# Applicant Affidavit

## Financial Documentation Requirements

United States Students and Visitors Program regulations require that sufficient financial resources be available to meet a student’s educational and living expenses while in the U.S. Therefore, a guarantee of financial resources must be submitted by each applicant who expects to obtain or maintain Student (F-1) status.

Applicants are required to submit financial documentation indicating available funds to equal or exceed one full year of expenses for their intended program of study. Financial certification adjustments cannot be made based on a student’s individual circumstances. This estimate of expenses is based on 12 semester hours of undergraduate study for one academic year.

Students should not rely on scholarships and on-campus employment due to them being limited. The amounts listed below are estimates derived from the actual cost figures for the current year. These amounts are subject to change without notice.
