite: Math 1314/1414 with C or better. Three hours lecture per week.

**MATH 1351 – Fundamentals of Mathematics II** (27.0101.57 19) 3 semester hours (3-0-0)

This course is designed specifically for students who seek middle grade (4 through 8) teacher certification. This course includes study of statistics, probability, geometry, and measurement. The course looks at using math manipulatives to develop conceptual understanding. Exercises are designed to allow students to demonstrate their reasoning ability to solve problems using a problem solving approach. Prerequisite: MATH 1350 with C or better. Three hours lecture per week.

**MATH 2412 – Pre-calculus Mathematics** (27.0101.58 19) 4 semester hours (4-0-0)

This course includes the applications of algebra and trigonometry to the study of elementary functions and their graphs including polynomial, rational, exponential, logarithmic, and trigonometric functions. This course is designed to assist students to prepare for their study of the calculus sequence, and it includes five contact hours per week. Prerequisite: Math 1314/1414 with C or better.

**MATH 2413 – Calculus I** (27.0101.59 19) 4 semester hours (6-0-0)

This course presents terminology, concepts, and techniques needed to study limits, continuity, differentiation, and integration of algebraic, trigonometric, exponential, and logarithmic functions. Exercises are designed to allow students to demonstrate their reasoning ability, to determine maxima and minima, and to analyze functions and their graphs. A Maple component is included in this course. Six lecture hours per week. Prerequisite: MATH 1316, or MATH 2412, or Math department approval. Six hours lecture per week includes a Maple lab.

**MATH 2414 – Calculus II** (27.0101.59 19) 4 semester hours (6-0-0)

Differentiation and integration of transcendental functions; parametric equations and polar coordinates; techniques of integration; sequences and series; improper integrals. The Maple computer algebra system will be used throughout the course. Prerequisite: MATH 2413 or mathematics department approval. Six hours lecture per week includes a Maple lab.

**MATH 2315 – Calculus III** (27.0101.59 19) 3 semester hours (3-0-0)

Advanced topics in calculus, including vectors and vector-valued functions, partial differentiation, Lagrange multipliers, multiple integrals, and Jacobians; application of the line integral, including Green’s Theorem, the Divergence Theorem, and Stokes’ Theorem. Prerequisite: MATH 2414 or mathematics department approval. Three hours lecture per week.

**MRKG/Marketing**

**MRKG 1301 - Customer Relationship Management** (52.1401) 3 semester hours (3-0-0)

General principles of customer service including skills, knowledge, attitudes, and behaviors. Three hours lecture per week.

**MRKG 1311 – Principles of Marketing** (52.1401) 3 semester hours (3-0-0)

Introduction to the marketing mix functions and process. Includes identification of consumer and organizational needs and explanation of environmental issues. Three hours lecture per week.
MSCL/Military Science Classes
Offered at Texas Christian University

MSCL 1171 – Leadership Lab
Fall/Spring. This course facilitates the development of leadership skills while giving practical experience in military skills. Areas of emphasis include drill and ceremonies, squad level tactics, first aid and land navigation. Advanced Course cadets conduct the training and lead the cadet battalion under cadre supervision. A weekend field training exercise and weekly physical fitness training are included in the course. One credit hour.

MSCL 1172 – Introduction to Leadership I
Fall. A progressive overview of the U.S. Army to include its history, its organization, its customs and courtesies, its strategic mission, dynamic structure, and methods of tactical deployment. One credit hour.

MSCL 1173 – Introduction to Leadership II
Spring. Leadership skills and actions, fundamentals of basic tactics to include movement techniques, battle drill/assault techniques, squad tactical control measures, land navigation, and first-aid training. Designed to give the student an initial level of tactical proficiency and a degree of leadership training. One credit hour.

MSCL 2272 – Basic Leadership I
Fall. Challenges the student to become tactically and technically proficient. Students study team building techniques, learn leadership traits and behaviors, the military element of power, use light infantry tactics, and gain a fundamental knowledge of map preceding. Prerequisite: Concurrent or past enrollment in MSCL 1172 & 1173 or permission of the department chair. Two credit hours.

MSCL 2273 – Basic Leadership II
Spring. This course prepares students to be positive and assertive leaders and conduct instruction through the study and application of basic military leadership principles. Includes leadership assessment training and student classroom presentations. Prerequisite: Concurrent or past enrollment in MSCL 1172 & 1173 Introduction to Military Science or permission of the department chair. Two credit hours.

MUAP, MUEN, MUSI/Music

MUAP – Individual Instruction (50.0903.54 26) 1 semester hour (0-1-1)
All students are expected to schedule and complete three or more half-hour rehearsals each week in college practice rooms. Individual instruction in composition (1120), voice (1121), trumpet (1131), trombone (1141), drums (1151), saxophone (1161), guitar (1171), bass guitar (1181), piano (1191), or jazz piano (1191). Subject to availability of instructors. Each course may be repeated for credit to a maximum of 20 hours in this area. Two hours lab per week.

MUEN 1121, 1122 – Jazz Band (50.0903.55 26) 1 semester hour (0-6-0)
Woodwind, brass, and percussion players. Study and performance of jazz and popular music. Open to woodwind, brass, and percussion players. Enrollment only by audition or by consent of instructor. Six hours lab per week.

MUEN 1131, 1132 – Small Instrumental Ensembles (50.0903.56 26) 1 semester hour (0-3-0)
Emphasis on performance. Enrollment only by audition or by consent of instructor. Three hours lab per week.
MUEN 1141, 1142 – College Choir (50.0903.57 26) 1 semester hour (0-4-0)
The Weatherford College Choir sings music of all types and periods and performs at various functions throughout the year. Open to all students of the college. Four hours lab per week.

MUEN 1151, 1152 – Small Vocal Ensembles (50.0903.58 26) 1 semester hour (0-3-0)
Emphasis on performance. Open by audition only. Three hours lab per week.

MUSI 1116, 1117 - Musicianship I & II (50.0904.56 26) 1 semester hour (1-2-0)
Singing tonal music in treble, bass, alto, and tenor clefs. Aural study, including dictation of rhythm, melody, and diatonic harmony. One hour lecture and two hours lab per week.

MUSI 1192 – Guitar Class (50.0911.51 26) 1 semester hour (0-3-0)
Class instruction in fundamental guitar playing, including technique, music-reading, fretboard theory, melodic and harmonic realizations. Zero hour lecture and three hours lab per week.

MUSI 1306 – Music Appreciation (50.0902.51 26) 3 semester hours (3-0-0)
General survey of the history and literature of music, with the goal of intelligent listening and appreciation on the part of students. Important composers, forms, and characteristics of music are heard through recordings and live performances. No previous knowledge of music required. Recital attendance is required. Three hours lecture per week.

MUSI 1307 - Music Literature (50.0902.52 26) 3 semester hours (3-0-0)
A survey of the styles and forms of music as it developed from the middle ages to the present. This course will familiarize the student with cultural context, terminology, genres, and notation. Three hours lecture per week.

MUSI 1310 – American Music (50.0902.53 26) 3 semester hours (3-0-0)
General survey of various styles of music in America. Topics may include jazz, ragtime, folk, rock, and contemporary art music. Three hours lecture per week.

MUSI 1311, 1312 – Music Theory I & II (50.0904.51 26) 3 semester hours (3-0-0)
Analysis and writing of tonal melody and diatonic harmony up to and including the chords. Analysis and writing of small compositional forms. Three hours lecture per week.

MUSI 2116, 2117 – Musicianship III & IV (50.0904.57 26) 1 semester hour (1-2-0)
Singing more difficult tonal music including modal, ethnic, and 20th century materials. Aural study, including dictation, of more complex rhythm, melody, chromatic harmony, and extended certain structures. One hour lecture and two hours lab per week.

