2004 Statewide Annual Licensure Report

Introduction

This report provides licensure examination results for two-year technical associate degrees, and one-year certificate programs, leading to professions requiring licensure or certification. The Texas Higher Education Coordinating Board uses this information as part of its overall assessment of the effectiveness of vocational education programs at community and technical colleges in the state.

In the spring of 1997, the Coordinating Board and the Legislative Budget Board expressed an interest in using licensure data as a specific performance measure of programs at community and technical colleges. Effective September 1, 1997, the 75th Texas Legislature enacted House Bill 2517 requiring public community colleges to annually report on nine performance measures. One of these measures is the percentage of students who pass a licensure exam.

Licensure is mandated by state law. It offers practitioners title protection and defines the scope of practice for a field. Licensure examinations ensure an individual possesses the competence necessary for a specific profession. By testing, the state or professional organization that awards the license helps to safeguard the public from injury by the practitioner.

Certification is not legislatively mandated and is offered through non-governmental agencies and associations. As with licensure exams, certification exams ensure competence within a given field or profession. A certifying body grants recognition of an individual's attainment of defined professional qualifications and continuing education efforts.

The Coordinating Board recognizes that the success rate for licensure and certification is an integral part of the overall success of many workforce development programs. This report contributes to the process of continuous improvement and scholastic accountability in Texas community and technical colleges.

Methodology

In June 2004, Coordinating Board staff contacted the agencies and professional organizations responsible for licensure or certification testing in order to obtain information for the *Statewide Annual Licensure Report*. Staff requested that agencies and professional organizations provide results for examinations administered in the 2002-2003 academic year. The requested data included the number of individuals from each school who took the licensure/certification exam, and the number who passed. The public community and technical college programs included in this report have been approved by the Coordinating Board, There is, however, one exception. All listed alternative teaching certification programs have been approved by another state agency, the State Board for Educational Certification (SBEC).

The *2004 Statewide Annual Licensure Report* includes data on the following forty-five licensure/certification examinations:

Limitations

Many programs are not included in the Annual Licensure Report due to various limitations. Many state agencies and professional organizations do not track licensure examination results by the college a candidate attended. Several agencies were only able to provide incomplete licensure data. Other programs were excluded from this year's report due to the Coordinating Board's decision to refrain from collecting licensure information directly from the community colleges. Additionally, several agencies now charge fees ranging from \$13 to \$790 to generate licensure data reports. The licensure/certification programs that have inclusion limitations are as follows:

- **Air Conditioning and Refrigeration Contractor**
The Texas Department of Licensing and Regulation maintains data on this profession, but does not currently track each candidate's education records. Though training is offered at community colleges, college coursework is not required to become a licensed contractor.
- **Automotive Technician**
The National Institute for Automotive Service Excellence (NIASE) certifies candidates in this field. While many public community and technical colleges offer automotive technician training programs, NIASE does not have minimum education requirements for its candidates.
- **Cardiovascular Technologist**
The certifying organization for this field, Cardiovascular Credentialing International, does not maintain data on a candidate's training institution.
- **Child Care Administrator**
The Texas Department of Family and Protective Services suspended its licensure examination for candidates in this field during the 2002-2003 school year while a new exam was developed. The agency will participate in the 2005 Licensure Report.
- **Diagnostic Medical Sonographer**
The American Registry of Diagnostic Medical Sonographers (ARDMS) is responsible for licensure in this field. ARDMS does not maintain education data on examinees, and requires the social security numbers of candidates in order to process reports.
- **Dental Hygienist**
Although two exams are required for licensure, the 2003 Annual Licensure Report only maintains data on the clinical portion of the Dental Hygiene exam. The organization administering the national exam, the American Dental Association, does not release information to third parties.
- **Health Information Management Technician**

The American Health Information Management Association maintains examination data for this field. AHIMA policy does not allow information to be released to third parties. Certification in this field is voluntary.

- **Horse Trainer**

While North Central Texas College offers a program in Equine Science, the Texas Racing Commission does not require any formal coursework for licensure in this field.

- **Insurance Agent/ Adjuster**

The Texas Department of Insurance, the licensing body for this field, does not maintain education records for insurance agent candidates.

- **Interior Designer**

Neither the Texas Board of Architectural Examiners (TBAE) nor the National Council for Interior Design Qualification (NCIDQ) compiles data on a candidate's educational experience.

- **Landscape Irrigation**

The Texas Commission on Environmental Quality does not track exam information by training provider.

- **Legal Assistant / Paralegal**

Certification in this field, through the National Association of Legal Assistants and the National Federation of Paralegal Associations, is voluntary.

- **Loan Officer / Mortgage Broker**

The Texas Savings and Loan Department is responsible for licensure in this field. No examination is required for licensure, which is based on education and experience only.

- **Medical Laboratory Technician**

Though the American Society of Clinical Pathologists (ASCP) participated in the 2001 Annual Report, their policies have changed. In order to generate the exam performance statistics requested by the Coordinating Board, ASCP now requires the prior receipt of a reporting fee.

