

We are very excited you are looking into having an OB ultrasound from our Weatherford College Sonography students! E-mail is the fastest way to make an appointment; phone calls will only be returned about once a week. kstaub@wc.edu

Every ultrasound is **free** except for the 3D/4D ultrasound; this exam is a **nonrefundable** \$50. It is up to the sonographer's discretion and availability to bring you back to attempt another 3D/4D ultrasound. In most cases, rescheduling is not possible due to limited space. Good 3D/4D ultrasound images are dependent on baby's position, the amount of fluid in front of the face, as well as multiple other things. Please be aware that you could leave with only seeing a small part of baby's face, or not being able to see the face at all. We try our best, but it is mostly dependent on the baby. Please plan to be at the college for about an hour. Two students will have an assignment to look at different parts of your baby, and then an OB/GYN registered ultrasound tech will do a quick survey as well.

REQUIREMENTS: You must be at least 10 weeks along and are required to have had an ultrasound at your OB/GYN doctor's office prior to coming to the college. *If you do not meet either of these requirements, we will not perform the ultrasound. Please make sure you meet both of these requirements before trying to make an appointment. We do not give you a diagnosis.* If something is wrong, we will let you know you should contact your doctor and follow up with them.

Please provide this information and e-mail it back to kstaub@wc.edu :
Name and phone number:
The name of your OB/GYN doctor:
Estimated Due Date:
How far along you are:
Date and results of previous ultrasound: (Was everything normal?)

We do print off a few pictures for you during the study and will show you your baby during the ultrasound. The ultrasound lab is located in the HLSC building (AKA the Don Allen building) in room 203. The college address is 225 College Park Drive Weatherford, Texas 76086. Hopefully, this campus map of Weatherford College will make it easier to find our location. The "COUT" building will give you a visitor-parking pass for the day.