MUSI 2311, 2312 – Music Theory III & IV (50.0904.52 26) 3 semester hours (3-0-0)
Advanced harmony part writing and keyboard analysis and writing of more advanced tonal harmony including chromaticism and extended certain structures. Introduction to 20th century compositional procedures and survey of the traditional large forms of composition. Three hours lecture per week.
NCBO/Developmental Reading
NCBO 0100 – Integrated Reading/Writing (32.0108.60 12) 1 semester hour (0-16-0)
This is a pass/fail course designed as skill-based modular instruction in reading and writing. It combines online content lessons and activities with instructor consultation to provide individualized instruction for highly motivated students who need to improve basic skills in reading and/or writing. A student is expected to complete the course in 9-16 hours, depending on need and effort. Students who successfully complete the course in 8 weeks will have the opportunity to enroll in an 8-week ENGL-1301 offered during the second half of the semester. Students also have the option of remaining in the course for the full 16-weeks of the semester to complete the work. Upon successful completion of NCBO 0100, a student will be considered TSI complete in reading and writing.

NURS/RN-to-BSN
NURS 3713 – Transition to the BSN Role – 2 semester credit hours (32-0-0)
This course focuses on the baccalaureate-prepared nursing role with emphasis on the following concepts: Clinical judgment, communication, health information technology, health promotion, patient education, professionalism, and teamwork and collaboration, safety, and ethical and legal practice. Competencies required for baccalaureate-prepared nursing practice, including the Quality and Safety Education for Nurses (QSEN) competencies, the American Association of Colleges of Nursing Essentials of Baccalaureate Education for Professional Nursing Practice, and the Texas Board of Nursing Differentiated Essential Competencies are explored.

NURS 4723 – Healthcare Organization and Informatics – 3 semester credit hours (48-0-0)
This course explores U.S. health care delivery organizations and payment systems. Perspectives of providers, institutions, insurers, and health care workers are described. The role of information in the continuity of care among institutions and inter-disciplinary care teams is articulated. The electronic information infrastructure is examined with implications for nursing practice.

NURS 4713 – Comprehensive Health Assessment – 4 semester credit hours (48-32-0)
This combination theory and laboratory course will be an in depth coverage of the comprehensive health assessment with an introduction to the concept of health promotion and how this concept is applied within nursing practice.

NURS 3733 – Foundations of Comprehensive Pathophysiology – 3 semester credit hours (48-0-0)
In this course, students explore pathophysiological conditions present in selected disease processes in order to implement evidence-based nursing assessment and intervention strategies.

NURS 7303 – Introduction to Research - 3 semester credit hours (48-0-0)
Qualitative, quantitative and mixed method research serve to compare and evaluate evidence-based practice and healthcare in clinical practice. This course will demonstrate appropriate utilization of research findings to monitor patient-centered care, quality improvement, safety, and leadership.
NURS 4733 – Population Focused Community Health – 4 semester credit hours (48-0-64)

This combined theory and clinical course will explore the role of the community/public health nurse caring for individuals, families, communities, and populations through designing, implementing, and evaluating population-based interventions that promote the health of a community and its members. Emphasis is given to health promotion and disease/injury prevention within vulnerable and at-risk populations and minimizing health consequences of emergency and disaster situations. Entry-level competencies for public health nurses are developed through diverse clinical experiences in virtual and real-world settings.

NURS 3743 – Evidence-Based Practice – 3 semester credit hours (48-0-0)

This course will prepare the student to understand the steps of the evidenced-based practice process (EBP) and identify various EBP models to translate evidence into practice. The topics of articulating the clinical questions, using electronic databases to locate evidence, evaluating levels of evidence, and critically appraising the evidence to translate into the best evidence will be explored. Ethical issues in research and evidence-based practice will be discussed. The course focuses on enhancing the student’s ability to read, comprehend, critically appraise, and apply the best evidence to the professional practice of nursing.

NURS 4703 – Ethics in Healthcare – 3 semester credit hours (48-0-0)

Increased autonomy in the nursing profession comes with increased responsibility, particularly ethical responsibility. This course provides both the student and practicing nurse with a foundational knowledge of ethics, ethical reasoning, and decision-making strategies to navigate the difficult ethical situations encountered on a daily basis. Decision-making models, rationales for decisions, and various topics about ethical patient care are provided in this course, satisfying the competencies needed for successful professional practice.

NURS 3723 – Leadership Roles – 4 semester credit hours (48-0-64)

This combined theory and clinical course emphasizes leadership and management theories in communication and conflict resolution, budgeting, human resource management, quality improvement, risk management, change, delegation, decision making, and management ethics. Clinical experiences focus on management of issues and interactive observation of leaders and managers in a variety of settings.

OTHA/Occupational Therapy Assistant

OTHA 1166 – Practicum – Occupational Therapy Assistant – Level I (51.0803)
1 semester hour (0-0-10)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: OTHA 1305, OTHA 1409, and OTHA 2301. One hundred, sixty clinical hours.

OTHA 1167 – Practicum – Occupational Therapy Assistant – Level I (51.0803)
3 semester hours (0-0-16)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: OTHA 1166, OTHA 2204, and OTHA 2331. One hundred, sixty clinical hours.
OTHA 1305 – Principles of Occupational Therapy (51.0803) 3 semester hours (2-4-0)

Introduction to occupational therapy including the historical development and philosophy. Emphasis on the roles of the occupational therapy assistant. Topics include areas of occupation; occupational therapy personnel; current health care environment; and moral, legal, and ethical issues. Prerequisite: Admission to the OTA program. Thirty-two lecture hours and sixty-four lab hours per semester.

OTHA 1315 – Therapeutic Use of Occupations or Activities I (51.0803) 3 semester hours (2-4-0)

Various occupations or activities used as therapeutic interventions in occupational therapy. Emphasis on awareness of activity demands, contexts, adapting, grading, and safe implementation of occupations or activities. Prerequisite: Admission to the OTA program. Thirty-two lecture hours and sixty-four lab hours.

OTHA 1319 – Therapeutic Interventions I (51.0803) 3 semester hours (2-4-0)

Concepts, techniques, and assessments leading to proficiency in skills and activities used as treatment interventions in occupational therapy (OT). Emphasizes the occupational therapy assistant’s role in the OT process. Thirty-two lecture hours and sixty-four lab hours.

OTHA 1341 – Occupational Performance from Birth through Adolescence (51.0803) 3 semester hours (2-4-0)

Occupational performance of newborns through adolescents. Includes frames of reference, evaluation tools and techniques, and intervention strategies. Prerequisites: OTHA 1166, OTHA 2204, and OTHA 2331. Thirty-two lecture hours and sixty-four lab hours.

OTHA 1353 – Occupational Performance for Elders (51.0803) 3 semester hours (2-4-0)

Occupational performance of elders. Includes frames of reference, evaluation tools and techniques, and intervention strategies. Prerequisite: Admission to the OTA program. Thirty-two lecture hours and forty-eight lab hours.

OTHA 1409 – Human Structure & Function in Occupational Therapy (51.0803) 4 semester hours (3-4-0)

Study of the biomechanics of human motion. Emphasis on the musculoskeletal system including skeletal structure, muscles and nerves, and biomechanical assessment procedures. Prerequisite: Admission to the OTA program. Forty-eight lecture hours and sixty-four lab hours.

OTHA 2204 – Neurology in Occupational Therapy (51.0803) 2 semester hours (1-4-0)

Study of neuroanatomy and neurophysiology as it relates to neurological conditions commonly treated in occupational therapy. Prerequisites: OTHA 1305, OTHA 1409, and OTHA 2301. Sixteen lecture hours and sixty-four lab hours.

OTHA 2235 – Health Care Management in Occupational Therapy (51.0803) 2 semester hours (1-3-0)

Explores the roles of the occupational therapy assistant in health care delivery. Topics include documentation, reimbursement, credentialing, ethical standards, health care team role delineation, and management. Prerequisites: OTHA 1167, OTHA 1319, OTHA 1341 and OTHA 2309. Sixteen lecture hours and forty-eight lab hours.
Otha 2266 – Practicum – Occupational Therapy Assistant – Level II (51.0803) 2 semester hours (0-0-20)
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: Otha 1167, Otha 1319, Otha 1341 and Otha 2309. Three hundred, twenty clinical hours.

Otha 2267 – Practicum – Occupational Therapy Assistant – Level II (51.0803) 2 semester hours (0-0-32)
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: Otha 2235, Otha 2266, and Otha 2305. Three hundred, twenty clinical hours.