- **Medication Aide**

The Texas Department of Health's Long Term Care Regulatory Credentialing Department is responsible for certification in this field. The agency does not collect information specific to each public college that offers the medication aide training program.

- **Microsoft Certified Professional**

Microsoft Certification Programs reports that their database does not capture pass/fail rates for individual institutions.

- **Municipal Solid Waste Operator**
 The licensing body for this profession, the Texas Commission on Environmental Quality, does not currently have the tracking capabilities necessary to participate in the licensure report.
- **Nursing Facility Administrator**
 The Texas Department of Human Services does not track education data on their candidates.
- **Ophthalmic Technician / Assistant**
 The Joint Commission on Allied Health Personnel in Ophthalmology administers the licensure examination for this field. According to the JCAHPO, there are currently no academic programs for ophthalmic medical personnel based in Texas.
- **Optician / Contact Lens Fitter**
 Certification in these fields is voluntary. The American Board of Opticianry and the National Contact Lens Examiners, the organizations responsible for certification, were unable to provide state or college-level data on their examinations.
- **Optometric Technician**
 The American Optometric Association does not track licensure exam data for individual institutions or states.
- **Orthotist / Prosthetist Assistant**
 The licensing agency in this field, the Texas Board of Orthotics and Prosthetics, does not require candidates to take an examination.
- **Phlebotomist**
 Certification in this field, offered through multiple organizations, is voluntary.
- **Real Estate Appraiser**
 The Texas Appraiser Licensing and Certification Board does not track data based on courses taken or college attended. Many Real Estate Appraiser candidates take coursework through multiple training providers, including trade associations, proprietary schools, internet/distance-based courses, as well as community/technical colleges and universities.
- **Real Estate – Inspector, Sales Agent, Broker**
 The Texas Real Estate Commission does not maintain records on the education background of its candidates.

- **Social Work Associate**

The Association of Social Work Boards (ASWB) administers licensure in this field. ASWB charges a report fee, and requires receipt of the payment prior to releasing data.

- **Surgical Assistant**

The Texas Board of Medical Examiners recently began licensing surgical assistants. There is only one approved Surgical Assistant program in Texas, and the program's first class has not yet graduated. The agency will participate in the 2005 Licensure Report.

- **Tax – Examiner, Collector, Revenue Agent**

The Board of Tax Professional Examiners does not collect data on the educational background of their candidates.

- **Truck Driver- Professional**

The Texas Department of Transportation, which administers the state licensing exam, does not maintain educational data on students. The Texas Workforce Commission also does not track the educational background of these drivers.

- **Wastewater Operator**

The Texas Commission on Environmental Quality maintains licensure information on this field. However, TCEQ does not track licensure information by training provider, college, or employer.

- **Water Operator**

The Texas Commission on Environmental Quality does not have the resources required to process licensure data by institution.

Explanatory Notes for Tables

Explanatory Notes for Tables

CIP Code	The Classification of Instructional Programs (CIP) is a federal taxonomy developed by the U.S. Department of Education. It is used throughout the nation by government agencies and professional associations to establish standard terminology and record-keeping. The six-digit identification number of the instructional program includes both technical and tech-prep programs under the same program code.
Dates	Dates reflect the annual reporting deadlines to which the institutions must adhere. All testing during the period, beginning with the fall semester and through the following summer semester, is reported in the fall after the summer semester. Programs with different reporting periods are noted in the licensure exam profiles.
FICE Code	The Federal Interagency Commission on Education (FICE) six-digit identification number for an academic institution. When an institution with one FICE code offers coursework at multiple sites, data has been aggregated to report a single, institution-wide pass rate.
Institution	Name of an institution where a particular instructional program is offered. All institutions in the report are Texas public community and technical colleges.
Licensure Exam	Title of the licensure examination. It is not necessarily equivalent to the title of the instructional program to which the examination relates.
Passed	Number of students successfully passing the particular licensure examination. This information normally comes from the agency that administers the licensure examination.
Program	An organized unit of instruction directly related to the acquisition and/ or upgrading of technical skills and for which a Coordinating Board approved certificate or an applied associate degree is awarded.
Reporting Agency	An external agency, which grants authorization to practice in a particular occupational field after passage of a formal examination relating to that specific field.
Tested	Number of students who took the particular licensure examination. This information normally comes from the agency that administers the licensure examination.

Twelve public community colleges offer Aircraft Maintenance Technology programs. The Federal Aviation Administration monitors aircraft maintenance technology training school standards for the 300-hour General curriculum training program, and for the 750-hour Airframe or Powerplant curricula. Candidates must pass the General examination with a minimum score of 70. Once a candidate has passed the General examination, he/she may then take a specialist examination for Airframe or Powerplant certification. Both of these exams also maintain a minimum passing standard of 70 percent.