Otha 2301 – Pathophysiology in Occupational Therapy (51.0803) 3 semester hours (2-4-0)
Pathology and general health management of diseases and injuries across the lifespan encountered in occupational therapy treatment settings. Includes etiology, symptoms, and the client’s physical and psychological reactions to disease and injury. Prerequisite: Admission to the OTA program. Thirty-two lecture hours and sixty-four lab hours.

Otha 2305 – Therapeutic Interventions II (51.0803) 3 semester hours (2-4-0)
Continuation of Therapeutic Interventions I. Emphasis on current rehabilitative interventions. Prerequisites: Otha 1167, Otha 1319, and Otha 2309. Thirty-two lecture hours and sixty-four lab hours.

Otha 2302 Therapeutic Use of Occupations or Activities II (51.0830) 3 semester hour (2-4-0)
Continuation of Therapeutic Use of Occupations or Activities I. Emphasis on advanced techniques and applications used in traditional and non-traditional settings.

Otha 2309 – Mental Health in Occupational Therapy (51.0803) 3 semester hours (2-3-0)
Promotion of mental health and wellness through occupational therapy. Topics include theory and intervention strategies to enhance occupational performance. Prerequisites: Admission to the Program. Thirty-two lecture hours and forty-eight lab hours.

Otha 2330 – Workplace Skills for the Occupational Therapy Assistant (51.0803) 3 semester hours (2-3-0)
Seminar-based course designed to complement Level II fieldwork by creating a discussion forum addressing events, skills, knowledge, and/or behaviors related to the practice environment. Application of didactic coursework to the clinic and test-taking strategies for certification exams. Prerequisites: Otha 2235, Otha 2266, and Otha 2305. Thirty-two lecture hours and forty-eight lab hours.

Otha 2331 – Physical Function in Occupational Therapy (51.0803) 3 semester hours (2-4-0)
Physical function to promote occupational performance. Includes frames of reference, evaluative tools, intervention strategies, and consumer education. Prerequisites: Otha 1305, Otha 1315, Otha 1409, and Otha 2301. Thirty-two lecture hours and sixty-four lab hours.
PHIL/Philosophy

PHIL 1301 – Introduction to Philosophy (38.0101.51 12) 3 semester hours (3-0-0)
A study of major issues in philosophy and/or the work of major philosophical figures in philosophy. Topics in philosophy may include theories of reality, theories of knowledge, theories of value, and their practical applications. Three hours lecture per week.

PHIL 2303 – Introduction to Logic (38.0101.52 12) 3 semester hours (3-0-0)
The purpose of the course is to introduce the student to symbolic logic, including syllogisms, propositional and predicate logic, and logical proofs in a system of rules. Three hours lecture per week.

PHIL 2306 – Introduction to Ethics (38.0101.53 12) 3 semester hours (3-0-0)
The systematic evaluation of classical and/or contemporary ethical theories concerning the good life, human conduct in society, morals, and standards of value. Three hours lecture per week.

PHIL 2321 – Philosophy of Religion (38.0201.53 12) 3 semester hours (3-0-0)
A study of the major issues in the philosophy of religion such as the existence and nature of God, the relationships between faith and reason, the nature of religious language, religious experience, and the problem of evil. Three hours lecture per week.

PHYS/Physics/Physical Science/Astronomy

PHYS 1401 – College Physics I (40.0801.53 03) 4 semester hours (3-3-0)
Fundamental principles of physics, using algebra and trigonometry; the principles and applications of classical mechanics and thermodynamics, including harmonic motion, mechanical waves and sound, physical systems, Newton's Laws of Motion, and gravitation and other fundamental forces; with emphasis on problem solving. Laboratory activities will reinforce fundamental principles of physics, using algebra and trigonometry; the principles and applications of classical mechanics and thermodynamics, including harmonic motion, mechanical waves and sound, physical systems, Newton's Laws of Motion, and gravitation and other fundamental forces; emphasis will be on problem solving. Prerequisites: MATH 1314 College Algebra, or MATH 1414 College Algebra, and MATH 1316 Plane Trigonometry OR MATH 2312 Pre-Calculus Math OR MATH 2412 Pre-Calculus Math OR equivalent academic preparation, or permission of the instructor. Corequisite: PHYX 1401 College Physics Laboratory I (lab) Three hours lecture and three hours lab per week.

PHYS 1402 – College Physics II (40.0801.53 03) 4 semester hours (3-3-0)
Fundamental principles of physics, using algebra and trigonometry; the principles and applications of electricity and magnetism, including circuits, electrostatics, electromagnetism, waves, sound, light, optics, and modern physics topics; with emphasis on problem solving. Laboratory activities will reinforce fundamental principles of physics, using algebra and trigonometry; the principles and applications of electricity and magnetism, including circuits, electrostatics, electromagnetism, waves, sound, light, optics, and modern physics topics; with emphasis on problem solving. Prerequisite: PHYS 1401 College Physics I (lecture + lab). Corequisite: PHYX 1402 College Physics Laboratory II (lab). Three hours lecture and three hours lab per week.
PHYS 1403 – Stars and Galaxies (40.0201.51 03) 4 semester hours (3-3-0)
Study of stars, galaxies, and the universe outside our solar system. Corequisite: PHYX 1403 Stars and Galaxies (lab). Three hours lecture and three hours lab per week.

PHYS 1404 – Solar System (40.0201.52 03) 4 semester hours (3-3-0)
Study of the sun and its solar system, including its origin. Corequisite: PHYX 1404 Solar System (lab). Three hours lecture and three hours lab per week.

PHYS 1415 – Physical Science I (40.0101.51 03) 4 semester hours (3-3-0)
Course, designed for non-science majors, that surveys topics from physics, chemistry, geology, astronomy, and meteorology. Corequisite: PHYS 1415 Physical Science I (lab). Three hours lecture and three hours lab per week.

PHYS 1417 – Physical Science II (40.0101.51 03) 4 semester hours (3-3-0)
Course, designed for non-science majors, that surveys topics from physics, chemistry, geology, astronomy, and meteorology. Corequisite: PHYS 1417 Physical Science II (lab). Three hours lecture and three hours lab per week.

PHYS 2425 – University Physics I (40.0101.54 03) 4 semester hours (3-3-0)
Fundamental principles of physics, using calculus, for science, computer science, and engineering majors; the principles and applications of classical mechanics, including harmonic motion, physical systems and thermodynamics; and emphasis on problem solving. Basic laboratory experiments supporting theoretical principles presented in PHYS 2425 involve the principles and applications of classical mechanics, including harmonic motion and physical systems; experimental design, data collection and analysis, and preparation of laboratory reports. Prerequisite: MATH 2413 Calculus I. Corequisite: PHYS 2425 University Physics I (lab). Three hours lecture and three hours lab per week.

PHYS 2426 – University Physics II (40.0101.57 03) 4 semester hours (3-3-0)
Principles of physics for science, computer science, and engineering majors, using calculus, involving the principles of electricity and magnetism, including circuits, electromagnetism, waves, sound, light, and optics. Laboratory experiments supporting theoretical principles presented in PHYS 2426 involving the principles of electricity and magnetism, including circuits, electromagnetism, waves, sound, light, and optics; experimental design, data collection and analysis, and preparation of laboratory reports. Prerequisite: PHYS 2425 University Physics I (lecture +lab), MATH 2414 Calculus II. Corequisite: PHYS 2426 University Physics Laboratory II (lab). Three hours lecture and three hours lab per week.

PLAB/Phlebotomy Technology
PLAB 1491 – Special Topics in Phlebotomy (51.1009) 4 semester hours (3-4-0)
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation, and relevant to the professional development of the student. Corequisites: HPRS 2321, PLAB 1323, HPRS 1209, PLAB 1323. Three lecture hours weekly and one lab.

PLAB 1323 - Phlebotomy (51.1009) 3 semester hours (2-4-0)
This class emphasizes skill development in the performance of a variety of blood collection methods using proper techniques and standard precautions. Both venipuncture and dermal puncture are covered, along with blood culture collection. Devices used include vacuum collection, syringe, winged-collection, and capillary tubes. Topics include, but are not limited to, infection control, patient identification, special patient populations, specimen labeling, quality assurance,
confidentiality, specimen handling, professionalism, ethics, and customer service. Corequisites: PLAB 1460, PLAB 1491, HPRS 1209, and HPRS 2321. 6 contact hours per week

**PLAB 1460 – Clinical** (51.1009) 4 semester hours (0-0-19)

Clinical internship enables the student to apply specialized laboratory knowledge and skills in a clinical setting. Direct supervision is provided by clinical laboratory professionals. Corequisites: HPRS 1209, HPRS 2321, PLAB 1491 and PLAB 1323. 19 contact hours per week.

---

**POFT/Office Technology**

Web-enhanced online formats exist for almost all office course listings. Students may tour POFT online courses by going to www.wc.edu – click on online courses, then Office Technology.

**POFT 1120 – Job Search Skills** (52.0401) 1 semester hour (1-1-0)

Skills to seek and obtain employment in business and industry. Two hours lab per week.

**POFT 1127 – Introduction to Keyboarding** (52.0408) 1 semester hour (0-2-0)

Skill development in keyboarding techniques. Emphasis on the development of acceptable speed and accuracy. Two hours lab per week.

**POFT 1301 – Business English** (52.0501) 3 semester hours (3-0-0)

Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business. Three hours lecture per week

**POFT 1325 – Business Math Using Technology** (52.0408) 3 semester hours (3-0-0)

Skill development in business math problem-solving using electronic technology. Three hours lecture per week.

**POFT 1329 – Beginning Keyboarding** (52.0408) 3 semester hours (2-4-0)

Skill development keyboarding techniques. Emphasis on development of acceptable speed and accuracy levels and formatting basic documents. For students who have had no or limited keyboarding instruction. Two hours lecture and four hours lab per week.

**POFT 2312 – Business Correspondence and Communication** (52.0501) 3 semester hours (3-0-0)

Development of writing and presentation skills to produce effective business communications. Suggested prerequisite: POFT 1301. Keyboarding skills required. Three hours lecture per week.

---

**PSYC/Psychology**

**PSYC 2301 – General Psychology** (42.0101.51 25) 3 semester hours (3-0-0)

General Psychology is a survey of the major psychological topics, theories and approaches to the scientific study of behavior and mental processes. Three hours lecture per week.

**PSYC 2314 – Lifespan Growth and Development** (42.2703.51 25) 3 semester hours (3-0-0)

Life-Span Growth and Development is a study of social, emotional, cognitive and physical factors and influences of a developing human from conception to death. Three hours lecture per week.
PSYC 2317 - Statistical Methods in Psychology (42.0101.52.25) 3 semester hours (3-0-0)

This course covers descriptive and inferential statistics used in psychological research and assessment. It includes measurement, characteristics of distributions; measures of central tendency and variability; transformed scores; correlation and regression; probability theory; and hypotheses testing and inference. Prerequisite: PSYC 2301 - General Psychology and MATH 1314-College Algebra (3 SCH Version) (PSYC2317 is included in the Psychology Field of Study.) Three Lecture hours per week.

PSYC 2319 - Social Psychology (42.2707.51.25) 3 semester hours (3-0-0)

Study of the individual behavior within the social environment. Topics may include socio-psychological processes, self, social cognition, and research methods. Prerequisite: PSYC 2301-General Psychology (PSYC 2319 is included in the Psychology Field of Study.) Three Lecture hours per week.

PSYC 2320 - Abnormal Psychology (42.0101.52 25) 3 Semester hours (3-0-0)

This course provides an introduction to the psychological, biological, and socio-cultural factors involved in the development, diagnosis, and treatment of psychological disorders. It includes a review of the historical understanding of abnormal behavior and the development of modern diagnostic systems. It includes discussion of psychological research and practice as it relates to mental health and psychological functioning, as well as legal and ethical issues. Other complex behaviors. Prerequisite: PSYC 2301-General Psychology. (PSYC 2330 is included in the Psychology Field of Study.) Three Lecture hours per week.

PSYC 2330 – Biological Psychology

An introduction to the biological bases of behavior. Topics include evolution, genetics, research methods in behavioral neuroscience, motivation and emotion, sensation and perception, learning and memory, lifespan development, cognition, psychological disorders, and other complex behaviors. (Prerequisite: PSYC 2301-General Psychology. PSYC 2330 is included in the Psychology Field of Study.) Three Lecture hours per week.

PTHA/Physical Therapist Assistant

PTHA 1225 Communication in Health Care (51.0806) 2 semester hours (1-3-0)

Communication theories and principles for optimal delivery of health care. Prerequisites: ENGL 1301, PTHA 1405, PTHA 1413, PTHA 2301. Sixteen lecture hours and forty-eight lab hours per semester.

PTHA 1266 Practicum I – PTA (6 wks) (51.0806) 2 semester hours (0-0-40)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Direct supervision is provided by the clinical professional. Prerequisites: PTHA 1225, PTHA 1321, PTHA 1531, PTHA 2509. Two hundred forty clinical hours.

PTHA 1301 – The Profession of Physical Therapy (51.0806) 3 semester hours (3-0-0)

Introduction to the profession of physical therapy and the role of the physical therapist assistant. Prerequisites: BIOL 2401, BIOL 2402, Admission to PTA program. Forty-eight lecture hours per semester.

PTHA 1321 Pathophysiology for the PTA (51.0806) 3 semester hours (3-0-0)

Study of the pathophysiology of diseases/conditions encountered in physical therapy. Prerequisites: PTHA 1301, PTHA 1405, PTHA 1413, PTHA 2301. Forty-eight lecture hours per semester.
PTHA 1405 – Basic Patient Care Skills (51.0806) 4 semester hours (3-4-0)
The application of basic patient handling, functional skills, communication, and selected data collection techniques. Prerequisites: BIOL 2401, BIOL 2402, Admission to PTA program. Forty-eight lecture hours and sixty-four lab hours per semester.

PTHA 1413 – Functional Anatomy (51.0806) 4 semester hours (3-4-0)
The relationship of the musculoskeletal and neuromuscular systems to normal and abnormal movement. Prerequisites: BIOL 2401, BIOL 2402, admission to the PTA program. Forty-eight lecture hours and sixty-four lab hours per semester.

PTHA 1531 – Physical Agents (51.0806) 5 semester hours (3-6-0)
Biophysical principles, physiological effects, efficacy, and application of physical agents. Prerequisite: PTHA 1301, PTHA 1405, PTHA 1413, PTHA 2301. Forty-eight lecture hours and ninety-six lab hours per semester.

PTHA 2205 – Neurology 2 semester hours (2-0-0)
Study of neuroanatomy and neurophysiology as it relates to neurological conditions: Prerequisites: PTHA 1266 or PTHA 2266. Thirty-two lecture hours per semester.

PTHA 2266 – Practicum II – PTA (6 weeks) (51.0806) 2 semester hours (0-0-40)
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: PTHA 1225, PTHA 1321. Two hundred forty clinical hours.

PTHA 2239 – Professional Issues 2 semester hours (1-3-0)
Discussion of professional issues and behaviors related to clinical practice; preparation for transition into the workforce. Prerequisites: PTHA 2535, PTHA 2531, PTHA 2205. Sixteen lecture hours and forty-eight lab hours per semester.

PTHA 2267 – Practicum III – PTA (6 weeks) (51.0806) 2 semester hours (0-0-40)
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: PTHA 2509, PTHA 2435, PTHA 2205. Two hundred forty clinical hours.

PTHA 2301 – Essentials of Data Collection (51.0806) 3 semester hours (2-4-0)
Data collection techniques used to assist in patient/client management. Prerequisites: BIOL 2401, BIOL 2402, admission to the PTA program. Thirty-two lecture hours and sixty-four lab hours per semester.

PTHA 2509 – Therapeutic Exercise (51.0806) 5 semester hours (3-6-0)
Concepts, principles, and application of techniques related to therapeutic exercise and functional training. Prerequisite: PTHA 1413, PTHA 1405, PTHA 2301, and PTHA 1301. Forty-eight lecture hours and ninety-six lab hours per semester.