Two public community college programs offer programs in Industrial Technology. Alternative teacher certification requires students to possess a bachelor's degree prior to enrolling. Candidates must pass SBEC's proficiency exam in the appropriate subject area. In the fall of 2003, the State Board for Educator Certification began phasing out their original licensure exam, the Examination for the Certification of Educators in Texas (ExCET). The ExCET was replaced in fall 2003 with the Texas Examination of Educator Standards (TExES) to reflect recent initiatives implemented in curriculum

standards. The ExCET is scale scored and had a floating passing standard that varied among disciplines. All TExES exams have a scale-scored passing standard of 240. By the fall of 2005, SBEC hopes to have replaced ExCET exams with TExES exams for teachers in all disciplines. Data provided for this report covers only first-time test takers.

Central Texas College is the only Texas public community college currently offering this program. Applicants take a written examination and a six-section practical demonstration. Minimum passing scores on the written examination and the six individual practical demonstrations are 70 percent. An applicant must pass the written examination and all sections of the practical demonstration in order to receive a license. As the sole community college barber preparation program, licensure data was obtained directly from the institution. This is an exception to the THECB decision to only collect data from licensing organizations. At the end of the 2002-2003 school year, Central Texas College decided to discontinue their barber/hairstylist program for the foreseeable future.

In previous years, EMT and Paramedic licensure data was submitted by the Texas Department of Health. In 2004, by request of the Department of Health, data was

instead requested from the National Registry of Emergency Medical Technicians. The National Registry administers the exams required for licensure as an EMT or Paramedic. Fifty-one public community colleges offer programs in this field.

The EMT-Basic curriculum is composed of 140 classroom, laboratory, clinical, and field hours and is a prerequisite for both the EMT-Intermediate and Paramedic programs. The EMT-Intermediate curriculum is composed of 160 classroom, laboratory, clinical, and field instruction hours. Every EMT (Basic and Intermediate) must pass the National Registry written exam, which consists of 150 multiple-choice questions. These two levels of emergency medical technology are certificate programs.

The Paramedic program, consisting of at least 624 hours of classroom, laboratory, clinical, and field instruction, can result in either an associate's degree or certificate. Paramedics must pass both the National Registry written exam, which consists of 180 multiple-choice questions, and the practical examination, which tests twelve skills.

The passing standard for all exams is 70 percent. EMT-Basic and EMT-Intermediate must have an overall score of 70 percent to pass. The Paramedic must pass five of the six subscales on the Paramedic exam. The subscale the Paramedic may fail is "Operations."

According to the Texas Department of Health (TDH), certified Medical Radiologic Technologists include all practitioners in diagnostic radiography, nuclear medicine, and radiation therapy. Texas state law requires practicing Medical Radiologic Technologists to have completed an accredited training program and pass a TDH approved examination like that administered by the American Registry of Radiological Technologists (ARRT). Each certification examination conducted by the ARRT contains two hundred questions. A scaled score of 75 is required to pass an exam. The use of scaled scores takes into account the differences in exam difficulty such that a scaled score corresponds to the same level of competence regardless of exam administration date. Twenty-five public community colleges offer an associate degree or a certificate in Medical Radiologic Technology.

Scores are scaled from 1 to 99, and a minimum scaled-score of 75 is required to pass.

NMTCB offers a competency-based, computer-adaptive examination covering the topics of radiation safety, instrumentation, clinical procedures, and radiopharmacy. The exam has a maximum of ninety questions, and scores are criterion-referenced. Passing standard is usually 70, but depends on a candidate's performance on the four sub-categories.

Forty-seven public community colleges offer the general program in nursing, and fifty-four public community colleges offer certificate programs in vocational/practical nursing. In previous years, the certification exam for Licensed Vocational/Practical Nurses was administered by the state Board of Vocational Nurse Examiners, and the certification exam for Registered Nurses was administered by the state Board of Nurse Examiners. However, House Bill 1483 combined the jurisdiction of the Board of Nurse Examiners (BNE) and the Board of Vocational Nurse Examiners (BVNE) under a single board of nursing. The bill was signed into law by Governor Perry on June 20, 2003. This bill also created a single licensing act for RNs and LVNs. The previous Licensed Vocational Nurse Act was a title-control act that required an LVN to be licensed to use the title "LVN." The Nursing Practice Act for RNs is a practice-control act that requires anyone who uses the title or engages in the practice of nursing to be licensed. This latter regulatory approach prohibits unlicensed persons from engaging in the practice of nursing. House Bill 1483 creates a practice-control act for both RNs and LVNs.

Vocational/Practical Nurse applicants take the computer-adaptive National Council Licensure Examination for Practical Nurses (NCLEX-PN), which consists of 85 to 205 questions. The passing standard for is criterion-referenced. Registered Nurse applicants take the computer-adaptive National Council Licensure Examination for Registered Nurses (NCLEX-RN), which consists of 76-265 questions. Both exams cover material in four subject areas: safe and effective care environment; health promotion and maintenance; psychosocial integrity; and physiological integrity. The two exams are scored on separate scales, and have separate passing standards.