PTHA 2531 – Management of Neurological Disorders 5 semester hours (3-6-0)
Comprehensive rehabilitation techniques of selected neurological disorders. Prerequisites: PTHA 1266 or PTHA 2266. Forty-eight lecture hours and ninety-six lab hours per semester.

PTHA 2535 – Rehabilitation Techniques (51.0806) 5 semester hours (3-6-0)
Comprehensive rehabilitation of selected diseases and disorders. Prerequisite: PTHA 1266 or PTHA 2266. Forty-eight lecture hours and ninety-six lab hours per semester.
RADR/Radiologic Technology

RADR 1260 – Clinical I (51.0911) 2 semester hour (0-0-12)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: BIOL 2401, ENGL 1301, PSYC 2301, MATH 1314. Corequisites: RADR 1409, 1411, 1313. 192 contact hours.

RADR 1411 – Basic Radiographic Procedures (51.0911) 4 semester hours (3-2-0)
An introduction to radiographic positioning terminology, the proper manipulation of equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of basic anatomy. Prerequisite: College Algebra, A & P I, English, Psychology. Corequisites: RADR 1409, 1313, 1260. Three hours lecture and two hours lab per week.

RADR 1313 – Principles of Radiographic Imaging I (51.0911) 3 semester hours (2-3-0)
An introduction to radiographic image qualities and the effects of exposure variables upon these qualities. Prerequisites: A & P I, College Algebra, English, Psychology. Corequisites: RADR 1409, 1411, 1260. Two hours lecture and three hours lab per week.

RADR 1360 – Clinical II (51.0911) 3 semester hour (0-0-16)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RADR 1409, 1411, 1313, 1260. Corequisites: RADR 2401, 2305. 256 contact hours.

RADR 1409 – Introduction to Radiography and Patient Care (51.0911) 4 semester hours (3-2-0)
An overview of the historical development of radiography, basic radiation protection, an introduction to medical terminology, ethical and legal issues for health care professionals, and an orientation to the program and to the health care system. Patient assessment, infection control procedures, emergency and safety procedures, communication and patient interaction skills, and basic pharmacology are also included. Prerequisite: A & P I, College Algebra, English, Psychology. Corequisites: RADR 1409, 1411, 1313, 1260. Three hours lecture and two hours lab per week.

RADR 2313 – Radiation Biology and Protection (51.0911) 3 semester hours (3-0-0)
A study of the effects of radiation exposure on biological systems, typical medical exposure levels, methods for measuring and monitoring radiation, and methods for protecting personnel and patients from excessive exposure. Prerequisites: RADR 2366. Corequisites: RADR 2331, 2309, 2460. Three hours lecture per week.

RADR 2217 – Radiographic Pathology (51.0911) 2 semester hours (2-0-0)
A presentation of the disease process and common diseases and their appearance on medical images. Prerequisites: RADR 1409, 1313, 2305, 1411, 2401. Corequisites: RADR 2335, 2460 Two hours lecture per week.
RADR 2335 – Radiologic Technology Seminar (51.0911) 3 semester hours (2-4-0)

A capstone course focusing on the synthesis of professional knowledge, skills, and attitudes in preparation for professional employment and lifelong learning. Prerequisites: All RADR course study in program. Corequisites: RADR 2461, 2217. Two hour lecture per week and four hours lab.

RADR 2401 – Intermediate Radiographic Procedures (51.0911) 4 semester hours (3-2-0)

A continuation of the study of the proper manipulation of radiographic equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of anatomy. Prerequisite: RADR 1411, 1409, 1313, 1260. Corequisites: RADR 1360, 2305. Three hours lecture and two hours lab per week.

RADR 2305 – Principles of Radiographic Imaging II (51.0911) 3 semester hours (3-1-0)

A continuation of the study of radiographic imaging technique formulation, image quality assurance, and the synthesis of all variables in image production. Prerequisite: RADR 1409, 1313, 1411, 1260. Corequisites: RADR 2401, 1360. Three hours lecture and one hour lab per week.

RADR 2309 – Radiographic Imaging Equipment (51.0911) 3 semester hours (3-0-0)

Equipment and physics of x-ray production, including basic x-ray circuits. Examination of the relationship of conventional and digital equipment components to the imaging process. Prerequisites: RADR 2401, 2366, 2305. Corequisites: 2331, 2313, 2460.

RADR 2331 – Advanced Radiographic Procedures (51.0911) 3 semester hours (2-3-0)

A continuation of positioning; alignment of the anatomical structure and equipment, evaluation of images for proper demonstration of anatomy and related pathology. Prerequisites: RADR 2401, 1411. Corequisites: RADR 2313, 2460, 2309. Two hours lecture per week and three hours lab.

RADR 2340 – Sectional Anatomy for Medical Imaging (51.0911) 3 semester hours (3-0-0)

Anatomic relationships present under various sectional orientations. Three hours lecture per week.

RADR 2366 – Practicum (or Field Experience) (51.0911) 3 semester hour (0-0-40)

Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Prerequisites: RADR 2401, 2305, 1360. 400 contact hours.

RADR 2460 – Clinical IV (51.0911) 4 semester hour (0-0-24)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RADR 2366. Corequisites: RADR 2313, 2331, 2309. 384 contact hours.

RADR 2461 – Clinical V (51.0911) 4 semester hour (0-0-24)

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RADR 2313, 2331, 2309, 2460. Corequisites: RADR 2217, 2335. 384 contact hours.
RNSG/Associate Degree Nursing

RNSG 1118 – Transition to Professional Nursing Competencies (51.3801) 1 semester hour (04-0)

Transition to professional nursing competencies in the care of patients through the lifespan. Validates proficiency in psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, oxygenation, safety, and tissue integrity. Includes health assessment and medication administration. Sixty Four lab hours

RNSG 1125 – Professional Nursing Concepts I (51.3801). One semester hour (1-0-0)

Introduction to professional nursing concepts and exemplars within the professional nursing roles: Member of Profession, Provider of Patient-Centered Care, Patient Safety Advocate, and Member of the Healthcare Team. Emphasizes role development of the professional nurse. Pre-requisite: Admission to the ADN program. Sixteen lecture hours per semester

RNSG 1126 – Professional Nursing Concepts II (51.3801)

One semester hour (1-0-0). Expanding professional nursing concepts and exemplars within the professional nursing roles. Emphasizes role development of the professional nurse. Prerequisite: RNSG 1171. Sixteen lecture hours per semester

RNSG 1128 – Introduction to Health Care Concepts (51.3801). One semester hour (1-0-0)

An introduction to concept-based learning with emphasis on selected pathophysiological concepts with nursing applications. Concepts include acid-base balance, elimination, fluid and electrolytes, genetics, immunity, nursing applications. Concepts include acid-base balance, elimination, fluid and electrolytes, genetics, immunity, infection, inflammation, gas exchange, perfusion, and tissue integrity. Prerequisite: Admission to the ADN program. Sixteen lecture hours per semester

RNSG 1137 – Professional Nursing Concepts III (51.3801) 1 semester hour (1-0-0)

Application of professional nursing concepts and exemplars within the professional nursing roles. Utilizes concepts of clinical judgment, ethical-legal, evidence-based practice, patient-centered care, professionalism, safety, teamwork, and collaboration. Introduces the concepts of quality improvement, health information technology, and health care organizations. Incorporates concepts into role development of the professional nurse.

RNSG 1161 – Clinical I (51.3801) 1 semester hour (0-0-4)

A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Clinical experiences focus on the concept of caring while providing care within structured acute care settings: health promotion, RN assessment of adult and geriatric clients, application of a systematic problem solving process, multidisciplinary teamwork, and communication is incorporated. Computers are used in this course. Sixty-four clinical hours.
RNSG 1162 – Transition Clinical (51.3801) 1 semester hour (0-0-4)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. Clinical experiences focus on the concept of caring while providing care within structured and community mental health settings. Computers are used in this course. Co-requisite: RNSG 1324. Sixty-four clinical hours.

RNSG 1216 – Professional Nursing Competencies (51.3801) Two semester hours (0-8-0)
Development of professional nursing competencies in the care of diverse patients through the lifespan. Emphasizes psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, oxygenation, safety, and tissue integrity. Includes health assessment and medication administration. Pre-requisite: Admission to ADN Program. One hundred and twenty-eight lab hours per semester.

RNSG 1324 – Concept-Based Transition to Professional Nursing Practice (51.3801) 3 semester hours (2-4-0)
Integration of previous health care knowledge and skills into the role development of the professional nurse as provider of patient-centered care, patient safety advocate, member of health care team, and member of the profession. Emphasis is on clinical decision-making for patients and their families. Review of selected health care and professional nursing concepts with application through exemplars. Health care concepts include comfort, diversity, elimination, functional ability, human development, mobility, nutrition, sensory perception, sleep, coping, thermoregulation, tissue integrity, acid-base balance, clotting, cognition, fluid and electrolyte balance, gas exchange, immunity, metabolism, grief and perfusion. Professional nursing concepts include clinical judgment, communication, ethical, legal, evidence-based practice, health promotion, health information technology, patient-centered care, patient education, professionalism, safety, teamwork, and collaboration. Introduces concepts of leadership and management. Sixty-Four hours.

RNSG 1430 – Health Care Concepts I (51.3801) Four semester hours.
In-depth coverage of foundational health care concepts with application through selected exemplars. Emphasizes development of clinical judgment skills in the beginning nurse. Pre-requisite: Admission to the ADN program. Co-requisite: RNSG 1161. Forty-eight lecture and sixty-four lab hours per semester.

RNSG 1533 – Health Care Concepts II (51.3801) Five semester hours (4-4-0)
In-depth coverage of health care concepts with application through selected exemplars. Provides continuing opportunities for development of clinical judgment skills. Sixty-four lecture and sixty-four lab hours per semester.

RNSG 1538 – Health Care Concepts III (51.3801) 5 semester hours (4-4-0)
In-depth coverage of health care concepts with nursing application through selected exemplars. Concepts include cellular regulation, end of life, immunity, interpersonal relationships, grief, human development, intracranial regulation, mood/affect, comfort, sexuality, mobility and reproduction. Provides continuing opportunities for development of clinical judgment skills.
RNSG 2138 – Professional Nursing Concepts IV (51.3801) 1 semester hour (1-1-0)
Integration of professional nursing concepts and exemplars within the professional nursing roles. Synthesizes concepts of clinical judgment, ethical, legal, evidence-based practice, patient-centered care, professionalism, safety, teamwork, and collaboration. Emphasizes the concept of quality improvement and introduces health policy. Incorporates concepts into role development of the professional nurse.

RNSG 2360–Clinical IV (51.3801) 3 semester hours (0-0-12)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Co-requisite RNSG 2539 192 clinical hours per semester.

RNSG 2362 – Clinical II (51.3801) 3 semester hours (0-0-12)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Prerequisites RNSG 1471 & RNSG 1161. Corequisite RNSG 2172 192 clinical hours per semester.

RNSG 2363 – Clinical III (51.3801) 3 semester hours (0-0-12)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Prerequisite: RNSG 1533 and RNSG 2362. Corequisite: RNSG 1538. 192 clinical hours per semester.

RNSG 2539 – Health Care Concepts IV (51.3801) 5 semester hours (4-4-0)
In-depth coverage of advanced health care concepts with nursing application through selected exemplars. Concepts include cognition, immunity, clotting, fluid and electrolyte balance, gas exchange, metabolism, nutrition, perfusion, tissue integrity and interpersonal relationships. Continuing development of clinical judgment with integration of all health care concepts. Co-requisite: RNSG 2360

RSPT/Respiratory Care
RSPT 1160 – Clinical - Respiratory Care Therapy/Therapist (51.0908) 1 semester hour (0-0-6)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Corequisites: RSPT 1201, RSPT 1410, RSPT 1340. Six contact hours per week.

RSPT 1201 – Introduction to Respiratory Care (51.0908) 2 semester hours (2-1-0)
An introduction to the field of respiratory care. Corequisites RSPT 1160, RSPT 1340, RSPT 1410. Two lecture hours and one lab hour per week.
RSPT 1113 – Respiratory Care Pharmacology (51.0908) 1 semester hour (1-1-0)
A study of pharmacological principles/practices of cardiopulmonary drugs. Emphasis on classification, routes of administration, dosages/calculation, and physiological interaction. Prerequisites: RSPT 1160, RSPT 1201, RSPT 1340, RSPT 1410. Corequisites: RSPT 1361, RSPT 1311, RSPT 2310. One lecture hour and one lab hour per week.

RSPT 1311 – Respiratory Care Procedures II (51.0908) 4 semester hours (2-4-0)
Develops essential knowledge and skills of airway care and concepts of mechanical ventilation. Prerequisites: RSPT 1160, RSPT 1201, RSPT 1340, RSPT 1410. Corequisites: RSPT 1113, RSPT 1361, RSPT 2310. Two lecture hours and four lab hours per week.

RSPT 1340 – Advanced Cardiopulmonary Anatomy and Physiology (51.0908) 3 semester hours (2-4-0)
Provides an advanced presentation of anatomy and physiology of the cardiovascular and pulmonary system. Corequisites: RSPT 1160, RSPT 1201, RSPT 1410. Two lecture hour and four lab hours per week.

RSPT 1361 – Clinical - Respiratory Care Therapy/Therapist (51.0908) 3 semester hours (0-0-16)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RSPT 1160, RSPT 1201, RSPT 1340, RSPT 1410. Corequisites: RSPT 1113, RSPT 1311, RSPT 2310. Sixteen contact hours per week.

RSPT 1362 – Clinical - Respiratory Care Therapy/Therapist (51.0908) 3 semester hours (0-0-16)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RSPT 1113, RSPT 1361, RSPT 1311, RSPT 2310. Corequisites: RSPT 2414. 16 contact hours per week.

RSPT 1410 – Respiratory Care Procedures I (51.0908) 4 semester hours (3-4-0)
Essential knowledge of the equipment and techniques used in the treatment of cardiopulmonary disease. Corequisites RSPT 1160, RSPT 1201, RSPT 1340. Three lecture hours and four lab hours per week.

RSPT 2139 - Advanced Cardiac Life Support (51.0908) 1 semester hour (1-1-0)
Advanced Cardiac Life Support (ACLS) with an emphasis on airway management. Designed to develop skills for resuscitation of the adult. Includes strategies for managing and stabilizing the cardiopulmonary arrested patient. May include certification based on American Heart Association standards. Prerequisites: RSPT 2353, RSPT 2358, RSPT 2360 Corequisites: RSPT 2231, RSPT 2147, RSPT 2361. One hour lecture and two hours lab per week.

RSPT 2231 – Simulations in Respiratory Care (51.0908) 2 semester hours (1-4-0)
Theory of clinical simulation examinations. Includes construction types, scoring, and mechanics of taking the computerized simulation examination. Prerequisites: RSPT 2353, RSPT 2358, RSPT 2360. Corequisites: RSPT 2139, RSPT 2147, RSPT 2361. One hour lecture and four hours lab per week.

RSPT 2147 – Specialties in Respiratory Care (51.0908) 1 semester hour (1-1-0)
Emerging and specialty practices in respiratory care. Prerequisites: RSPT 2353, RSPT 2358, RSPT 2360. Corequisites: RSPT 2139, RSPT 2231, RSPT 2361. One hour lecture and one lab hour per week.
RSPT 2310 – Cardiopulmonary Disease (51.0908) 2 semester hours (2-4-0)
Etiology pathogenesis, pathology, diagnosis, history, prognosis, manifestations, treatment, and detection of cardiopulmonary diseases. Prerequisites: RSPT 1160, RSPT 1201, RSPT 1340, RSPT 1410. Corequisites: RSPT 1113, RSPT 1311, RSPT 1361 RSPT 1111. Two lecture hours and four lab hours per week.

RSPT 2353 – Neonatal/Pediatric Cardiopulmonary Care (51.0908) 3 semester hours (2-4-0)
A study of neonatal/pediatric cardiopulmonary care. Prerequisites: RSPT 1362, RSPT 2414. Corequisites: RSPT 2358, RSPT 2360. Two lecture hours and four lab hours per week.

RSPT 2358 – Respiratory Care Patient Assessment (51.0908) 3 semester hours (2-4-0)
Integration of patient examination techniques, including patient history and physical exam, lab studies, x-ray, pulmonary function, arterial blood gases, and invasive and noninvasive hemodynamics. Prerequisites: RSPT 1362, RSPT 2414. Corequisites: RSPT 2353, RSPT 2360. Two lecture hours and four lab hours per week.

RSPT 2360 – Clinical - Respiratory Care Therapy/Therapist (51.0908) 3 semester hours (0-0-16)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RSPT 1362, RSPT 2414. Corequisites: RSPT 2353, RSPT 2358. Sixteen contact hours per week.

RSPT 2361 – Clinical - Respiratory Care Therapy/Therapist (51.0908) 3 semester hours (0-0-16)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Prerequisites: RSPT 2360, RSPT 2353, RSPT 2358. Corequisites: RSPT 2147, RSPT 2231, RSPT 2139. Sixteen contact hours per week.

RSPT 2414 – Mechanical Ventilation (51.0908) 4 semester hours (3-4-0)
The study of mechanical ventilation with emphasis on ventilator classification, methods, principles, and operational characteristics. Prerequisites: RSPT 1113, RSPT 1361, RSPT 1311, RSPT 2310. Corequisites: RSPT 1362. Three lecture hours and four lab hours per week.

SOCI/Sociology

SOCI 1301 – Introduction to Sociology (45.1101.51 25) 3 semester hours (3-0-0)
The scientific study of human society, including ways in which groups, social institutions, and individuals affect each other. Causes of social stability and social change are explored through the application of various theoretical perspectives, key concepts, and related research methods of sociology. Analysis of social issues in their institutional context may include topics such as social stratification, gender, race/ethnicity, and deviance. Three lecture hours per week.

SOCI 1306 – Social Problems (45.1101.52 25) 3 semester hours (3-0-0)
Application of sociological principles and theoretical perspectives to major social problems in contemporary society such as inequality, crime and violence, substance abuse, environmental issues, deviance, or family problems. Three lecture hours per week.
SOC 2340 – Drug Use and Abuse (51.1504.52 16) 3 semester hours (3-0-0)
Study of the use and abuse of drugs in today’s society. Emphasizes the physiological, sociological, and psychological factors. Three lecture hours per week.

SCWK, SOCW/Social Work
SCWK 1303- Ethics for Social Service Professionals (51.1501) 3 semester hours (3-0-0)
Ethical considerations based on social and human services standards. This class includes comparison of ethical codes, confidentiality, dual relationships, guidelines for web counseling, ethical considerations dealing with broadcast media, diversity and multiculturalism.

SCWK 1305 – Group Work Intervention (44.0701) 3 semester hours (3-0-0)
Examination of the various stages of the group work treatment process with emphasis on roles, tasks, and potential problem areas. Topics include mechanics of group function, structure of groups, communication patterns within groups, effective group facilitation skills, and techniques used to address special population issues and needs. Three hours lecture per week.

SCWK 2287 – Internship (44.0701) 2 semester hours (0-0-6)
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Six contact hours per week.

SCWK 2301 – Assessment and Case Management (44.0701) 3 semester hours (3-0-0)
Exploration of procedures to identify and evaluate an individual’s and/or family’s strengths, weaknesses, problems, and needs in order to develop an effective plan of action. Topics include oral and written communications essential for assessment, screening, intervention, prevention, case management, and referral. Three lecture hours per week.

SCWK 2307 – Human Behavior and Social Environment (44.0701) 3 semester hours (3-0-0)
A comprehensive analysis of human behavior and social environment. This course looks at the biopsychosocial and cultural functioning of human beings across the life span using an ecological-systems lens and major developmental theories as a framework to guide the process of assessment intervention and evaluation. This course contributes to a social worker’s ability to understand and critically analyze the interactions among individuals, families, groups, organizations and communities. Three lecture hours per week.

SCWK 2311 – Interviewing and Counseling Theories (44.0701) 3 semester hours (3-0-0)
A comprehensive study of major theories of various treatment modalities including person-centered, motivational interviewing, stages of change, solution focused therapy, rational-emotive, and reality therapy etc. Topics include cognitive/behavioral approaches such as behavior modification, life skills training, and role playing in a simulated situation. Three lecture hours per week.

SCWK 2331 – Abnormal Behavior (44.0701) 3 semester hours (3-0-0)
An exploration and identification of maladaptive behavior including characteristics, classification, diagnosis and treatment modalities. Topics including factors associated with defining and identifying abnormal behavior.
upon completion students can utilize the universal diagnostic classification code to identify abnormal behavior(s); develop cultural diversity awareness as it relates to the determination of “normal” versus “abnormal” behavior; and compare and contrast treatment modalities. Three lecture hours per week.

**SCWK 2387 – Internship (44.0701) 3 semester hours (0-0-9)***

A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Nine contact hours per week.

**SOCW 2361 – Introduction to Social Work (44.0701.51 24) 3 semester hours (3-0-0)***

An overview of the history and development of social work as a profession. The course is designed to foster a philosophical, historical, and critical understanding of the social work profession, including social work values, ethics, and areas of practice utilized under a Generalist Intervention Model. (SOCW 2361 is included in the Social Work Field of Study). Three hours lecture per week.

**SOCW 2362 – Social Welfare: Legislation, Programs, and Services (44.0701.52 24) 3 semester hours (3-0-0)***

This course offers a historical and contemporary examination of legislation and resulting programs, policies, and services in the context of the social welfare system in the United States. Special attention is given to the political, economic, environmental, and social conditions that prompted the development of legislation to meet the needs of vulnerable populations. Societal responses to legislation are also considered. (SOCW 2362 is included in the Social Work Field of Study.) Three hours lecture per week.

**SPAN/SPAN**

**SPAN 1411 – Beginning Spanish I (16.0905.51 13) 4 semester hours (3-1-0)***

Basic Spanish language skills in listening, speaking, reading, and writing within a cultural framework. Students will acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the beginner level. Three hours lecture and one hour lab per week. Must be taken in sequence.

**SPAN 1412 – Beginning Spanish II (16.0905.51 13) 4 semester hours (3-1-0)***

Continued development of basic Spanish language skills in listening, speaking, reading, and writing within a cultural framework. Students acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the high beginner to low intermediate level. Three hours lecture and one hour lab per week. Must be taken in sequence.

**SPAN 2311, 2312 – Intermediate Spanish I and II (16.0905.52 13) 3 semester hours (3-0-0)***

The consolidation of skills acquired at the introductory level. Further development of proficiency in listening, speaking, reading and writing. Emphasis on comprehension, appreciation, and interpretation of the cultures of the Spanish-speaking world. Three hours lecture per week. Must be taken in sequence.
SPCH/Speech

SPCH 1311 – Introduction to Speech Communication (23.1304.51 12) 3 semester hours (3-0-0)

Introduces basic human communication principles and theories embedded in a variety of contexts including interpersonal, small group, and public speaking. Three hours lecture per week.

SPCH 1315 – Public Speaking (23.1304.53 12) 3 semester hours (3-0-0)

Application of communication theory and practice to the public speaking context, with emphasis on audience analysis, speaker delivery, ethics of communication, cultural diversity, and speech organizational techniques to develop students’ speaking abilities, as well as ability to effectively evaluate oral presentations. Three hours lecture per week.

SPCH 1321 – Business and Professional Speaking (23.1304.52 12) 3 semester hours (3-0-0)

Study and application of communication within the business and professional context. Special emphasis will be given to communication competencies in presentations, dyads, teams and technologically mediated formats. Three lecture hours per week.

TECA/Early Childhood Education

TECA 1303 – Family, School and Community (13.0101.52 09) 3 semester hours (3-0-16)

A study of the child, family, community, and schools, including parent education and involvement, family and community lifestyles, child abuse, and current family life issues. Content is aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Students will participate in field experiences with children from infancy through age 12. Passage of a background check is required for this course. Three hours lecture per week and 16 hours of field experiences per semester.

TECA 1311 – Educating Young Children (13.1202.51 09) 3 semester hours (3-0-16)

An introduction to the education of the young child, including developmentally appropriate practices and programs, theoretical and historical perspectives, ethical and professional responsibilities, and current issues. Content is aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Students will participate in field experiences with children from infancy through age 12. Passage of a background check is required for this course. Three hours lecture per week and 16 hours of field experience per semester. Offered spring semester.

TECA 1318 – Wellness of the Young Child (13.0101.53 09) 3 semester hours (3-0-16)

A study of the factors that impact the well-being of the young child including healthy behavior, food, nutrition, fitness, and safety practices. Focus on local and national standards along with legal implications of relevant policies and regulations. Content is aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Students will participate in field experiences with children from infancy through age 12. Passage of a background check is required for this course. Three hours lecture per week and 16 hours of field experiences. Offered fall semester.
TECA 1354 – Child Growth and Development (13.1202.52 09) 3 semester hours (3-0-0)
A study of the physical, emotional, social, and cognitive factors impacting growth and development of children through adolescence. Three hours lecture per week.

VNSG/Vocational Nursing
Prerequisite: Requires admission to the program.
VNSG 1115 – Disease Control and Prevention (51.1613.00 00) 1 semester hour (1-0-0)
Study of the general principles of prevention of illness and disease, basic microbiology, and the maintenance of aseptic conditions. Prerequisite: Admission to the program or permission of instructor. Sixteen hours lecture per semester.
VNSG 1116 – Nutrition (51.1613.00 00) 1 semester hour (1-0-0)
Introduction to nutrients and diet therapy and the role of each in proper growth and development and the maintenance of health. Prerequisite: Admission to the program. Sixteen hours lecture per semester.
VNSG 1119 – Leadership and Professional Development (51.1613.00 00) 1 semester hour (1-0-0)
Study of the importance of professional growth. Topics include the role of the licensed vocational nurse in the multi-disciplinary health care team, professional organizations, and continuing education. Prerequisite: Successful completion of all second semester courses with a grade of 75 (C) or better. Sixteen hours lecture per semester.
VNSG 1122 – Vocational Nursing Concepts (51.1613.00 00) 1 semester hour (1-0-0)
Introduction to the nursing profession and its responsibilities. Includes legal and ethical issues in nursing practice. Concepts related to the physical, emotional, and psychosocial self-care of the learner/professional. Prerequisite: Admission to the program. Sixteen hours lecture per semester.
VNSG 1136 – Mental Health (51.1613.00 00) 1 semester hour (1-0-0)
Introduction to the principles and theories of positive mental health and human behaviors. Topics include emotional responses, coping mechanisms, and therapeutic communication skills. Prerequisite: Successful completion of all fall semester courses with a grade of 75 (C) or better. Sixteen hours lecture per semester.
VNSG 1230 – Maternal-Neonatal Nursing (51.1613.00 00) 2 semester hours (2-0-0)
Utilization of the nursing process in the assessment and management of the childbearing family. Emphasis on the biological, psychological, sociological, and cultural needs of the family during the phases of pregnancy, childbirth, and the neonatal period including abnormal conditions. Prerequisite: Successful completion of all first semester courses with a grade of 75 (C) or better. Thirty-two hours lecture per semester.
VNSG 1234 – Pediatrics (51.1613.00 00) 2 semester hours (2-0-0)
Study of childhood diseases and child care from infancy through adolescence. Focus on the care of the well and the ill child utilizing the nursing process. Prerequisite: Successful completion of all first semester courses with a grade of 75 (C) or better. Thirty-two hours lecture per semester.
VNSG 1320 – Anatomy and Physiology for Health Science (51.1613.00 00) 3 semester hours (3-0-0)
Introduction to the normal structure and function of the body including an understanding of the relationship of body systems in maintaining homeostasis. Prerequisite: Admission to the program or permission of instructor. Forty-eight hours lecture per semester.

VNSG 1360 – Clinical I (51.1613.00 00) 3 semester hours (0-0-18)
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. Prerequisite: Admission to the program. 288 laboratory hours per semester.

VNSG 1361 – Clinical II (51.1613.00 00) 3 semester hours (0-0-18)
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. Prerequisite: Successful completion of all first semester courses with a grade of 75 (C) or better, 288 laboratory hours per semester.

VNSG 1362 – Clinical III (51.1613.00 00) 3 semester hours (0-0-18)
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences. Prerequisite: Successful completion of all second semester courses with a grade of 75 (C) or better, 288 laboratory hours per semester.

VNSG 1400 – Nursing in Health and Illness I (51.1613.00 00) 4 semester hours (3-2-0)
Introduction to general principles of growth and development, primary health care needs of the client across the life span, and therapeutic nursing interventions. Prerequisite: Admission to the program. Forty-eight hours lecture and thirty-two hours lab per semester.

VNSG 1423 – Basic Nursing Skills (51.1613.00 00) 4 semester hours (2-6-0)
Mastery of entry-level nursing skills and competencies for a variety of health care settings. Utilization of the nursing process as the foundation for all nursing interventions is included. Also includes medication administration skills. Prerequisite: Admission to the program. Thirty-two hours lecture and ninety-six hours lab per semester.

VNSG 1509 – Nursing in Health and Illness II (51.1613.00 00) 5 semester hours (5-0-0)
Introduction to common health problems requiring medical and surgical interventions. Prerequisite: Successful completion of all first semester courses with a grade of 75 (C) or better. Eighty hours lecture per semester.

VNSG 2331 – Advanced Nursing Skills (51.1613.00 00) 3 semester hours (2-4-0)
Mastery of advanced-level nursing skills and competencies in a variety of health care settings utilizing the nursing process as a problem-solving tool. Prerequisite: Successful completion of all first semester courses with a grade of 75 (C) or better. Thirty-two hours lecture and sixty-four hours lab per semester.
VNSG 2510 – Nursing in Health and Illness III (51.1613.00 00) 5 semester hours (5-0-0)
    Continuation of VNSG 1509. Further study of common medical-surgical health problems of the client, including concepts of mental illness. Incorporates knowledge necessary to make the transition from student to graduate vocational nurse. Prerequisite: Successful completion of all second semester courses with a grade of 75 (C) or better. Eighty hours lecture per semester.

VTHT/Veterinary Assisting
VTHT 1341 - Anesthesia and Surgical Assistance (51.0808) 3 semester hours (3-2-0)
    In-depth application of surgical, obstetrical, and anesthesia techniques including identification and use of instruments and equipment. Prerequisite: VTHT 1349. Three hours lecture and two hours lab per week.
VTHT 2213 - Lab Animal Clinical Management (51.0808) 2 semester hours (2-1-0)
    Survey of feeding, management practices, and care of laboratory animals in a clinical setting. Review of common diseases of laboratory animals encountered in the practice of veterinary medicine. Prerequisite: VTHT 2201. Two hours lecture and one hour lab per week.
VTHT 1291 - Special Topics in Veterinarian Assistant/Animal Health Technician (51.0808) 2 semester hours (2-1-0).
    Topics address recently identified current events, skills, knowledges, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency. Prerequisite: VTHT 1160. Two hours lecture and one hour lab per week.
VTHT 2331 - Veterinary Clinical Pathology II (51.0808) 3 semester hours (2-2-0)
    In-depth study of urinalysis and cytology. Survey of microbiological techniques. Emphasis on laboratory procedures. Prerequisite: VTHT 2223. Two hours lecture and two hours lab per week.
VTHT 2325 - Large Animal Assisting Techniques (51.0808) 3 semester hours (2-3-0)
    Study of restraint, management, treatment, and medication techniques for farm animals. Prerequisite: VTHT 2205. Two hours lecture and three hours lab per week.
VTHT 1345 - Veterinary Radiology (51.0808) 3 semester hours (2-3-0)
    Presentation of theory and principles and practical application of radiology within the field of veterinary medicine. Prerequisite: VTHT 1291. Two hours lecture and three hours lab per week.
VTHT 2439 - Veterinary Nursing Care (51.0808) 4 semester hours (3-3-0)
    Capstone course requiring integration of course work in the field of veterinary technology. Prerequisite: VTHT 1301. Three hours lecture and three hours lab per week.
VTHT 2267 - Practicum Veterinarian Animal Health (51.0808) 2 semester hours (0-0-7/10)
